Many Putnam county farmers are  
complaining of the ravages of pinkeye  
among their herds of cattle. The stock  
becomes stone blind and sometimes the  
suffering of the animal is ended by death.  
Milk cows afflicted with the dis-  
ease cease to give milk, but get all right  
in a short time if properly taken care of.

SCRATCHED 3 YEARS

Suffered, Scratched and Bleed. No Relief. Cured by Two  
Sets Cuticura Remedies.

Nothing like Cuticura Remedies ever  
manufactured. For three years I suffered  
with a sore head, would break out all over  
head with pinkeye which would  
form a watery matter, and I  
would scratch it, which would  
cause it to bleed. After doctoring  
with two doctors for three years,  
nothing, not even a doctor, could  
cure me. I then turned to the  
Cuticura Remedies, which were  
entirely satisfactory to me. I have  
recommended your remedies to  
several persons, and they are  
telling me they are good.

One of the best remedies I have  
ever seen. I have given them the  
privilege of using my name as proof of  
their value. I have a portrait of  
myself, and a portrait of Mrs. H. H. Hulet,  
Photographer, Mt. Horeb, Wis.

SALT RHEUM CURED

My wife has been troubled with the salt rheum  
for years. During this time doctors of  
all kinds, and the best, could not cure  
her. Children failed to help. Cuticura  
remedies, and she used only one box  
of Cuticura, one cake of Cuticura Soap, and  
half a box of Cuticura Resolvent, and these  
have cured her completely.

### Prof. Chapman's Entertainment.

It was one of Crawfordsville's most  
critical audiences that greeted Prof.  
James M. Chapman last evening at  
Center church, it being the occasion of  
his first appearance in Crawfordsville  
and in fact, the West. After a short in-  
troduction by the President of Wabash  
College, Dr. Burroughs, Prof. Chapman  
arose and read his first selection,  
"Preparing for the Christmas Dinner."  
It was received well and so was each  
succeeding number, the applause being  
in several cases that it might  
easily have been construed as an encore.  
Prof. Chapman, however, responded but  
once, after the long continued applause  
which succeeded his rendition of "How  
Roby Played." The programme was  
quite varied and showed the wide range  
of Prof. Chapman's eloquent powers.  
The most remarkable of them is his  
voice, resonant as a bell and under per-

### Morgan-Wilson.

From the extended account in the  
Liberty Review we clip the following  
concerning the marriage of Harry Morgan,  
of this city, to Miss Elsie Wilson,  
of Liberty:

The church had been beautifully deco-  
rated for this occasion. The pulpit and the  
organ loft back of it were a mass of foliage  
and flowering plants, which almost hid  
from view the large organ. From a point  
above the organ white satin ribbon was  
stretched to the white fur-colored pulpit.  
The aisles leading into the space enclosed  
around the altar by the white ribbon were  
guarded by daintily constructed gates, over  
which were graceful arches of flowers and  
living green. In the archway over the aisle  
on the right was the name "Wilson," while  
in the arch over the aisle on the left was  
the name "Morgan."

The large church auditorium was filled  
with the large number of invited guests,  
and promptly at 8 o'clock Miss Gertrude  
Miller took her position at the organ, and  
as the beautiful strains of Mendelssohn's  
wedding march filled the church, the bridal
