THE BENEFIT REUNION.

A Happy Occasion—A Large Attendance—A Good Dinner.

The descendants of George Benefiel, sr., who settled in Jefferson county, Indiana, in 1814, held their eighth annual reunion at the residence of John L. Davis yesterday. Quite a large number were present and the day was spent in an enjoyable manner. The president of the association, W. H. H. Benefiel, of Jefferson county, called the meeting to order at 12 o'clock. D. H. Gilkey was elected secretary. After the singing of a hymn or two Rev. R. S. Inglis conducted devotional exercises, consisting of scripture reading and prayer. At the conclusion of another song dinner was announced. Only those who were present and partook of the repast can appreciate its excellence. It is hardly necessary to state that everybody present did justice to the long bill of fare. After dinner the president called to order again and an hour or two was spent in talks interspersed with music. Those who took part in the talking were the president, W. H. H. Benefiel, Gen. Manson, Rev. G. W. Switzer, D. H. Gilkey, Henry Benefiel. Mrs. R. S. Inglis rendered a beautiful solo. Some beautiful hymns were sung by the members of the association. The talks of Gen. Manson and Mr. Switzer were especially interesting. W. H. H. Benefiel was re-elected president and Old Jefferson church, near Canaan, Jefferson county, was selected as the place of meeting next year. The first Wednesday of October, 1893, was fixed upon as the date. The thanks of the members of the reunion were tendered to Rev. Inglis, Gen. Manson and Rev. Switzer for their interest and assistance in making the day an enjoyable one. The visitors from abroad were: W. H. H. Benefiel and wife, David Weatherford and wife, James Buchanan and wife, of Barboursville; Robert Benefiel and wife, Wm. Benefiel and wife, Newt Benefiel and wife, Mollie Benefiel, Addie Benefiel, Zoe Benefiel and Orne Benefiel, of Frankfort; W. H. Benefiel and wife, of Linnets, Mo.; Mrs. Maggie Ryker, of Jamestown; Mrs. Carrie McLeland, of Louisville, Ky.; Mrs. Hattie Stokes, Master George Stokes, Master Alva Manners and Sam Benefiel and wife, of Lebanon, Ind.; J. B. Gwyn, wife and son, of Terre Haute; Mrs. Mary Fullender and India Fullender, of Heyworth, Ill. Besides these a large number of the friends of the family were present. Of the twelve families descendants of George Benefiel, sr., five were represented. It was a day long to be remembered by all present. At 4 o'clock the reunion adjourned to meet at Jefferson church the first Wednesday of October, 1893.

No Report Made.

Supt. Horner is indignant that it should be given out that Chemist Hurty had reported the city water as impure. Mr. Horner states that the Water Company employed Hurty and that he made no report to Dr. Taylor at all. "I received a message from Dr. Hurty himself last night in response to one I sent him," said Mr. Horner, "and he states that he has positively made no report. He would be in great business reporting to Dr. Taylor when he is employed by the company." The result of Hurty's analysis will be awaited with interest and if he finds microbes in the water a force of men will be employed to stand around the reservoir and shoot the bacteria when they come to the surface for air. We can't afford to have microbes in the water.

Wants Damages.

To-day, through Wright & Sellar, his attorneys, Ed Halpin brought suit against the city for \$1,000 damages. Mr. Halpin was injured some time since while at work on the central school building and upon the council's refusal to grant him damages he determined to bring suit. The case will be stubbornly contested on both sides.

After the Clover Leaf.

The suit of Silas Whitehead against the Clover Leaf Railroad for the death of his father, Wm. Whitehead, at New Richmond, is now on trial in the circuit court. The plaintiff wants \$10,000 damages. The case will be fought hard on both sides, the road being represented by Mr. Bayless of Frankfort, and Crane & Anderson, and the plaintiff by Paul & Bruner.

Don't miss the cloak opening at the Trade Palace Cloak Parlor Saturday and Sunday night. One of the largest factories in the East will open their stock there that day.

A Great To-do.
Special to The Journal.
WAYNETOWN, Oct. 6.—Our little town is all ablaze with excitement, and business is almost totally suspended this week, all on account of two or three cases of sore throat. The health officers have stopped the public schools, ordered the churches to postpone all their services for two weeks, closed the town hall against both Democrat and Republican orators, positively forbid any child to be seen on the street, and offered a premium to the person who could get up the biggest stink about his home or place of business with asafetida and carbolic acid. The result of all this is you can smell a quarter of a mile before arriving at the corporation line.

COAL CREEK REPUBLICANS

Give Mr. Cookrum a Rousing Meeting at Wingate.

Hon. John W. Cookrum stirred up the fire of Republicanism in good style at Wingate last evening. He was driven out there by T. H. B. McCain from this place and the band and glee club followed in hacks. John R. Bonnell and wife also drove out and Mayor Bandel accompanied the glee club. Arriving at Wingate the band played and afterwards all were served to a bountiful supper. Shortly before 8 o'clock the people assembled in Cording's opera house and crowded the seats and aisles full. This opera house is a new one and an institution of which the good people of Wingate are justly proud. It is seated with opera chairs of the latest patterns and the stage is provided with nearly all the conveniences and appliances of the modern theater. Last evening the stage was profusely decorated with the American flag, which was particularly appropriate to the speech that Mr. Cookrum made, as he frequently had occasion to refer to the stars and stripes. Preceding the speech the band played a selection and the glee club sang three tunes, the second and third tunes being in response to encores. W. W. Tiffany, the presiding officer, then introduced the speaker, who spoke for over an hour on the vital issue of the campaign touching each one in the right spot if the applause of the audience meant anything. It was the first political meeting of any importance held in Coal Creek township and the effect of it will undoubtedly be felt in November.

A Shooting Tournament.

The Indianapolis Gun Club is holding a great four days' tournament and the sport closes to-morrow evening. Several from this county are present and are making great records. The Indianapolis Sun says:

Among the visiting sports are John Rubel, of Chicago, well known as "Bob White," the great quail shot; J. T. Parker, of Brook, Ind., who now holds the championship of Indiana; Ed Voris, of Crawfordsville, who is considered Parker's equal as a sparrow shot; W. T. Thompson, Lafayette's champion; and M. A. Keller, of New York State. The latter is a man of about 60 years, with dark hair and mustache, dark eyes and a great bushy beard which is almost white and contrasts curiously with the dark hair on his upper lip. Mr. Keller is very deaf, and furnishes a great deal of amusement in his awkward manner of moving about the grounds, but for all that he is a brilliant shot and is considered by many as a favorite in the event.

Lee-Bible.

To-day at noon at the residence of R. B. Snyder, north of the city, M. Spencer Lee and Miss Elizabeth Bible were united in marriage in the presence of a large number of guests. The rooms were handsomely decorated and the wedding dinner was a model of elegance. Both Mr. and Mrs. Lee are well known and popular young people and The Journal takes pleasure in extending congratulations.

Death of Mrs. Abigail Gregory.

Mrs. Abigail Gregory died at her home in Garden City, Kansas, this week. Through a mistake of the physician she was given a dose of a deadly drug which resulted in her death. She was the widow of the late Samuel Gregory, who at one time was a prominent citizen of this county. She was also a sister of Reece McGhillard, of this city.

An Outrage.

Last Tuesday some one while foraging for grapes or pawpaws let down the fence on Isaac Stover's farm and all his horses got out and were soon across the creek at the scene of the late wreck where the morning freight coming south caught them, killing two outright and crippling a fine colt until it is doubtful if it will ever be of any use.

At Auction.

Judge Harney to-day ordered Hon. P. S. Kennedy to sell at public auction for the benefit of the creditors the Dove Tail Body Works. The auction will occur as soon as the necessary three weeks publication has been made.

NEW ORLEANS, Oct. 6.—Notwithstanding reports of the execution of Brubaker, the South Dakota sharpshooter, in Honduras, information was received from the steamer S. Oteri, which arrived in port Monday night, that Brubaker was not killed but was sentenced to three years' imprisonment at Annapolis. At first he was court-martialed and sentenced to death, but influential friends succeeded in having his sentence commuted.

The Farmers Are Satisfied.
The McKinley bill increased the tariff on the farm products, oats 15 cents per bushel, barley 30 cents, wheat 25 cents, wool 11 to 13 cents per pound. Everything that the farmer raises is now protected. As a consequence farmers of Manitoba are thrown out of the American market and the prices of those articles in Manitoba are very much reduced; oats selling for 14 cents per bushel, barley 18 cents, wheat 30 and 34 cents, wool 11 cents, and everything correspondingly low and without purchasers. In the meantime the farmers of the United States are doing a much larger business, are getting good prices, paying off the mortgages on their farms and listening to the calamity howlers who say "tariff is a tax" and if you do not buy you cannot sell, and trying to convince the "poor farmer" that he is taxed to death. They know that the cost of plows and other agricultural machinery is less than ever before. They further know that the price of wheat was not below \$1 for many years until during Mr. Cleveland's term of office, and that the first year of General Harrison's term it again arose to \$1.
