THE WEEKLY JOURNAL  
Three months..... 40  
Six months..... 65  
One year..... 125  
For papers sent outside the county 10 cents  
additional for postage.

The WEEKLY must invariably be paid for in advance.

SATURDAY, OCT. 15, 1892.

NATIONAL.  
For President,  
BENJAMIN HARRISON, of Indiana.  
For Vice-President,  
WHITELAW REID, of New York.

This Date in History—Oct. 15.

1492—Martin Alonzo Pinzon insisted that the fleet should steer toward the sunken land of Columbus, situated roughly west of Lord Edward Fitzgerald, Irish patroon, born near Dublin; died 1785.  
1817—Thaddeus Kosciusko, Polish patriot, died in Solothurn, Switzerland; born 1746.  
1818—Irwin McDowell, general, born in Columbus, Ohio; died 1853.  
1833—Battle of Canton, Miss.; the Fifteenth and Seventeenth corps, commanded by General McCall, "have a brush" with the Confederates.  
1850—Sailors surrendered to the Germans; 4,000 French were made prisoners.  
1860—The Rev. Dr. Gregg, of Boston, called to succeed Dr. Cuyler as pastor of Lafayette Avenue Presbyterian church, Brooklyn.

Facts to be Remembered.

The Republican party, by its representatives in Congress, removed the tariff from sugar.

THE DEMOCRATS IN CONGRESS VOTED UNANIMOUSLY AGAINST REPEALING THE TARIFF ON SUGAR.

The Mills tariff bill which the Democrats formulated and passed through the House PUT A TARIFF OF 2½ CENTS PER POUND ON SUGAR.

This was in accordance with the recommendation of the Secretary of the Treasury, who said in his official Report of 1888: "Our own sugar crop is so very small a part of the total amount of sugar we consume that sugar ranks next to articles wholly produced abroad like tea and coffee in suitability for tariff treatment. The ground on which its consumption is increased that the tax is easily and cheaply collected, that the increase price paid by the consumer is an unconsidered trifle," etc.

The "unconsidered trifle" of a tax on sugar as Mr. Manning shows in the next paragraph of his report is nearly fifty-two millions of dollars yearly; and that is mostly paid by the poor people for NINETEEN-HUNDREDTHS OF THOSE WHO USE SUGAR ARE POOR.

President Cleveland sent this recommendation of his Secretary of the Treasury to Congress with his approval.

Henry Watterson, who did more than all others to secure the adoption of the free trade plank in the Chicago Democratic platform, said in his letter of Aug. 10, 1892: "WE WILL RE-ESTABLISH THE TARIFF ON SUGAR YIELDING ABOUT \$50,000,000 ANNUALLY TO THE TREASURY."

Let every poor man ponder these facts and if he wants to be taxed just as much as the rich man, let him vote for Brookshire, and Mr. Watterson's "revenue tariff on sugar."

But if he wants sugar to remain free, let him vote the Republican ticket.

GROVER CLEVELAND has subscribed \$10.00 to the corruption fund of the National Democratic committee.

THE next session of the Northwest Indiana Annual Conference of the Methodist church will be held at LaPorte. This question was settled yesterday at Terre Haute.

REPUBLICANS should not be induced to lose their votes by moving. The Democrats are attempting to work the scheme and to disguise it they start the "stop thief" cry.

To vote a straight Republican ticket stamp within the square surrounding the eagle device, and nowhere else. If you wish to vote a mixed ticket, stamp in front of the individual names you wish to vote for, and nowhere else.

BROOKSHIRE shows his hat and tells the people the enormous amount of tarring on it. But he never tells them that hats are just as cheap as they were before the McKinley bill was passed. Any hat dealer can enlighten Mr. Brookshire on this subject. Let your maxims go, Mr. Brookshire, and go to the markets for information.

CONTRAST Cleveland's gabble upon the pension question in his letter of acceptance with this extract from one of his veto messages, upon a bill to pension a deserving Indiana veteran:

There can be no doubt that the race after pensions offered by this bill would not only stimulate weakness and pretended incapacity for labor, but put a further premium on dishonesty and mendacity.

Water Rent Due

Water rental for the third quarter is now due. Consumers please call at the office and settle.

### FOOT BALL DAY.

Great Crowds and Great Enthusiasm on the College Grounds.

The Wabash coacher, Malley, the ex-captain of the great Ann Arbor team, was at the Nutt House this morning and in response to a few questions, delivered himself as follows:

"Wabash has the possibility of a winning and a champion team, but a possibility has to be cultivated. A foot ball possibility has to be made a fact by the hardest kind of work and constant training. It isn't like the bud of the flower that blooms in the spring, la la la, which opens under the influence of the sunshine and the rain. It has nothing to do with the case. What Wabash has lacked heretofore and what has caused her defeats is simply a lack of proper physical training and team work on the part of her players. I know it has become an honored superstition that the Purdue men are the heaviest and hence of a beautiful necessity must win by reason of their huge bulk. There is nothing in it. Given an equal drill and training the lighter team will win every time among these western colleges. The reason of this is not far to seek. Your heavy man is usually awkward and unwieldy and is more often chosen for his size than his ability. Foot ball is a game where agility, keenness and a quick intellect are the winning points, and brute strength a minor consideration. Of course a combination would always prevail but we can't see it in the west. Purdue has the weight and has awed the other colleges until they believe her to be invincible when in point of fact she is only too vulnerable.

Wabash has sadly lacked training and last Monday morning, after the initial run I gave the men for 15 minutes they were completely fagged. It was a discouraging outlook but by hard and earnest work they are in 100 per cent. better shape than they were a week ago. Of course, they need to be in 200 per cent. better form to cope with Purdue, but by proper work they will be there by the end of the season. They not only lacked physical training but a proper knowledge of the game and the manner in which they caught on has been most gratifying. None of them are in form now and at least seven of the men who go on as substitutes are about as good any on the team. It has merely been a toss up in making up the eleven.

The possibility of a winning team is here, however, and I don't want this fact to be lost sight of. As soon as this season is over let the men go into training for next year. Not on the field, of course, but in the gymnasium. Let them elect their next year's captain the day this season closes and let him at once take his men in hand. A wrestling mat should be placed in the Y. M. C. A. gymnasium and the men go to work on this. Nothing prepares a man for foot ball like wrestling. It develops every muscle and brings into play every faculty required in foot ball. Nothing rough or tearing should be indulged but by scientific wrestling your light men will be enabled to get larger fellows off their feet and will then have them. Let this practice with the regular gymnasium drills be carried out and it is a certainty that Wabash can have the champion team next year.

THE GAME TO-DAY.

AS THE JOURNAL goes to press the foot ball teams of Purdue and Wabash are having it out on the college grounds before a large crowd of spectators. There is no doubt as to the result, of course, and if Wabash succeeds in scorning she will succeed in doing what no team which went against Purdue last year could begin to do. The Purdue team is said to be in even better form than last year and will undoubtedly win the championship. It can be said, however, that this will be the last year in which she will have an easy time of it. The make-up of the teams to-day is as follows:

WABASH.

Meteer, center; Kern, right guard; Vannie, left guard; Wynkoop, tackle; John Fry, left end; Gentry, right end; Demaree, right half back; Mutz, left half back; C. Little, quarter back; Blair, full back and captain.

PURDUE.

Left end, Crowell; left tackle, Finney; left guard, Fulkerson; center, Stevenson; right guard, Downs; right tackle, Little; right end, Polk; quarterback, Brown; full back, Studebaker; right half back, Thompson; left half back, Gerber.

Substitutes—Hudelson, Buschman, German, Jamison, Muesell and Kintner.

NOTES.

The LaFayette Wheel Club arrived this morning.

Will Vater, of the LaFayette Call, is reporting the game.

A number of DePauw students are here to witness the game.

The special containing the Purdue delegation was delayed about an hour by a broken rail beyond the red bridge.

The Purdue delegation, about 300 strong with tin horns and flying colors, arrived at about two o'clock and took the town. A goodly number of ladies

### NOTICE OF Proposed Street Improvement.

SIDEWALKS.

Office of City Clerk, Crawfordsville, Ind.

Notice is hereby given, that the Common Council of the City of Crawfordsville, pursuant to the provisions of the General Assembly, approved March 8, 1889, providing the mode and manner of making street improvements, enforcing the payment of the costs thereof, and issuing street improvement bonds, as therein provided, etc., having duly passed the following resolution to-wit:

Resolved, by the Common Council of the City of Crawfordsville, that it is deemed necessary to improve east Main street from Pine street east to the Vandalia Railway by grading and bouldering the north gutter of said Main street to a width of five feet between the points named, in accordance with profile and specifications of the City Engineer.

The total cost of said improvement shall be assessed per lineal foot against the real estate abutting upon said north side of east Main street between the points named.

Notice is further hereby given to the owners of all property along the line of said proposed improvement, to appear at the office of the City Clerk, on the 15th day of October, 1892, at 7:30 o'clock p.m., and there make their objections, if any they have, to the necessity for said proposed improvement. G. M. SCOTT, City Clerk. Oct. 5, 1892.

### NOTICE OF Proposed Street Improvement.

GRADING AND BOULDERING GUTTERS.

Office of City Clerk, Crawfordsville, Ind.

Notice is hereby given, that the Common Council of the City of Crawfordsville, pursuant to the provisions of the General Assembly, approved March 8, 1889, providing the mode and manner of making street improvements, enforcing the payment of the costs thereof, and issuing street improvement bonds, as therein provided, etc., having duly passed the following resolution to-wit:

Resolved, by the Common Council of the City of Crawfordsville, that it is deemed necessary to improve east Jefferson street from Pine to Howard street by grading and bouldering the gutters of said street of all street to a width of five feet in accordance with profile and specifications of the City Engineer.

The cost of said improvement shall be assessed per lineal foot upon the real estate abutting upon said described east Jefferson street between the points named.

Notice is further hereby given to the owners of all property along the line of said proposed improvement, to appear at the office of the Mayor of said city, on the 15th day of October, 1892, at 7:30 o'clock p.m., and there make their objections, if any they have, to the necessity for said proposed improvement. G. M. SCOTT, City Clerk. Oct. 5, 1892.

### NOTICE TO CONTRACTORS.

GRAVELING STREET.

Notice is hereby given, that the Common Council of the City of Crawfordsville, Montgomery County, Indiana, will at their regular meeting, Monday evening, Oct. 31, 1892, and thereafter until let to contract receive sealed proposals for the graveling of Main street from Pine street to the Vandalia & Cincinnati railroad, with good river washed gravel or bank gravel to be placed upon the street twenty feet wide, fifteen inches deep in the center, eight inches deep on the sides. The contractor to furnish all labor and material necessary to the completion of said work to the acceptance of the plans and specifications furnished by the City Engineer and to his acceptance.

All bids must be so much per square yard and must be accompanied with a bond for the faithful performance of said work within thirty days, all for the payment of said labor and material and such as may be required for said work. The right to reject any and all bids is reserved.

By order of the Common Council of the city of Crawfordsville, Ira McConnell, City Civil Engineer. Oct. 15, 1892.
