SAILED THE SEAS 38 YEARS.

One of His Experiences.

For thirty-eight years Capt. Lord followed the sea, most of that time as master of a vessel, and upon retiring from the water was appointed by the Secretary of the United States Treasury to superintend the seal fisheries in Alaska, which position he held five years. He relates an experience as follows:

"For several years I had been troubled with general nervousness and pain in the region of my heart. My greatest affliction was sleeplessness. It was almost impossible at any time to obtain rest and sleep. Having seen Dr. Miles' Restorative advertised I began using it. After taking a small quantity the benefit received was so great that I was positively alarmed, thinking the remedy contained opiates which would finally be injurious to me; but on being assured by the druggist that it was perfectly harmless, I continued to take it together with the Heart Cure. Today I can conscientiously say that Dr. Miles' Restorative Nervine and New Heart Cure did more for me than anything I had ever taken. I had been treated by eminent physicians in New York and San Francisco without benefit. I owe my present good health to the judicious use of these most valuable remedies, and heartily recommend them to all afflicted as I was."

Dr. Miles' Restorative Nervine and New Heart Cure are sold by all druggists on a positive guarantee, or by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, or six bottles for \$5, express prepaid. They are free from all opiates and dangerous drugs, and are sold by all druggists.

GENERAL GOSSIP.

It Concerns Everything and Everybody and is, Therefore, of Interest to All of Us.

—A. E. Mason, of LaPorte, is in the city.

—W. C. Stewart, of Darlington, was in the city to-day.

—Dr. H. A. Tucker returned from Lake Maxinkuckee this evening.

—Ed Mount, of Darlington, left to-day with his fast horse for Illinois.

—De Winter, who has been the guest of Mrs. H. S. Lane, has left for his home in California.

—Remember the date of LaPearl's big 10 and 20 cent railroad show is July 24, and one day only.

—Capt. Meredith, of Shawnee Mound, was struck on the head by a falling hay ladder Tuesday and severely injured.

—Athens Chapter, No. 97, O. E. S., are requested to meet at Masonic hall Saturday evening, July 21, at 7:30. Business of importance.

—If this afternoon's rain was general over the county it did thousands of dollars worth of good to the corn and vegetable crop, besides saving the potatoes.

—Danville, (Ill.) Press: Misses Minnie Landman, of Crawfordsville, Ind., and Hattie Griffin, of Louisville, Ky., will arrive to-day to visit L. V. Landman.

—Tim Holloway has returned from Terre Haute where he went to see his brother Ed, who is in jail there. Timothy believes that Edward will pull through all right.

—Ladoga Leader: Miss Era Miller was taken violently ill with hemorrhage of the lungs Friday and was in a very precarious condition for several hours, but is now reported convalescent.

—Tommy Brown, a rather refractory inmate of the Orphans' Home, stole a dollar yesterday and invested in knives. He slept in a barn last night and is cutting various monkey shins to-day.

—Leslie Beach, the little son of Sam Beach, was bitten by a rattlesnake Tuesday on the farm in Coal Creek township. It was only by hard work that the child's life was saved. Mr. Beach killed the snake, which had five rattles.

—Said a well-known Democrat this morning: "Of the Montgomery county delegation to the Covington convention at least thirty are rabid Brookshire men. There may be two or three axes on but they will have to keep their heads closed tight."

—On Wednesday evening Judge Hurley and wife entertained a large company of friends at the opening of their night blooming cereus. The flower was of rare size and beauty even for its species and commanded the admiration of all who were fortunate enough to see it.

NORMAL ITEMS.

The school is now thoroughly organized and ready for five weeks of remunerative study.

There came near being a man less when somebody attempted to frighten three lady students.

Supt. Zuck draws a large number to his arithmetic class. Many will be glad to have dark places made plain.

Yountville, Shannondale and Garfield are represented by a dozen young people, from whom the county may expect good work in the public schools.

The appearance of the body of students attending the Normal has been highly complimented by the people who have looked in upon them at chapel or recitation.

There are more than seventy students now enrolled and a number of others to come in soon. The teachers of the county should increase the number to more than a hundred.

There are many more positions for teachers in this county than there are certificates. Those holding good grade licences will probably have little difficulty in securing schools. Preparation is the necessary thing.

Prof. Campbell will give a lecture in the college chapel Monday evening at 8 o'clock. His subject, "electricity," will be illustrated by use of apparatus and promises to be of no small interest. There is no charge for admission. Students and friends of the Normal are invited to fill the chapel.

Walsh college is indirectly, at least, reaching the people of the county generally. Learn where the people who are attended the Normal seven or eight years ago. Visit the present school in active work and estimate the influence on the children of the county. No one of these summer normals would have been held had not the college management aided in the enterprise.

A Million Friends.

A friend in need is a friend indeed, and not less than a million people have found just such a friend in Dr. King's New Discovery for Consumption, Coughs and Colds.

Never used this Great Cough Medicine one trial will convince you that it has wonderful curative powers, in all diseases of the throat, chest and lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at Cotton & Rice's Progress Pharmacy.

Don't forget Bischof's great semi annual clearing sale.

SHOT TO KILL.

Three Young Ladies Go After Rich Blue Blood and All But Get It.

Three very pretty young ladies, who are here attending the normal, room at Mrs. F. N. Watson's place, 413 south Walnut street. Last night about the witching hour of twelve the young ladies' sweet dreams of home and thirty-six month's license were disturbed by an unusual sound outside the house. It was evident that some one was attempting to effect an entrance, and springing up they were able to discover by the moon's pale rays three ruffianly looking men raising a ladder to their window. It was plain that they or their money, or probably both, were to be stolen, so naturally great excitement reigned. One young lady began heating her curling iron to job the eyes of the burglariously inclined wretches and another began to balance the water pitcher preparatory to the administration of a shower bath. But the third, a self possessed young lady with beautiful auburn locks, calmly reached under the pillow and drew out a large revolver. The base villains were climbing the ladder, so taking deliberate aim she blazed away. Three forms fell to the ground with dull thuds and for a moment she imagined she had killed the entire outfit. But she was soon undeceived. The wretches arose and fled in dismay. The young lady is positive, however, that she winged one of them. It is safe to say that these young ladies will be severely let alone during the rest of the normal. Girls will guns and the nerve to use them are rare but are always at a premium. The identity of the miscreants who attempted to enter the room has not been discovered.

LETTER FROM CAMP GUNDER.

Co. I Tasting Some of the Realities of Camp Life—A Plain but Substantial Bill of Fare.

CAMP GUNDER, HAMMOND, IND., July 18, 1894.—We arrived here at 5 o'clock Tuesday evening, all quiet, with the exception of a slight squabble between a conductor and a small crowd of men. Trouble was prevented by prompt action of the guards.

O. D. Cook is company cook until Frank Patterson, who has been telegraphed for, can arrive.

Soldier life has just begun to dawn on the visions of our boys.

We have no kick coming on our bedding as it is made up by nature and is pure, unadulterated mother earth.

The days are warm, the evenings cool, but you can wake up mornings with icicles hanging down your backs.

The following will show what we should have drawn and what we drew: Two pounds of coffee, got three; five pounds sugar, got a two gallon jar full; one-half bushel potatoes, got half barrel.

The following is the bill of fare:

BREAKFAST. Coffee, Bread, Potatoes, (on the scant) Dishes.

Bread, Coffee, Potatoes, SUPPER. Potatoes, Coffee, Bread.

BEVERAGES. Lake water, muddy or luke warm. James Dimmen had a horrible dream. Said he dreamed he was eating.

John Coleman was last seen approaching camp with a ragged, hungry looking newsboy and after stating to the commissary that he was tender hearted proceeded to fill the boy's pockets full of hot potatoes. Last seen of the boy he was pouring ice water in his pockets.

Cridler, Newell and Cook visited the Hammond packing houses to-day and report that the sight of fresh meat is refreshing. We are looking for the meat.

Larrick says the mosquitoes bored holes in the soles of his shoes and tickled his feet all night.

The Oxford company had fifty men when they came twelve days ago but have sent all home sick except sixteen, ten of whom were reported sick this morning, leaving six men for duty.

The Tenth district Democrats held their Congressional convention here Wednesday. All soldiers were under strict orders to remain in camp. Cridler, Newell and Cook received complimentary notices and attended.

A mistake was made in drawing rations and instead of getting five cans of corn, we got 35.

So far the "I" boys are in good spirits and the Colonel says they are about the stuff. They take what they can get and say nothing.

Capt. Lamb is Major of First Battalion. H. B. Nutt is acting Sergeant Major.

This is the correct roster of the company:

G. W. Lamb, Capt. Chas. Wilhite, 1st Lt. Chas. Williams, 3d Lt. Clint Williams, 1st S. Chas. Cridler, 2d S. James Dimmen, 3d S. John Coleman, Albert Sweetenith, Wm. McNeely, 5th S. Ed Guthrie, 1st C. The quarterly M. E. Conference will be held at the M. E. church beginning Friday night and ending Sunday night. All are invited to attend.

Three head of horses strayed from John Baker's farm last week and were last heard of north of Crawfordsville on the Linden road. Any knowledge of them will be gladly received by him.

The Pittsboro hall team came over Saturday to play our team. They were pretty evenly matched and both sides played well. Our boys were too heavy for them, however, and won by a score of 36 to 24.

Ross Bros. pulled their machine from Advance to Gilbert Gray's and commenced threshing at 8:05 a. m. They threshed 1,425 bushels during the day, there being over fifty acres which averaged 28 bushels per acre and it graded No. 2.

Children's day exercises were held in the Christian church Sunday evening. Long before the appointed hour the house had been full and many were turned away. The children had gathered at the residence of Dr. Bowers and at the appointed hour they began the march to the church preceded by Supt. Ronk and assistant James Hendrix, and Misses Kate Sperry and Effie Ronk, who had trained them. Aubrey Lowers presided at the organ and played a favorite march while the class filed in. The exercises were interesting throughout. The music was furnished by a choir which had prepared special music. There were some special features which were well received. The ladies' quartette by Misses Dollie Sperry, Maud Davis, Ethel Bowers and Lulu Grimes sang an elegant selection, showing their musical ability. Miss Claire Sperry sang a solo and was heartily cheered. Della Harris also sang a solo which did credit to the entertainment and W. E. Imel sang a bass solo that was impressive. The affair was a pronounced success and all went away well pleased. The collection amounted to over \$12.
