THE ARKANSAS BRECKINRIDGE will not be in the next Congress, having been beaten for the nomination. If the other Breckinridge is defeated it will be well.

GROVER CLEVELAND has been sunbaked in the Senate. That body unanimously passed a resolution on Thursday disclaiming any interference on the part of the United States in the internal affairs of the Hawaiian Islands. Cleveland and Gresham are warned to keep hands off. Ex-Queen Lili may as well surrender all hope of restoration. Gresham's imagined wrong will not right.

THE OFFICIAL Treasury statement to be issued June 1 will show that the expenditures of the Government for the eleven months of the current fiscal year have exceeded the receipts by \$72,000,000, the aggregate standing in round figures, receipts \$268,000,000, expenditures \$340,000,000. These figures indicate a total deficit for the twelve months of the fiscal year of about \$78,000,000. So much for the first year of Democratic rule.

ALL lumber has been placed on the free list by the Senate. This not only includes logs, which are already free, but lumber of any sort, planed, finished, tongued and grooved. This decision affects an industry in which \$58,000,000 are invested, and which pays more than \$135,000,000 a year in wages. The Democrats propose to destroy every planing mill in the United States, and transfer this industry across the Canadian line. Rice and peanuts are of more importance than lumber as both these articles remain on the dutiable list.

MONTGOMERY (Ontario) Echo: An important meeting of log owners was held at Bay City, Mich., on Friday, May 12, to see if some agreement could not be made with the Canadian Customs Department to withdraw its regulation enforcing the collection of duty on American booms and chains brought into Canada for use in towing Canadian logs to the States. A committee was appointed to proceed to Washington at once to lay the matter before the Treasury Department. The committee represents the leading lumber manufacturers of the State.

While the Canadians are at work collecting a duty on American booms and chains taken over there to bring their own logs into the United States the American Congress is at work removing all duties from Canadian logs, conditionally. The Democratic Congress doesn't so much as to ask that the duty on chains and booms be removed on condition that the duty be removed from logs.

THE NEW YORK Tribune says the confidence of the Democratic tariff tinkers during the last Presidential campaign was in singular contrast to their present mood of mind, which is that of terror and prostration and abasement at the injury and ruin which their preliminary experiments have wrought upon the business and prosperity of the country. There is not now probably a Democrat with a thimbleful of brains from one end of the country to the other who so much as dreams of electing a Democratic President or House of Representatives next time, or that the fantasies which they are now trying to weave into the industrial and financial system have any prospect of success in the future. Some of them pretend to believe in Democratic victory and a restoration of the free trade craze after an interregnum of a single term which they concede to the Republicans. But they have not hitherto been so correct in their foreclosings as to inspire much confidence that they see straight this time.

WHAT WILL DO IT?

Medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach the remote and ulcerated surfaces. The efforts of every to treat catarrh is probably that only one remedy has completely met these condition, and that is Ely's Cream Balm. This safe and pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. Our druggists keep it.

A STRANGE CASE.

HOW AN ENEMY WAS FOILED.

The following graphic statement will be read with interest: "I cannot describe the numb, creeping sensation that existed in my arms, hands and legs. I had to run and beat the pain away. I was so overcome in a measure the deadness that had taken possession of them. In addition, I had a strange weight in my back and around my waist, which was so insufferable that I could not bear it. On the other hand, I had a numb, creeping pain in my stomach. Physicians said it was creeping paralysis, from which, according to their universal knowledge, nothing could be done. They were so overcome by the deadness that they said, it continues its insidious progress until it reaches a vital point and the sufferer dies. I had to bear it for a week, and then for a year and a half steadily, but with no particular benefit, when I saw an advertisement of Dr. Miles' Restorative Nerve, prepared by Dr. Miles. Restorative Nerve is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles' Medical Co., Elkhart, Ind. Price of one box, \$1 per bottle, six bottles for \$5, express prepaid. It is free from opiates or dangerous drugs."
