The printer issuing the county fair compli-
mentary tickets has failed to read proof. Ac-
cording to this ticket the fair commences on
Friday, the 13th of September, and terminates
on the following Thursday. It is termed on the
ticket "Fair" instead of Fair.

The early closing movement begun in June
by the dry goods and clothing merchants has
terminated, and hereafter the stores will be
open until 9 o'clock p. m. The movement has
not been very popular and it may be a difficult
task next summer to induce them to unite for
a similar purpose.

The committee on printing of the county fair
have become of such aesthetic taste that no
printing done in any office in Montgomery
county is at all suitable to them, consequently
they send to Cincinnati for posters and pro-
grammes, because they contain nice pretty
pictures of stallions, bulls, lambs, etc. The
committee's taste is somewhat peculiar in that
line, and their oft repeated assertions that
their annual exhibitions are for the benefit of
home mechanics, home laborers and farmers,
in this respect, at least, a self evident false-
hood.

Distasteful to Old Soldiers.
Old soldiers who are on the list of eligibles
for appointment to positions in the post-office
at Indianapolis are chagrined at this time
over a ruling made by the National Civil Ser-
vice Commission. Postmaster Wallace and the
members of the local Commission could not
agree as to the meaning of the rule govern-
ing the appointment of veterans, so the Na-
tional Board was asked whether or not a
soldier who had been honorably discharged
from the services should be given the prefer-
ence over civilians who had made a better
grade in the examination. In a letter received
last week the National Commissioners hold
that an old soldier shall not be given prefer-
ence unless he was discharged on account of
disabilities contracted during the war.

Home Again.
Hon. Bayless W. Hanna arrived at his home
in this city on Monday last, after a long journey
from Buenos Ayres, which he began on July 8,
the trip consuming about 40 days. Mr. Hanna
has represented this country abroad with credit
to himself and the government, and returns
with a greater esteem than ever for America
and her institutions. He has been minister to
the Argentine Republic just four years. Aside
from the fatigue of his long journey Mr. Hanna
is looking fairly well, and considers there is no
better country after all than old Hoosierdom.
His son, Reed, who went from New York to
Washington City, returned home later in the
week, having been absent from Crawfordsville
over four years.

Fell Dead.
Mr. James B. Wray, a resident of the county

falling in the doorway. He resided some four
miles south of the city near what is known as
the "Willow Grove" neighborhood. His age
was 67 years. His remains were buried on
Tuesday.

We Told You So Again.

That \$450---At Last It Re-
poses in the County
Treasury.

Ex-Auditor Wasson Pays it in. Still
Declaring He Did Not Get It.

The Board's Examination a Farce.

On last Saturday the board of commissioners
was in session, and confronting them was an
attorney representing ex-Auditor Wasson. Mr.
Wasson desired to pay into the county treasury
the sum of \$450, the amount that THE REVIEW
some time since discovered to be missing, and
made public. Mr. Wasson's proposition, as
placed upon the records, is as follows:

TO THE HONORABLE BOARD OF COMMISSIONERS
OF MONTGOMERY COUNTY.

Gentlemen: I offer and propose to pay to
the county the sum of four hundred and four-
teen dollars alleged to have been lost by the
county by reason of a certain alleged irregular
warrant, being apparently Order No. 13206, for
\$450, as disclosed by certain alleged erasures in
the Register of Orders Issued, and in the Reg-
ister of Orders Redeemed, under date of Octo-
ber 31, 1885, said sum being the amount of said
order, less the amount of the voucher for the
interest on said sum paid into the county treas-
ury under voucher of Oct. 31, 1885, but upon the
express condition that you will in case it is
hereafter, within a reasonable time, made to
appear that the county has in fact sustained no
loss or on account of said warrant for \$450,
and said erasures, repay said sum of \$414 to
me.

JAMES H. WASSON.

This proposition the board accepted, and re-
leased Mr. Wasson from the payment of \$36,
which he owed justly if he owed any of it. The
wisdom of the Hibernian Reformer, the grace-
fully the name of the Hebrew patriarch, Abra-
ham, and the wisdom of him who bears the
name of the prophet Joel, all combined could
find no other way. They have been eulchred,
and eulchred while holding both bows, ace
and joker. The fact is somebody broke into
the treasury and got away with \$450 of the sac-
red school fund of the county on warrant No.
13206. The proposition of Mr. Wasson alleges
that No. 13206 was erased from the Register of
Orders Issued. It was not; it never appeared
on that book at all. In Mr. Wasson's own
handwriting appears serialism on that book the
numbers 13205 and 13207, with no blank line
and no erasure between them. On the treas-
urer's register of orders redeemed is the first
place where No. 13206 appears. It appears
again on the auditor's copy of the treasurer's
book, this time in the handwriting of Jeff Scott;
on the treasurer's book in the handwriting of
W. P. Herron. On both these books it has been
carefully erased, but not until all the footings
had been made and the books and orders check-
ed up by the board in settlement with the treas-
urer, as the footings show. The next place it
appears is on Capt. Herron's cash book, which
was locked in the safe out of the clutch of the
busy eraser. On that book it is shown that on
Oct. 31, 1885, Mary F. Fuqua's warrant for
\$450 on the common school fund was paid. Then
comes a voucher for \$36 interest on Mary F.
Fuqua's loan, which the receipt alleges was
paid by Jas. A. Berryman. Mrs. Fuqua's loan
is numbered 851. Dr. Berryman's voucher for
interest paid the same day was for interest on
851. When Scott copied the name of Mrs. Fu-
qua he evidently knew she had never borrowed
any school money. Then was a good time to
inquire what the matter was, but nothing was
done. Mr. Wasson denies all knowledge of it,
and we will not dispute his word. Scott denies
all knowledge, everybody denies knowing any-
thing about it; yet there it is, as large as life.
Somebody knew it, is evident. Somebody got
the money. Mr. Wasson comes forward and
pays it, protesting that he knows nothing about
it. If he does not, there is somebody that does,
and Mr. Wasson has paid out the guilty party.
It was a deep laid scheme of some one, and if
such practices were the rule, it is no wonder
that two county treasurers were ruined, and
that banks generally were going "hell bent"
to bankruptcy. The great reform board of
commissioners, however, are content to take back
the money, giving a discount of 8 per cent to
the man that paid it in under the protest that
he did not owe it. It is very evident that there
is a colored man in the cord wood and that
Wasson would rather lose the \$414 than to see
him pulled out. It is very evident that the
board has no desire to fool with a buzz saw. If
ex-auditor's office had been democratic how
they would have pounced on everyone con-
nected with the office. Now they glance at the
wrong, simply take what is offered and ask no
questions. The board of commissioners in this
case is criminally negligent of its duty. Let
the person who committed this wrong be un-
earthed, and justice be done. They are afraid
to investigate for fear they will find more. The
Hibernian Reformer may pose as the cham-
pion of right and the friend of the people, but
this act shows him to be just the opposite. His
motto is, "Republican transgressions are to be
winked at." The board has fixed it in such a
way that scheming can secure back the \$414 at
some future time. Great, generous board of
reformers, investigate further, or your lives
will be made unhappy for the rest of your term,
for THE REVIEW proposes showing up where-
ever you are falling short in your duty to the peo-
ple.

Christian Church Dedication.
The new Christian church building having
been finished and the keys given to the
trustees will be formally dedicated to-morrow.
Rev. B. J. Radford, of Eureka, Ill., will de-
liver the dedication sermon, while Revs. W. D.
Owen and J. P. Ewing will likewise officiate
in the ceremonies. The building both from an
exterior and interior view is the handsomest
church edifice in the city, although costing
less than any of them. The cost, we learn, is
between \$16,000 and \$17,000. The interior
or auditorium is fitted up with opera chairs
for the seating of the audience, the glass are
termed cathedral, and in their numerous colors
produce a fine effect, the choir is placed back
above the floor of the auditorium. The church
is indeed an ornament to the city, and will be
so regarded.

Mr. J. R. Grinstead, Senora, Ky., says: My
children have sometimes had boils and other
signs of blood impurities, with loss of appetite
etc., at which times I have found Swift's Spec-
ific a most successful remedy, in no instance
failing to effect a speedy and permanent cure.

Non-Partisan Godspeed.

Captain W. H. Hart, of Frankfort, the suc-
cessor of Colonel Williams as Third Auditor of
the Treasury, left, Saturday, for Washington.
A crowd of between 500 and 600, composed of
the business men and leading citizens, and
headed by the K. of P. band, called on the
Captain and gave him a hearty farewell. The
demonstration was strictly non-partisan, and
speeches were made by democratic and re-
publican friends alike.

others have added their testimony, so that the
verdict is unanimous that electric bitters do

THE GREAT SOUTH AMERICAN NERVINE TONIC

—AND— Stomach and Liver Cure

The Most Astonishing Medical Discovery of
the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.
It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into
this country by the Great South American Medicine Company, and yet its
great value as a curative agent has long been known by the native inhab-
itants of South America, who rely almost wholly upon its great medicinal
powers to cure every form of disease by which they are overtaken.

This new and valuable South American medicine possesses powers and
qualities hitherto unknown to the medical profession. This medicine has
completely solved the problem of the cure of Indigestion, Dyspepsia, Liver
Complaint, and diseases of the general Nervous System. It also cures all
forms of failing health from whatever cause. It performs this by the Great
Nervine Tonic qualities which it possesses and by its great curative powers
upon the digestive organs, the stomach, the liver and the bowels. No remedy
compares with this wonderfully valuable Nervine Tonic as a builder and
strengthen of the life forces of the human body and as a great renewer of
a broken down constitution. It is also of more real permanent value in the
treatment and cure of diseases of the Lungs than any ten consumption re-
medies ever used on this continent. It is a marvelous cure for nervousness
of females of all ages. Ladies who are approaching the critical period known
as change in life, should not fail to use this great Nervine Tonic almost
constantly for the space of two or three years. It will carry them safely
over the danger. This great strengthener and curative is of inestimable
value to the aged and infirm, because its great energizing properties will
give them a new hold on life. It will add ten or fifteen years to the lives of
many of those who will use a half dozen bottles of the remedy each year.

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able
to compare with the Nervine Tonic, which is very pleasant and harmless in
all its effects upon the youngest child or the oldest and most delicate individ-
ual. Nine-tenths of all the ailments to which the human family is heir, are
dependent on nervous exhaustion and impaired digestion. When there is an
insufficient supply of nerve food in the blood, a general state of debility of
the brain, spinal marrow and nerves is the result. Starved nerves, like
starved muscles, become strong when the right kind of food is supplied, and
a thousand weaknesses and ailments disappear as the nerves recover. As the
nervous system must supply all the power by which the vital forces of the
body are carried on, it is the first to suffer for want of perfect nutrition.
Ordinary food does not contain a sufficient quantity of the kind of nutriment
necessary to repair the wear our present mode of living and labor imposes
upon the nerves. For this reason it becomes necessary that a nerve food be
supplied. This recent production of the South American Continent has been
found, by analysis, to contain the essential elements out of which nerve tissue
is formed. This accounts for its magic power to cure all forms of nervous
derangements.

To the Great South American Medicine Co.:

DEAR GENTS:—I desire to say to you that I
have suffered for many years with a very seri-
ous disease of the stomach and nerves. I tried
every medicine I could hear of, but nothing
gave me any appreciable good until I was ad-
vised to try your Great South American Nervine
Tonic and Stomach and Liver Cure, and since
using several bottles of it I must say that I am
surprised at its wonderful powers to cure the
stomach and general nervous system. If every-
one knew the value of this remedy as I do, you
would not be able to supply the demand.

A SWORN CURE FOR ST. VITUS'S DANCE OR CHOREA.

CRAWFORDSVILLE, IND., May 19, 1888.

My daughter, twelve years old, had been af-
flicted for several months with Chorea or St.
Vitus's Dance. She was reduced to a skeleton,
could not walk, could not talk, could not swal-
low anything but milk. I had to handle her
like an infant. Doctor and neighbors gave her
up. I commenced giving her the South Ameri-
can Nervine Tonic; the effects were very sur-
prising. In three days she was rid of the nerv-
ousness, and rapidly improved. Four bottles
cured her completely. I think the South
American Nervine the grandest remedy ever
discovered, and would recommend it to every-
one.

My daughter, eleven years old, was severely
afflicted with St. Vitus's Dance or Chorea. We
gave her three and one-half bottles of South
