Hunter, the bigamist, carries his nerve with him. Friday morning Judge Rabb placed his bond at \$300, and he sent word out to Mrs. Elmore, who he had wronged, asking her to go on his bond.

Henry Hunter, is the name of a peculiar individual, who won the charms of Widow Elmore, of Ripley township and after they were married, it was found that he had a wife and several children in Tipton. The late grand jury returned an indictment against him. He was found in Frankfort, brought to this city, and landed in jail, and will no doubt serve a term at the lakeshore.

The great spectacular Ben Hur was presented at Music Hall Thursday and Friday nights and the house was filled with anxious people to see the presentation by D. W. Cox & Co., the proprietors of what is termed by home people the new Ben Hur. The reading of Mrs. Lida Hood Talbot, was good considering the short time she has had to study it, while the scenery is beautiful and grand, and will undoubtedly be an attraction which will rank among the foremost in our country.

The Alba Heywood company was at the People's last night and to speak of them we can hardly say too much in their praise. Mr. Heywood is without doubt the best impersonator that was ever in the city. Dewey Heywood, flute virtuoso, knows just where the music lies in his instrument, as also does accomplished and handsome Miss Anna Miller with her violin solos. Clint Heywood's baritone solo proved him an expert. The company is all strong. They give a first-class clean show, as good of its kind as was ever seen in the city, and tonight they should be favored with a packed house.

We are more than pleased to announce that Abe Levison is now sole proprietor of the Phil Joseph stock of dry goods. Abe Levison came to Crawfordsville only a short time ago, a perfect stranger, and has built up a trade that any one could well feel proud of, and the cause of it is his good judgment in selecting his stock and the low prices he offers.

Col. George W. Friedly, the attorney for the L. N. A. & C. Ry., and a man well known throughout the state, died very suddenly at Bloomington, Tuesday, while sitting in the National hotel waiting for dinner. Col. Friedly was here only a few days ago working on the Cadwallader damage suit. He resided in Lafayette and the attending physician attributes his death to heart disease. The remains were taken to Bedford for burial.

Gen. Harrison started for Washington, Monday. He did not invite us to accompany him; he did not even tell us he was going, and in consequence we will have nothing to do with his little, one-horse inauguration. He can pull the strings himself and need not count on our advice as to Crawfordsville appointments. Ben always was stuck up and if he is going to dance the Irish waltz in the new fangled names he can just scratch his name from the good books but that don't matter for to be a president is worth six rooms in heaven, at least it seems that way nowadays. The fact is we didn't want Harrison inaugurated anyway. It was Grover we were going to see. Ah! That name, the cherished idol of four long years, now to be laid on the shelf! Come, brethren, let us go off into some dark room and weep.

Lafayette is going to have a ball club this year. Anyone that saw the combination play last year would wonder at such a rash act. But then no other city in Indiana is going to have a club so they can be champions.

The fox drive southeast of the city, Tuesday, was another success, as one fox was captured and bought by Gus Karle of this city. The craze is getting many converts as many of our good people never miss an opportunity to attend.

Marked copies of papers, republican in politics, from the vicinity of Chemawa, Oregon, where Col. John Lee has been superintending an Indian school, have been sent to several parties here. They assail Lee roughly and rejoice at his removal. We know nothing personally about Lee but these attacks may be inspired by something else than inefficiency. Perhaps the writer of the articles wants the position for himself.

Considerable excitement was created at Lafayette, Tuesday, by the information that the prosecuting attorney is preparing to bring suit against all capitalists in Tippecanoe county who have invested money in mortgage loans and have not listed the same for taxation. You that are always complaining of your share of this world's fate should have seen poor John Huff who died at the poor farm, Monday at the advanced age of 75. After battling with a cruel world and seeing the bright sunshine of a happy and prosperous career he succumbed to the dealings of a mysterious power and throwing off all vestige of pride entered the paupers' home. He welcomed death and the remains were laid to rest in the county grave yard, a pauper without a friend to regret his death.

Morning Call, Lacross Wis.: The Alba Heywood Concert Co. held the boards at the Opera House, Monday and Tuesday of last week to good business. The program was well selected and exceedingly well rendered. Mr. Heywood puts everything of the kind in the shade. As an impersonator he is immense, with fine facial expressions, an extensive wardrobe, a fine voice under perfect control. His new church organ took the house by storm and Silly Billy knocked the audience silly. Never has an artist in Mr. Heywood's line received so warm a reception. He will always be a favorite in Lacross.

The above company was at the People's last night and will be there again to-night.

The Japanese Tea, at Moharry Hall, Wednesday night, was largely attended, and a large part of the entertainment was very pleasing. The whistling of Miss McManis, with accompaniment by her sister on the piano, was very good and was warmly endorsed—these young ladies are daughters of Rev. Mr. McManis, deceased who had charge of the Ladoga Normal at one time, and was a graduate of Asbury University; the musical efforts of Misses Julia Southard, Mary Nutt, Jessie Joslin and Lillie Throop were also artistic and well received. The talk of the Japanese student from Wabash College was entertaining, and the young ladies who served the tea, clad in handsome Japanese costumes, to wit: Misses Nelson, Keating, Schirmer, Mathias, Stuckey and Hanna, appeared beautiful indeed. The meandering talk of Mr. Bonnell, however, was uninteresting and tiresome—in fact detracted the pleasure of the entertainment—Greencastle Press.

Walter Hulet distinguished himself as an auctioneer in Sugar Creek township, Wednesday, and the only difference between Walter's work and the ordinary auctioneer is that he sold to the lowest while they sell to the highest bidder. He sold the Peterson ditch as follows: Two allotments to Timothy Ring, \$140 and \$25.50; one allotment to Wm. A. Durham, \$270; one allotment to John Peterson.

You cannot help seeing the advertisement of Mahorney & Sons, the popular Main street hardware dealers in this week's paper. They carry one of the largest stocks in the state, and will be up and coming with everything in the agriculture line this season. Go in and see, then tell them you saw their big advertisement in the REVIEW, and have them to prove what they say. You will find they can do it.

N. R. Ruckle, the new Adjutant General of the State, has laid down a set of rules for his subordinate officers that shows considerable red tape, and letters must be folded just so so and no common shoulder straps can write to his royal highness, but must first go through the hand of the regimental adjutant. It was for this reason that the members of the Indiana militia objected to the appointment of Adj. Ruckle. There is such a thing as pushing the red tape idea to an extreme and if any man in Hoosierdom can do it, Nick Ruckle can.
