A Free Trip To Europe.
A Washington piano house is just
now using considerable space in the
local papers to advertise a voting con-
test. The most popular school teacher
in Washington is to be presented with
a free trip to Europe, lasting 30 days.
The ticket to cover all transportation
charges, hotel bills, carriage drives,
etc, from Washington to Europe and
back again.

This may be a very good scheme but
I doubt it. It is hardly what I would
call legitimate advertising. A trip to
Europe and the most popular school-
teacher have nothing on earth to do
with the desirability of the pianos. It
will be talked about, more or less,
and in so much, is advertising, but I
doubt very much if it will result in
any very great good. I would very
very much rather take the money that
this trip costs and use it in strict news-
paper advertising.

Advertising properly considered, and
in its strongest sense, is merely tel-
ling people what and where and why—
particularly why—why they should
buy some particular thing. Advertis-
ing isn't good unless it accomplishes
this and convinces a greater or less
number of people that the advertiser
and the thing advertised are just ex-
actly what they have been looking
for.

A trip to Europe doesn't prove any-
thing. It has nothing whatever to do
with the piano business, and, anybody,
from a butcher up, might use it with
equal propriety.

CHARLES AUSTIN BATES.

Irrigation.
There is no way we can have fresh,
wholesome vegetables throughout the
growing season, without irrigation;
and no city in the State is so well sit-
uated for irrigated gardens as Craw-
fordsville. There is enough water
running under the big railroad trestle
work over Dry Branch, near the south-
west corner of the city to water the
entire valley of Dry Branch from the
Big Four railroad to Sugar Creek.
This valley comprises, from the trestle
work to Sugar Creek, several hundred
acres, every foot of it is rich, warm,
sandy, alluvial soil, the very thing for
gardens and truck patches. A very
small expense would make the water
of Dry Branch available for the thor-
ough irrigation of all of this rich bot-
tom. We are sure to have a drouth
sometime every summer or spring, and
when it comes it is sure to destroy
every product of the garden and
truck patch to pay for putting in the
necessary irrigating ditches, pipes and
reservoirs.

Special Council Meeting.
The City Council met, in special ses-
sion last evening to receive bids for
doing the work at the city building.
Three bids were received, Rutledge &
Brannon \$50, George Kepler \$60, and
Clemson & VanSlyke \$74. The con-
tract was given to Rutledge & Bran-
non, with Smith & Myers as bonds-
men. The city is to furnish the paper
and paint, and the work to be done
will be papering and painting the en-
tire upper story and the stairway to
the lower floor.

Fast Driving.
As Mrs. B. F. Hutchings was out
riding last evening, and just as she
drove out upon Washington street
from a cross street she came near be-
ing run over by some people who were
racing. There is considerable com-
plaint concerning Washington street
being made a race track every evening
and endangering life and limb. It
should be stopped before some acci-
dent will force a stopping of this prac-
tice.

Bold Tramps at Greencastle.
Greencastle Banner-Times: Three
tramps entered the north-bound Ma-
non train last night, walked through
the coaches and picked up a valise be-
longing to a passenger and made off
with it. Search was made for the
robbers but no trace of them could be
found. A package of letters and a
ring, part of the contents of the val-
ise, were found on the sidewalk south
of the depot.

CONVENTION CLOSES.

Clay City Decided On as the Next Place
of Meeting.

Terre Haute Express: The United
Brethren Young People's Christian
Union convention of the Lower Wabash
district, which convened at Terre
Haute on Tuesday evening, adjourned
Wednesday night after a most success-
ful meeting. Wednesday morning's
session was devoted to devotional exer-
cises and several interesting papers
read by delegates. The business ses-
sion of the morning began at 9 o'clock
with a report of the work of the unions
in the district, read by L. A. Ridler,
corresponding secretary. There were
three-minute reports of local unions
given by the delegates which showed a
large increase in membership within
the year. One of the interesting ad-
dresses of the afternoon was that de-
livered by Miss Zenana Armatrout, of
Westfield, Ill., on the subject of "Pop-
ular Amusements." She said that work
and amusements ought to be blended
more harmoniously to derive any ma-
terial benefit. Too much of the one
and not enough of the other is not just
the thing. Life shorn of amusements
would be a blank, but the amusements
should be such that are not harmful.

At the afternoon session Professor
Klinefelter, president of Westfield Col-
lege, delivered an interesting address
on "Education." John Shepherd read
a well-prepared paper on "The Day of
Young People's Opportunity," and was
followed by the Rev. J. B. Norvell, of
Olney, Ill., with an address on "Good
Citizenship." Other short addresses
were made and before adjournment the
following officers were elected to serve
for the ensuing year.

President—Rev. J. B. Connell, Terre Haute.
Vice-President—C. C. Luce, Frazer, Ind.
Recording Secretary—Miss Lizzie Sheets,
Vermillion, Ind.
Corresponding Secretary—Miss Jennie Mc-
Gregor, Davis, Ind.
Treasurer, Miss Lizzie Bongardner.

Several changes were also made in
the society's constitution, and resolu-
tions were adopted extending sympa-
thy to members of the union who had
lost friends by death during the year,
also on Sabbath observance and the
prohibiting of intoxicants and tobacco.
Clay City, Ind., was decided on as the
next place of meeting in May, 1895.

Printing Election Tickets.
The State printing board will meet
at Indianapolis soon, to authorize the
work on election tickets. The actual
work of getting out the ballots will not
begin for some time, but the estimates
have to be figured, the records made
up, and several preliminary affairs ar-
ranged for. The board will be asked
to devise plans to prevent expression
and others from imposing on county
clerks when they go to the capital for
their bundles of tickets. The board
will also probably fix the price for get-
ting up the bundles. A portion of the
law that will be rigidly enforced is
that requiring the county officers to
bring certificates that they are clerks
of the counties. This was not done in
every instance the last time. The
clerks will be urged to use more care
in every way, that the board may be
relieved of unnecessary work.

Tenth Indiana Reunion.
Gilbert Gray, president, and J. H.
Shaw, secretary, of the Tenth Indiana
Infantry Association have issued a cir-
cular call for the sixteenth annual re-
union of the regiment, to be held at
Lebanon, on Wednesday, September
19. In conclusion the circular says:
"Matters of importance will come be-
fore the regiment for action. The ques-
tion of a monument and its loca-
tion on the battlefield of Chickamauga
is to be settled. We hope you will all
be present at the 33d anniversary of
our enlistment, the 31st anniversary of
the battle of Chickamauga and the 30th
anniversary of our honorable muster
out."

Marriage In Oklahoma.
The following from the Eagle-Gazette
of Stillwater, Oklahoma, will be of in-
terest to many of our citizens: "Mar-
ried, at the residence of the bride on
Husband street at 8:30 p. m., Mr. M.
Denison and Mattie B. Hester were
united in the holy bonds of matrimony,
the nuptial ceremony being performed
by the Rev. R. B. Foster. The con-
tracting parties are well known to a
large circle of friends in this vicinity
who will join with us in congratulat-
ing the most estimable couple and in
wishing them a happy and prosperous
future."

Seed Wheat Swindlers.
A special from Valparaiso says that
several farmers in that county have
been caught during the past week by
two strangers who claim to represent
an Eastern firm, selling a new variety
of seed wheat, which they claim will
produce twenty to twenty-five bushels
more to the acre than any other variety.
They will not sell the seed at any
price, but make a contract to furnish
the seed and take half the crop for
their pay and agree to sell the farmer's
half at \$3 per bushel. They also
caught several farmers in Laporte
county.

"Township Institute Outlines."
The proof-sheets of a new book are
being read in the office of State Super-
intendent Vorles. The forthcoming
volume is a treatise on "Township In-
stitute Outlines." It was prepared by
J. H. Gardner, superintendent of the
Cass county schools; J. W. Guiney, su-
perintendent in Owen county; W. H.
Glascocok, deputy superintendent of
public instruction; E. J. McAlphine,
superintendent in Kosciusko county,
and J. H. Reddick, superintendent in
Pulaski county. The book will be dis-
tributed within two weeks.

Summoned to Rockville.
About 4 o'clock this morning the fire
department received a message from
Rockville to come down, with a lot of
hose as a big fire was raging there. A
reel was taken to the Junction and
loaded upon a car, and a through
freight was ready to start with it to
Rockville, when a message was re-
ceived that the fire was under control.
However, near 8 o'clock word was re-
ceived that the fire was still burning.

Committee Meeting.
The council committee on the Co. B

however, from what is said, that the
