OUR \$1 A WEEK Club System

While as convenient to the buyer as any installment system, is a wholesale spot cash system to us. The co-operation of the club members sells us 38 watches in each \$1 watch club, and we get cash for the club for each watch before it goes out, though each member only pays \$1 a week. This is why we give you more for your money than any one else and why we are doing the largest watch business in the world. We sell only first quality goods, but our prices are about what others get for second quality. Our \$10 Silver Watch is a substantial Silver (not imitation of any kind) Stem-Wind American Lever Watch—either hunting case or open. Our \$25.00 Watch is a Stem-wind Open Face, first quality, finished Gold American Lever Watch, guaranteed to wear 20 years. It is fully equal to any Solid Gold Case that can be sold at less than double the money, as cheap solid cases are invariably thin, weak, of low quality, and wear out after short use. Our \$38 Watch contains numerous important patented improvements, of great importance to accurate timing—Patent Dustproof, Patent Stem Wind, etc., which we control exclusively. It is fully equal for accuracy, appearance, durability and service, to any \$75 Watch, either Open Face or Hunting. Our \$43.00 Railroad Watch is especially constructed for the most exacting and is the best Railroad Watch made, Open Face or Hunting. All these prices are either cash or in clubs, \$1.00 a week. An Ajax Watch Insulator gives price with each watch.

Weaver, Secretary Iron Steamboat Co., New York, says: I wish to say to the public that I had a child about four years of age, lying at the point of death with summer complaint (diarrhoea) the doctor and all of us having given up hope. The doctor, however, advised us to get some of Spear's port wine, and give her a little time—very little, but often. As a last resort we did so, and I say that Spear's port wine saved her life. She is my only child. I had never seen Mr. Spear, but with tears of joy, I went and told him that his wine had saved the life of my only child.

Our readers have doubtless often noticed that Hood's Sarsaparilla is well spoken of in the newspapers. The Press is quick to recognize merit, and does not hesitate to give praise where it is due. The following is from the Baptist Weekly, a leading religious paper:

"Advertising may bring an article prominently before the public, but no advertising can help it if it has not real merit. Hood's Sarsaparilla is well advertised; but the best proof of its value is that so many persons use it on the recommendations of friends who have proved its peculiar virtues." A-17-4t

Curious Chinese Customs.

When a Chinaman desires a visitor to dine with him he does not ask him to do so, but when he does not wish him to stay he puts the question: "Won't you stay and dine with me, please?" The visitor will then know he is not wanted.

When a Chinaman expects a present and it does not come he is a man of lesser value.

A rich man's servant gets no salary, yet many are the applicants; while big salaries are paid to the servants of the common people, but few make applications. The perquisites of the former often more than triple the salaries of the latter, which is the sole reason of these differences. To encourage honesty and sincerity, confidential clerks and salesmen in all branches of industry receive an annual net percentage of the firm's business, besides their regular salary.

The highest ambition of a Chinaman is to have a nice coffin and a fine funeral.

In China one can always borrow money on the strength of having a son, but nobody would advance him a cent if he had a dozen daughters. The former is responsible for the debt of his father for three generations. The latter is only responsible for the debts of her own husband.—St. Louis Globe-Democrat.

\$500 REWARD

is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for one who will find a Catarrh in the Head which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acid; at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak and watery; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectation of offensive matter, together with scabs from ulcers; the voice is changed and has a "nasal twang"; the breath is offensive; small and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians. By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "Cold in the Head," Coryza, and Catarrhal Headache.

This infallible remedy does not, like the poisonous, irritating snuffs, "creams," and strong caustic solutions with which the public have long been humbugged, simply palliate for a short time, or drive the disease to the lungs, as there is danger of doing, in the use of such agents, but it produces perfect permanent cures of the worst cases of Chronic Catarrh, as thousands can testify. "Cold in the Head," is cured by a few applications. Catarrhal Headache is relieved and cured as if by magic. It removes offensive breath and cures loss or impairment of the sense of taste, smell or hearing, when caused by the violence of Catarrh, as they all frequently are. Sold by druggists, 50 cents.

A complete Treatise on Catarrh, giving valuable hints as to clothing, diet, and other matters of importance, will be mailed, postpaid to any address, on receipt of a two-cent postage stamp. Address,
