## FOR CHICKEN CHOLERA.

I have used St. Jacobs Oil for chicken cholera with great success. Every fowl affected with the disease was cured by it and I recommend it as a sure cure. It has saved me many dollars.

H. A. KUENNE, Breeder of Fine Fowls.

Bakersfield, Cal., Oct. 13, 1888.  
I have used St. Jacobs Oil for cholera of chickens with prompt, permanent cure. One bottle will cure 10 to 15 chickens; 2 to 3 drops cures Wheezes.

JAS. BETHAL.

GENERAL DIRECTIONS.—Mix a pill of bread or dough saturated with St. Jacobs Oil. Or, if you cannot swallow force it down the throat. Mix some corn meal dough with the Oil. Give nothing else. They will finally eat and be cured.

John R. Bonnell, a former dweller in Lafayette, has been appointed postmaster at Crawfordsville. Mr. B. has already announced that the democrats must go—none but republicans are to draw pay at that office.—Lafayette Leader.

On Thursday night the barn of A. P. Kiser on Hanna street, was entirely destroyed by fire, together with its contents. Sad to relate two nice ponies owned by Mr. Kiser were burned to death, notwithstanding the strenuous efforts made to rescue them.—Greencastle Star Press.

Charley Beecher is working in the crinoid beds at St. Paul, Ind., this week. He has finished up the hunt for crinoids at Indian creek in this county, and secured many valuable specimens. All of them are shipped to Burlington, Iowa, where a wealthy firm is engaged in photographing them after which they are published in book form for the benefit of science.

The Purdue agricultural experiment station warns farmers to be careful about paying fancy prices for new varieties of wheat as the same wheat is frequently sold under different names, and distinct varieties under the same name. For example, golden cross and Sibley's imperial are the same. Mealy and brown smooth velvet chaff will doubtless prove identical under like treatment. Red fultz, German emperor and Michigan amber are also much alike and may possibly prove identical.

On last Monday, Arthur DeHaven was threshing wheat for his brother, Charles, 2½ miles west of Crazy Corner, when sparks from an engine set fire to a stack of wheat. Water was scarce and before the fire could be conquered it had burned 150 bushels of wheat and 250 bushels of oats. The operator was scorched, but was pulled away before much damage was done to it. The engine was running without a screen over the smokestack, which accounts for the fire.—Attica Ledger.

Henry Pregosky and Louis Marx are two Russian individuals who did considerable talking at the mayor's office Saturday evening over the accusation of the former that the latter had stolen his wardrobe. They talked in a foreign language that sounded to us like Dutch and Irish mixed, and John Weidie being the only person that could talk in that mixture, he acted as interpreter, while Perry Martin and Star Carver did the spectator act to the queen's taste. They appeared in Mayor Russell's court Monday and the important case was settled without a trial.

Frank Mahorney left Monday for Notre Dame.

Father Dinnen's excursion on Tuesday to West Baden Springs was well patronized. D. C. Harter and John Darter have formed a partnership in the real estate and insurance business.

The new carriers of mail matter in the city will perhaps be put into their positions within the next ten days.

Peaches are becoming plenty in this market but the prices are yet too high to conform to most people's pocket-books.

An old railroad predicts that the rate war now in progress between the Big Four, the Monon and the Pennsylvania lines will, within the next thirty days, become a time war, as well, and that the time of express trains over some of the lines will be shortened two hours between Chicago and Louisville and Chicago and Cincinnati.

Death's dealings saddened the hearts of Tim Ward and wife Sunday afternoon by taking away their four month old baby boy. The funeral occurred Monday afternoon at St. Bernard's church, and the idolized treasure of fond parents was laid to rest in the Catholic cemetery. The bereaved parents have the sympathy of a large circle of friends in their sad bereavement.

Persons who have put off buying wood and coal this season in anticipation of gas being either drilled or piped here this year can undoubtedly abandon all hope of it and go ahead in the purchase of coal or wood as heretofore. Gas may be piped here next year or the new process of manufacturing fuel gas from oil and water may be in vogue and established, but of one thing we may all be confident, the last hole has been drilled here for a long time to come in the search of gas.

The typhoid fever epidemic in the vicinity of Stone Bluff is still raging. A daughter of Samuel Morgan died on Wednesday of last week, making two victims of the disease. There are now about twenty cases. Some of the afflicted think they can trace the origin of the disease to a festival held at the Bluff the latter part of July, where, they believe, impure water was used in the various drinks furnished. The fact that every one who has the disease attended that festival is quoted in support of this theory.—Attica Ledger.

A week or two ago Marshal Ensminger started for Washington Territory, ostensibly on a pleasure trip, but in reality for the purpose of capturing one Michael Layne. Six years ago Mike, who lived near Ladoga, was building a gravel road and Otto Schlemmer was on his bond to the extent of \$2,000. Mike was a festive individual and ran away with the wife of a man named Wood who was working for him. Mr. Schlemmer had the \$2,000 to pay and Layne has never been heard from until a few days before Mr. Ensminger left when a stranger stopping in town showed a picture of a store with our old friend Layne standing in the foreground. Marshal Ensminger immediately went to Whatcom, Washington, but Layne had just sold a \$4,000 saloon to his son and skipped over into British America. He was followed but could not be found. He has been doing business all the time under the name of Wm. Hart. Mr. Schlemmer will recover his money, however, as suit has been filed by Thompson & Humphries, of Seattle, and the sale will be declared a fraud.—Journal.

Church Dedication.  
The new church of the Christian denomination was dedicated on Sunday last with appropriate ceremonies. A very large crowd of people were in attendance. Most of the ministers of other denominations in the city were present and assisted in the ceremonies. Elder Johnson and Badger conducted the ceremonies and Rev. Ewing made the appeal for aid in paying off the remainder of the indebtedness of the church. The amount was \$2,800. During the forenoon service the sum of \$1,300 was subscribed, two or three subscriptions being for \$100 each. In the evening the remaining \$1,500 was assumed by the trustees, thus clearing the church of its indebtedness.

Resolutions.  
WHEREAS, We are a free and enlightened people, and in duty bound to take the greatest care of the health of the community in general and ourselves in particular. Therefore be it

RESOLVED, That in all cases where we are afflicted with constipation, inactive or diseased liver, biliousness, derangement of the stomach, jaundice and kidney troubles—we will procure Dr. Pierce's Pleasant Pellets and use the same immediately.

## COL. R. N. HUDSON.

His Death at Terre Haute.

Col. R. N. Hudson died Friday, of gastritis, at Terre Haute. Col. Hudson was born in Brookville, Ind., in 1819, and had lived out this year he would have been seventy years of age. He went to Terre Haute in 1840, and soon after entered Asbury university, now known as DePauw university, where he graduated in 1844. On his return to Terre Haute he began the study of law with Col. R. W. Thompson. In 1847 he was elected to the legislature, and again in 1853. He was an aggressive partisan and took an active part in all public affairs. In 1856 he purchased the Express, which he conducted ably and successfully until the end of Lincoln's campaign. He advocated Lincoln's candidacy, was a delegate to the convention which nominated him, and worked laboriously for his election. In 1880 he was made the financial agent of the state in New York. On the breaking out of the war he entered the service, and was assigned as a colonel on the staff of Gen. Fremont, in Missouri. Afterward he was in the "mountain department" with general Hunter, and later returned to Indiana, where he organized the one hundredth and thirty-third Indiana infantry, of which he was colonel during the service.

## THE GREAT SOUTH AMERICAN

## NERVINE TONIC

## AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the Great South American Medicine Company, and yet its great value as a curative agent has long been known by the native inhabitants of South America, who rely almost wholly upon its great medicinal powers to cure every form of disease by which they are overtaken.

This new and valuable South American medicine possesses powers and qualities hitherto unknown to the medical profession. This medicine has completely solved the problem of the cure of Indigestion, Dyspepsia, Liver Complaint, and diseases of the general Nervous System. It also cures all forms of failing health from whatever cause. It performs this by the Great Nervine Tonic qualities which it possesses and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body and as a great renewer of a broken down constitution. It is also of more real permanent value in the treatment and cure of diseases of the Lungs than any ten consumption remedies ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic almost constantly for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

## CURES

Nervousness and Nervous Prostration, Nervous Headache and Sick Headache, Female Weakness, All Diseases of Women, Nervous Chills, Paralysis, Nervous Paroxysms and Nervous Choking, Hot Flashes, Palpitation of the Heart, Mental Despondency, Sleeplessness, St. Vitus's Dance, Nervousness of Females, Nervousness of Old Age, Neuralgia, Pains in the Heart, Pains in the Back, Failing Health. All these and many other complaints cured by this wonderful Nervine Tonic.

## NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir, are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied, and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This recent production of the South American Continent has been found, by analysis, to contain the essential elements out of which nerve tissue is formed. This accounts for its magic power to cure all forms of nervous derangements.

CRAWFORDSVILLE, IND., Aug. 20, '86.

To the Great South American Medicine Co.:

DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of but nothing did me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful power to cure the stomach and general nervous system. If every one knew the value of this remedy as I do, you would not be able to supply the demand.

J. A. HARK, Ex-Treas. Montgomery Co.

## A SWORN CURE FOR ST. VITUS'S DANCE OR CHOREA.

CRAWFORDSVILLE, IND., May 10, 1886.

My daughter, twelve years old, had been afflicted for several months with Chorea or St. Vitus's Dance. She was reduced to a skeleton, could not walk, could not talk, could not swallow anything but milk. I had to handle her like an infant. Doctor and neighbors gave her up. I commenced giving her the South American Nervine Tonic; the effects were very surprising. In three days she was rid of the nervousness, and rapidly improved. Four bottles cured her completely. I think the South American Nervine Tonic the greatest remedy ever discovered, and would recommend it to every one.

Mrs. W. S. ENSMINGER.

State of Indiana, Montgomery County, ss:

Subscribed and sworn to before me this May 19, 1887.

CHAS. M. TRAVIS, Notary Public.

Mr. Solomon Bond, a member of the Society of Friends of Danville, Ind., says:

"I have used twelve bottles of The Great South American Nervine Tonic and Stomach and Liver Cure, and I consider that every bottle did for me one hundred dollars worth of good, because I have not had a good night's sleep for twenty years on account of irritation, pain, horrible dreams, and general nervous prostration, which has been caused by chronic indigestion and dyspepsia of the stomach and by a broken down condition of my nervous system. But now I can lie down and sleep all night as sweetly as a baby, and I feel like a sound man. I do not think there has ever been a medicine introduced into this country which will at all compare with this Nervine Tonic as a cure for the stomach."

CRAWFORDSVILLE, IND., June 22, 1887.

My daughter, eleven years old, was severely afflicted with St. Vitus's Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus's Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, all forms of Nervous Disorders and Failing Health from whatever cause.

## INDIGESTION AND DYSPESPSIA.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the Stomach, because the experience and testimony of thousands go to prove that this is the ONE and ONLY ONE great cure in the world for this universal destroyer. There is no case of unaligned disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

Harriet E. Hall, of Waynetown, Ind., says:

"I owe my life to The Great South American Nervine. I had been in bed for five months from the effects of an exhausted Stomach, Indigestion, Nervous Prostration and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it the best medicine in the world. I can not recommend it too highly."

Mrs. M. Russell, Sugar Creek Valley, Ind., writes: "I have used several bottles of The South American Nervine Tonic, and will say I consider it the best medicine in the world. I believe it saved the lives of two of my children. They were down and nothing appeared to do them any good until I procured this remedy. It was very surprising how rapidly they both improved on its use. I recommend the medicine to all my neighbors."

Mrs. Ella A. Brutton, of New Ross, Indiana, says:

"I can not express how much I owe to the Nervine T
