118 WEST MAIN STREET.

COUNTY EDUCATIONAL NOTES.

All happiness is in the mind. Ex-Supt. Overton is buying wool. Township exercises at Darlington to-night. It is not success, to be on the winning side. Nannie VanSant is clerking for a dry goods firm.

Ed Sanders was in from Lebanon, last Saturday.

What are the qualifications of an ex-County Superintendent?

Clara Brockman will teach in Franklin township again.

Liberty in this country does not and must not mean anarchy.

John M. Norton, of near Jamestown, was in town last Saturday.

Township graduating exercises at Sugar Grove, Scott Township.

There will be five or six good teachers wanting places after Monday.

The graduating exercises at Brownsville was well attended last evening.

Our colored schools are progressing nicely under Prof. Allen and Jenny Lee.

S. A. Stillwell, a former teacher of this country, but now of Leeland, Ohio, is visiting friends and relatives here.

Miss Kittle L. Allen, one of the prominent teachers of Brown township, is dangerously ill at her home in Brownsville.

School teachers are cheaper than Judges, and school houses are better than jails and prisons. Be careful in selecting your instructions.

From the large number of applicants for schools to choose from, we certainly think that trustees should have no second talent in their schools next year.

Prof. S. G. Pattison, of the preparatory department of Wabash College, has been elected principal of the Bozeman academy, Montana, at a salary of \$1,200 per year.

Get some tools to work with. You can do ten times as much work, and better work by the help of good school apparatus. By all means get some tools to work with.

From teachers examination:

Q.—What is meant by the Wild Cat Banks. A.—By applicant. A bluff or bank in Newfoundland, where there are very many wild cats.

From the first day that the young man or lady enters upon the high and honorable career of a teacher, or a guide and instructor of the young, they enter upon the highest life of our time.

Education means the full and harmonious development of all the faculties. But how is a teacher to train the mind unless he has made some investigation into the workings of the mind? The teacher should be trained to teach.

Much is given to citizens and citizenship in this country, and you know that, "unto whomsoever much is given of him much will be required." Are we so educating the people that they can answer the "much" that is required.

A man is not expected to take his pill bags and begin the practice of medicine without first studying his profession. Neither should the teacher who has to do with the mental instead of the physical being permitted to enter upon his work until he has studied the principles upon which depends his success.

The way to make township institutes interesting is to begin with the county institute. All teachers who expect to teach in the county should attend every day. Permanent organizations for township work should be made by each township and the work arranged for the year during the week of the county institute.

Monday next the selection of a county superintendent will be made by the trustees. The following are the candidates, seven in number: Zuck, Schleppy, Sparks, Shirnun, Welty, Henry and Elmore. Mr. Ewing, the present incumbent, will be supported by the republican trustees.

The Wayntown School Board has selected the following corps of teachers for the next year:

A. N. Higgins, Principal. Robert E. Ray, Grammar. Rose Harris, Intermediate. Alice Gray, Primary.

This is a good selection and Wayntown will have some good school work next year.

We believe in a teacher preparing himself professionally, but no amount of professional study will take the place of good judgment, and a good supply of common sense. A young physician may study anatomy and have the science of medicine down to a fine point, but when it comes to treating a child he cannot cope with some old lady who does not know the femur from one of the phalanges. If you are lacking in judgment don't try to make a teacher of yourself.

The following are the names of persons to whom license to teach was granted during the month of April. 36 months: Anna Beck, Val Biggins. 24 months: Lena Thompson, Lizzie Morrison, R. L. Cord, Edith Young, P. F. Elston, Minnie LaCraw. 12 months: Nannie B. Harris, H. D. Bowers, Cora Cord, Lillie Dinwidie, A. W. Dazey, Addie A. Davis, Mary E. Lillroe, Anna Moharry, G. W. Bright, W. C. Appley, Ira Gunkle, Hattie M. Wilson, Emma Swisher, H. C. Darnell, Martin McGregor, Hurtie Wray, J. J. Wheeler, Jennie Clahan, B. M. Horbison, Mollie Hoover, Homer Long, Cora Stine, Sophie Todd, Laura Spencer, Eva McCallum, Anna V. Galladay, A. Kelly, Cora Overstreet, Emma Russell, Robt. Manis.

The County Board of Education passed a resolution in regard to the school books, as the time for which the present series was adopted has expired. The intention of the resolution was merely to settle the matter until the books prepared under the new state law should be completed when they would be placed in the schools. Van Antwerp, Bragg & Co., of Cincinnati, O., are trying to bring out the idea that we are opposed to the change which is incorrect. Here is the resolution:

CRAWFORDSVILLE, IND., MAY 10, 1889.

Whereas, there is great uncertainty in regard to the State Board of Education being able to contract for books for use in the public schools of the State in time to supply the same for use in the public schools the present year, and whereas the time of adoption of the books now in use has expired; therefore, it is ordered by the Board of Education of Montgomery county, that the teachers in all the public schools under its jurisdiction be instructed to continue in use the present series of books, without re-adoption, until such time as this Board may instruct to the contrary, and to use no other books than those now in use.

BROWN'S VALLEY.

A. J. Packer, of Mulbury visited Dr. Wade Thursday.

James Patterson, of Otterbein, visited here Thursday.

Patton & Goslin shipped a car load of hogs Wednesday.

John Goff visited Lillie Doyal, of Penobscot, Sunday eve.

S. T. Allen was in Parke county all of last week buying sheep.

Joe Allen, of Russellville, visited his brothers the first of the week.

The graduating exercises will be held at the Baptist church here next Friday eve.

Dr. F. M. Lane, of Crawfordsville, was down to see Sallie Wasson Sunday evening.

Bert Whitney and family, of Crawfordsville, were the guest of G. S. Davis Thursday.

John Spencer and wife, Chas. McCullough and family visited at Chay Jarvis' Sunday.

John Gilliland and wife, Sacramento, Cal., was the guests of Jim Gilliland the first of the week.

Rev. Kendall and Dr. Wade attended the Sunday school convention at Crawfordsville last week.

William Roberts, M. D. F. R. C. P., of the University of London, Eng., says: "Passive congestion of the kidneys may be present, in which the urine contains not a trace of albumen, while the symptoms of intense venous congestion, dropy, orthopnoea and pulsating jugulars are present. The urine becomes scanty, high-colored and dense." Warner's Safe Cure has cured thousands of these symptoms, often called diseases, by putting the kidneys in a healthy condition.
