His body was cut in two at the hips and his head was severed from the trunk. The fall was accounted for by the fact that he had a crippled hand and could not support himself properly. The accident occurred in the presence of his wife and child and in full view of the conductor but it was impossible to save the man's life. Mr. Haworth was a favorite with every one in that vicinity. He leaves an estimable wife and three children.—Rockville Eagle.

## Terrible Murder in Vermilion County.

A special to the Terre Haute Express gives but partial particulars of a most brutal murder near the village of Highland last Tuesday. It appears that two sons of Wm. Pearman and two sons of Dave Douglas, residents of Highland, had a grudge against a boy named Snyder and had threatened to "do" the latter up. The boys' ages range from 9 to 15 years. Last Tuesday the four first mentioned called for young Snyder and wanted him to go bathing with them. He refused and said they wanted to kill him. They went away but soon afterward returned and said they were only "coddling" in saying they were going to "do" him, and he went along. Young Snyder not returning at the proper time the other boys were questioned but affected ignorance of his whereabouts. Finally the youngest one said he would show Mr. Snyder where his son was last seen and conducted the gentleman to the bank of Racoon creek. After a short search in the water young Snyder's body was fished out. There were knife stabs on the body and a bullet hole in the head. One knife stab just above an eye, had entered the skull, and the brains were oozing out of it.

## National Union Supply Association.

Among the new enterprises lately established is what is termed the Nation Union Supply Association, most of the members of which reside in this city. The president is Prof. Patterson, late of Wabash College. Geo. Wasson is treasurer, while W. W. Ewing, late county superintendent, and J. W. Henry are both connected with it. Its business is to supply the public or those becoming members of it with articles of daily use in the household or upon the farm, such as furniture, agricultural implements, musical instruments, watches, clothing and a great many other articles. A catalogue of their goods is just published. Members are supplied with goods at 50, 33 and 25 per cent cheaper than they are sold in the regular trade. A large number of agents are starting out to work for the concern, some ten or twelve having left on Monday and Tuesday. The entire United States is their field, and by September over 100 agents will be out at work for this supply association.

## Comparison of Tax Returns.

In comparing the Assessor's returns of this year with those of last year, it will be seen that the value of real estate this year is \$4,025 greater than last year; personal property this year is \$31,570 less and the total taxables are \$12,950 less. The number of dogs is 32 less than last year, which is probably due to the hydrophobia scare.

The large barn belonging to Daniel Garwood caught fire Thursday night about 10 o'clock, and burned to the ground, together with a wagon, buggy and farming implements of various kinds. The bucket brigade was soon on hands but the fire was so hot no one could get near it. Had there been a fire engine the barn might have been saved, for there was a large fish pond but a few steps away. The water in this pond got so warm that large fish made frantic struggles to get out. The fire is supposed to have been caused by lightning. The insurance on the burned barn was light.—Waveland Independent.

The Vandalia ran the first excursion to Lake Maxinkuckee Sunday. The crowd was small on account of the unfavorable condition of the weather, but to-morrow and succeeding Sundays will see many people take advantage of this very low rate to spend a day at the greatest resort in Indiana. All the summer residents are there and the village with its surroundings begins to present a gala day appearance. Lost Lake is a body of water covered with pond lilies and a more beautiful sight is hard to find, while the fishing in Maxinkuckee was never surpassed. Mr. A. J. Knapp has opened his popular and pleasant hotel on Long Point where all the trains make the first stop, while the Lady Forest, a steamer managed by Captain J. H. Koontz will be there to take you to any part of the lake. The Captain is very clever, has a band of music on his boat and sees that his passengers miss none of the sights. Crawfordville will be well represented this summer on account of the advantages now offered by the Vandalia, and every one should spend a day there as they will never regret it.

## For Ladies Only.

Ladies—why is it, that when your husband or your children are ill, you consult the best physician at once, care for them day and night, wear yourself out with sleepless watching, and never begrudge the heaviest doctor's bill, if only the dear ones are restored to health while day after day, week after week, you endure that dull pain in your back—that terrible "dragging down" sensation—and do absolutely nothing to effect a cure? In a few years you will be a helpless invalid, and soon your broken-hearted husband and motherless children will follow you to the grave. Perhaps delicacy prevents you consulting a physician—but even this is not necessary. Poor sufferer, tell your husband how miserably you feel—perhaps you never did—and ask him to stop to-night and get you a bottle of Dr. Pierce's Favorite Prescription. It has cured thousands of women suffering from weaknesses and complaints peculiar to your sex.

## An Important Element.

Of the success of Hood's Sarsaparilla is the fact that every purchaser receives a fair equivalent for his money. For real economy, buy only Hood's Sarsaparilla. Sold by all druggists.
