FARM PROSPECTS.

Notwithstanding the gloomy and dis-
mal weather the farmers of this county
have succeeded in planting a large
acreage of corn and most of it is doing
well. One farmer, near Crawfordsville,
said to a Journal reporter yesterday,
that he had never had a better prospect
for a good corn crop. Although he
planted it in the mud it had come up
and was looking as well as corn usually
does at this time of year. The blue-
grass crop is magnificent, many pas-
tures remind one of the celebrated blue-
grass regions of Kentucky. The hay
crop will be immense, the oat crop
good, and, altogether, the prospect is
not discouraging. The thrifty, dili-
gent and industrious farmer will find
himself well rewarded at the close of the
season for his toil, as usual.

THE CHICAGO AND ST. LOUIS ELECTRIC RAILWAY.

The great enterprise of an electric
railway between Chicago and St. Louis
seems to be an assured fact. At any
rate, the capital—\$6,000,000—has been
subscribed, the line surveyed, and more
than half the right of way secured. The
whole distance of the surveyed route is
248 miles, on a perfectly straight line.
More than 200 miles of the line runs
over level prairie said to be as smooth
as the top of a billiard table, and the
highest grade in the line will be only
two feet in a hundred. The rate of speed
will be one hundred miles per hour. The
road is to be finished by the opening of
the World's Fair, and the projectors
calculate a large income during the fair,
from people who will take a trip to St.
Louis and back through mere curiosity.

The Lawyer's Lullaby.

Be still, my child; remain in statu quo.
While I propitiate thy cradle to find fro.
Let no involved fee intermingle
Prevail, while we're consulting inter nos.

Too bad! too bad! we'll have no more of these.
Till said a capias for some wise expert
Who knows how to eject the patient and stay

No trespasser shall come to trouble thee.
For thou dost own this house in simple fee—
And thy administrators, heirs, assigns,
To have, to hold, convey, at thy designs.

Quash every tendency to keep awake.

The French Premier.

PREMIER LOUBET.

M. Loubet, who became premier of
the French republic early in 1892, was
born in 1828, and his first office was that
of mayor of his native Montelimar. In
1876 he became a member of the French
assembly, voting for the expulsion of
the religious orders from France. He
made an exception, however, in favor of
the Trappists, whose monastery is in his
own department. He was chosen to the
senate in 1887, and in was once minister
of public works in the Tirard cabinet,
holding the office but four months.

CURIOUS CULLINGS.

The Pueblos of New Mexico esteemed
snakes as sacred animals. To kill one was
a capital offense.

A lawyer in Lewiston, Me., wrote this
note to the clerk of courts: "Mr. Clark,
please enter this writ in its April docket."

In Scotland and Ireland the entrance of
a bee into a cottage is looked upon as a
certain sign of the death of some one then
residing there.

The Scotch have a superstition that a
spider on your clothes in the morning is
not good luck, but in the afternoon or
evening all is well.

In London a book is put under baby's
pillow to insure entrance in educational
matters, and money is put in its mouth as
a guarantee of financial success.

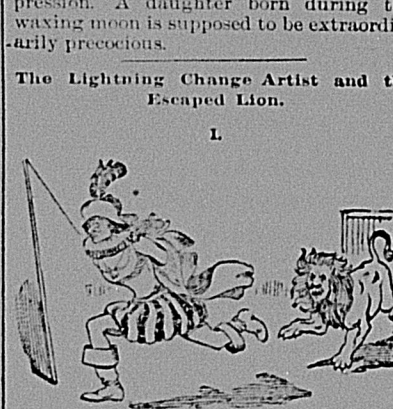

It is a common belief in South Germany
that if children play soldiers very often in
the street there is a war coming, and if
they play "funeral" an epidemic will re-
sult.

During the recent cyclone in Kansas a
cow was lifted from the ground, carried to
the top of a house and deposited on the
angle of the roof, where she could neither
fall nor be taken down. So they had to go
up on the roof and kill her.

A man in Hagerstown, Md., has an egg
which was laid by a Plymouth Rock hen
which has clearly defined upon its shell the
imprint and letters of a foreign piece of
money. The date 1822 and the word "con-
stitution" can easily be deciphered.

Among the Vosges peasants children
born at a new moon are supposed to have
their tongues better hung than others,
while those born at the last quarter are
supposed to have little or no powers of ex-
pression. A daughter born during the
waxing moon is supposed to be extraordi-
narily precocious.

STATE NEWS.

Information of Especial Interest to Indians.

A Horse Thief Captured.

Knox, Ind., June 4.—Sheriff Vander-
wehe, of this county, assisted by De-
puty Sheriff Conner, Friday apprehended
a horse thief near North Judson, Ind.,
after an exciting chase of 14
miles. The horse and cart
found in his possession was stolen
at Boot Jack roadhouse near Fort
Wayne. The thief says his name is
William Oscar Bogash, and that he
lives with his widowed mother
at Chicago where he also has a
brother that is in the coal business.
He committed the crime last
Tuesday night while visiting his brother
Frank, who is a race horse man on
the Fort Wayne track. The Allen
county authorities have arrived and his
statement has been authenticated.

Mrs. Hicks Came Too Late.

VINCENNES, Ind., June 4.—A stranger
who gave his name as C. H. Gilmore
and claimed to represent a Chicago firm
of horse buyers was arrested Friday for
horse stealing. He represented to
John Sullivan, of Oaktown, that he
had bought several head of horses in
the neighborhood and hired a
team to go out and secure the horses.
Instead he came to this city and offered
the hired team for sale and is now in
jail. Mrs. Elizabeth Hicks, a married
woman of Shelby, had arranged to
meet Gilmore here and elope with him.
She arrived in this city an hour after
his arrest.

Took His Own Life.

MITCHELL, Ind., June 4.—Abe Gil-
beat, a wagonmaker of this place, took
two ounces of laudanum Thursday eve-
ning for the purpose of ending his ex-
istence. He stated to some friends what
he did and added if that did not do the
work he would shoot himself. He
gave some orders and then proceeded
to disrobe, but after he had pulled off
one shoe his head began to stiffen.
Medical aid was summoned, but he died
Friday morning at 9 o'clock. He was an
habitual drinker. He is 45 years of
age and leaves a wife.

Sued for Damages.

WABASH, Ind., June 4.—Two big
damage suits have just been filed in the
Wabash circuit court. Doie Reed, of
North Manchester, who was arrested
for a burglary in the Big Four
freight cars, was acquitted, and
has sued the company for damages.
Winton Richards, of the same
place, has sued Urey Ritter & Co. for
\$8,000 damages. While in the employ
of that firm he was hurt by the break-
ing of a bridge in the lumber yard over
which he was driving.

Not Guilty.

GOSHEN, Ind., June 4.—The case of
the state against Frank T. Hendryx,
charged with the murder of Edmund
Calkins at Elkhart in 1890, came to
an end Friday night, the jury, after five
hours' deliberation, returning a verdict
of not guilty. At a former trial he
was found guilty and sentenced to life
imprisonment, the supreme court grant-
ing a new trial. Hendryx was arrested
at Hyde Park, Ill., in the fall of 1890
and brought here for trial. The verdict
is a great surprise.

Warned Not to Abuse Stock.

COLUMBUS, Ind., June 4.—Several
weeks ago Albert Roland had a fine
horse stolen from his stable and no
trace was ever found. Friday morning
Mr. Roland received a letter post-
marked Columbus, signed "Whitecap,"
telling him the horse was stolen be-
cause its owner abused it by lack of
feed and attention and warning him if
he did not treat his other stock better
he would be tied to a stump and
switched.

Destruction from Army Worms.

COLUMBUS, Ind., June 4.—In the east
part of this county the army
worms in great numbers have
made their appearance and are de-
stroying great damage to hayfields.
So numerous are these worms that in
some instances as many as ten acres of
growing hay is destroyed in a day or
two. They come from the ground, it ap-
pears. It is twenty-four years ago this
season when these pests last appeared
here.

A Notable Event.

ARCADIA, Ind., June 4.—A notable
event occurred here in the celebration
of the 80th birthday anniversary of
Moses Martz and his brother, Isaac
Martz. Equally remarkable is the fact
that the twin brothers married twin
sisters, who are now 75 years of age
and in the enjoyment of good health.
Fifty of the descendants of the twenty
pairs, including great-grandchildren,
joined in the festivities.

Killed in a Hay Press.

RICHMOND, Ind., June 4.—News
reached the city Friday afternoon of a
sad accident which occurred near
Whitewater. Lewis Martin, an esti-
mable young married man, who was
assisting in being hay, fell from the
press, his head being crushed by a
heavy fall, killing him in
stantly.

Crop Outlook.

INDIANAPOLIS, Ind., June 4.—Reports
from the state show that the wheat
will not be fit to cut for a month
yet. Only the most advanced of it is
headed, and little or none of it has com-
menced to fill. General prospects have
not improved materially over thirty
days ago. A few reports of rust in
wheat, but they are not general.

Wiped Out by Fire.

EVANSVILLE, Ind., June 4.—At Rock-
port, Spencer county, Friday morning
fire destroyed the electric light and
waterworks plants, causing a loss of
between \$10,000 and \$15,000. The city
is left in bad shape as a result of the
conflagration. There is an insurance
of \$3,000.

Crushed to Death.

LA PORTE, Ind., June 4.—John Bow-
man, an employee on a Lake Shore
train, was fatally injured here by a
heavy tie falling on him.
