James Wilson, of Linden, is severely ill. Mrs. Isaac George, of New Ross, died last Friday. The protracted meeting at Yountsville closed Sunday. Will Rider and wife, of Waynetown, visited here Friday. The farmers of Coal Creek township are fixing the roads. Jim Berry, of Whitesville, is quite sick with typhoid fever. The Christian church at Linden is holding a revival meeting. Cadwallader & Ochiltree will start a harness shop at Whitlock. Will Berry, of Linnburg, is very sick and his school has been dismissed. H. C. Johnson, of Greencastle, is playing a game of chess with the Y. M. C. A. Miss Hannah Johnson visited Misses Della Gerhardt and Jessie Swift, of Linden, on Friday. Wm. Campbell, of New Richmond, intends starting a tailoring establishment there next week. Geo. Lawton, of Yountsville, received first premium on his geese at the Indianapolis poultry show. The Whitlock musical convention is being well attended and will close to-night with a grand concert. Charley Kirkpatrick, the gentlemanly young grain dealer of New Richmond, is receiving 50 wagon loads of corn daily. John Jordan lectures to-night at the A. M. E. church on "Slavery and Cruelty to the Colored Race." Everyone should go and hear this bright young colored boy. On account of being sick Dr. Rorick will not be at the Nutt House according to his announcement. He is sick in Michigan and it is utterly impossible for him to be here. Look for his next announcement. T. S. Patton has bought the interest of his father in the New Richmond hardware store and has moved the store into the new building. Mr. Patton is a clever young man with hosts of friends that wish him success. He will carry a full and complete stock of hardware of all kinds and will receive a good share of the public patronage. S. M. Coffman, of the Argus-News, was arrested and taken to Lafayette to-day. The arrest is made on the complaint of A. T. Kellison and relates to an alleged case of assault of Mrs. Kellison by Coffman in Lafayette a few weeks ago. Some one is going to have some large sized court expenses and other bills to foot by the time this case is settled. W. L. Richmond is now manager in charge of the old opera house, and opens it on Friday next with a first-class minstrel troupe, known as the Big Four Minstrels, which has a number of first-class performers. An Erie, Penn., paper speaking of the company, says: "Black face comedy and negro fun is still popular, as was shown by the splendid house drawn by the performance of the 'Big 4' last night. The show, from beginning to end, is good in every respect. The singing, dancing and music are pleasing to the eye and ear, and the funny sayings kept the audience in a roar. The specialists, notably Mr. Weber, female impersonator, and Mr. Welch, contortionist, were good. We hope to welcome again to our city this company of excellent exponents of minstrelsy."

Another Challenge.

The following challenge to Dick Keating, the champion heavy-weight pugilist of Indiana, was published in Tuesday Lafayette Journal. CHICAGO, Feb. 10, 1889.

SPOECING EDITOR JOURNAL. I wish to state through the columns of your paper that I will fight Dick Keating of your city, who is the recognized champion pugilist of Indiana, in three weeks time with small gloves, Marquis of Queensberry rules to govern. The fight to be to a finish, for a stake or purse, the winner to take all. Battle to take place anywhere mutually agreed upon. If Keating wishes to fight me on the terms stated above, he can draw up articles of agreement and forward them to me immediately and I will sign them. Hoping to hear from Mr. Keating at an early date, I am Respectfully Yours, FAYDE CARROLL.

Heavy Weight Champion of Chicago. Address 123 S. Clark St., Chicago, Ill.

Set Aside.

Yesterday the verdict given by the jury awarding \$2,000 damage to Mrs. Cadwallader vs. the L. N. A. & C. railway was set aside by Judge Snyder. The jury, the court considered, did not give consistent answers to the interrogatories propounded by attorneys for the company to award the verdict they did. The company at one time offered to give \$1,000 to the plaintiff, if the case was compromised. It look now that it could have been a policy to have done so.

A Close Call.

Yesterday while Lew F. Hunemeier and W. L. Richmond were out hunting near the city, what might have been a very serious accident occurred. Mr. Richmond fired his weapon, the explosion breaking the stock. A piece of iron flew up and struck him on the eye, bruising his face very badly, but happily it did not injure the organ.—Washington (Ind.) Journal.

Closing Out Boots and Shoes.

I am going to close out and quit the business as soon and as fast as I can. I will sell in job lots to anyone wanting to buy or dispose of my entire stock at a bargain. Will retail at reduced prices until sold. All those knowing themselves indebted to me will please call and settle as I am in need of money. Respectfully, F. E. 2X A. E. EASTLACK.

I So Declare.

Who steals my hair from off my head Must leave me bald instead of dead, And if I find him out, that Mr. Lo Will to the lowest regions quickly go. In there with all who've had to tell If e'er they bought a book or tubberell. What's the remedy? Use Small's Vegetable Pills.

Alamo citizens are loud in their denunciations of their present way they receive mail, as they claim it takes three days to get a letter to this city and receive an answer. They want a daily mail from here and will try hard to secure it.

John H. Songer died at the residence of his mother in this city at 7:30 o'clock Thursday morning. He was born in Aurora, Ind., Jan. 18, 1864. He has only been home for three weeks, having worked in Cincinnati as a machinist for the past two years, and was taken down with a bad throat trouble which caused his death. Mr. Songer has many friends who regret his sad death, while yet so young and with a life full of promises. The funeral services will be held Sunday, after which the remains will be laid to rest in Oak Hill cemetery.

For some time past Truitt & Scott have been missing meat that they had placed in front of their establishment on west Main-st. and determined to find out who was taking it if possible. They placed fish hooks in a number of the suspended hams and attached threads to them the threads being suspended from the hams and from thence going through the window along to the desk in the rear of the room and tied to some papers that would move as soon as the meat was handled. The firm has not yet applied for a patent on the device, but doubtless will. About 8:30 p. m. Wednesday the thread with the paper attached began to move rapidly toward the front of the store. Truitt and two or three others immediately rushed out and by the bright moonlight observed the rapidly disappearing figure of a man going in a north direction with a ham in his hand. He was at once ordered to stop but did not and a ball from a revolver was sent after him. Again he was ordered to stop and another shot fired, the second shot inducing him to halt. He was taken to the store and proved to be a well-known German citizen living in the west part of the city near Market street, and has never been suspected of any crooked work. He was turned over to the city marshal. What the result of his crime may be has not yet been determined.

A Card. We think that when it was learned that A. T. Kellison and Carrie Alexander were married that it was time to quit making charges against them. When people marry that is the legitimizing and legalizing all past transactions. We do not care to try to tear down characters. A SUBSCRIBER.

The Boston Stars, a musical combination which has a reputation for excellence throughout the entire country, will be at Music Hall, Wednesday night, Feb. 20th. Walter Emerson, the cornetist, and Rudolph King, the brilliant pianist, are with the company, and their reputation alone will be inducement enough for a crowded house.

His right arm had swollen to nearly twice its normal size, and he was induced to go to Whitestown and test the properties of an alleged madstone in possession of Moses Neese. The stone has adhered to Ullery's arm nearly the whole of the past forty-eight hours and the swelling has been greatly reduced. The dog was killed.

EXCHANGE CHATS.

Great excitement was caused Monday morning by the discovery of fire in the second story of the Central House. It is not known how the fire originated, but when discovered a large bundle of bed clothing was smoldering, and when the door was opened the whole mass burst into a blaze. The damage is slight; but had the fire got under better headway it would have swept Cross street, as a strong wind was blowing at the time. This demonstrates again how helpless the town would be in case of fire but no one seems particularly concerned about the matter.—Waveland Independent.

The prospects are most assuring for the future of the Central Indiana Normal school. Every thing indicates and promises success. Many states are represented among the students, and most perfect harmony prevails in all departments. Never have students been more contented, nor have they ever progressed more rapidly in their studies. The recent purchase of the main building by the town board gives warrant of the permanence of the institution. A vast amount of advertising is being done, and there is no doubt that good results will follow. Give the Normal every possible aid.—Ladoga Leader.

The Wabash vestibule train, west-bound, had a narrow escape near Wildcat on last Saturday night. It was blowing along at its usual rapid speed, when a herd of horses was encountered huddled on the track between two lines of freight cars. The engine struck one horse, then another, and still another and, realizing his position, the engineer pulled the throttle wide open, running through the herd without damage to the train. Of the 18 animals, 11 were killed. In this instance 13 was a lucky number—for the passengers. That the train was not derailed seems almost miraculous.

Wm. Morrison, living between Covington and Veedersburg, was found dead near Troy siding, on the O. I. & W. road, on last Thursday. The supposition is that he was walking along the track, during the night, and was struck by the train. He was not mangled, a hole in his head being the only injury observable.

Burglars went through Hess & Harvey's wagon shop on last Sunday night and took all their drills and chisels, besides a lightning reamer. This is the second raid made upon the shop since last November, and both on Sunday night. The first theft was followed by an attempt to blow open the safe of Jas. Martin & Co., for which purpose the stolen tools were used. We may therefore soon expect another attempt at safe blowing or wholesale robbery. The burglars are undoubtedly home artists and it ought not to be a very difficult task to catch them.—Attica Ledger.

The case of the State of Indiana vs. Stephen Brant, for the murder of Alfred Harvey Krut-singer, near Eugene, on the 18th of last March was dismissed by the State in the Fountain Circuit Court day before yesterday, and Brown remanded to the jail for the next grand jury. The reason for the dismissal, by the prosecution, of the indictment against Brown arises from the fact that the grand jury indicated Brown for the murder of Alfred Harry Krut-singer when in the reality the murdered man's name was Alfred Harvey Krut-singer, the difference being in the middle name. The evidence would have shown, had a trial been had, that the middle name was Harvey instead of Harry. This evidence, the attorneys claim, and would have been fatal and would have resulted in Brown's acquittal. It seems that the mistake arose in this way: Krut-singer was unknown to any one in this county, at the time he was killed and his name was taken by the authorities from a book which he had in his pocket, the middle name being somewhat obscure, and when his uncle came over to identify him and took the body back to southwestern Illinois for burial, he informed authorities that the name was correct and Brown was indicted accordingly but after the indictment was found and the case had gone on change of venue to Fountain county the uncle learned from the mother of the murdered man that his middle name was Harvey instead of Harry.—New Port Hoosier State.

Mike Crockett, the terror of Perryville, got on the war path on last Wednesday night, and bombarded C. H. Norton's saloon with stones clubs, breaking the front windows. He wanted inside and was refused admission, which raised his angry passions. He cooled down very suddenly when the proprietor opened the door and stepped outside and threatened to shoot his daylight out if he did not leave. He left.—Hoosier State.

Oakland, a switch station on the L. N. A. & C. railway, three miles south of Cloverdale, was the scene of a disastrous wreck Tuesday evening which resulted in a large loss to railway stock, also entailing the loss of one human life. The local freight, which leaves here in the afternoon left the track while running at a high rate of speed, where the Oakland switch intersects the main line, smashing five or six freight cars and the caboose into kindling wood. It is thought that the switch got was out of order, causing the trouble.—Greencastle Times.

While Smith Hendricks was crushing corn Thursday of last week, a son of Ed Hall's, accidentally scooped in a bolt and the crusher failed to grind iron very well, the result being that things were torn up generally and Smith had to be taken to Indianapolis for repairs. Everything will be in running order in a few days.

While John Parson was hauling logs Monday, he fell off of the wagon and inflicted very painful but not serious injuries.—Waynetown Hornet.

The True Method

Of curing habitual constipation, and liver and kidney ills is to avoid the use of the bitter drastic liver medicines and cathartics, and to take only the pleasant liquid fruit remedy syrup of figs. It cleanses as well as strengthens the system, and does not leave the bowels costive, so that regular habits may be formed, and the invalid permanently restored to health. It acts promptly and effectively; it is easily taken, and perfectly harmless. For sale by Nye & Co.
