"THE GLADSTONE"

LAMP.

Is the best lamp in the world. It gives a pure, soft, brilliant, white light of 55 candle power. Purer and brighter than gaslight and softer than electric light—more cheerful than either. A marvelous light from ordinary Kerosene oil. **REFLECTS & BELIEVING.** A "wonderful lamp" it is indeed. It never needs trimming, never smokes nor breaks chimneys, never "smells of the oil," no stinging up, no leaks, no spitting, no climbing up of the flame, no annoyance of any kind, and cannot explode. And besides all these advantages it gives a clear, white light, 10 to 30 times the size and brilliancy of any ordinary house lamp. Fitted in either Brass, Nickel, Gold or Antique Bronze. Also

If the Attica gas well proves a success Crawfordsville may yet have gas. She can pipe it.

Pumps Marley, having finished a summer trip selling lams, is again with the Nutt Hotel.

James Paxton, formerly of this city, now of Los Angeles, Cal., is visiting among friends here.

Edward Kelley, the Waretown shoemaker, has sold his property there and will move to this city.

There is considerable complaint being made of the management of the Covington fair held last week.

At Wabash college the attendance of students is larger this year than it has been for several years past.

Hon. John Kern, of Indianapolis, as a democrat from away back, was in the city the fore part of the week.

L. W. Towne and wife, of Chicago, visited Chas. Goltira and family over Sunday and returned home on Monday.

The Putnam county fair opens at Bainbridge next week. This winds up the fair season for 1889 in this portion of Indiana.

The Monon passenger engine bound north, Monday, broke down south of this city and the train was taken in by a freight engine.

Henry L. Skaggs, who was sentenced in '85 to four years in the northern prison, has completed his term and returned to his home in this city.

John Connors and Henrietta Brown were quietly married at Danville, Ill., last week, but it is not too late to wish them success in life's every undertaking.

The new school books are better appreciated as they are examined and soon every scholar will be using them, notwithstanding the objections of a few persons.

The college ball club will play a picked nine from the city at the college grounds to-day.

Both clubs will be in good form and the game promises to be interesting.

A suit has been filed in the circuit court by Robt. Harper wanting damages of Milton Razor, Chas. Dazey, Henry Razor and James Wilson for malicious prosecution and false imprisonment.

The State fair closed at Indianapolis last night. There has been a good attendance of people at the fair from Crawfordville this year especially on Thursday, when large numbers went over.

N. S. Joslin has bought Kelley's cottage grocery on East Main street. Mr. Joslin is an old Crawfordville merchant, and though being away for some time, needs no introduction to our people.

Evangelist Ewing conducted two successful meetings at the Christian church yesterday. His revival work of the past week will be continued. It has been quite successful and is adding new names to the church roll.—Lafayette Journal.

The Veedersburg Reporter says that a child was born on our fair grounds Thursday of our fair week. It may be true, but how such an event escaped the reporters, Red Snyder, Jim Insley, Paul Hughes and Frank Snyder is more than we can explain.

A young girl named Mattie Shafer from New Richmond was taken to the reformatory at Indianapolis last week by the sheriff. She is an orphan, but had not yet developed any particularly vicious traits, and the necessity or wisdom of sending her to that place is much questioned.

George E. Woolsey, the pension examiner who had headquarters at Lafayette, has entirely lost his sight by a disease of the optic nerve and has resigned his position. Mr. Woolsey formerly resided in this city and owned the English kitchen, a restaurant on north Washington-st.

The L. N. A. & C. last week received one of the six large passenger engines which they recently ordered, four of which are to be run between Chicago and Louisville, hauling their express trains, and two between Monon and Indianapolis, hauling the day and night express trains.

The saloon men of this city have effected permanent organization and chosen officers. The object of the association is to see that under the increased license every man who sells liquor in a less quantity than a quart at a time shall sell it under a license. The wholesalers and the drug stores will be rightly looked after, and some of those who have forgotten to call at the city treasury, will be reminded of the omission.—Lafayette Leader.

Thomas Shepherd, of Coal Creek township attended the Wilder Brigade re-union at Chattanooga last week and doubtless wishes no he had not gone. Notwithstanding the pleasures of the trip he returned with his face crushed by its being caught between the bumpers of two cars. He will suffer from the effects of the accident for some weeks. While a number of accidents happened to several of the visitors, Shepherd was the only one from this county that was injured.

James B. Milner went to Crawfordville last Saturday afternoon on legal business with reference to the cases of Samuel Wallace vs. his father-in-law, Elias Perkins, and son, Frank Perkins, who are charged in the Montgomery county court of circulating the report that L. Wallace, had been the cause of his wife's death. The suit is for \$10,000 damages for slander and Mr. Milner, of this city, and Judge Davidson, of Crawfordville, will appear for the defendant. It comes up for trial Oct. 4. All the parties of the suit reside near New Richmond.—Lafayette Courier.

Conflagration Monday Night.

For the first time in a number of years what might be termed a very destructive conflagration took place in this city on north Washington-st., late Monday night. A few minutes after 11 o'clock fire was seen issuing from two or three places in the building used so long as a flouring mill and owned by Ed Coleman. In a short time the warehouse to the west, a larger building, also caught fire and was soon a mass of flames. A stable attached to the Williams lumber yard caught about the same time also several thousand staves, the property of John S. Brown, near by. A small house directly north of the old mill, occupied by an aged widow, Mrs. Dinan, was soon burning. All the buildings taking fire were consumed. The mill and warehouse had been erected many years ago, the former not having been used for any purpose whatever for some time. The warehouse was owned by Gen. Manson, Mr. Crabb and another party. It was occupied by A. E. Reynolds for the purchase of wheat and corn, a switch being run from the Monon track to the house for the loading of cars from that road. Mr. Reynolds is probably the heaviest loser of any, considerable when having burned.

There was much complaint against both the waterworks and the firemen. There did not for a time seem sufficient pressure to throw the water any reasonable distance and the plug nearest the fire would not operate at all. Again it is said the firemen were not on hand for over ten minutes after the fire started, although within two blocks of it. If they are as slow hereafter as they are reported to have been in this instance a new set of rules and regulations governing them would be in order.

Thanks.

Mrs. A. D. Vance and family desire to express to their relatives and friends heartfelt thanks for their kind attention and assistance at the funeral here of her daughter, Mrs. A. H. Miller, late of Kansas City.

Jim Lee spent Sunday in Thorntown, where there seem to be unusual attractions, as he did not return till Monday evening.

Henry Arnold, the colored individual who knocked down a man one night last week and aimed to rob him but did not succeed, at a preliminary examination, was bound over in the sum of \$1,000 for his appearance at court. Arnold's prospects for a few years' residence at Michigan City are quite encouraging. His victim, who received a vicious blow in the face from a club in the hands of Arnold, is badly disfigured in consequence.

John Klaiber, who has been stored in a barn on Lafayette pike and is agent here for Schmidt's brewery at Indianapolis, missed several gigs Sunday morning. It was soon found in a pile of scrap iron near the junk shop on west Market street. A party of men laid in wait expecting the fellows who had taken it would come that night and get the booty and have a time. They did come and had a different time than expected. When discovered they started to run. Being pursued they scattered and only one was caught, a young man by the name of Barker. The others skipped the town.

E. D. Purviance of Attica, started to drill a well for water on his farm, eight miles southwest of that place last week, and when they had reached a distance of 52 feet the drill got fast; soon after a strong flow of gas came from the well and has continued to do so since. They have begun another well with the hope of securing a stronger well and are utilizing the gas from the well now in use to run the engine. They have no way to regulate it, and when the stream has reached a pressure of ninety pounds they take the pipe out. It is rather slow work but answers the purpose much better than coal or wood. It is to be hoped that they will find plenty of gas, as it could be utilized in several surrounding towns.

The fifteen or twenty old soldiers from this county attending the re-union of the Wilder Brigade at Chattanooga last week secured quite a number of relics from the Chickamauga battle ground and brought them home. The battle-field is seven miles southeast of the city of Chattanooga, and most of the distance can be accomplished by railway. The line of battle was from northeast to southwest and was nearly miles in length. Some of the relics consisted of bullets, brass helmets, buckles, canes, etc. They were found in different portions of the field, and will be treasured for years by these old veterans. A large room in Chattanooga is filled with articles found on the battle ground which are offered for sale to visitors.

Two boys named respectively Arwood and Rowland, both of Veedersburg, are now in jail awaiting trial on a charge of burglary. The proprietor of the store which was recently robbed at Linden, was in Veedersburg the first of last week and recognized the Arwood boy but the latter gave him the slip before an arrest could be made. Officers followed and captured the boy in Terre Haute. On his way back the youth not only acknowledged the Linden theft but that he and the Rowland boy had robbed Rowe's hardware store in Veedersburg, the story being authenticated by the finding of stolen articles where Arwood directed a search. The two boys had a preliminary examination and were bound over to the circuit court. One is 17 years old and the other is 18.—Attica Ledger.

The many remarkable cures Hood's Sarsaparilla accomplishes are sufficient proof that it does possess peculiar curative powers.

HER HEALTH WAS RUINED.

Her Life Was One of Pain. But She is Now Well.

Mrs. Alexander Naught, wife of one of the most prominent and extensively known merchants of Prescott, Ark., writes the following letter under date of April 22, 1889:

"I owe the preservation of my life under Providence to Swift's Specific (S. S. S.) For four years my health was wretched, ruined—my life, a life of constant pain and misery and torture. Food soured on my stomach, and what I ate to-day I would vomit to-morrow. My sleep at night was broken with the most horrible visions in dreams, so much so, that I could not bear to be left alone; chronic diarrhoea, a painful cough that threatened me with consumption; my feet and ankles were twisted out of all proportion, and my limbs swelled more or less. I could not walk except on a level floor, and then with difficulty, and for a while could not get in or out of bed without assistance.

The pressure of a finger on my body would leave its impression, and in short I thought I had dropsy, in addition to my other afflictions.

Two doctors treated my faithfully during these four years but did me no good—the medicines they gave me were as useless as stagnant water. My friends thought I would die, suffering as I was with such a combination of diseases.

In 1887 I discontinued of the medicines I had been heretofore taking and began to take Swift's Specific (S. S. S.) Five bottles of this truly wonderful medicine was what worked the miracle of my complete and permanent recovery."

The rice crop has begun on the Savannah plantations. The crop is estimated at 750,000,000 bushels.

Catarrh is a common disease, so common that snugging and "hawking" reach you at every turn. Your foot slips in its nasty discharge, in the omnibus or in church, and its stench disgusts at the lecture or concert. The proprietors of Dr. Sage's Catarrh Remedy offer \$500 reward for a case of Catarrh which they cannot cure. Remedy sold by druggists, at 50 cents.

A Swiss cheese which was received by an Aitchison grocery firm the other day weighed 700 pounds exclusive of the holes.

COMPARISON SOLICITED.—A wise discrimination should be exercised by all who take medicine. The proprietors of Hood's Sarsaparilla solicit a careful comparison of this medicine with other blood purifiers and medicines, being confident that the peculiar merits of Hood's Sarsaparilla are so apparent that the people will unhesitatingly prefer it to any other preparation. Hood's Sarsaparilla is not a mixture of molasses and few inert roots and herbs, but it is a peculiar concentrated extract of the best alternative and blood purifying remedies of the vegetable kingdom. The enormous sales of Hood's Sarsaparilla, and the wonderful cures effected, prove even more than has been claimed for this medicine. If you are sick the best medicine is none too good. Therefore, take Hood's Sarsaparilla.

In one neighborhood in Dakota last week there were only two lucifer matches to go around among twelve families, and the persons were detailed to build fires and keep them alive day and night until a supply could be had.

THE GREAT SOUTH AMERICAN NERVINE TONIC —AND— Stomach AND Liver Cure

**The Most Astonishing Medical Discovery of
the Last One Hundred Years.**

It is Pleasant to the Taste as the Sweetest Nectar.
It is Safe and Harmless as the Purest Milk.

This wonderful Nerve Tonic has only recently been introduced into this country by the Great South American Medicine Company, and yet its great value as a curative agent has long been known by the native inhabitants of South America, who rely almost wholly upon its great medicinal powers to cure every form of disease by which they are overtaken.

This new and valuable South American medicine possesses powers and qualities hitherto unknown to the medical profession. This medicine has completely solved the problem of the cure of Indigestion, Dyspepsia, Liver Complaint, and diseases of the general Nervous System. It also cures all forms of failing health from whatever cause. It performs this by the Great Nerve Tonic qualities which it possesses and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nerve Tonic as a builder and strengthener of the life forces of the human body and as a great renewer of a broken down constitution. It is also of more real permanent value in the treatment and cure of diseases of the Lungs than any ten consumption remedies ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nerve Tonic almost constantly for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

cured by this wonderful Nerve Tonic

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir, are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied, and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor impose upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This recent production of the South American Continent has been found, by analysis, to contain the essential elements out of which nerve tissue is formed. This accounts for its magic power to cure all forms of nervous derangements.

CRAWFORDSVILLE, IND., Aug. 20, '86.

To the Great South American Medicine Co.

DEAR GENTS:—I desire to say to you that I have cured my child of a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to procure Great South American Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and nerves. I can truly say that I now know the value of this remedy as I do, you would not be able to supply the demand.

Yours truly,
Ex-Cure, Montgomery Co.

A SWORN CURE FOR ST. VITUS'S DANCE OR CHOREA.

Mr. Solomon Bond, a member of the Society of Friends of Burlington, Ind., says: "I have used twelve bottles of The Great South American Nervine Tonic and Stomach and Liver Cure, and I can truly say that it has cured me of a hundred dollars worth of good, because I have not had a good night's sleep for twenty years on account of irritation, pain, horrible dreams and nervousness. I have been told that it has been caused by chronic indigestion and dyspepsia of the stomach and by a broken down condition of my nervous system. But now I can sleep and eat as usual, and I feel like a sound man. I do not think there has ever been a medicine introduced into this world which would cure St. Vitus's Dance, this Nervine Tonic as a cure for the stomach,

A SWEETHEART FOR ME: MISS S. CRAWFORDS
 My daughter, twelve years old, had been afflicted for several months with Chorea or St. Vitus's Dance. She was reduced to a skeleton, and would not eat anything but milk, and was doing little or nothing but crying. I had to handle her like an infant. Doctor and neighbors gave her all kinds of medicine, but she would not take any. I then procured a bottle of South American Nerve Tonic; the effects were very surprising. In three days she was rid of the nerve, and in a week she was able to walk and to cure her completely. I think the South American Nerve Tonic the grandest remedy ever known for this disease.

JOHN T. MISHKIN
 CRAWFORDS, ILL., June 22, 1887.

My daughter, eleven years old, was severely afflicted with St. Vitus's Dance or Chorea. I gave her three and one-half bottles of South American Nerve Tonic, and she is completely cured. I believe it will cure every case of St. Vitus's Dance. I have kept it in my family for two years, and am sure it is the greatest remedy known for this disease. It is sold in Russia, all forms of Nervous Disorders and all kinds of Nervous Debility.

INDIGESTION AND DYSPEPSIA.

The Great South American Nerve Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who affected by disease of the Stomach, because the experience and testimony of thousands go to prove that this is the **ONE** and **ONLY ONE** great cure in the world for this universal destroyer. There is no case of unalarming disease of the stomach which can resist the wonderful curative powers of the South American Nerve Tonic.

Harriet E. Hall, of Fayetteville, Ind., says: "I owe my life to The Great South American Nerve Tonic. I had been in bed for five months from the effects of an exhausted stomach. In that time I had lost all my strength and had a shattered condition of my whole system. Had given up all hopes of getting well. Had tried everything with no result. Then I got the Great South American Nerve Tonic. It improved me so much that I was able to walk about, and in a few bottles cured me."

Mrs. M. Russell, Sugar Creek Valley, Ind. writes: "I have used several bottles of **The South American Nerve Tonic**, and will say I can truly recommend it. My children, who were very weak, believe it saved the lives of two of my children. They were down and nothing appeared to do them good. I gave them this tonic, and they were up and well in a few days. It was very surprising how rapidly they both improved on its use. I recommend the medicine to all who are in need of it."
