APOLITIC.
Owing to the large amount of job work, with which we have been crowded during the last week, and the indisposition of one of our hands, we are unable to present our readers with the usual amount of reading matter. Next week we shall endeavor to make amends by giving our patrons an extra quantity of the latest news, literary, political and miscellaneous.

DEATH OF J. W. McDaniel.
Our citizens were startled on last Wednesday morning, by the sad intelligence that J. W. McDaniel of the firm of Graham Brothers was lost on the steamer Pacific, which was destroyed by fire on last Sunday evening, while coaling at Uniontown on the Ohio. Mr. McDaniel has been an invalid for the last year, and in company with his wife, started a few days since for Cuba, where he designed spending the winter. The Pacific took fire amidships, and in a few moments was in flames of fire. Mr. McDaniel was lying in a berth in his state-room in a very feeble condition, his wife used every exertion to save him, and succeeded in carrying him to the guards near the rail of the second deck, where in a few moments he expired. By this time his devoted and heroic wife was almost entirely surrounded by a sea of fire. In spite of her perilous position, she made the most frantic appeals to those on shore to save her husband, and it was only by the most superhuman efforts of one of the mates that she herself was finally rescued. The dead body of her husband was left on the wreck, it being impossible to remove it. Mr. McDaniel was one of our most worthy and enterprising citizens, and his death will be deeply deplored by our community.

A SPLENDID STOCK OF NEW GOODS COMING.
James Graham, of the firm of Graham Brothers, is now east purchasing another stock of goods for the winter trade. It will be the largest and most complete ever brought to this market, and will be sold at the lowest figures. You that want winter clothing hold on for a few days.

WHAT OF THE FUTURE?
By referring to the advertisement in another column, it will be seen that Mrs. Nolan, who comes highly recommended, is prepared to lift the veil, which shrouds the future, and reveal the fortune in store for ladies and gentlemen. The deities who preside over love, courtship and marriage, who are in constant communication with and skilled in palmistry.

NOT AFRAID OF DOUGLAS.—The precinct of Harper's Ferry, Jefferson county, Va., voted as follows for President: Bell 276, Douglas 275, Breckinridge 77. It appears that the Democracy of Harper's Ferry, which place bore the brunt of the John Brown raid, were not afraid to trust Douglas.

A MOVE IN THE RIGHT DIRECTION.—A motion was made in the Legislature of Vermont, a few days since, to repeal the Personal Liberty Nullification Law. The proposal was received with favor, and referred to the Judiciary Committee, and hopes are entertained that the obnoxious law will be repealed. Vermont is the most intense Republican State in the Union, and the Legislature is nearly all Republican. This looks as if the party had become alarmed at the condition of the country, caused by its mad action, and intended to take a step backward in the direction of peace and harmony. We hope that Vermont, which of late years has set so many bad examples, will now set a good one.

MISSOURI ELECTION.
Although Douglas has carried Missouri by some four hundred majority, yet its electoral vote may be cast for Bell. The votes may be counted to-day, and the official result declared. Quite a number of counties have not made the return within the fifteen days directed by law, and the Secretary of State, who is a Breckinridge man, has not sent after them, as is directed by law to do. In this way Douglas may be cheated out of the electoral vote. Many bets have been made on the State, and all bets made against that proposition have been lost.

The weather to-day is intensely cold.

THE OUTRAGES IN KANSAS.

The Cincinnati Enquirer truly says: The news from Kansas is another of the fruits of that temper of mind and public policy which culminated in the election of Lincoln, and which threatens to bring upon the country the horrors of civil and insurrectionary war. Montgomery is a graduate in the school of John Brown, and was one of his Lieutenants in his Kansas raid before the hand of justice arrested him at Fort Scott. He is a pet of the New England Abolitionists and Kansas Emigrant Aid Society. Several letters signed by him, and published in the shape of robberies and murders, with his name to the law for months, and he is a pet of the New England Abolitionists and Kansas Emigrant Aid Society. Exciting News from Kansas.
The state of affairs in Linn and Bourbon counties, Kansas, ceases much talk and speculation here. Many rumors are in regard to Montgomery's movements; various reports say that he has three or four hundred men fully armed, and is threatening the lives and property of pro-slavery men in that vicinity. The citizens of Fort Scott are reported as expecting an attack and were removing their goods and chattels. Nothing had transpired up to three o'clock Monday morning.

"CLINTON, Mo., Nov. 21.
The following letter has been addressed to Gov. Stewart:

"CLINTON, Mo., Nov. 21.
I am here to inform the citizens of this place of the following facts, and I have been requested to present them to you as Governor of the State:

"The Abolitionists, under the command of Montgomery and Dr. Pennington, to the number of from 300 to 500, armed with Sharpe's rifles, dragon boats, navy revolvers and Bowie-knives, have suddenly commenced a war of extreme ferocity on the law-abiding citizens of Southern Kansas, in the counties of Linn and Bourbon. These arms arrived by the wagon-load at or near Mound City, about one month since, in boxes marked as donations for Kansas sufferers. They are all new Boston directed, and have been from their houses into the interior. He boasts that he has money and arms to sustain and equip one thousand men. My Court was broken up by them, the United States Court for the Southern District, and I suspect that they have seized the records, also, the records of the Land Office, as he publicly declared he would do so."
