

## YOUNG AT SIXTY.

Some comfort and happiness in advanced years are realized by co-operation of men and women. Those who live, their liability to serious ills on account of their poor health, and their professed ignorance concerning themselves, all contribute to shorten the period of usefulness of their later years with suffering. Mrs. Pinkham has done much to make women strong. She has given advice to those that has shown: *hem how to resist the first disease and retain vigor in old age.* I'm every corner of the earth is constantly commanding the most convincing statements from women, showing the efficacy of Lydia E. Pinkham's Vegetable Compound in overcoming female ills. Here is a letter from Mrs. J. C. Orms, of 220 Horner St., Johnston, Pa., which is earnest and straight to the point:

"Dear Mrs. Pinkham—I feel it my duty to tell all suffering women that I think your remedies are wonderful. I had trouble with my head, dizzy spells and hot flashes. Feet and hands were cold, was very nervous, could not sleep well, had kidney trouble, pain in ovaries and congestion of the womb. Since taking your remedies I am better every way. My head trouble is all gone, have no pain in ovaries, and am cured of womb trouble. I can eat and sleep well and gain weight in flesh. I consider your medicine the best to be had for female troubles."

The present Mrs. Pinkham's experience in treating female ills is unparalleled with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

### Human Nature.

"There's a good deal of human nature in a puppy," remarked the philosopher, calmly watching Fido tearing his hat to pieces. "Almost as destructive as one of my little nephews."

Mrs. Bouncer—Why, professor, don't you see he's got your hat?"

The Professor—Thunder! so he has.

I thought it was one of the bairns' hats. Take that, you welp!—Boston Transcript.

### Not the Only Tailless Cat.

The Manx cat is not the only tailless variety. In the Crimea is found another kind of cat which has no tail. The domesticated Malay cat has a tail that is only about one-half the usual length, and very often it is tied by nature in a kind of knot which cannot be straightened out.

Hall's Catarrh Cure is taken internally. Price 75 cents.

### Mice Fond of Music.

Mice are fond of music, and this fact induced a machinist to construct a trap with a musical box attachment. The music attracts the mice, and to get nearer to the harmonious tones they wander into the trap and are caught alive, five or six at a time.

### CHAPTER XXI.

"I do not suspect you of anything," said June, with a quiver in her voice, "but I know that hateful woman has got some god-forsaken influence over you, and is always plotting to cause unhappiness between us. Here I have been trying to see you, and I am made wretched the instant I set foot in the house, and all the time I am here."

"Yes, " said Tom. "Be just. Put the blame all on the merriest. June was in the highest spirits. Dallas was the same—Mrs. Ellsworth, too, was very happy. The house was perfect, and conversing never flagged for a moment."

Tom's perceptions were not particularly quick, but they must have been slow indeed had he not observed the transformation in his wife. She had been so quiet lately, and dinner had been rather a sombre performance, not enlivened by any smile, her eyes were full of light. He supposed she wore a different sort of gown, for she looked somehow, even prettier and more elegant than usual. Dallas was not the only one to be pleased at Tom's arrival; he was the most popular guest at the party.

Lieut. Hobson, hero of the Merrimac, arrived in New York on the steamer *St. Paul* and proceeded to Washington. He was sent to confer with the Government regarding raising Cervera's ships.

As the result of the ill feeling between our troops at Santiago and the
