

The Kabo corset, besides being tight, so tough in its "bones" that they can be broken or kinked or rolled over or slipped or shifted, has flexible loop eyelets, instead of metal ones which cut the corset laces.

In no respect will the Kabo corset fail in a year, unless the steels break. No way has yet been discovered to make unbreakable corset steels.

If the Kabo "bones" give out in a year, go to the store where you bought your corset and get your money back.

After wearing the Kabo two or three weeks, you don't like it, take it back and get your money.

There's a primer on Corsets for you at the store.

HOW TO VOTE.

If you want to vote a straight ticket, stamp the square to the left of the name of the party for whom you wish to vote; that is, you should stamp the square to the left of the words "Republican Ticket." Be careful about this, some think that they should stamp the square to the left of the name of the Secretary of State in order to vote the straight ticket, but a ticket stamped that way would be counted for Secretary of State only.

Don't forget that the way to vote a straight ticket is to stamp the square to the left of the words "Republican Ticket."

AGAIN—You can do it by stamping the square to the left of the name of each candidate for whom you wish to vote; that is, you should stamp the square to the left of the name of the party for whom you wish to vote.

will be to place our State benevolent and charitable institutions on a non-partisan basis.

Thomas M. Buck, our candidate for Joint Representative, is also a farmer and understands the needs of the agriculturist in legislation. Provision for reducing the State debt must be made and Mr. Buck will be found among those who are capable of managing public affairs.

John C. Wingate, our candidate for Auditor, is a self-made man. Left fatherless at the age of fourteen and without a legacy he has been battling with the bullets of an uncharitable world and what little he possesses he has made by the hardest kind of hard knocks. He stands high in the community where he lives and while he is not a member of a church organization he nevertheless takes an active and leading part in all church and charitable work of his native town, so much so that it has been made a member of the board of trustees of the Methodist church, which position he has filled for several years. He will make a competent and pains-taking officer.

Alexander F. Ramsey, the present efficient Treasurer, is a candidate for re-election. This is the most responsible office in the county. He is required to give a bond of \$450,000, and the fact that Mr. Ramsey gave a bond for this amount without trouble shows the confidence reposed in him by his bondsmen.

Fred C. Bandel, our candidate for Sheriff, is a hard working mechanic, his trade being that of a stone cutter. He is of German descent, and is an intelligent and honest man. He is well qualified for the office of Sheriff and the people will see to it that he gets there.

Dr. Geo. W. Tucker, our candidate for Coroner, is a physician of large and successful practice at Bowers and is worthy and competent for the office he seeks.

James M. Waugh, the present efficient and capable Surveyor, is a candidate for re-election. The position is one of difficulty to fill, and in the discharge of his duties as laid down by the law doubtless has made some enemies, but having been faithful and honest he has made many friends.

Aquila W. Groves, our candidate for Commissioner from the Third District is an intelligent farmer and thorough business man of Wayne township. Just such men are needed to look after the county's financial interests.

Michael Price, the present Commissioner from the Third District, is a candidate for re-election. He has made a careful, economical and pains taking officer and discharged the duties of the position with an intelligent understanding so necessary in this important office.

Such is the ticket the Republicans present to the people for their suffrages. As a last word THE JOURNAL would urge upon the Republicans of the county to turn out next Tuesday and place one stamp on their ballots and place that stamp on the square just to the left of the words "Republican Ticket."

SUBJECT TO INFLUENCE.

We are all creatures subject to influence by our fellows.

If one neighbor whose judgement you trust, engage in an enterprise, you pay heed to his efforts in proportion as you respect his judgement.

You believe his statements in proportion as he has established a reputation for trustworthiness.

If two neighbors of good judgment engage in an enterprise, you pay—or should pay—double attention to their statements.

If three or four reputable, sound solid successful, intelligent neighbors in your city, or if as many of the leaders in the towns around, unite, with a common investigation, in the very same enterprise, you should be satisfied that the enterprise they accept a prize to themselves, is well worthy at least your investigation.

This is precisely the situation with regard to the Britannica, now offered by respectable and solid merchants in your vicinity; they are reaching the humblest home with the greatest reference library which the English literature affords.

By methods and machinery but recently invented a nine-dollar book is reproduced, practically as good and more durable, at a cost astonishingly low.

The intelligence of your leading citizens and the reputation, the pledge, of merchant neighbors, stand back of their offer to you.

No one claims to be "giving you something for nothing", or to be selling anything "below cost."

But we do claim that we offer you the grandest prize in your business experience.

Respectfully,
O. M. LACEY.

Exclusive privilege for Crawfordsville.

A PARODY.
Small's Vegetable Liver Pills.
O, the towel, the towel,
O, the towel, the towel,
That hung by the printing house door,
And I think that I would
In these days of shoddy,
Could temper steel to wear as it wore,
The tramp-camp, abused it,
The devil who used it,
And wished the dim thing was gone,
The makeup and for man,
The editor, poor man,
In rubbing dirt off, got more on.
All over and under,
'Twas blacker than thunder,
'Twas harder than poverty, tougher than sin,
From the ruler suspended,
Or standing up ended,
pe'd like a banner of tin.
Thicker and stouter,
And harder and rougher,
As daily more I grew,
Such polsion, it never fails,
Without any warning,
It fell to the floor and tore square in two.
Then came Marion Small,
And bade them all hail,
For he'd their troubles could rout,
One dose of his pills,
Will banish all ills,
And clean you inside and out.
