THE FRUITS OF SECTIONALISM.

The bitter fruits of the triumph of Northern Sectionalism is now being keenly felt by the country. A momentary convulsion is upon us with all its ruinous effects. Banks breaking, business houses failing, and a large portion of the South arrayed in arms against the North. Where this is all to end, God only knows. We assure our readers in all sincerity that the future is ripe with the most direful calamities. The evil passions of men have been aroused in the North by the radical sectional doctrines of Seward, in the South by the fanatical appeals of Yancey and his Jacobin agitators. Whether the conservative element of the country can save us from the drear consequences of dissolution and civil war is yet to be determined. The news from the South, which we publish in another column, will satisfy the most incredulous, that the evil day so much dreaded by the Fathers of the Republic is at hand.

THE BEST STOCK OF GROCERIES IN TOWN. T. D. Brown has just received the finest stock of Fancy and Domestic Groceries ever brought to this market. Housekeepers should not fail to call immediately and examine the many beautiful varieties of tropical productions, luxuries that would make Epicurus sigh that he had not "stomach for them all." And then his choice native wines, whisky and imported brandies (all for the sick and weary) would excite Bacchus to a friendly mil with Vulcan.

FRANK LESLIE'S MONTHLY.—This non-parcel of periodicals for December has been received. Its contents are highly interesting.

DEATH OF D. D. OWEN.

The telegraph announces the death at New Harmony, on Tuesday, of Dr. David Dale Owen, son of the celebrated Robert Owen of New Llamarck, Scotland, and a brother of Hon. Robert Dale Owen, late American Minister to Naples. At the time of his death Dr. Owen was State Geologist of Indiana, his life having been principally devoted to the study of geology and the kindred sciences. He made the first geological survey of Indiana, about the year 1838, we believe, and subsequently was appointed by the General Government to make a survey of the Northwest Territory. His report of this great labor was published by the government at great expense, and is one of the most valuable works of the kind ever given to the world. After completing this survey, he was successively employed by the States of Kentucky, Arkansas and Indiana, to make geological surveys, all of which had been completed, except that of our own State, which was still in progress.

We have not heard the cause of Dr. Owen's death, but we presume the constant exposure which the pursuit of his favorite science rendered necessary, gradually undermined a constitution not very robust at best. In his death Indiana has unquestionably lost her most eminent man of science, and one which will not probably be soon replaced. At New Harmony Dr. Owen had a vast laboratory, where he was constantly employed—when not absent in his geological tours—in making experiments and testing earths and metals. He had the finest collection of geological specimens in the West, and one of the best in the country, a portion of which, we are not mistaken, he presented to the State a few years ago.

PREPARATIONS FOR WAR.

The Globe's Paris correspondent remarks that the recent Council of War at St. Cloud, attended by all the French Marshals, palpably indicated an eventful campaign. Never were the military and naval resources of France in such a formidable state of development. With the Italian contingent, the Emperor can bring eight hundred thousand men into the field. In the meantime Napoleon says the Empire is peace!

A gentleman living in Terre Haute writes home from Baltimore that property in that city has depreciated fifty per cent since the election.

The State Auditor gives notice that he is now prepared to redeem in coin the genuine notes of the Boone County Bank.

GODEY FOR DECEMBER.—The December number of this favorite magazine has been received.

NEW GOODS.—The store by our young townsmen Allen & Balford, is in receipt of a fresh, extensive and well selected stock of goods, comprising the latest and most fashionable styles.

THE population of Arkansas is likely to exceed 500,000, and she will probably be entitled to four if not five Representatives to Congress. She now sends but two.

The weather for the past few days has been delightful.

DEPLORABLE SUICIDE.

We were greatly shocked yesterday by intelligence of the melancholy death of James T. S. Tuit, a well known and prominent lawyer of Clinton county. The sad event occurred on Tuesday evening at his residence in Frankfort. Mr. S. had been laboring under mental depression for a few days previous, but no one for moment anticipated the dreadful consequences that ensued. After tea on the evening in question, he repaired to his office and was engaged for some time in attending to his correspondence. Having deposited his letters in the post-office he returned home and handed a letter to his wife, which contained an explanation of his suicide. Before he had time to break the seal Mr. S. left the room, and in a moment the family was startled by the report of a pistol. They rushed from the house and found the unfortunate father and husband stricken upon the ground, already an inanimate corpse. The ball had entered his head, penetrated the brain and produced instant death.

Mr. S. was a highly honorable gentleman and had filled many leading positions in Clinton county, of which he had long been a resident. At one time he was Sheriff of the county, and from 1854 to 1858, a member of the State Senate. He had enjoyed to an unusual degree the confidence and respect of his fellow citizens. At one time there was no more promising young man in the State. During the existence of the old Whig party he was a leading Whig. Of late years he was an active Republican. A few days before the Presidential election he addressed a large meeting at the corner of Illinois and Madison streets in this city.

Within the past week we received two letters from Mr. S. and they gave no evidence of such an appalling calamity as overtook him. With his bereaved wife and addited children—six in number—was deeply sympathetic in this almost overwhelming stroke of Providence. They have lost a kind protector and the community a noble gentleman.—Lafayette Journal.

A HORSE OF ANOTHER COLOR—NULLIFICATION IN ILLINOIS.

Neither of our Republican contemporaries, the *Gazette* or the *Commercial*, has as we observe, said one word against the nullification of the United States law in Chicago, Ill., by an excited mob. It will be recollect that on Monday last, while the United States Marshal had a prisoner (a fugitive slave) in custody, he was stopped in the street by those Republican pets, free negroes, and compelled to surrender him to the officers who acted under the State government. The mob openly declared that the negro, whatever might be the determination of the Court, should not be removed from the city.

While this open and bold nullification and resistance to law is transpiring in the commercial capital of the President-elect's own State, the *Gazette* and *Commercial* are exceedingly bitter in denouncing proposed resistance to the United States law in the South. Had a mob at Charleston forcibly taken goods upon which no duties had been paid out of the hands of the Collector of the Port, in defiance of the tariff, and handed them over to the State authorities these journals would have considered it an act of atrocious robbery, and would have called out for the severest punishment upon the offenders. But not one word do they say of Northern resistance to law.

Their failure to notice it would seem to indicate that they see nothing wrong in forcibly resisting United States laws in Northern States. Resistance is something which depends upon degrees of latitude or longitude to sanctify or render it atrocious in their estimation. What free negroes of the North can do with impunity and without punishment is very dubious when done by Southern citizens. We submit that, while they are lashing Southern nullifiers and secessionists, it would be well, for consistency's sake, to denounce the nullifiers and resistants of law in LINCOLN'S State—Chicago, the banner Republican city of the Union.

NEW JERSEY ELECTION.

TRENTON, N. J., Nov. 14.—The official vote of New Jersey is now in. The following are the Electors elected: Wm. Cook, (Dem.) Joel Parker, (Dem.) Theo. Runyon, (Dem.) Jos. C. Hornblower, (Rep.) Chas. E. Elmer, (Rep.) Edward W. Irvin, (Rep.) Isaac C. Scudder, (Rep.)

The three Douglas Democrats are elected from 3,000 to 4,000 majority. The straight Douglas ticket carried just enough votes from Messrs. Vroom, Warise, Condict and Brewer to defeat them. Messrs. Brewster and Wurise are defeated by some 1,500, while the others lose it by from 1,000 to 3,000.

In some parts of the State the people voted as though the news of fusion had never reached them.

Take all the vote together there is a majority of 3 to 4 against Lincoln.

ILLNESS OF MR. DOUGLAS.

Augusta, Ga., Nov. 14.—It is reported that a dispatch has been received from Milledgeville stating that Mr. Douglas is exceedingly ill at some place, probably in Mississippi.

PROGRESS OF Seward's Irrepressible Conflict.

FROM THE SOUTH.

CHARLESTON, Nov. 14.

The booksellers of this city and Savannah returned Harper's Weekly and Monthly publications, and a movement is contemplated to return all Northern books, unless the publishers are known to be sound.

Some of the foreign consuls here are waiting for secession to open negotiations. They are said to have full authority from their governments.

The mayor to-day notified the agents of northern steamship lines that he would not permit the landing of steerage passengers unless the companies guaranteed their maintenance if they should become vagrants.

The secession movement seems to be increasing, and it is now said that South Carolina will not be in the States after the new year.

NASHVILLE, Nov. 14.

If a Southern Convention is called, Tennessee will take part. The Legislature will probably convene.

RICHMOND, VA., Nov. 14.

A minute men corps is being formed here.

RICHMOND, VA., Nov. 14.

The Richmond Enquirer urges a State Convention at an early day which might settle peacefully the dangerous question.

It says it was with a view of concentrating public opinion upon a Convention as well as to prepare the people for any unseen emergency that Gov. Wiss inaugurated his minute men, and that he contemplates no raid upon the federal government.

The last accounts are unprecedentedly favorable to Bell, and full official returns may be necessary to decide the result in this State.

PHILADELPHIA, PA., Nov. 14.

The reported conduct of the Cap. of the steamer Keystone State at Charleston, was much exaggerated. He did not haul down the American and hoist the Palmetto flag, but merely saluted the Carolina flag by dipping his colors.

BOSTON, Nov. 15.

Wm. C. Wood, a graduate of Harvard College, has arrived here in the steamer College from Charleston. He was civilly requested to leave the State and his passage to this port paid.

Mr. Wood was in South Carolina to fulfill an engagement as a school teacher in Barnwell dist.

NEW YORK, Nov. 15.

The New Orleans Delta of the 9th reports the discovery of 70 stands of arms under the negro cabins on plantations in Paxian parish.

A consignment of Lincoln medals from New York have been returned. The exhibition and sale of portraits of Lincoln so exasperated the people that the exhibitors barely escaped with their lives.

AUGUSTA, GA., Nov. 15.

Augusta brokers buy Kentucky and Tennessee money at 5 per cent. discount, payable in Georgia and South Carolina money.

ALEXANDRIA, Va., Nov. 15.

The Gazette has returns from 147 counties. They give Bell 472 maj.

The remaining counties gave Letcher 178.

WASHINGTON, Nov. 15.

The Governor of the State will issue a card for a State convention to assemble on the 6th of Dec. He urges the people to prepare for secession.

MILLEDGEVILLE, Nov. 15.

The leading men of all parties held a conference to-day and unanimously agreed to a State convention to be held at a time to be appointed by the State convention.

Good order prevail.

RICHMOND, Nov. 15.

Gov. Letcher has called an extra session of the Legislature for 7th of Jan., to take into consideration the condition of public affairs, and determine calmly and wisely what action is necessary in this emergency.

COLUMBIA, S. C., Nov. 15.

Six hundred minute men with military and resistance to law is transpiring in the commercial capital of the President-elect's own State, the *Gazette* and *Commercial* are exceedingly bitter in denouncing proposed resistance to the United States law in the South. Had a mob at Charleston forcibly taken goods upon which no duties had been paid out of the hands of the Collector of the Port, in defiance of the tariff, and handed them over to the State authorities these journals would have considered it an act of atrocious robbery, and would have called out for the severest punishment upon the offenders. But not one word do they say of Northern resistance to law.

Resistance is something which depends upon degrees of latitude or longitude to sanctify or render it atrocious in their estimation. What free negroes of the North can do with impunity and without punishment is very dubious when done by Southern citizens. We submit that, while they are lashing Southern nullifiers and secessionists, it would be well, for consistency's sake, to denounce the nullifiers and resistants of law in LINCOLN'S State—Chicago, the banner Republican city of the Union.

MACON, GA., Nov. 15.

The Senate has passed unanimously a bill appropriating \$1,000,000 at the discretion of the Governor for the defenses of the State.

The joint committee on the state of the Republic agreed unanimously to report a bill for calling a convention of the people, with a preamble recommending resistance. It is understood that Gov. Brown, A. H. Stephens, H. V. Johnson and other leading men have endorsed the bill, and that it will pass unanimously.

At the conclusion of his remarks, His Honor laid aside his gown and retired.

A committee of the bar having been appointed to wait upon the Judge, Mr. Wilkinson as chairman, requested His Honor to resume his seat for a few moments. Mr. James Connor, District Attorney, and resigned his office. Mr. Magrath, expressing the respect and esteem entertained for him by the members of the bar.

Mr. Spratt also made a complimentary address.

ANOTHER NEGRO EXCITEMENT—Arrest and Rescue of a Fugitive Slave.

Some days since a warrant was issued by Commissioner Corneau, of Springfield, for the arrest of two Fugitive Slaves, which escaped from their master, a Mr. Nuechel, of Nebraska City. The slaves, both females, were traced to this city—Hither, a deputy marshal, armed with the warrants in due form of law, came in quest of them. He was also, as we are informed, accompanied by the master of the negroes, who came for the purpose of identifying them. One was found in a negro house of ill-fame, somewhere in the neighborhood of the armory, and was last evening arrested by the deputy marshal.

CHARLESTON, Nov. 15.

South Carolina will under no circumstances back down from the position she has taken. She is now virtually out of the Union.

The U. S. flag is not recognized in any part of the State. Senator Chestnut it is said will preside in the convention.

Baltimore offers Gov. Gist, 1,000 men and Jersey 500.

Individual applications for military ap-

pointments are numberless. The Mayor owing to the present condition of affairs discharged a large number of laborers employed on the public works.

Patrick Hays an Englishman arrested

for incendiary remarks was hurried off on the steamer Marion for New York yesterday.

Baltimore offers Gov. Gist, 1,000 men and Jersey 500.
