WEDNESDAY, OCT. 19, 1892.

This Date in History—Oct. 19.

- 1492—Columbus confronted by a mutiny; the sailors declared that all the favorable signs of the last three days were delusions to beguile them to destruction; at sundown they rose in revolt, and the life of the commander was in great danger; it is asserted that he promised to turn back if land was not seen in three days, but his journal makes no mention of it; it should not be forgotten that in the standard histories this date is given as the 19th, that being the day on which the standard writer in favor of freedom of the will and foreknowledge without foreordination, hence the term Arminianism applied to some sects.
- 1630—First general court of the Massachusetts colony held at Boston; the legislative body of the state is still called the general court.
- 1781—Cornwallis surrendered to Washington at Yorktown, Va.
- 1819—John Nicholas Gadsden, author and hatter, also inventor of the "blossom" bonnet, born in New York city; died 1878; distinguished for paying \$200 for first choice of seats at Jenny Lind's first concert.
- 1863—Rosecrans superseded in command of the Army of Tennessee; Grant in supreme command, with Thomas and Sheridan second.
- 1864—"Sheridan's ride," from Winchester to the battlefield at Cedar Creek, where he rallied the routed and defeated Early.
- 1888—Ex-President Solomon of Hayti died in Paris; born 1816.

Facts to be Remembered.

- The Republican party by its representatives in Congress, renounced the tariff on sugar.
- THE DEMOCRATS IN CONGRESS VOTED UNANIMOUSLY AGAINST REPEALING THE TARIFF ON SUGAR.
- The Mills tariff bill which the Democrats formulated and passed through the House PUT A TARIFF OF 34 CENTS PER POUND ON SUGAR.
- This was in accordance with the recommendation of Mr. Cleveland's Secretary of the Treasury, who said in his official Report of 1886: "Our own sugar crop is so very small a part of the total amount of sugar we consume that sugar ranks next to articles wholly produced abroad like tea and coffee in suitability for tariff taxation, on the ground that its consumption is universal, that the tax is easily and cheaply collected, that the increase price paid by the consumer is an unconsidered trifle," etc.
- The "unconsidered trifle" of a tax on sugar as Mr. Manning says is the next paragraph of his report is nearly fifty-two millions of dollars yearly; and this is mostly paid by the poor people for NINE-TINE HUNDREDTHS OF THE TONS WHO USE SUGAR ARE POOR.
- President Cleveland sent this recommendation of his Secretary of the Treasury to Congress with his approval.
- Henry Watterson, who did more than all others to secure the adoption of the free trade plank in the Chicago Democratic platform said in his paper of Aug. 6th, 1892: "WE WILL RE-ESTABLISH THE TARIFF ON SUGAR YIELDING ABOUT \$50,000,000 ANNUALLY TO THE TREASURY."
- Let every poor man ponder these facts and if he wants to be taxed just as much as the rich man, let him vote for Brookshire and Mr. Watterson's "revenue tariff on sugar."
- But if he wants sugar to remain free, let him vote the Republican ticket.

THE DEMOCRATIC PARTY AND PENSIONS.

Henry Watterson, in a double lead editorial in the Louisville Courier-Journal of August 11, last, speaking of the tariff plank in the Chicago platform and the pension list, has the following sweeping insult which he thrust into the face of all surviving Union veterans. It will be remembered that a face both ways plank had been reported by the committee. Mr. Watterson took the stage and made a fight on the floor of the convention and succeeded in having adopted the free trade plank. And this is what he says afterwards:

"It is a job from one end to the other, the more iniquitous because, whilst levying tribute upon the masses for the benefit of the classes, it is supplemented by a steadily increasing pension list, looting the Treasury to the tune of one hundred and fifty millions a year, two-thirds of which go to the support of the coffee-coolers and camp-followers, and other red-neck patriots that loaf about the groggeries and brothels of the country, securing one for another, toward an ultimate aggrandizement as corrupt and corrupting as ever existed in the world."

"The Democratic party can gain nothing by making wry faces and throwing harmless tufts of grass at this Republican Robber Tariff and this Republican Robber Pension list. It has everything to gain by the integrity of its convictions, and the courage thereof. The administration of Grover Cleveland stands as a monument of unflinching devotion to the interests of the people (the rebels) and implacable hostility to the assaults of the looters (pensioners)."

"His great anti-pension message is like unto it, a second chapter in the Democratic Book of Reform."

The hope of the country is the end of

the tariff robbery. The hope of the Treasury is the end of the pension robbery.

"The people [anti-war Democrats] are looking to Democracy for relief, 'First from tariff robbery; 'Second from pension robbery."

"The Democratic party purposes no defensive campaign. It is war, and war to the knife, the knife to the hilt, against the organized hordes of the tariff lobby, the pension lobby, the sectional lobby, which has taken the government out of the hands of the people to place it in the hands of a mere committee, or junta of party managers. We war against Redism, Raunism [pensions] and robbery. We war against protection, plutocracy and agrarian pension-mongery. And we propose to carry the war into Africa; to shake the rotten citadels of unlovely greed to their foundations and to make the robbers howl."

"If this be treason let the galled jade winch and make the most of it."

The leaders of the Democratic party such as Henry Watterson, are now engaged in an open war against the pension system, and should they succeed in electing Cleveland and Stevenson as well as a majority of both Houses of Congress, their efforts will be to repeal most of the existing special as well as general pension laws. Are the veterans prepared to assist such a party to power in this government?

On the Highway to Recovery.

Those two rollicking, roystering young chaps, Walter Layne and John Suters, who attempted to take leave of the folly and supineness of this vain world, are still sojourning here and, indeed, seem to be in no hurry to leave. Pistols and "Rough on Rats" are way below par here but at present as implements of self destruction and other methods are earnestly recommended to young gentlemen seriously contemplating suicide. It is whispered about that Messrs. Layne and Suters will form a new club. Every candidate for membership in which shall have made at least one bonafide unsuccessful attempt on his own life before being eligible to election. The name of this new organization shall be "The Sent For and Couldn't Come Club."

Mr. Switzer's Successor.

It is very likely that Rev. H. A. Tucker, D. D., who succeeded Rev. G. W. Switzer at the Methodist church of this city, will not preach here until a week from next Sunday. He will arrive here in the course of a day or so and returning again to Rochester, will remove his family here next week. Dr. Tucker's family consists of a wife and four children, the eldest child being about 16. Dr. Tucker came here from Kansas about three years ago and has held appointments at Plymouth and Rochester. He is a liberally educated and traveled man, and is said to be quite a pulpit orator. He is genial and companionable and will no doubt make quite a successful pastor.

At Crothersville.

A special to the Indianapolis Journal from Crothersville says: "Gregor's Hall was crowded to its utmost capacity this afternoon to hear Hon. Wm. E. Humphrey, who delivered a masterly speech in favor of home protection and Republican supremacy. His arguments were unanswerable, and he showed up the party of free trade and wild-cat currency in such a manner as to convince all fair-minded men of the soundness of Republican principles."

Gott-Kinder.

A quiet but very pleasant wedding took place at the residence of Rev. H. McCallip, near New Market, on Sunday morning, Oct. 16, at 9 a. m. Daniel Gott and Mrs. Ora Kinder, of Russellville, were the contracting parties. The ceremony was performed in the presence of a few favored guests after which the happy pair proceeded to Crawfordsville, where they will spend a few days, and then return home to assume the responsibilities of housekeeping. Many congratulations follow them.

EXPERIENCE OF EX-CHAMPION.

Athletes and men who ordinary outdoor exercise such as walking, running, bicycle riding, jumping, swimming, tennis, etc., are often the subjects of acute troubles. The experience of an ex-champion walker will be of interest to all who are afflicted. HARRY BROOKS writes: "No. 334 East 19th St., New York, April 2, 1890. Numerous statements relative to the merits of different plasters having been brought to my attention, I take this opportunity to state that I have used ALLCOCK'S PLASTER for over 20 years and prefer none to any other kind. I would further state that I was very sick with catarrh of the kidneys, and attribute my recovery entirely to ALLCOCK'S PLASTER."

Newspapers Endorse.

"Educators are certainly the greatest benefactors of the race, and I, after reading Dr. Franklin Miles' popular works, cannot help declaring him to be among the most entertaining and educating authors." THE HOOSIER STATE.

Telegraphic News from Various Towns in Indiana.

Forced to Lick the Floor.
GREENSBURG, Ind., Oct. 19.—The people of this city, and especially those who have children attending the public schools, have been greatly incensed during the past few days over an indignity forced upon a 10-year-old boy, a pupil of the west end school, by his teacher, a young woman and daughter of one of Greensburg's most prominent citizens. The teacher reprimanded the lad for expectorating upon the floor, telling him that if he ever did it again she would make him lick it up. A short time after the boy spat upon the floor, and the teacher kept her word. The relatives of the boy complained to Superintendent Shannon, who called upon the school board for instructions. In the meantime the grandfather of the boy filed an affidavit against the teacher for assault, and she pleaded guilty and was fined \$5 and costs, amounting in all to \$15. The board told the superintendent to request the young lady to resign, which he did, but on the advice of friends she refused to do so, but filed a letter of regret with the school board. The grandfather of the boy has filed charges with the county superintendent, asking for the revocation of the teacher's license, and if she does not resign the request will probably be granted.

Eloping Lovers Caught.

COLUMBUS, Ind., Oct. 19.—Columbus society is in the throes of a sensation over the elopement of Rosa Reeves and Pearl Gibson with J. A. Weaver and M. W. Scott. Weaver and Scott are balloonists and bird's-eye-view sketchers who came to this city about a month ago, and on September 22, made a balloon ascension. Miss Reeves is the daughter of A. B. Reeves, of the Reeves Company stacker works, and is very handsome. Miss Gibson is less than 14 years old. A few days ago Weaver and Scott left the city suddenly and Monday morning the girls left. As soon as their absence was detected friends started in pursuit, and Tuesday morning caught them in Indianapolis where they had met their lovers and had applied for a marriage license. They were returned to their homes in this city.

Oil Troubles the Waters.

ELKHART, Ind., Oct. 19.—A coincidence in the peppermint oil line occurred here Tuesday. A 3-year-old daughter of Charles Pettifer got hold of a bottle of peppermint oil and poured a spoonful of it down her baby brother's throat, with the result that the child is not expected to live. Farmer Eller was coming into the city with \$2,000 worth of peppermint oil in flasks in his wagon. His team became frightened at a street car, ran away, tipped over the wagon and ran over Mr. Eller. Six of the flasks containing \$1,500 worth of the oil were broken and the contents were spilled. Mr. Eller will sue the street railway company.

Received a Charge of Shot.

PORTLAND, Ind., Oct. 19.—Fred Peyle, editor of the Geneva Herald, was dangerously wounded Monday afternoon. He was out hunting quail in company with a man named Finch, and the two, being separated, Finch saw a bird fly up and shot at it, not knowing Peyle was near. The latter saw him raise the gun and tried to get out of the way, but was too late, and his face, neck and breast were filled with shot. Medical aid was promptly summoned and the injured man looked after.

Little Child Sealed to Death.

BLOOMINGTON, Ind., Oct. 19.—The little child of Douglas Watts was sealed to death Tuesday. During the morning Mrs. Watts had been washing and left a vessel of boiling soap suds sitting on the ground. The little 3-year-old boy playing near, backed against the boiler and fell into the boiling water. In an instant the mother seized him, but on removing the clothes his body presented a terrible sight. Medical aid availed nothing and the child expired in a short time.

Burglars Make a Rich Haul.

ELKHART, Ind., Oct. 19.—Burglars broke into H. McLaughlin's store Monday night and stole \$1,200 worth of jewelry and other goods. The thieves were evidently frightened away, as several large packages containing silverware were found where they had been left in shape for removal.

I purchased Ely's Cream Balm and am using it freely, it is working a cure surely. I have advised several friends to use it, and with happy results in every case. It is the medicine above all others for catarrh, and it is worth its weight in gold. I thank God I have found a remedy I can use with safety and that does all that is claimed for it. Strong witnesses.

Among the thousands of testimonials of cures by Dr. Miles' New Heart Cure, is that of Nathan Allison, a well known citizen at Glen Rock, Pa., who for years had shortness of breath, sleeplessness, pain in left side, shoulders, smothering spells, etc.; one bottle of Dr. Miles' New Heart Cure and one box of Nerve and Liver Pills, cured him. Peter Jaquet, Salem, N. J., is another witness. For twenty years suffered with Heart Disease, was turned away by physicians, as incurable, death stared him in the face, could not lay down for fear of smothering to death. Immediately after using New Cure he felt better and could lay down and sleep all night, and is now a well man. The New Cure is sold, also free book, by Nye & Booe.

How a Beautiful Flower was Named.

An old legend tells of two lovers, walking by the river Rhine. The lady begged her suitor to pluck a little pale-blue flower, growing on the bank. In doing so, he fell into the water, and was drowned; but, while sinking, he threw the flower to her, and cried: "Forget me not!" Thousands of women will never forget what Dr. Pierce's Favorite Prescription has done for them. It is prepared specially to cure those diseases from which they alone suffer, and often in silence, rather than consult a physician—as periodical pains, weak back, prolapsus, and all uterine troubles. Purely vegetable and guaranteed to give satisfaction in every case, or money refunded.
