Every Symptom Gone.

Probably no disease inflicts so much continuous pain as Rheumatism, and many communities claim Dr. David Kennedy's Favorite Remedy. Dr. David Kennedy's Favorite Remedy of Roundout, N. Y., won more cases of Rheumatism. By its use the agonizing patient can once more use his limbs and be free from the years of pain.

Mr. Frank Stratton, a well known merchant of New Hamburg, N. Y., says: "I suffered

tortures from rheumatism for years. I heard of Dr. Kennedy's Favorite Remedy and entirely rid of my trouble. Only three bottles brought about this wonderful result. I have built up and been of great service to me in other ways. I heartily recommend it to other sufferers."

Company I Hop.

The hop of Company I at their armory last evening was a most enjoyable affair and all present voted it a success. The Music Hall orchestra furnished delightful music for the dancers.

Scarlet Fever at Mace.

Scarlet fever is raging in the little village of Mace and there are now 20 cases there. Dr. Tremblay had reported 12 the first of the week to health officer Dr. Keegan. There are many cases now where there are but little hope for recovery, but the first fatal case occurred last evening when the child of Mrs. Moran died.

Entertained the Government.

Last evening the employees of the post office were handsomely entertained by postmaster J. R. Bonnell and wife at their home. After an exquisite supper was over and each guest had received a unique and beautiful favor, the hostess was presented with an elegant fruit stand by J. D. Tracy in behalf of those entertained. The evening was then pleasantly passed with cards and other amusements.

Leland Powers To-night.

The Manhattan Club's first night at its club house last evening was in all respects a success. Fully 500 members and guests were present. The attraction was the performance of David Garrick by Leland T. Powers. His impersonation of the various characters as they were supposed to make their appearance on the stage was wonderful, and called forth unstinted applause—New York Tribune.

Mr. Powers accompanied by his wife, a beautiful soprano, will appear at the Y. M. C. A. Hall to-night.

No Discount On Mayo.

Mr. Mayo's impersonation of the honest backwoodsman is decidedly his best character, and interprets perfectly the rude manliness and brave generosity implied in the text. It is throughout a chivalrous, noble character. The homely pathos thrown into his avowal of love for Eleanor deserved and won high praise, while his devotion and bravery in withstanding the onset of the hungry wolves, was so judiciously managed as to avoid the overacting into which a less accomplished actor would have lapsed.—Boston Daily.

Mr. Mayo will appear at Music Hall to-morrow night.

Contractors Earn the \$50,000 Bonus Offered by the Citizens.

An Olympic dispatch to the Seattle Press has the following, which will be read with interest by Capt. F. D. Huestis' friends:

The Northern Pacific line to Gray's Harbor reached Olympia Jan. 1, at noon and earned the \$50,000 subsidy. When work was finished at 5 p. m. trains whistled 15 minutes. Three engines with cars entered the limits. Workmen were given lunch by contractors Griggs and Huestis. Though worn out with the unusual labors of the last ten days, it was a jolly crowd. Huestis was seen that morning. He said that as soon as side tracks were in and the road was ballasted to facilitate travel regular trains would be run between here and Tacoma. This will reduce the time greatly, and it will be very soon. Several hundred people went out to the scene of construction. It was a matter of \$50,000 to the citizens, but the contractors earned it, with two hours to spare.

The Ouiatenon Club.

Dr. C. L. Thomas read the paper before Ouiatenon Club last evening, his subject being "N. P. Willis." He gave an interesting sketch of the life and writings of this distinguished American author who was born at Portland, Me., in 1807, and who upon the completion of his college course at Yale, established the American Monthly Magazine, a periodical of short life and which afterwards was changed into the New York Mirror. As one of the editors of this paper he went to Europe and becoming an attaché of the American legation at Paris, he had favorable opportunity to observe European society.

After a tour through Greece and Turkey he returned to England in 1835 and back to the United States in 1839. For over 20 years, he in connection with George P. Morris, published the New York Home Journal. He died in 1867. The current topic discussed by Judge Snyder was the late action of the United States Senate in side tracking the election bill to give way to the free coinage of silver bill.
