For Recorder.

Capt. T. T. Munhall is announced today as a candidate for nomination for the office of Recorder. Capt. Munhall is the present efficient and painstaking incumbent of that office. He is accommodating and popular, affable with the people and deserves another term.

A Painful Accident.

Last evening while at work at the Seering planing mill on north Green street George Seering met with a most painful accident. He was at work at the rip saw when by an unfortunate slip his right hand went against the instrument while it was in full motion. The hand was terribly cut and the fore finger had to be amputated.

Badly Choked.

Jessie, the pretty little twelve-year-old daughter of Mr. and Mrs. John Montgomery, living on east Wabash avenue, was badly choked yesterday evening while eating an apple. A piece accidentally flew into the upper part of the trachea. She was hastily taken to the home of Dr. Etter, where he skillfully removed the foreign piece.

Arbor Day Observed.

The exercises of Arbor Day were held this afternoon at the central school building and all the rooms participated. There was appropriate singing and some excellent recitations were delivered by the scholars. A number of trees were planted and all were named in honor of some distinguished author or statesman. The occasion was both pleasant and profitable.

Two Berts.

Bert Ramsey, of the furnishing establishment of Goltra & Ramsey, has been receiving congratulations of acquaintances for the past three days on his supposed marriage. Now it isn't that Bert, but the Bert of the blacksmithing establishment who has committed the indiscretion. The other Bert still lingers in single blessedness, and there are not even any "rumors" afloat. He would be pretty choice picking however.

Galbraith's Leg Off.

Dr. S. L. Ensminger and Geo. Hall, went to Linden this morning and the doctor, assisted by his student, Mr. Hall, amputated the leg of James Galbraith, which was so crushed in that gentleman's awful ride on the freight train not long since. Galbraith stood the operation well and will probably recover, although he is suffering from gangrene. The old man is slightly daft but wants to get well just the same.

A Boom in Marriage Licenses.

Major Foote announces that "never since he has stood at the head of the marriage license dispensary in the clerk's office has he seen such a boom in the matrimonial market as has been on for the past month. Two or three have been taken out every day and some reckless lovers even have the temerity to walk boldly up on Friday and ask for marriage licenses. The reason given is that everybody is prosperous and all the young fellows around feel able to support the luxury of a wife or else feel that the luxury ought to be able to support them with but little more washing or dressmaking than heretofore.

Joseph's Plea.

Joe Devaney was before the circuit court this morning and his attorneys endeavored to get him a new trial. They said that they had discovered a certain Mr. Wadley who had visited Mrs. Belle Delashmit quite early one fine morning in February and found her sitting up in bed peacefully employed in smoking a pipe. Belle had told Mr. Wadley upon this occasion that Joe was her "hub" and that she considered him to be just about the snuff, and that she would try to the utmost parts of the earth before she would testify against him. She also gave much other taffy of the same grassy nature. The attorneys had other things to offer. Judge Harney spoke very unfavorably of the motion, but will not settle the thing definitely until next Saturday morning.

For Representative.

Nathan B. Conberly, of Wayne township, is announced in today's JOURNAL as a candidate for Representative before the Republican convention to be held May 7. Mr. Conberly is a young man about 28 years old. He was bereft of his parents in childhood and through his own efforts and energy has obtained a good education. For the last eight years he has lived at Waynetown teaching and attending school, and has officiated to a limited extent as a minister in the Christian church. As a speaker he is ready and logical, and bids fair to make his mark in whatever calling he may choose. All who have the honor of his acquaintance speak of him as a most excellent and exemplary young man, and worthy to succeed in his aspirations.

Poor George Neiland.
Hard drink is his besetting sin and of course it brought him to grief. He is a plasterer by trade and several years ago he lost his young wife and two small children in one month by diphtheria at his home over in Ohio. That completely demoralized him and he took to drink. He worked in a number of places, last of all at Logansport coming here about two months ago and getting intoxicated the first evening he was here. Early in the morning he was found on the court house corner quite drunk and with an overcoat hanging over his arm. The overcoat had been purloined from the Nutt House and Neiland had been seen staggering through the hallway of the hotel that night. He couldn't remember a thing about taking the coat, and Mr. Bruner, his attorney, wrote to all his previous employers concerning him. All said that he was an honest, hard worker but that he drank. He pleaded guilty to the larceny of the coat, this morning before Judge Harney, and with tears in his eyes he told his little story and threw himself on the mercy of the court. Judge Harney sentenced him to one year's imprisonment in the northern penitentiary. Perhaps it would have been better to have sent him to the Keeley Institute.

Unseemly Discord.

Hon. Geo. A. Byrd, of Brazil, has retired from the race for Congress, thus leaving the field entirely open to Mr. Brookshire. The delegation from Brazil was solid for Brookshire and Mr. Byrd preferred not to be a candidate unless he could score a solid county. His canvass of the district has demonstrated that he is a thorough-going Democrat and he at least made many valuable friends who will stand ready at any time to reward his manly conduct in bowing to the inevitable choice for the people.—Crawfordsville Star.

The above is, doubtless, intended as taffy for Hon. George A. Byrd and his many friends in Clay county. But it comes with some degree of impertinence from a paper which could not so much as extend him courteous treatment through its columns when on a visit to Crawfordsville incident to his candidacy.—Brazil Democrat.

"Royal Ruby" Port Wine

It's leading characteristics are: Age, Purity and Strength—important items in these days of imitation and adulteration. Nothing better can be used to promote health, to stimulate and invigorate the system, tone the stomach, aid digestion, create an appetite and repair the waste tissues of the lungs, smooth and rich to the taste. A grand tonic for convalescents, the aged, mothers nursing, and those reduced and weakened by wasting disease.

One bottle is equal in nutriment to twenty pounds of beef. Demand "Royal Ruby" for your druggist or dealer. Put bottles 60 cents; quarts \$1. Accept no substitute "just as good"—they have it not. ROYAL WINE CO., Chicago. Sold and guaranteed by Nye & Co the leading druggist.

The stomach can deal with a drop when it cannot deal with a spoonful.

Scott's Emulsion is cod-liver oil broken up into drops invisibly small; each separate drop is wrapped in glycerine so that the taste is lost.

This is why Scott's Emulsion is the easy and effectual form of cod-liver oil.

Hypophosphites of lime and soda combine in tonic effect with the half-digested oil.

Let us send you a book on it; free.

Scott & Bown, Chemists, 132 South 5th Avenue, New York. Your druggist keeps Scott's Emulsion of cod-liver oil—all druggists everywhere do. \$1.
