THURSDAY, MAY 4, 1893.

If Cleveland can get along without any assistance from Congress until September, he should be able to do so until December.

The West has more gold than the East, and is also showing more patriotism in offering it to the Government to prevent a panic.

The Indians that are likely to make most trouble for the present Administration are those who brandish the Tammany tomahawks.

SECRETARY GRESHAM must feel very lonesome in the company of men who never speak of the war except to swear about the pensions.

RAILROAD rates to the World's Fair are beginning to drop, and travel in that direction will grow cheaper as the weather gets warmer.

When the American flag was unfurled over the World's Fair Monday, many of the spectators probably felt like asking Cleveland why it was hauled down at Honolulu.

One of the disappointing features of the World's Fair opening was the lack of such a speech from the President as Harrison would have delivered if the last election had gone differently.

At Dundee, Scotland, 10,000 hands have just struck against a reduction of wages. Such news is so common from a free trade country that it scarcely excites comment on this side of the Atlantic.

CHOLERA has subsided in Europe, for the time being anyhow, but the quarantine authorities on this side of the Atlantic are wisely keeping up their barriers against any possible assaults from that source.

WARREN COLLEGE is worth more to Crawfordsville financially and every other way than all of our factories. If Dr. Burroughs keeps on at his present gait there will be a thousand students here inside of five years or less time.

MINNEAPOLIS Tribune: Henry Waterson has figured it up and he finds that it cost \$1,000,000 to place a Democratic candidate for the Presidency in the field and \$5,000,000 to elect him. And from the tone of the Colonel's editorials he doesn't regard it as a remarkably good investment.

The Kansas City Journal observes that it is noteworthy that the Democratic leaders and organs who are so worked up about pension reform never have a word to say for revision of the Mexican pension list. Is this because the Mexican veterans are nearly all Democrats and ex-Confederates?

WHILE Secretary Gresham is preparing to tear reciprocity up by the roots, the British Iron Trade Association is calling the attention of the British Secretary of Foreign Affairs to the fact that American goods have obtained control of the Cuban markets through our treaty with Spain as to that island.

The city council has resolved to investigate this thing of sewers anyhow and a committee was appointed to act with the City Engineer in preparing a report on this important question. We are confident that a thorough and candid investigation will convince our worthy solons that sewerage is what we need.

In the eyes of some Democratic Secretary Carlisle has committed the unpardonable sin. He has been in consultation with both John Sherman and the Wall street bankers. It is to be noted, however, that since these conferences it is reported that a "feeling of confidence" has taken possession of the country.

THE Charleston (S. C.) News and Courier admits that Commissioner Blount's action in hauling down the American flag in Hawaii was in keeping with the firing on the flag over Fort Sumter thirty-two years ago, and claims both were right. And it cannot be denied that the News and Courier is not Democratic.

It will be good news to the friends of civil-service reform that Theodore Roosevelt has been asked to withdraw his resignation, tendered to Mr. Cleveland, and that he has complied. Mr. Roosevelt's services are of especial value to the commission and to the country. He is now the Senior Commissioner; he is familiar with the history of this reform movement, and he knows, too, the local condition of the civil service in all parts of the country. His energy and zeal have contributed much to the progress of the merit system. It is hoped that he may long continue in the place he has filled so admirably.—Indianapolis News.

## HOOSIER HAPPENINGS.

Information of Especial Interest to Indianians.

**Decision on Railroads' Liabilities.**  
TERRE HAUTE, Ind., May 4.—Eugene Debs, president of the American Railway union, says that railway employees can hardly appreciate the sweeping effect of the United States supreme court decision of Monday. The decision that the question of damages for an employee for injuries received while in the service of the company by reason of the negligence of a co-employee is to be settled by the general law on the subject, and not by the law of the state where the cause of action arises, he thinks is an indication of the purpose of the supreme judiciary to encroach upon the state authority until the old idea of the relation of master and servant is reestablished.

**Harrison Will Not Attend.**  
INDIANAPOLIS, Ind., May 4.—It is now given out that ex-President Harrison will not attend the meeting of Republican League clubs to be held in Louisville. President Sulzer, of the Indiana league, visited Mr. Harrison Wednesday and was told that, while the ex-president would like to attend the convention, he greatly feared his presence might be misunderstood and cause dissension.

**Cutting Down the Pension List.**  
INDIANAPOLIS, Ind., May 4.—Indiana pensioners are concerned over the order to Pension Agent Emley to cut off fifteen names from the rolls and further order that each pensioner should have at least one disability before he shall be entitled to a further subsidy from Uncle Sam. This is said to be the beginning of a wholesale reduction of the list in this state.

**Disappeared After a Quarrel.**  
LAFAYETTE, Ind., May 4.—Louis Wurster, a cigar manufacturer, had a quarrel with his wife early Tuesday morning and left home late in the afternoon. His hat was found Wednesday on the river bank. A note in the hat indicated that he had drowned himself. On account of the very high water all efforts to find the body have been futile.

**Governor's Appointments.**  
INDIANAPOLIS, Ind., May 4.—Gov. Matthews, Wednesday appointed Selman Gimbel, of Vincennes, and W. L. Swernstedt, of Evansville, trustees of the Evansville Insurance hospital, and John L. Faulkner, of Madison county, and Dennis Uhl, of Cass county, trustees of the insane hospital at Logansport.

**Fell Asleep on the Track.**  
WABASH, Ind., May 4.—Charles W. Rhodes, chloropodist, who lives east of this city, went to LaGrange Tuesday night. At 9 o'clock he started home, going west along the Wabash railroad. He had gone about 2 miles when he sat down on the end of a tie and went to sleep and a passenger train struck him, breaking his back and crushing his skull.

**Literary Union in Session.**  
FORT WAYNE, Ind., May 4.—The Indiana union of literary clubs, which has a membership of 3,000, began a three days' session in this city Wednesday afternoon. Mrs. Mary Smart, of Lafayette, the state president, in the chair. A reception to the 150 delegates was given at the Morton club in the evening.

**Swindled the Widows.**  
SOUTH BEND, Ind., May 4.—A man giving his name as G. Frank Anderson, of South Bend, claiming to be a collector, secured the confidence of several widows near Bristol, who gave up notes to the amount of \$750. He then disappeared. One of the notes for \$150 has turned up here in the hands of a purchaser.

**Machinists on Immigration.**  
INDIANAPOLIS, Ind., May 4.—The International Association of Machinists in convention Wednesday discussed the restriction of immigration, but without making any recommendations. A resolution which will be adopted prohibits members belonging to military companies.

**Walters on a Strike.**  
INDIANAPOLIS, Ind., May 4.—When the dining-room doors of the leading hotels of this city were thrown open for supper Wednesday night the colored waiters were drawn up in line and marched out on a strike. The men had been receiving \$21 per month and struck for \$40.

**Tailor's Stock Attached.**  
VINCENNES, Ind., May 4.—G. W. Opleger, merchant tailor, has disappeared. Wednesday Sheriff Buckler broke open the establishment and seized several hundred dollars of piece goods on writs of attachment aggregating \$2,000.

**Fourth-Class Postmasters.**  
WASHINGTON, D. C., May 4.—New fourth-class postmasters were appointed as follows on Wednesday for Indiana: Adel Samuel Carpenter, Middle Fork, S. S. Rodney Somerset, J. F. Keigler, Stamps Creek, Charles Galloway.

**Making War on the Saloons.**  
SOUTH BEND, Ind., May 4.—The new metropolitan police force is waging war against the saloons of this city. Several proprietors were arrested and fined Wednesday for keeping open after 11 p. m.

**Killed by Dynamite.**  
BRAZIL, Ind., May 4.—Near Eel River station a man named Mace, another named Johnson and another unknown were killed by the premature explosion of fifty pounds of dynamite.

**"Jack the Tripper."**  
INDIANAPOLIS, Ind., May 4.—Mrs. A. J. Downis was thrown to the ground by "Jack the Tripper" in this city Wednesday night with such violence that her shoulder was dislocated.

**Took Poison.**  
OAKLAND CITY, Ind., May 4.—Lula Gilman, living 4 miles from this city, committed suicide Wednesday morning by taking poison.

**Eyes, ear and throat diseases only, Dr. Greene, Joel Block. Fitting of glasses a specialty.**

**The Seamless Dress.**  
Call and see the wonderful seamless dress at the Columbia Millinery store, 203 east Main street.

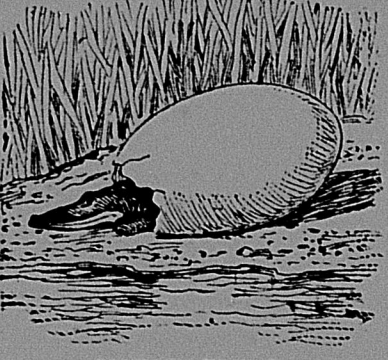

On Monday, May 8, Madame Harp will open a school where the method of making the seamless dress will be taught.

**Children Cry for Pitcher's Castoria.**

## This Date In History—May 4.

1471—Edward, prince of Wales, son of Henry VI, died.  
1677—Dr. Isaac Barrow, eminent English divine, died; born 1630.  
1783—John James Audubon, famous naturalist, born; died 1851.  
1790—Horace Mann, educator and author, born at Franklin, Mass.; died 1859. William Hickling Prescott, historian, born at Salem, Mass.; died 1859.  
1798—Outbreak of the last extensive Irish rebellion; it cost 2,000 English and 150,000 Irish lives.  
1790—The English took Seringapatam, India, by storm; Tipoo Sahib, sultan of Mysore, was killed.  
1814—Napoleon Bonaparte landed in Elba.  
1861—President Lincoln called for 42,000 volunteers for three years and informed foreign powers of his intention to maintain the Union by war.  
1864—Battle of Resaca, Ga.  
1885—Irwin McDowell, general, died in San Francisco; born 1813.

**The Incubation of the Crocodile.**  
White people have eaten crocodile eggs when driven to it by hunger and so far as heard from pronounce them detestable, but Indians and wild Africans often eat them by choice, and the aborigines on the Orinoco roast them in hot ashes just before they are ready to hatch. They have a white skin like parchment, yielding to the touch when handled, yet so tough that it is quite difficult to break them. They are about twice the size of a turkey egg, and the Indian who likes them need never go hungry during the crocodile's breeding season, for they are exceedingly plentiful. Each female crocodile will lay on

BEGINNING TO SNAP.

an average 40 eggs. These she deposits in a hole in the sand, leaving them to be hatched by the hot sun.

When the time of incubation is complete, she returns, guided by a marvelous instinct, and if the ichneumon or some reptile has not got the eggs she assists the young in their efforts to get on in the world. After leading them to the nearest water, however, she leaves them to shift for themselves, which they are abundantly able to do, for they begin snapping and biting at everything within reach before they are fairly out of the shell and take to fishing as contentedly as though instructed by Isaac Walton.

## Youthful Anxiety.

Jack (who has been promised trousers when his sixth birthday arrives)—Mamma, if I should die before I am 6, would I wear pants in heaven?—Harper's Bazar.

## AN OLD PARIS CUSTOM.

A French Commissary's Annual Present of a Box of Candles.

Certain old customs die hard, otherwise, notes the London Standard, a Paris official, who has just received a present of ten pounds of candles, would not have had this gift offered him. The manthus annually favored is the police commissary of the district of St. Germain l'Auxerrois in Paris. He receives his box of candles from the chamber of notaries. The origin of this observance dates a long way back. It arose out of a dispute between the police commissary of the Chatelet and the corporation of notaries. The duty of the former was to hold a lighted candle at the door of the chamber as the legal gentlemen were entering it, and on one occasion the commissary complained that it was unfair for the expense of the candles to fall upon him, contending that he ought rather to receive an indemnity for his services. He gained his point, and from that time forward the commissary was given three hundred pounds of wax annually. In the course of time the three hundred pounds of wax have gradually melted away and dwindled, till in the present day the ancient custom has come down to the gift of a ten-pound box of composite candles. Very likely it will not be long before the offering of this substitute for the original gift will be dropped.

## Pertis of Modern Life.

Contacts with electric wires, railroad accidents, broken car and elevator cables, explosions of steam, natural gas and chemical poisons in adulterated food and drink, are a few; but all these dangers combined do not kill as rapidly as and sure consumption. The death rate, however, from consumption is being yearly cut down down since Dr. Pierce of Buffalo, N. Y., has given to the world his celebrated Golden Medical Discovery, a cure for Consumption and Throat and lung troubles lead to consumption, if taken in time and given a fair trial. The time to cure Consumption, (which is really nothing more nor less than Lung-scorfula), is in the first stages. A cough generally sounds the alarm and you should take the "Discovery" at once. There is a time when it is too late.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

## Do Not Be Deceived.

Persons with weak lungs—those who are constantly catching cold—should wear an Alcock's Plaster over the chest and another between the shoulder blades during cold weather. Remember they always strengthen and never weaken the parts to which they are applied. Do not be deceived by imagining any other plaster like them—they are not—may look it but looks deceive. It is always on having Alcock's, the only reliable plaster ever produced.

## PHENYO-CAFFEIN!

If you ever have Headache or Neuralgia, take Phenyo-Caffein Pills.

They are effective in relieving Pain, and in curing Headache or Neuralgia. They are not a cathartic, and contain nothing that stupefies. They tone up the nerves, and tend to prevent returns of Headache and Neuralgia. They are guaranteed to do what is claimed for them.

TESTIMONIALS.

I have never seen anything act so promptly as Phenyo-Caffein in sick and nervous Headache. Many cases have been cured, and not any failures reported. H. L. Farrer, Belle Vue, N. C.

For years I have been a terrible sufferer from headache, some six months ago, my physician prescribed Phenyo-Caffein, and since then, by their use, I have not had a severe headache, being able to sleep peacefully and without inconvenience. J. H. Stannard, Concord, N. H.

You hit the nail on the head when you put Phenyo-Caffein on the market. They are the best thing out for headache. E. P. Jones, M. D., Orleans, Mass.

One year ago I was one of the greatest sufferers from sick and nervous headache that I ever knew. I no more have trouble with sick headache, and seldom have even a slight headache. I attribute the great change to your Phenyo-Caffein, a remedy I could not do without. If it cost \$5 a box, I have tried a dozen or more medicines (warranted to cure) without their even helping me. I can not praise your valuable preparation enough. Frank S. Schmitt, Seymour, Ind.

For sale by your druggist.

## Treble and Bass.

"Twinkle, twinkle little star,  
How I wonder what you are."  
In treble sweet piped little Grace.  
"Catarrh, catarrh, catarrh, catarrh."  
What a horrid pest you are!  
Growled dear papa in lowest bass.

When papa reads this, he will learn how to get rid of the pest. By its mild, healing, antiseptic, and cleansing properties, Dr. Sage's Catarrh Remedy cures the worst cases. This infallible remedy does not, like the poisonous, irritating snuffs, "creams" and strong caustic solutions with which the public have been so long humbugged, simply palliate for a short time, or drive the disease to the lungs. It produces a perfect and permanent cure of the worst cases of Chronic Catarrh. "Cold in the Head" cured with a few applications. Catarrhal Headache relieved, and cured as if by magic. It removes offensive breath, loss of appetite, and impairs the sense of taste, smell or hearing, watering or weakness of the eyes, and impaired memory, when resulting from catarrh. Only 50 cents, by druggists.

# Why Do We Do It?

Because We Want Your Trade and to Eclipse all Previous Records.

Here are a Few of the Many Bargains We Have in Store For You.
