BLACKWOOD FOR SEPTEMBER.

This nonpareil of British Reviews, for September, has been received. The following are its contents:

Horse-Dealing in Syria, 1854. Poletia—Conclusion. Voluntary and Involuntary Actions. The Luck of Ladysmen—Part VII. Fleets and Navies—England—Part II. Journal of a Cruise on the Tanganyika Lake, Central Africa. A Dream of the Dead. The Election Petitions—Who Does the Bribery? Jersey to the Queen. Foreign Affairs—The Disarmament.

The Republicans are jubilant over their success in securing the Auditor's office. Well, they have a right to be. It is the best paying office in the county, and the public printing which the publisher of the Journal will receive, will be among the fat takes that he should thank some of our Democrats in helping him to.

LAFAYETTE DAILY COURIER.

This excellent paper has been considerably enlarged. It is now the best conducted Daily of the Republican party in the State.

Hughes' Daguerrean Gallery is thronged daily with visitors. Read his advertisement in another column.

The Journal amuses itself this week with a number of low caricatures, intended we presume to represent us in a personal diffidence we had a few days since with W. H. Newton. The account of the affair is purely in the fruitful imagination of some one of the scribblers of that paper. As to the threats thrown out, we are not in any way alarmed. Our diffidence with Newton was not of our seeking. It is a personal matter entirely between ourselves, and one which we feel fully able to manage.

LAFAYETTE JOURNAL.—This paper has been purchased by Messrs. Luse & Wilson. It is a neatly printed sheet and is conducted with marked ability. We understand that it will ere long be an organ of the Democracy of Tippecanoe county.

GODLY FOR NOVEMBER.—This old favorite for November has been received. It is an excellent number and will prove a delightful companion with its choice tales, poetry and humorous incidents.

The Democracy of Clark township, judging from the vote given last Tuesday must be enjoying a Rip Van Winkle sleep. They are what might be termed "summer soldiers."

The Republicans have carried Ohio by about fifteen thousand majority. In Pennsylvania the Democracy failed to turn out as a consequence the State has gone Republican.

MARKS' OYSTER SALOON.—I. A. Marks opened his new oyster saloon a few days since. It is the newest and best fitted establishment of the kind in Crawfordsville. He receives none but the best quality of selected oysters, and serves them up at 25 cts. a dozen.

Fountain and Putnam counties gave large Democratic majorities. They made no half work in those counties like the

## THE DEFEAT OF OUR CANDIDATE FOR AUDITOR.

The defeat of Morgan Snook, the Democratic candidate for Auditor, is unquestionably a serious blow to the success of the party in future contests. For months previous to the election, we urged upon the Democracy the importance of securing that office, but unfortunately in certain portions of the county the warning was unheeded. In Ripley township, which rarely fails to give a handsome majority for the ticket, Mr. Snook's vote was a tie with his Republican competitor, and in Clark over a hundred Democrats absented themselves from the polls, thus giving the Republican ticket the enormous majority of sixty-one and eighty-six, while in Union township, which has heretofore always gone Democratic, Mr. Snook was treacherously swapped off by men professing to be Democrats, and the township given to Ridge, a man who has fought the party for years with a bitter and unrelenting hatred.

With such treachery and imbecility in our ranks, we must confess that we in common with many others, have but little heart to struggle against a powerful and well organized enemy as the Republican party in this county is to-day, led on by vigilant and zealous leaders. To tell the truth, painful as it may be, we are in a disorganized state, the elements of dissatisfaction and treachery lurk in our ranks, and Democrats who may hereafter secure a nomination for their party must not flatter themselves that they are sure of success until they are satisfied that the ranks are purged of traitors. The loss to the Democracy of the very best office in the county is not owing to any unusual efforts by the Republican party, but to the supineness, imbecility and treachery of our own men. The defeat of our candidate for Auditor on last Tuesday will bring forth in proper time its own fruits.

Win. C. Vance the Democratic candidate for Clerk received 183 of a majority. The Republican leaders never had any idea of beating Mr. V. They knew that as a public officer he was unexcelled by any man in the State, and that his genial and social qualities had made him tongs of friends, with men of all parties, who would vote for him regardless of party feeling. The handsome majority which Mr. V. received is gratifying not only to himself but to his party and his friends in general. An attempt was made to defeat him by a few disaffected Democrats who, acting with certain leaders of the Republican party, charged that he had countenanced the mobs that destroyed the grocery in Crawfordsville, last winter. Of course the charge was entirely destitute of truth. Mr. Vance's competitor, Samuel W. Austin is a gentleman of unexceptionable character and ability, the best man in fact, the Republican party could have brought out, but from the day he received the nomination, we regarded him as "the ox that goeth to the slaughter." The wire-pullers of his own party, the Ridgeites, bartered him away. They knew their only chance to secure the Auditor's office was by swapping. We warned the Democracy against the trick, but in vain. Vance needed no such trading to elect him, the strength of his own party was amply sufficient to carry him through in triumph, but the trap set to catch silly and unsophisticated Democrats was too well managed, and to-day we can boast of but half a victory.

## THE ORPHANS COMING.

Next Thursday the 20th, Mr. C. C. Tracy, the agent of the Children's Aid Society will be in Crawfordsville with a large number of orphan children. He will arrive on the Accommodation train from Lafayette at 3 o'clock in the evening. The children can be seen at McClelland's Hall the same evening and the next morning. We trust our citizens will extend to them a hospitality worthy of the occasion.

The clergy and ladies in general in town who feel an interest in this matter are requested to call on Mr. Wm. C. Vance at the Clerk's office.

Dear Jerry of the Journal is a very sensitive fellow. His vanity is so large that we'll venture the organ would make a capital pot-hook. He is very indignant because we gave the credit of his last weeks leader to Dr. T. W. Fry, and calls loudly on our old cotemporary to pitch into us on the first opportunity. For what? Why simply because we gave the Dr. credit of possessing more brains than himself. Jerry's christian spirit seems to have forsaken him. Irritated because he himself hasn't sense enough to conduct a political controversy with decency and ability, he calls to his aid the Dr., and wishes him to go in on his muscle. Bulwer says that "the pen is mightier than the sword," but Jerry thinks brass knuckles and rocks far superior. But the campaign is now over Jerry, and you can take your laugh over the caricatures you have gotten up at our expense, enjoy the fat takes that you get from the Auditors office, and we'll speak of you more tenderly in the future. Had we known the sort places we wouldn't have wounded you so grievously before.

## REPUBLICAN COURTESY.

The Republican mob that visited our residence on last Tuesday night and growled as will please accept our thanks. Our appreciation of them as a party is highly increased.

LADIES' HOME MAGAZINE.—The November number of this excellent magazine, is now on our table. Its popularity with the ladies is unbounded, judging from its enormous circulation.
