The Gas Meeting.
Just as our paper was going to press, a report of the proceedings of the Gas meeting, on Thursday evening, was handed to us for publication. Our columns being already up, Mr. S. C. CRANE, who was made Reporter for the occasion, submits the following condensed report:

About fifty citizens assembled at the Court House, at the appointed time, which number was increased to nearly a hundred. His Honor, Mayor W. H. LARSON, was called to the Chair, and the meeting was addressed by the Hon. JAMES WILSON, who, in an hour's speech, spoke eloquently of the necessity of a spirit of improvement in our city, and looked at the question of Gas in a practical business light, that certainly impressed many favorably who had come to the meeting with strong prejudices against the proposed improvement. The fact that the firm, which offers to build the works, are now ready to invest \$5,000—one fourth the money to be raised—had the effect of making those present confident that the investment would pay. The reporter regrets that more space is not allowed him for a review of Mr. Wilson's speech, which was practical and pointed, and at times eloquent. Had every business man in the city heard it, the Gas Works would soon be a fixed fact. After a few remarks by Mr. WILSON and Councilman JESS W. CUMBERLAND, the subscription books were opened, and the list headed by Mr. Warden with one hundred shares (\$5,000). In a few moments, \$3,000 more were subscribed, and the enthusiasm of the meeting was strongly in favor of the projected works. On motion of Hon. James Wilson a committee of three—afterwards increased to seven—was appointed by the chair, to canvass the city for subscriptions to the stock, estimated at \$20,000. The following named persons constitute said committee: R. H. CRAIG, J. P. WATSON, J. G. McMEHAN, DR. W. L. MAY, V. Q. IRWIN, I. N. McCONNELL, Sampson Huston.

The meeting adjourned, with a feeling decidedly favorable to the contemplated improvement, and as they emerged from the door, into the surrounding darkness, the audience could not help contrasting the present gloom with the prospective glow of gas-light along our darkened streets.

REPORTER.
P. S. Since the above was in type, we learn that \$7,000 of the required stock have been subscribed, and that gas in our city is a fixed fact.

When you are looking for your Holiday Presents don't forget that you can find almost anything you may want, either useful, ornamental, or for fun, at the "Corner Book Store."

Minstrel Troupe.
JOHNNY DOOKER'S Minstrel Troupe will give an entertainment at McClelland's Hall, on Tuesday evening next. These gentlemen come highly recommended, and no one need be afraid to patronize them. We hope our citizens will give them a good house.

A Decided Improvement.—Our old friend, J. B. CRAWFORD, has for sale a new patent Coal Oil Burner, which, from the trial we have given it, we can recommend to every one. The advantages are, that it consumes less oil, is more easily handled, and is perfectly safe, compared with the old burners.

HAVE you seen CARL & Co.'s great Stereoscopic Panorama? If not, go to-night. As a work of art, it is deserving public patronage. We visited it on last Thursday night, and must confess that we were highly delighted, as was also President TUTTLE of Wabash College, who was present on the occasion.

Get the Best.—Ladies who desire to purchase a new Sewing Machine, should by all means get the Singer. We have one of them in our house, and a better machine was never manufactured. They never get out of order, and they work with more ease and greater facility than Wheeler & Wilson's. These superior machines can be had by calling on Mr. U. M. SCOTT, at Campbell, Galey & Harter's, who is the agent for their sale in this county.

The New Baptists.
This congregation have secured the services of the Rev. J. BRANCH, of Missouri. There will be services in this Church, hereafter, every Sabbath.

Holidays.
The Mammoth establishment of JAMES GRAHAM & BRO. is constantly thronged with customers. With a large force of clerks, and goods of every description, they find it difficult to wait upon their customers. Even NATHAN GRAHAM, the best salesman in our city, staggers under the weight of business.

Mr. Crane's Lecture.
Mr. S. C. Crane will deliver his Lecture on "Life in this Fast Age and Fast Country," at Temperance Hall, on Monday evening, next, at 7 o'clock, doors open at half-past six. The Hall has been newly papered and furnished with costly chandeliers, and will be comfortably arranged for the occasion. The Eastern papers speak of the Lecture in the most flattering terms, and the Indianapolis papers are equally complimentary.

The following notice is taken from the columns of the WESTERN NEW YORKER.
"The feeling is general among our citizens that we must have Mr. Crane lecture a second time. The evening has been a grand success. It is the first time since the war that we have seen so many people in the hall. By all means let us have the lecture repeated. Every seat will be engaged before night. As to the lecture itself, it is the richest, the most fun and serious that ever awakened laughter and tears. This may appear like extravagant praise, but it is the public verdict, and we heartily endorse it. Fast Men and Fast Women; Charley What-do-you-call-him; Laura Matilda; Augustus Snodgrass, 'his lovely whiskers'; the live Yankee; the lawyers; Doctors of this Fast Age and Fast Country, all come in for their share of good natured satire, while the tribute to Woman should be listened to by every mother, wife, sister and daughter in our land. Again we let us have Mr. Crane's lecture repeated."

We presume that this notice will be sufficient to fill the House. In order to enable all to come, single tickets may be had for 25 cts., or three tickets for 50 cts. They may be obtained at the "Corner Book Store" and of T. D. Brown at the Drug Store.
"The Strang Adventure," by Mr. Crane, may also be found for a few days, at the "Corner Book Store." Price 10 cts. Five thousand of the little work now published, and all but four hundred were sold in Indianapolis, alone.

SANTA CLAUS.
This jolly old fellow will arrive at PATTERSON'S Bazaar on Saturday night, with a heavy stock of toys for the little ones. Parents will take notice, and examine.

FOOTE & THOMSON have a well selected assortment of Miscellaneous Books, among which are the very latest publications, and many are very suitable for Holiday presents. Call and examine.

Crawfordsville & Darlington Gravel Road.
The Commissioners of our county have granted the right of way to the Company, who are now engaged in building this road. We trust that the people of our town, whose living along the line of the contemplated road will give the Company sufficient material aid, to encourage them in their work of public improvement. The business men of our town have been too lukewarm in these matters, and Lafayette and Thorntown are constantly receiving trade, which, but for our miserable roads, would come to Crawfordsville. We wish the company every success.

High Price of Wood.—Wood sells at \$4 a cord. Yet a farmer could afford to sell it at \$2.50, and make it pay. The speed and economy by which it can be prepared for market, by the use of one of those double-action horse drag saws, sold by Campbell, Galey & Harter, would prove this fact to all who try them.

The Graham Mammoth Establishment.
Great, huge, immense, in short, mammoth. mastodon piles of goods having been arriving daily and hourly at the store of JAMES GRAHAM & BRO., we concluded to visit the establishment and see how they were disposed of. We succeeded in getting in at the door, but found the numerous clerks, employed by this firm, and the proprietors, busily engaged in selling goods. The remarks of those who had purchased were amusing, and no doubt true. Some would say that they had purchased articles four and five dollars cheaper than they could in Lafayette or Indianapolis. We found that many of the customers preferred to trade with Mr. James Graham, having full confidence that what he told them in regard to goods would be exactly true. It is this confidence and repose in the integrity of a merchant that secures custom, and we think that Mr. James Graham possesses it in a large degree. He is a man of enterprise, and identified with all the improvements of our city and county, and one that deserves the respect and esteem of all. This store will not consent to any combination by which the price of goods may be kept at a high figure, but by reducing prices, secures to the buyer a fair equivalent for his money. Ladies who are in need of furs for winter wear, and gentlemen who want over coats, can find such a variety at this establishment, that it cannot fail to please them, if they call and examine. The store room is one of the largest in the west, covering over three hundred feet of ground, and the goods disposed of in such a manner that the customers can be supplied in the shortest possible time.

The best Drag Saws in the market are sold by Campbell, Galey & Harter. So say those who use them.

Wood Choppers will find the best axes at Campbell, Galey & Harter's.

Hog Up!
We understand that slaughtering has been commenced at BLAIR'S Pork House, and that two or three hundred hogs have been put beyond the reach of the pardoning power. They imitate military commissions in the brevity of their proceedings.

THAT ALBUM AGAIN.
The album which elicited so much praise and admiration last Christmas at Patterson's has been replaced by a number even more gorgeous than was that. They are in the show cases, and are well worth looking at. His stock of albums is much larger than ever before, and are of all sizes for all prices. Remember Patterson's.

Go to Patterson's for Christmas presents.

PERSONAL.—Our old friend and fellow townsman, Capt. James H. Vanarsdall, is again upon our streets. The Captain has just arrived from Portsmouth, Virginia, where he has been sojourning since last September. He looks hale and hearty, and is ready, in case of a war with Mexico, to lead again his old comrades in arms to new fields of glory. Long live the Captain.

The price of admission to the great Stereoscopic Panorama to-night is only twenty-five cents. Go in and be delighted.

Rail Road Meeting.
Pursuant to a previous notice, a respectable number of the citizens of Parke and Montgomery counties interested in the extension of the Evansville and Crawfordville R. R. convened at one o'clock P. M. in the chapel of the W. C. Institute.
On motion of Jno. Milligan, Sr., Wm. Hanna was called to the chair and H. E. Rhoades, made Secretary.
Hon. Jas. Wilson and John W. Blair being present the former was called upon, and responded in a speech of over an hour in his usual forcible style, convincing all present of the necessity of a Rail Road, and that now is the time to act. After Mr. Wilson had taken his seat Mr. Blair addressed the audience for half an hour in his matter of fact style, which had a decidedly good effect. Jno. Milligan also made a short speech, being in one of his happiest moods, urging to action, action, immediate action! Mr. Wilson then read the conditions on which it is proposed to receive subscriptions, to-wit: That the amount subscribed shall be in denominations, also the right of way through lands of subscribers, to be given for half an hour in his matter of fact style, which had a decidedly good effect. Jno. Milligan also made a short speech, being in one of his happiest moods, urging to action, action, immediate action!
