THIRD POINT

You should read the Chicago Daily News because it's an independent newspaper. There are two sides to every political question, and the Chicago Daily News gives them both with equal fairness. A party organ magnifies one side and dwarfs the other. No sensible man wants to be trifled with in this fashion. The time has gone by when American citizens expect to inherit their political opinions. They want to make their own—and to do this they want a paper to tell them the truth, regardless of their own personal preferences. If you are an honest man, independent and self-reliant in thought, read an honest and independent newspaper—read the Chicago Daily News.

Remember—its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months \$1.00, one cent a day.

Swift's Specific cured me of ugly and very painful boils or risings. I had twenty-three on my back and neck at one time and a great many on my body. I took S. S. S., and two bottles cured me. This was five years ago, and have had no boils since.

Mrs. William Claflin has read an interesting original sketch of early New England life before the benevolent society of Boston.

W. H. Wight, of Rogers, Ark., a prominent farmer and stock grower, says that Swift's Specific cured him of tetter of twenty years' standing. Of course in that time he had a great amount of treatment, and says the wonder is that he did not scratch the flesh from his bones. S. S. S. cured him quick and permanently.

The Remarkable Cures. Which have been effected by Hood's Sarsaparilla are sufficient proof that this medicine does possess peculiar curative power. In the severest cases of scrofula or salt rheum, when other preparations had been powerless, the use of Hood's Sarsaparilla has brought about the happy results. The case of Miss Sarah C. Whittier, of Lowell, Mass., who suffered terribly from scrofulous sores; that of Charles A. Roberts, of East Wilson, N. Y., who has thirteen abscesses on his face and neck; that of Willie Duff, of Walpole, Mass., who had hip disease and scrofula so bad that physicians said he could not recover, are a few of the many instances in which wonderful cures are effected by this medicine. Grape Culture.

It is fast becoming a leading business of this country, and that together with wine making requires years of practice. Mr. A. Speer, of New Jersey, one of the largest producers in the East, commenced years ago in a small way to make wine from currants, blackberries and other fruits. He soon turned his attention to grape raising and planted large vineyards of the Portugal vines from which his famous Port Grape wine and Unfermented Grape Juice is made, which chemists and physicians say rivals the world for its beneficial effect on weakly or aged persons.

For the scientific treatment, prompt relief and permanent cure of Chronic, Nervous and Private Diseases. The Physician-in-Chief is a regular graduate; has enjoyed unusual advantages in public hospitals; has conducted the largest dispensary practice for private diseases in America; and for many years has devoted exclusive attention to this specialty. He expressly addresses those who have failed to find relief from the family doctor or the so-called specialists.
YOUNG MEN who suffer from the fearful effects of self-abuse, as: aversion to the society of ladies; despondency; loss of energy; failing memory; nervousness; palpitation of the heart; weak back; stunted development; increasing nervous exhaustion and lascivious dreams. You may be in the first stage, but you are fast approaching the last. Do not let false pride or sham modesty prevent you from obtaining relief now.
MIDDLE-AGED MEN who are prematurely old, as a result of youthful indiscretions, or excesses of later years; who are troubled with too frequent evacuations of the bladder, and by finding a milky orropy sediment in the urine; and on account of this unnatural waste and loss of vitality are unfit for business or marriage. You can positively be restored to manly vigor.
OLD MEN who, as a result of overwork; business cares or imprudence in former years, now suffer from partial or complete impotence, or some distressing bladder trouble. All may find immediate relief—many may be permanently cured.
PILES, with following symptoms—falling of the hair; sore throat; swollen and suppurating glands; eruptions, pustules and ulcers of the skin; stiffness of joints; destruction of bones of the nose with offensive discharge from the nostrils, and other evidences of blood disease—forever driven from the system without the use of mercury.
GONORRHEA, gleet, stricture, inflammation of the prostate and bladder, and orchitis, instantly relieved, and permanently cured by remedies tested in many years special practice. Consultation strictly confidential. Medicines sent everywhere. Terms low as is consistent with first-class treatment.
