

HOOD'S SARSAPARILLA

# Take Hood's Sarsaparilla 100 Doses One Dollar

The Chief Reason for the great success of Hood's Sarsaparilla is found in the article itself. It is merit that wins, and the fact that Hood's Sarsaparilla actually accomplishes what is claimed for it, is what has given to this medicine a popularity and sale greater than that of any other sarsaparilla or blood purifier before the public. Hood's Sarsaparilla cures Scrofula, Salt Rheum and all Humors, Dyspepsia, Sick Headache, Biliousness, overcomes That Tired Feeling, creates an Appetite, strengthens the Nerves, builds up the Whole System. Hood's Sarsaparilla is sold by all druggists. \$1; six for \$5. Prepared by C. I. Hood & Co., Apothecaries, Lowell, Mass.

## THE REVIEW.

LUSE & BERRY.

Things Political.

“Oh! we don't like a Nigger, no how” is, or should be the song of the great republican party in this city just now. Snubbed beautifully was the colored population at the distribution of positions in the postoffice, and it don't make a continental bit of difference who did it. It was a republican scheme. They only like a nigger when he votes, not for boodle or principle and the poor black fellow who imagines he is in the ring generally finds himself in rank/stale soup. Now, Mr. Luse guine to have an office or know de reason why. Come to the front and show your metal.

You make me tired when you say this republican party loves the negro. They love him just like the farmer loves his horse; like the engineer his engine; the miller his machinery; the republican party its slaves. When they have seen his vote put in as they want it then the negro falls to his level with that loving faction. It is all bosh and no one knows it better than the republican workers.

Yes Ike Shevin was here all week and you can bank on it that he got brother Jim a place in Uncle Sam's stamp factory. That will be excellent material for the corn huskers of Coal Creek township to use in the race for sheriff next fall.

It is a settled fact and the REVIEW's bad grammar man knows it, for it came from “infloential” parties, “Kunnul” Wingate is in the race for auditor. He wants the office and wants it just as bad as when he spit cotton the time Frank Ramsey was nominated for treasurer. It is now time for some beef head of Coal Creek to come out for the same office. Ye Gods and little minnows where is Tiffany, Beach et al.

Nov. 13, 1888. “God bless the dear good colored man. Vote for Bias for constable and the country is saved. Salary ten cents a year.” Sept. 3, 1889. “No fool niggers need apply to carry the mail. Salary \$500 and \$800 per year.” Do you see the point?

It cannot all be done in a day, it cannot be done in a year, but it can be done in time and it should be, that is to turn over every nook and corner in Montgomery county's Court House and find just what the tax payers and officials have lost by the stealings. Mind you we do not say mistakes but stealings of ex-officials. Auditor Goblen and his deputies are doing all in their power and have been rewarded by the search. It will continue and Rome must howl or money must come.

Say tax payers let us reason again and talk it in plain English. The \$450 has been turned in and some one was guilty of taking it. Why should the board of commissioners allow the guilty to escape punishment. Is there any reason why the person who took that money, if it was taken, should not suffer and the laws of our country vindicated? We have the secret. The fellow is evidently a republican, the board is republican, they claim they cannot get positive proof of any one's guilt, but they forget that only a few short months have passed since the board of republican commissioners spent five thousand dollars in worthless investigation in an attempt to prove Auditor Goblen a rascal and it was the people's money that was thrown away, but he was a democrat. Now honest citizens is this right? Just look at it from an honorable stand point, look at it as a man should. They will not spend a cent to find a rascal when they know positively there is one for fear he will prove a republican, but a board did spend \$5,000 trying to prove an honest democrat dishonest. Is this right? Do you sanction it?

Agony No. 2 is ended and the yellow sun dried grass waves over the grave of many an aspiring youngster's ambition. The battle was a short one and upon a close cross examination would be proven a fizzle. The whang-doodle whizzed while the man in the moon lost his left eye hunting a job for the one hundred hungry republicans who wanted to distribute the mail over this beautiful city. All of the corners are filled with irritated youths who fought and bled on the field of political victory and a curse with a big D is the way they spell the names of their party leaders. The colored man did not get left at the station called hooks but was taken to the landing for chumps and left in a lake of soup. The select committee was not color blind and though the two races are not found in the rain bow of party service and recompense they could tell green and thusly marked the negro. Poor cuss they will whip him into line just as they have always done. Wallace Linder was a soldier and perhaps was as deserving as any of them. Jim Shevin secured his for the work brother Ike had done. W. V. Roderick is some relation to your uncle John Brown who never fails to show his hand on election day. Howard Craiz represents the drum corps and Frank Scott is uncle Bill's boy, while the other 95 are left in the barren field of what might have been. They might have done noble service but they did not stand in and will positively stand out. The colored troops fought nobly but there was no show from the beginning. Plant 'em deep, plant 'em deep. They wanted something and found their little graves open

and they now lie resting, we hope in peace. Bonnell, Brown and Burford can work them around all right and they will be there when the next roll is called.

It was good common horse sense that a colored individual gave us the other day when he said, “we have about two hundred colored voters in this city and the republican party got all but two of them at the last election. Now you know this is the balance of power. If we voted the democratic ticket they would be successful. Now they should appreciate this enough to give us something. Bias' office don't amount to the chirp of a cricket and they always see that we get nothing better, and if we are of no more value than a drove of hogs we had better look to our personal interest and let every party take care of itself. We have friends among the democrats who always do us favors and we will take no more of this silly gush but vote for our own interest. The republican party hate the negro just as bad as any one when he is placed on their equal for benefit or reward. Hereafter we will look out for No. 1.” That coon's head was awful level and full of good brains.

It was Henry Clements who said “you have snubbed the Irish once to-day, don't do it again,” at the famous republican county convention. The Irish have been snubbed again though by the same party. Clements had a son who wanted to “carry the mail.” He was snubbed. All the Irish boys were. They had no more use for the Irish when it came to a fat office than they had for the nigger. Wonder if some people will never drop onto themselves and see that they are being made big, fat, juicy chumps?

Erasmus D. Williamson is the name of an all wool and hot headed Wayne township republican who is slyly winking at the sheriff's office and would take the nomination without a struggle. James H. York, of Coal Creek would make the right kind of stuff for the same office. They are gallant comrades who saw the struggles away back in '63. They did their country brave and noble service and returned home broken down in health and are poor men compared with what the republican party want for office. They could not furnish boodle for a campaign but plenty of principle, and as the republican party does not run campaigns on principle but plain unvarnished boodle they only want to place the deserving soldier on their ticket who can furnish the good old round iron dollars for the use of the B B's. Oh! ye corrupt devils do you ever talk principle or is there such a thing as a soldier being justly rewarded?

BASE BALL CRANKISM.

The Terre Haute play at Danville Sunday. “Pig” Dorsey was here Tuesday night. He has a broken finger.

There is no better amateur battery in the State than Sullivan and Wasson.

What has become of the Yountsville club. Are they playing ball this season.

The Possum Riders may be away back in the woods but they play good strong ball.

Phil Green is small but he can jump awful high for one of those sky screamers and generally gets 'em.

The Ladoga club should wake up. In fact an occasional game in any of the towns would not hurt the boys.

Poor Covington, they cannot get over their defeat in this city. The writer being one of the worst cranks in the city does feel sorry for them.

The O. I. & W. bridge carpenters were over in Illinois last week and while watching for a train at Muncie, they took part in a game. George Mackley it is said hit the ball so hard that they never found it.

Hillsboro citizens are working up a base ball contest to occur this month between eight clubs at that place. The purses are \$50, \$25 and \$10 with \$10 entrance for each club, two games to be played each day. It will hardly work in such a small town.

Will Prescott, broke his finger while playing with the Danville club at Paris, Ill., Tuesday and returned to this city to rest. He will not play any more profession ball this year. He has done great work at Danville being a valuable man at the bat and behind it.

To the Penny.

The following statement was presented to the board of county commissioners by W. P. Herron upon his retirement from the county treasurer's office. It is good news and shows an era of good management and that the county funds are correct to the penny:
