

**A WOMAN'S BELIEF IN WOMAN'S RIGHTS.**  
—The following condensed opinion of "woman's rights" will remain true and in full force long after the feminine misanthropists of the day shall have been forgotten:

I believe in woman as the equal of man, in that she equally with him was created in the image of her Creator. And I believe that the dignity and worth of human nature consists in this likeness to God, so essentially and only, that after this all other distinctions fade and are lost.

I believe that woman is inferior in position to man, in that she was created after him, for him, and dependant upon him.

I believe that man possesses a strength and comprehensiveness of intellect, which enables him to grasp a vast and complicated subject, and reveal its intricate relations, which woman can only comprehend after they are once unraveled.

I believe that woman possesses a delicacy and acuteness of perception, which enables her to feel her way directly to many important truths which man reaches by a longer and more laborious process.

I believe that many women surpass many men in intellect.

I believe that neither the vigor of man's intellect, nor the accuracy of woman's tact, can avail to preserve them from error if they will not be bowed before the decrees of God.

I believe in woman's right to careful development and cultivation of all her natural powers and capabilities, so as to render her in the highest degree intelligent, and happy in the sphere which God has assigned to her.

I believe in woman's right to keep silence in public assemblies, and to leave the task of public instruction to those better fitted by nature and circumstances to fulfill that important duty.

I believe that most women, if they listen reverently to the voice of God and nature in their own souls, will find themselves drawn rather to acts of love and mercy in private and domestic life, than to grand public schemes for ameliorating the condition of the race.

I believe that woman's natural and appropriate position is that of companion and assistant to man.

I believe in woman's right to submit unreservedly to her husband in everything, save in matters of conscience between God and her own soul.

I believe in man's right to love his wife even as himself, to regard her interest and welfare before his own, to cherish and protect her as the apple of his eye.

I believe in the right of each to labor, to suffer, if need be, to shed their heart's blood for the other.

I believe that the beauty and joy of life lie in love, and that woman can love and do as love as deeply and devotedly as man.

**DEATH FROM TAKING POISON USED IN THE MANUFACTURE OF BRANDY.**—At about 11 o'clock on Thursday morning, a clerk in the employ of Mr. Wright, liquor manufacturer, at Brampton, left the store for the purpose of manufacturing a quantity of brandy from raw spirits. He took with him a preparation used for that purpose, by some called essence of wine, and by others, essence of brandy. The preparation was placed on the table in the warehouse, and the deceased (Mr. Morris), after preparing a portion of the liquor, returned to the store, and took a glass of ale with some friends from Toronto.

He had scarcely returned to his former occupation more than five minutes, before the porter ran into the store, in great alarm, exclaiming, "Mr. Morris has been tasting the essence of brandy, and it has killed him!" On those present running to the spot, it was found that the report was too true; the sufferer had inadvertently tasted a few drops of the drug, which is nearly allied to prussic acid, and instant death was the consequence of the unhappy mistake. An inquest was held in the afternoon, but the verdict of the jury was not given at the time the cars left Brampton. Mr. Morris was a very well educated young man, of highly respectable family in Gloucestershire, England.—*Toronto Colonist.*

**GRAND NATIONAL MUSICAL FESTIVAL.**—The seventh annual festival of the National Musical Union is to meet at Philadelphia next month. The number of vocal performers to take part in this monster musical celebration will not number less than one thousand and four hundred, consisting of members from the various vocal musical associations in the middle and eastern States. The festivities will occupy the greater part of five days and evenings. The proceedings commence on the 14th, with musical entertainments. On the 15th the grand parade of all the musical associations, residents and visitors, bearing banners, and headed by a number of military, will take place. After passing over a number of streets, the procession will march into Independence Square, for the purpose of being reviewed by the mayor. In the evening the monster concert, in which four hundred vocal performers will form the chorus, assisted by an efficient orchestra, numbering one hundred performers, will take place at the Academy of Music, Broad street. A picnic will be enjoyed on the 16th, in some one of the neighboring spots, and on the 17th, the day on which the festivities close, a banquet will be given to the vociferous.

**CONCENTRATED FOOD.**—We hear that the proper authority of the War Department has ordered 150,000 rations of concentrated vegetables, put up by the house of Chablin & Co., of Paris. This new description of food for the Army of the United States is to be used upon the Plains. It is for making soup, and has been adopted for the English, French and Sardinian armies. The cost at which it is to be delivered at our Army depots on the Atlantic coast is about one and a half cents per ration. It is said that a cubic yard of the preparation is sufficient to make a plate of excellent, most palatable and nutritious soup, around, for 25,000 men! As the preparation is now no experiment, having for a considerable time been in use in the armies and navies of Europe, it is very certain that its introduction into the military service of the United States is to prove a great economy, if but in the way of the cost of transportation on the Plains, as well as an improvement in the style of the American service ration.

**THE child of a rumrunner in New York, aged five years, having swallowed some of its father's liquor, went into the street to play, and in a few minutes dropped dead.**

**Blair, Brown & Co.**

**HOWARD ASSOCIATION,**

**PHILADELPHIA.**

**Important Announcement!**

**TO** all persons afflicted with Sexual diseases,

such as Syphilis, Gonorrhea, Venereal disease,

Impotence, Gleet, Stricture, the virus of

Onanism, or Self-Abuse, &c., &c.

The Howard Association of Philadelphia, in

view of the awful destruction of human life and

health, caused by Sexual diseases, and the deep-

ness of the suffering which they occasion, have

devoted themselves to the study of the same, and

for the relief of the afflicted, have directed

their consulting Surgeon, as a CHARITABLE ACT

worthy of their name, to give MEDICAL ADVICE

GRATIS, to all persons thus afflicted (male or fe-

male) who apply by letter, with a description of

their condition, age, occupation, habits of life,

&c., and in case of extreme poverty and suffering

to FURNISH MEDICINES FREE OF CHARGE!

The Howard Association is a benevolent insti-

tution, established by special endowment, for the

relief of the afflicted, and is not a mere

"virtuous and Epidemic Diseases," and its funds

can be used for no other purpose. It has now a

surplus means of \$10,000, which it is willing to

advertise the above notice. It is needless to add

that the Association commands the highest medi-

cal skill of the day, and that its treatment is

proved modern treatment. Valuable advice also

given to sick and nervous females, afflicted with

the same diseases, and with a full and complete

knowledge of the same.

Address (per mail) Dr. GEORGE R. CAL-

HOUN, Consulting Surgeon, Howard Association,

No. 2 South NINTH Street, Philadelphia, Pa.

(Dr. D. H. HARTWELL, President.)

Geo. FAIRCHILD, Sec'y.

**What the Ladies say**

**In favor of**

**BUCK'S CELEBRATED**

**COOKING STOVES.**

**WE** the undersigned who have purchased the

justly celebrated Buck's Patent Cooking

Stoves, would recommend them to the Public, as

being the most perfect Stove ever sold in this

State.

It is perfect in all the different departments of

Cooking—Bakes with great regularity, has a good

drainage, and requires but about one half the

amount of fuel that is required to perform the same

amount of work in other Cooking Stoves.
