## DEAFNESS CAN BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, Sold by druggists, 75 cents.

The cut sale at McClure's continues all this week.

## A Card.

I desire to say to the people of Crawfordsville and vicinity that the invoice is completed and my store is now open and ready for business with unquestionably the finest line of Groceries in the city. The patrons of the store, under the former management, have shown their appreciation of good goods, and it shall be my aim to keep up to this standard as long as I continue in the trade. Having business in another State which demands my attention, it will be impossible for me to give my time to the store. I therefore offer the stock for sale at a bargain to any one desiring to engage in the business. Any information regarding the same can be had by consulting Mr. D. S. Enoch, who will represent me in my absence.

TUESDAY, JAN. 26, 1892.

## THE WAR CLOUD.

No matter how ominous the prospect for war may appear, THE JOURNAL believes that the Chilean difficulty will be settled without bloodshed, but at the same time that it will be settled in a manner in keeping with the dignity, honor and forbearance of the United States. No reasonable man is ever desirous to have his country declare war, but every true American will ever insist that his nation's honor be preserved at whatever cost. It will be preserved, we have no doubt, in the Chilean controversy. A weak but impudent nation has wittingly offered affront to a powerful but tolerant people. After a reasonable time patience has ceased to be a virtue and President Harrison has taken decisive and aggressive measures. The Chilean government will retract and will do whatever the nation demands when it learns that the administration is in earnest. So do otherwise would be annihilation, and while the Chileans are head heated it is not to be considered that they are wholly lost to folly. It is a blue Jay crying at an eagle. President Harrison's message is cool, sensible and terribly earnest. It is apology or war, and it will be apology. The affair has not been partisan in any sense, and all men, irrespective of party, look to the nation's honor. This fact certainly speaks well for the state of the Union.

The "average small boy" of New Market is seriously thinking of immigrating to the north where skating and coasting last the year round.

## THE HOOSIER STATE.

Interesting News Telegraphed from Many Towns.

The Democratic Convention.

INDIANAPOLIS, Ind., Jan. 26.—It has been discovered that the day selected for the democratic state convention is the anniversary of the assassination of President Lincoln, and that it occurs in holy week and is the day before Good Friday. In view of all these considerations and the pressure that is being brought it is not improbable that the date will be reconsidered and changed. The letters that are pouring in daily at committee headquarters are bringing to bear a pressure which it would be unwise to ignore. It is altogether probable that within the next few days the chairman will issue a call for a special meeting of the state committee for the purpose of hearing and considering these protests. Should the meeting be called the date will in all probability be changed and a compromise date fixed, which will be from the middle to the last of May.

Flint Glass Works to Run.

MUNCIE, Ind., Jan. 26.—The press dispatch sent out from Pittsburgh Thursday night stating that all the factories affiliated with the Western Flint Glass Bottle association would at once shut down for an indefinite period because of an overproduction of stock and the inability to make satisfactory freight rates is strongly denied by Messrs. Holdt and Hemingway, presidents of Muncie's two flint houses, which are quoted in the list of thirty-seven factories given by the correspondent. Mr. Holdt's factory has been closed for a few days because of inability to get stock, but will start again Monday, and he, with Mr. Hemingway, says the report is only the work of some over-anxious reporter, and that the 2,500 men will not be thrown out of employment.

Aid for an Aged Murderer.

COLUMBUS, Ind., Jan. 26.—A petition is circulating for the pardon of John Robinson, serving a life sentence in the prison south. Robinson is 75 years old. He was convicted six years ago in the Clark circuit court of the murder of Samuel Hay, a school-teacher. Robinson and Hay disputed over a small tract of land used as a roadway, valued possibly at \$10. Robinson lay in ambush along the roadway and shot Hay. The people were disposed to lynche the murderer, and the jury in the case would have inflicted the death penalty but for his advanced age. Friends of Hay will fight against the petition.

Sudden Death.

COLUMBUS, Ind., Jan. 26.—A very sudden death occurred at Franklin Saturday. Lun McDaniel, a young business man and connected with the milling firm of McDaniel & Co., was in his usual good health when he went to work. He was absent from the office for a few minutes when his brother found him lying dead in an adjoining building. The deceased was not afflicted with heart failure or any such malady, and his death is strange. Mr. McDaniel was about 35 years of age. He leaves a widow and two children.

Insanity Ends Her Misfortunes.

WABASH, Ind., Jan. 26.—Mrs. Josie McDonald, of this city, has had an unfortunate career. Left an orphan at an early age, she was married when 17 years old, her husband deserting her within a year. For the last five years she has supported herself. A few weeks ago she was taken with the grip and is now hopelessly insane. Application has been made for admission to an insane asylum.

His Injuries Proved Fatal.

FORT WAYNE, Ind., Jan. 26.—Michael O'Brien, a brakeman on the Nickel Plate railroad, while in a somnambulistic state, stepped out of a second-story window at his boarding house Saturday night and landed on the frozen ground 25 feet below. His skull was fractured and he died Sunday afternoon.
