

## THE REVIEW.

—BY—  
LUSE & BERRY.

## LOCAL FINE CUT.

Mr. Carlson, late of the 99 cent store, will in all probability locate at Muncie or Anderson.

James McClamrock, Ripley township, confined in the insane asylum, has been released, his mind having been restored.

David McClaskey, an early settler of Franklin township, died at Mt. Vernon, Iowa, last week. He was an uncle of Sheriff McClaskey.

Marshal Ensminger was 62 years old, Monday. He has been Marshal of Crawfordsville at different periods aggregating nearly twenty years.

Enos Hoover, Justice of the Peace at Frankfort, and a brother of the late John Hoover, of this city, was stricken down with paralysis last week.

An insanity inquest on Abraham Creque was held this week by Justices Cumberland and Ramsey. He will be taken to the state insane asylum.

The jury in the case of the State vs. Reptogle, the dead animal man, failed to agree in a hearing of the case this week and were discharged.

George A. Buchanan, a young man that has been in the employ of Geo. Bennett, died at his home on Lane-ave. Monday from typhoid pneumonia.

Contracts for finishing the Y. M. C. A. building were let this week, as follows: D. Hartman, painting; Brown & Carr, inside wood work; Tinsley & Martin, plate glass.

A petition asking for the appointment of Hon. James Johnston, of Rockville, to the position of Commissioner of Pensions, the position at present held by Gen. Charles Black, is being circulated through this country.

## Fox Drive.

On Monday, Feb. 4, there will be a grand fox drive center one mile west of Yountsville on Samuel Welkie's farm. Lines are as follows: Beginning at the township line, one mile north of Yountsville, thence west two miles, thence south two and one-half miles to the Yountsville & Alamo road, thence east to Sugar Creek, thence north to the place of beginning. Captains are as follows: North line, Wm. Swearingen, Henry Thompson and Doug Harpel; west line, Jim Ball, Willard Taylor and Mike Fruits; south line, Wm. Stonebraker, Sr., Charley Edwards and Zeke Titus; east line, John H. Smith, Jr., Albert Yount, Carl Snyder and I. G. Fink. There will be a salute fired to start by. No dogs or guns are needed.

## Overruled.

The petition of W. H. Durham for a rehearing of the civil suit for taxes, was overruled on Saturday last, by the Supreme court. Proceedings have been instituted in the circuit court by Mr. Durham to set aside and annul the judgment against him in the other state case, it being in all things similar to the case reviewed by the Supreme court some weeks ago. By the result of the cases in the Supreme court the fines against Mr. Durham will be remitted, but the judgment for back taxes will still remain.

## EXCHANGE SAYINGS.

The great lynx drive in the north part of the township on Tuesday resulted in catching four foxes, but no lynx, none even being seen. There were several hundred people engaged in the sport.—Waveland Independent.

The Indiana Legislature is about to pass a law paying a bounty for dead English sparrows—one cent for ten birds. Anticipating this law last summer we commenced shooting sparrows and put a hole through the devil's leg. Perhaps the members of our Legislature had heard of this and, knowing Satan's habit of "coming also," were banking on somebody killing the devil. We know of no set of men who have greater reason to earnestly desire such a casualty.—Rockville Tribune.

About two months ago while packing eggs, Glenn O. Dicks wrote his name and address upon one of the eggs. Under date of January 19, Mrs. Augusta Brown, of 219 east 8th street, New York City, wrote Glenn that the egg had come into her possession.—Lebanon Patriot.

The delinquent list published last Tuesday, January 22d, in the Veederburg Reporter, under date, Friday, January 18th, will fail to make the publication a legal one. The law in regard to its publication is emphatic and states most explicitly that it shall be published at least twenty-one days before the lands and lots are offered for sale. Its appearance in the Reporter was delayed beyond the regular publication day of the Reporter from Friday the 18th to Tuesday the 22nd, thus leaving only nine days in January and ten in February, making a total of only nineteen days. The list could not now be published to make it a legal one.—Spencer's Paper.

A young man of Shelburn, named Clark Stanley, met with an accident a few days ago which caused his death. He had a fence paling in his hand and was chasing a cow. He struck at the cow as he was running and the end of the paling struck the ground, while his body came against the other end, puncturing him in the groin. The end of the stick did not break the skin, but the force of the blow was sufficient to injure some internal organ which produced death on Saturday.—Sullivan Democrat.

Last Tuesday Frank Peterson met with quite an accident. While skating on the creek the ice broke through with him and he was precipitated into the water. In trying to gain a solid footing, his face and hands were badly lacerated on the jagged edges of the ice. He emerged from the water a wetter and wiser man. He lost a fine gold watch and chain in the little affair.—Ladoga Leader.

School No. 8, in Jackson township, situated in the Livengood neighborhood, is in a peck of trouble. A young man by the name of McBroom is teaching the school and it is reported that he allowed the scholars to raise a disturbance in such a way as to injure the school. He was locked out of the building the first of the week and under the instructions of the county superintendent he went into the building anyway. The young man was arrested for carrying concealed weapons and his trial is set for Monday. We refrain from any comment and

will just say let them fight it out among themselves.—Waynetown Hornet.

About the last week in December of each year a small band of Indians arrive in the vicinity of Chesterfield, Ill., and camp on the banks of the Okaw at a point where a high bluff overlooks the stream. They are a motley crowd of both sexes, but they molest no one and are generally well supplied with provisions, tents, blankets, etc., and it is stated that they make this annual visit to the spot to pay honor to the memory of a brave chief who was buried there over sixty years ago. Places have been found on the bluff where they have dug out pits, and the common belief is that a large sum of gold and silver is buried there, which the band has apparently sought in vain. The money is said to have been paid to the tribe of Kickapoos which inhabited this section at an early day by the government in return for a large tract of land in what is now the garden spot of Illinois. The band broke camp a day or two ago and solemnly took up their march for the West.—Newport Hoosier State.

What might have been a serious accident happened to Ray and Lester Gill and Gerald Nicholson last week. Dick Gill had loaned his shot gun and when it was returned, the folks not being at home, it was left in the baby carriage in the room. The gun was loaded but had no caps on the tubes. The boy came in and thought they would have some fun snapping caps, they not thinking the gun was loaded. Master Ray placed a cap on the gun and when the results were known—the baby carriage was in pieces and on fire and Ray was minus a portion of a tooth. The boys had presence of mind enough to get a bucket of water and put out the fire. It is safe to say they will not fool with the gun again soon.—Ladoga Leader.

The many friends of Dr. Heighway, V. S., will be glad to learn that he is rapidly recovering from the wound received while treating the horse of Lewis Borden's as noticed in the Leader of last week. His visit to Terre Haute was very satisfactory as the mad-stone which was applied to the wound entirely removed the poison from the system. The stone adhered to his hand for thirteen hours at one time and ten at another. Those who formerly doubted that any virtue existed in mad-stone have been convinced that there is after all such a thing in existence. We are all pleased that the Doctor came off so easily.—Ladoga Leader.

## Semi-Annual Distribution.

Auditor Goben this week made the semi-annual distribution of the school funds to the several towns and townships of the county. The total amount distributed is as follows: Special tuition, \$10,655.21; dog tax, \$1,055.43; special school tax, \$10,821.61; liquor licenses, \$1,300; township tax, \$5,521.51; common school fund tax, \$11,084.22; road tax, \$148.98. Each township will receive in the aggregate as follows: Coal Creek, \$2,988.74; Wayne, \$1,752.13; Waynetown, \$531.13; Ripley, \$1,883.84; Alamo, \$37.79; Brown, \$2,497.97; Waveland, \$787.60; Scott, \$1,612.02; Union, \$7,917.07; Crawfordsville, \$8,631.75; Madison, \$2,311.59; Sugar Creek, \$1,832.05; Franklin, \$2,232.49; Darlington, \$89.38; Walnut, \$2,045.96; New Ross, \$63.54; Clark, \$2,097.58; Ladoga, \$1,238.50.

J. A. Foote, the seedsman, will remove to Terre Haute shortly.

Acrophobia is a new term used to describe an exaggerated condition of fear when in high places.

## From Ocean to Ocean.

Over thirty-two years ago, Mr. Alfred Speer, of Passaic, imported from the banks of the Douro, in Portugal, a few of the port grape vines, and commenced careful experiments for the purpose of producing a first-class American port, both fermented and unfermented. He has been eminently successful, and now Speer's wine and unfermented juice in known from ocean to ocean, and endorsed by the best medical talent in the world as the best now produced for the use of invalids. For sale by druggists.

A cherry tree at Lansing, Mich., is in blossom.

## They Mean Business.

If any one has ever given Dr. Sage's catarrh remedy a fair trial and has not been cured thereby, the manufacturers of that unfailing remedy would like to hear from that individual, for when they offer as they do, in good faith, \$500 reward for a case of nasal catarrh which they cannot cure, they mean just what they say. They are financially responsible, and abundantly able, to make good their guarantee if they fail, as any one can learn by making proper enquiry. Remedy sold by all druggists, at 50 cents.

Paden Clements hanged himself at Atlanta, Ga., because he could not collect \$300 that was due him.

## To Cure a Bad Cough.

Use Dr. Kilmer's cough cure (consumption oil). It relieves quickly, stops tickling in the throat, hacking catarrh, drooping, decline, night sweat and prevents death from consumption. Price 25c. Pamphlet free. Binghamton, N. Y. Sold, recommended and guaranteed by Lew Fisher. D-29-3m

Early Sunday morning, near Shamong Station, N. J., John McNeil shot and kill his brother-in-law, James Dellett, Jr., mistaking him for an emissary of White Caps, who had threatened to pay him a visit.

## Delays are Dangerous.

You can't afford to wait a single moment when your lungs are in danger. Consumption when once fastened upon the system is not easily cured. People often say "Oh, it will soon wear away," but in most cases it finally wears them away. One bottle of Dr. Mills' Family Cough Syrup will relieve you, more will cure you. Trial bottles free at Nye & Co.'s drug store. Jan-20-1x

A San Francisco detective, after searching that city over for a house robber, found him in jail. He had been arrested for opium smoking.

## Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, salt rheum, fever sores, tetter, chapped hands, chilblains corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Nye & Co., druggists. N-17-1y

## HOOD'S SARSAPARILLA.

## Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent

attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus

overcoming the local symptoms removes the sympathetic effects of the disease, banishes the headache, and refreshes the tired mind.

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla—took three bottles. It did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced."

What "Peculiar" Means.

Applied to Hood's sarsaparilla, the word peculiar is of great importance. It means that Hood's sarsaparilla is different from other preparations in many vital points, which make it a thoroughly honest and reliable medicine.

It is peculiar, in a strictly medicinal sense: first, in the combination of remedial agents used; second, in the proportion in which they are prepared; third, in the process by which the active curative properties of the medicine are secured. Study these points well. They mean volumes. They make Hood's sarsaparilla peculiar in its curative powers, as it accomplishes wonderful cures hitherto unknown and which give to Hood's sarsaparilla a clear right to the title of "The greatest blood purifier ever discovered."
