FREE COINAGE.

Senator Blackburn's Amendment to the Repeal Bill.

SHUTS OUT VOORHEES' SUBSTITUTE.

Leaving the Measure as It Passed the House—Representative Continues the Debate on the Federal Election Bill.

THE BANKING SYSTEM.

WASHINGTON, Oct. 7.—The routine morning business of the senate was disposed of very speedily Friday, and the senate proceeded to the consideration of the resolution offered on Wednesday by Senator Peffer for a special committee on the improvement of the banking system of the country. Senator Stewart immediately took the floor and made a long and serious complaint against the treasury department for not buying the 4,500,000 ounces of silver bullion per month as required by the Sherman law.

Free Coinage of Silver.

Senator Blackburn sent to the clerk's desk and had read the amendment to the repeal bill which he gave notice of in his speech Wednesday. It strikes out the Voorhees amendment to the house bill and substitutes for it six additional sections. It authorizes the free coinage of silver from the United States mints, the seigniorage rate to be established by the secretary of the treasury on the 1st of each month. The seigniorage is to be the difference between the market price of silver and its minted value after coinage. The seigniorage is not to be coined, but is to be sold for gold (either at home or abroad) and the gold received for it is to be held in the treasury and used only for the purpose of maintaining parity between the two metals.

Senator Peffer's resolution was referred to the finance committee, and Senator Morgan's resolution, instructing the judiciary committee to inquire what provisions of the free-coinage act of 1873 are still in force, was agreed to without discussion and without division.

Silver Purchase Law.

The debate on the silver purchase repeal bill was carried on by Senator Call (dem., Pa.) and Senator Butler (dem., S. C.), both in continuation of speeches begun by them last Wednesday. Senator Butler favored his own amendment to repeal the 10 per cent. tax on the notes of state banks. Senator Call also made a little progress with the speech begun by him last week.

In the House.

WASHINGTON, Oct. 7.—The house met at 11 o'clock. Immediately after the reading and approval of the journal the federal election bill was taken up, and Mr. Hainer (rep., Neb.) concluded his speech in opposition to the repeal of the election laws.

Mr. Hicks (rep., Pa.) denounced the pending measure. The congress had been called together for a special purpose and the senate for not having carried out that purpose had become the laughing stock of the country. He declared that the attempt of the house to pass the election laws was an attempt to humiliate the president.

Mr. Brookshire (dem., Ind.) in defending the pending proposition, declared that the democrats were united in purpose to put an end to sectional agitation, no matter how they might differ on other questions.

Mr. Ray (rep., N. Y.) in opposing the measure, criticized the senate for its delay in acting upon the silver bill. The people, he said, were nauseated by the amount of talk there.

GOLD RESERVE IS DOWN.

Payment of Interest on the Public Debt is the Cause.

WASHINGTON, Oct. 7.—Several days ago the treasury department mailed interest checks aggregating in value about \$5,000,000 to pay interest on the public due October 1. The effect of their payment is already being felt in the reduction of the gold reserve, which now stands at \$89,928,698, as compared with a reserve of \$98,582,172 October 2. The reserve has nearly reached the lowest point in its history, which occurred about the middle of last June, when it was several hundred thousand below what it is today.

Fit for Any Punishment.

Rockford, Ill., Oct. 7.—Cyrus Miller, a prominent resident of Pecatonica, was brought here Friday and bound over to the grand jury. Miller was arrested for beating his young son over the head with a board with nails protruding from it, dragging him around with a log-chain attached to his neck and locking him up in the cellar for a day and a half, all for a trivial offense.

Woman Found Murdered.

Rockford, Ill., Oct. 7.—Near Irene, 12 miles southeast of this city, the mutilated remains of a woman were found in the woods. Her skull was crushed in. The dead woman was identified as Mrs. John Meeker. Her husband, who is a prosperous farmer, was arrested and locked up, charged with the crime. He protests his innocence.

Died of Hunger on the Train.

LIMA, O., Oct. 7.—A baby 15 months old died here on a baby Wayne west bound passenger train Friday. The mother of the child, and two others, was journeying from Ireland to Iron City, Mich., and died in its mother's arms from exposure and hunger.

Lumber Burned.

EAGLE RIVER, Wis., Oct. 7.—Fire in the Gerry Lumber company's yards at this place early Friday morning destroyed 1,000,000 feet of lumber, valued at \$35,000.

Lost \$5,000 at an Old Game.

RUSHVILLE, Ill., Oct. 7.—John Foster, a farmer residing near Vernon, dropped \$2,000 Friday in a three-card monte game.

SWEEP BY WIND.

Death and Destruction Follow a Storm in Arkansas.

LITTLE ROCK, Ark., Oct. 7.—A terrific wind and rain storm swept over Arkansas Thursday night, leaving death and destruction in its path. In Union county, in the southwestern part of the state, several houses were blown down, four women were killed outright, and several persons were seriously injured. The town of Eldorado was badly damaged, but no report of loss of life has been received. In the vicinity of Preston, Faulkner county, the storm was quite severe, and blew over a number of houses, killing two persons. Along the Arkansas river, a few miles east of Conway, in the vicinity of Bristol, damage to houses, fences, and barns is reported. There was no loss of life. The storm raged in Little Rock for half an hour, the wind blowing at the rate of 50 miles an hour. Several buildings were damaged, but no casualties occurred.

NEARLY A THOUSAND BURIED.

As Many More Thought to Have Been Lost in the Gulf Storm.

NEW ORLEANS, Oct. 7.—The taking of the census of the dead of the recent storm has about been abandoned. Over 950 bodies have been buried in the trenches of Chalmette, Cammande and the loss of life on Grand lake and on Grand bayou, at Port Eads, Plaquemine parish, over around Shell beach, Bohemia, and the vast extent of Lake Borgne territory, which neither telegraph nor railroad ever reaches, and in the chain of lakes and streams which lead to the Mississippi sound, and along the latter, where nearly all the craft were wrecked and crews destroyed, will reach fully 2,000.

AMERICAN RAILWAYS.

Fifth Statistical Report of the Interstate Commerce Commission.

WASHINGTON, Oct. 7.—The fifth statistical report of the interstate commerce commission has just been submitted for the year ended June 30, 1892. It shows the following:

Total railway mileage, 171,653.32 miles, an increase of 8,160.75 miles; railways added to class operating a mileage in excess of 1,000 miles are Philadelphia & Reading, Atlantic Coast Line association, Union Pacific, Denver & Gulf, total number of employees, 881,418, an increase of 87,190; capitalization of 12,367.39 miles covered by report, \$10,567,481.24, an increase of \$1,450,064.21; gross earnings, \$1,717,400,343; operating expenses, \$780,997,990; employees killed, 2,534; employees injured, 28,397; passengers killed, 378, as against 328 in 1891; passengers injured, 3,227 in 1892, as against 2,972 in 1891.

FILLS FOREIGN POSTS.

A Large Number of Nominations Sent to the Senate by the President.

WASHINGTON, Oct. 7.—The following nominations were sent to the senate by the president:

Stephen Bonal, of Maryland, now secretary of legation at Peking, to be secretary of legation at Madrid; John H. Hall, of Maryland, at St. Charles; Denby, Jr., of Indiana, now second secretary of legation at Peking, to be secretary at St. Louis; To be consuls of the United States—Frank A. Dean, of Michigan, at Naples, Italy; Marshall Manger, of Virginia, at Bermuda; Wilburn B. Hall, of Maryland, at Rio de Janeiro; Edgar Schamm, of Texas, at Montevideo; Uruguay; James H. Stewart, of New York, at St. Thomas, West Indies; C. H. Spence, of Kentucky, at Quebec, Canada; Reuel Savage, of Maryland, at Nantes, France; Edwin S. Wallace, of South Dakota, at Jerusalem, Syria.

New York's Republican Ticket.

SYRACUSE, N. Y., Oct. 7.—The republican state convention met here Friday and nominated the following ticket:

Judge of the court of appeals, Edward T. Barlett; secretary of state, John Palmer; comptroller, James Roberts; state treasurer, Addison B. Condit; attorney general, Theodore C. Hancock; state engineer and surveyor, Campbell W. Adams.

The platform pledged the party to an honest and economical government.

Roberts Still Winning.

NEW YORK, Oct. 7.—Roberts, 7,300; Ives, 6,664. This was the standing of the players in the international billiard match which was resumed at the Lenox lawn Friday night. The afternoon game was marked by a rail run for Ives in which he put up 586 buttons, but Roberts, by steady playing, got his quota of 799, while Ives only made 878. This left Ives in the rear by 53 points.

Brutal Robbers Captured.

APPLETON, Wis., Oct. 7.—The sheriff has captured Alfred Donahue and George Defoye, the two men who, grappled, brutally beat and robbed Thomas McGillan, an old farmer residing at Center, Wis., Wednesday night. They were carrying a large trunk and the furniture with coal oil and kerosene to burn him alive. The farmers are greatly excited over the affair and there is some talk of lynching.

New York Democrats.

SARATOGA, N. Y., Oct. 7.—The democrats on Friday renominated Isaac H. Maynard for judge of the court of appeals. The other nominees are: Cord Meyer for secretary of state; Frank Campbell for state comptroller; were nominated by acclamation. For state treasurer, Hugh Duffy, for attorney general, Simon W. Rosendale; for state engineer, Martin F. Schenck.

Struck in a Shipwreck.

PORT TOWNSEND, Wash., Oct. 7.—The Chilean bark Lenore was blown ashore 3 miles north of the Quilley river and wrecked. Captain Meyer, his wife and four seamen were drowned. The remainder of the crew—nine in number—floated ashore on the wreck.

Blew His Head Off.

REDBUD, Ill., Oct. 7.—In a quarrel between Fred Meyer and Peter Esseneauer, David Dussell interferred as a peacemaker, but was knocked down for his pains by Esseneauer. Rushing into his house, he got a gun and blew Esseneauer's head off. He is under strong guard for fear of lynching.

Drunkens Children.

WALTHAM, Mass., Oct. 7.—Richard Tenaty, aged 12, and William Stead, aged 14, schoolboys in this city, were sent home by their teacher Friday, as they were too drunk to continue their studies.

SHOT TO DEATH.

Pallas, the Spanish Bomb-Thrower, Executed at Barcelona.

HE WAS UNREPENTANT TO THE LAST.

Marched to His Fate Chanting an Anarchist Tune—Said His Friends Would Be His Avengers—His Crime.

PAID THE PENALTY.

BARCELONA, Oct. 7.—Pallas, the anarchist who, September 24, made an attempt on the life of Capt. Gen. Martine Campos by hurling two dynamite bombs at that officer, was shot in accordance with the sentence of the court-martial before which he was tried. The prisoner refused to kneel when sentenced to sign a copy of his sentence, at the same time exclaiming that he was signing the death warrant of his judges, feeling certain that his brother anarchists would avenge his death by killing those who had condemned him to die.

Sneered at the Priests.

Priests did their utmost to prevail upon the desperate man to listen to religious consolation and die repentant, but Pallas sneered at the remarks of the priests, laughed at their words, pictures of the hereafter and scornfully rejected all their efforts in his behalf. Mass for the condemned was celebrated at an early hour.

Marched His Bravado.

Shortly before 9 o'clock Pallas was slowly and solemnly escorted by a squad of infantry to an inclosure close to the castle of Monjuich. In the center of the square of troops, silent, motionless and grim, was drawn up a platoon of infantry. The prisoner still maintained his air of bravado and marched to his death as if going to some glorious ceremony, chanting an anarchist air in a slow voice, so as to drown it, would appear, the muttered prayers of the monks.

The Final Scene.

Outside the line of troops crowds of people had gathered. The place of execution was kept as secret as possible, so that those in sympathy with the condemned anarchist could not have an opportunity to plan a dynamite outrage. When the prisoner's back had been turned toward the soldiers, the firing party took what appeared to be a very long and careful aim. To the right of the death platoon stood its officer, his bared sword held above his head; then, like a flash of lightning the glistering weapon descended, there was a flash of fire, clouds of white smoke, the rattle of rifles discharged in unison, and Pallas, the anarchist, fell over on his face—dead. A few sharp military words of command and the body was carried away, the troops formed and reformed, bugles sounded, the troops marched away, the crowds dispersed and all was over.

The Crime.

The crime for which Pallas was shot was committed in this city on Saturday, September 23. Capt. Gen. Martine Campos was reviewing the troops of this district. Pallas, from among a crowd of people who were passing, threw a bomb at Gen. de Campos, resulting in the killing of a soldier and the wounding of Gen. Bustos and Molins, of his staff, and five spectators. The general himself received a slight wound in the arm and a few bruises, but beyond this was uninjured.

MAY RESTORE THE QUEEN.

Blount's Recommendations in regard to the Sandwich Islands.

WASHINGTON, Oct. 7.—The nature of Mr. Blount's recommendation regarding the annexation question, says a morning paper, is to the effect that no action should be taken by the United States to annex the island or establish a protectorate over it without the full consent of all the natives. The report recommends that all questions involved in annexation and establishment of a protectorate should be submitted to a vote of all natives, as well as foreigners, and upon their decision rests the future policy of the United States respecting the Hawaiian island.

If Mr. Cleveland adopts the recommendation submitted, it practically means that the queen will be restored to power, as she is said to be popular among the natives, each of whose votes is to be equal to that of a foreigner, and it will mean further the complete ascendancy of Mr. Claus Spreckels, the sugar king.

CHARGES FRAUD.

Petitions Demanding an Investigation Circulating in the Cherokee Strip.

OKLAHOMA CITY, O. T., Oct. 7.—Petitions are being circulated throughout Oklahoma and the Cherokee strip calling on Delegate Flynn to demand a thorough investigation of the charges of fraud in connection with the opening of the strip. It is openly charged that registration officials accepted bribes and that soldiers on the line received money. It is also alleged that the government officials and deputy marshals secured two blocks of ground in Perry by fraud and made thousands of dollars by claiming pay for advance surveyors on receipts over for fraudulent men.

Stormed the Town.

ARKANSAS CITY, Kan., Oct. 7.—A gentleman arrived in this city from the town of Blackwell in the strip and reports another attempt to take the town by force. The gang rode into the city armed heavily and commenced the discharge of their guns. Volleys were exchanged in every direction as the gang rode through the streets, but no one was injured and the gang was driven off.

Will Not Cut Wages.

PROVIDENCE, R. I., Oct. 7.—Most of the Rhode Island woolen manufacturers have declined to cut wages, as was ordered by the national association a few days ago.

New Cases of Yellow Fever.

BRUNSWICK, Ga., Oct. 7.—Friday twenty-four cases of yellow fever were reported and one death, that of Mrs. K. Talkerson, of Jekyll island.

Highest of all in Leavening Power—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

TRADE IS DULL.

Signs of Business Improvement Are Difficult to Detect.

THE MONETARY SITUATION IS BETTER.

Trade Orders Too Small to Keep Working Forces Employed—Stock Markets Are Weak—Record of Failures in Six Months.

NEW YORK, Oct. 7.—R. G. Dun & Co.'s weekly review of trade says: It is difficult to detect any signs of improvement. While there has been some addition to the number of manufacturing establishments and the number of hands at work during the last week, it is becoming painfully clear that the orders obtained do not suffice to keep employed at full time even the limited force at present engaged. The business transacted in the principal clearing houses outside New York the decrease is 25 per cent.

Reports from other cities disclose a distinct check in business. There is on the whole less activity and less confidence regarding the future than there was a week ago. While the volume of all kinds of money in circulation has increased \$21,377,217 during the month of September, and is now greater by almost \$10,000,000 than it was last year, the embarrassment is now, as it has been all the time, due to a lack of confidence rather than to a lack of currency.

Industrial Improvement Slow.

There is not such encouragement as might be desired in the industrial reports for the week. In almost every department orders are found too small to keep the restricted working force fully employed. Many concerns are working on short time, while the general reduction in wages also affects the purchasing power of the millions who still have work. An increased number of establishments is reported in operation, but the sagging of prices in print cloths and some other cotton goods, and in the most important products of iron and steel, discloses greatly discarded business.

Demand for Products.

The demand for iron products is on the whole less satisfactory than it was a week ago. Steel billets are selling at Pittsburgh for \$18 per ton and there is practically no demand for manufactures of iron. The demand for iron is still remarkable, but the demand for consumption is much restricted, so that the purchases of wool at the principal markets, notwithstanding some improvement, have been only 2,459,996 pounds against 6,272,402 for the same week last year.

The Stock Market.

The markets for stocks and products have been comparatively dull. In stocks prices have gradually yielded, although but little, and are now but a small fraction lower than a week ago. The trading has not been large, excepting the industrial stocks, and few of these have been active except in dealings between a few traders.

In the Cities.

At the west rather more activity is reported at several cities notably Chicago, St. Louis, Cleveland, Duluth, St. Paul and Kansas City. Lumber is generally higher in price. The demand for cattle and hogs has also improved. From the east reports are less favorable, except from Baltimore, where increased sales are reported. The dry goods demand is below the average at Boston and Philadelphia.

Statistics of Failures.

Failures continue to decrease in numbers and importance, though not as much as has been hoped. The number reported in the United States during the last week has been 320, against 184 for the same week last year, and in Canada 45, against 32 last year. During the first half of the year the failures were in amount of liabilities \$16,930,330, so that the aggregate, not including banking and financial failures, has been not more than \$251,340,879.

DARING ROBBERY.

Capt. Sinclair, of the St. Louis East Side Club, the Victim.

St. Louis, Oct. 7.—The Globe-Democrat building was the scene Friday night of one of the most thrilling robberies that ever took place in St. Louis. At the point of a revolver Capt. E. W. Sinclair, secretary and treasurer of the East Side Jockey club, was held up by a youth named Fred C. Hadlock, and forced to give up a satchel containing \$84.55.

The robber fled with the satchel and money. Capt. Sinclair followed, but by the time he got down the three flights of stairs to the street the robber was not to be seen. About fifteen minutes later the fellow was seen running along Fourth street carrying the grip. Two officers pursued and cornered him in a railroad car. He surrendered and was locked up. He was identified as Fred C. Hadlock, the son of a well-known citizen. The money was recovered.

Beats the Ocean Record.

NEW YORK, Oct. 6.—The new Cunard, the Lucania, dropped anchor at quarantine at 10:55 o'clock Friday night, beating the previous record held by the City of Paris by fifty-five minutes. The Lucania made the run from Queenstown in the phenomenal time of 5 days, 12 hours and 45 minutes.

Big Clock Company Embarrassed.

HARTFORD, Conn., Oct. 7.—The E. N. Welch Manufacturing company, of Bristol, Conn., one of the largest clock manufacturing concerns in the world, passed into the hands of a receiver Friday. The liabilities are stated at something over \$400,000 and the assets at \$300,000.

Found No Trace of Train Robbers.

PITTSBURGH, Pa., Oct. 7.—An investigation of the report that train wreckers had been interrupted in an attempt to wreck the Buffalo express on the Pittsburgh & Lake Erie railroad near Homewood shows that the suspicions of the track-walker were groundless.

Will Refuse a Cut.

BALTIMORE, Md., Oct. 7.—Baltimore & Ohio telegraphers here have taken a poll among themselves, and all with the exception of three, voted not to accept any cut in salary. They say that in other cities a similar feeling exists.

THE STATE AT LARGE.

Interesting Information from Towns in Indiana.

After Written Murders.

WASHINGTON, Ind., Oct. 7.—Two sets of officers bearing warrants for the arrest of Lon Williams and Bill Caise, charged with having murdered the Wratten family two weeks ago in this city, started Friday afternoon to serve them. The officers will not bring the prisoners to this city for the reason that they would surely be lynched. They will be taken to Jeffersonville prison for safe keeping. Both are dangerous men, and Williams has threatened to kill the men who attempt his arrest. Nothing has been heard from the officers, although they were to wire report on reaching the first railroad station on their way to Jeffersonville, which is 40 miles south. It is believed here they have either had trouble in the arrest or have been intercepted by a mob. The evidence against the men is circumstantial, but it is damaging, and there is little question that they are the right parties.

Smallpox Epidemic Growing.

INDIANAPOLIS, Ind., Oct. 7.—Gov. Matthews has decided to give the quarantine officials at Muncie \$1,000 Monday for use in preventing the spread of the smallpox epidemic from that city. In the succeeding weeks his will allow the committee only such amounts as are really needed to pay the expenses of quarantine. The city of Muncie has spent all the cash it had on hand, about \$10,000, in keeping up the quarantine, and asked the allowance from the state epidemic fund because the constitutional limit was reached by the city in its loans, and no money could be borrowed. Secretary Metcalf, of the state board of health, says that there are now reported a total of 180 cases, three having developed Thursday. There are none in the hospital there twenty-three cases, nine of which are convalescent. So far thirteen deaths have resulted from the disease.

His Courage Fled in Face of Danger.

ELWOOD, Ind., Oct. 7.—"Coon" Brown, of Pendleton, who killed his daughter's betrayer several years ago and has been a fugitive from justice ever since, is in hiding near his old home. A private detective named Rhinehamer endeavored to effect his arrest and had the tables so completely turned on him as to almost disgust him with the job. Brown suddenly appeared where the detective was not looking for him, and drawing his revolver made Rhinehamer throw up his hands and walk in front of him to his house, where he was ordered to go and lose no time doing so. He has not returned from his flight yet, and Brown is still at large.

"Babe" Hawkins Acquitted.

SHELBYVILLE, Ind., Oct. 7.—"Babe" Hawkins was acquitted Friday of the charge of assault and battery with intent to kill ex-Sheriff McDougall. "Babe" forces started to applaud but the court stopped them. "Babe" leisurely arose and went over to the judge and offered him his hand, but the judge turned away and in a low tone said: "You better go home and behave yourself." Hawkins whispered to his wife and passed out through the crowd with his confederates. There is a strong sentiment against those who conducted the defense.

Suicide of Uriah Townsend.

MUNCIE, Ind., Oct. 7.—Friday afternoon Uriah Townsend, a respected old citizen of Randolph county, committed suicide in a peculiar manner. He concealed himself under a culvert east of Muncie on the Big Four railroad, and, as freight No. 48, Conductor White and Engineer Muller, approached, he poked his head up between the ties, and the pilot of the engine decapitated him. He left a note stating that he feared he was a burden to his children.

Physicians Elect Officers.

INDIANAPOLIS, Ind., Oct. 7.—A Friday's session of the Mississippi Valley Medical association the following officers were elected for the ensuing year: President, Xenophon Scott, Cleveland; first vice president, Leon Strauss, St. Louis; second vice president, G. Frank Lydston, Chicago; secretary, Frank K. Woodburn, Indianapolis; treasurer, George J. Cook, Indianapolis. The next meeting will be held in Hot Springs, Ark., November, 1894.

Ended Her Misery.

MARTINSVILLE, Ind., Oct. 7.—Lizzie Todd, a stranger who has been here two months for medical treatment, committed suicide Friday at a grand hotel. Names were erased on her garments. It is thought that S. G. Page, of Delphos, O., is her father.

Attempted to Break Jail.

BRAZIL, Ind., Oct. 7.—Noah King, in jail here charged with an attempt to wreck and rob a passenger train on the Vandalia, attempted to escape Friday. He jumped from a window and ran along the railroad track 2 miles before he was caught.

Indicted for Forgery.

COLUMBUS, Ind., Oct. 7.—Ten indictments were returned Friday against Ald. Frank Miller for forgery. His alleged forgeries exceed \$10,000. He has been located in Texas.

First Baby Born in Perry.

GUTHRIE, O. T., Oct. 7.—The first baby born in Perry was a son to Mr. and Mrs. E. Hady. It arrived Wednesday and the whole town is celebrating the event.
