W. B. Gill's fine mare, Roxie, which had a leg broken last week, had to be killed Sunday.

P. P. McGinnis is very proud to think his girl baby born last Wednesday, weighs nearly as much as Tom's.

Our worthy board of city dads have secured nine new street lamps to add more light and glory to our growing town. The street lamps are a good thing. We think nobody would want to do without them now.

Last Saturday night as Jim Armstrong was carrying a quarter of beef from the slaughter house to the dray, some boards in the floor broke beneath him, and in consequence he and the beef tumbled down together, the beef on top, of course. It was thought for a time that he was severely injured, but he has rallied and is about well now although he suffered much pain at first.

While riding home last Tuesday night Will Britts was thrown from his horse, which stumbled with him. He received a severe bruise on the face. Somehow he again mounted the horse and rode home, but was unconscious all the time until he had stabled his horse and gone into the house. He has no knowledge of what transpired from the time he fell until he had entered the house. He was carrying his cornet, and when he reached home he still had it, although it was badly smashed and bent.

WAYNETOWN HORNET.

Dr. Culver purchased a fine new carriage recently of Albert Miller, of Crawfordsville. The doctor is a great man for improvements of any kind.

Some boys have badly damaged the stove, furniture, etc., in the Green school house during the vacation. It is thought the damage will reach \$50.

WAVELAND INDEPENDENT.

Henry Alward is very sick. It is quite likely that the old hunter will not be with us much longer.

The workmen in the sawmill at Russellville struck this week for an advance of 2½ cents an hour in their wages.

Canine & Deer are getting the material on the ground for their lively stable. Work will be commenced in about a week.

Professor Evans will move to town next week and occupy S. M. McNutt's property. The latter will move into Will Hanna's house.

There is considerable opposition to the new school books in some quarters. The patrons of Harry Rice's school in Howard township positively refuse to use them.

The business part of town had a narrow escape from another fire on Tuesday evening. About 8 p. m. Martin Foster discovered flames issuing from the stable in the rear of the Central house and gave the alarm in time to extinguish the fire, after burning quite a large hole in the floor. There is a mysterious appearance about this. A night watchman would be a good investment here.

The retirement from the Central house of A. J. Miller leaves our little city without a hotel. Mr. Dieckrich will fit up the house as a residence it is said. A good, commodious hotel is badly needed here. The Central was so small that no money could be made in it. When an unusual number of strangers were here they could not be accommodated. We must have a hotel and the man that has the enterprise to put up a good one and conduct it right will reap quite a harvest.

Peculiar

In combination, proportion, and preparation of its ingredients, Hood's Sarsaparilla accomplishes cures where other preparations entirely fail. Peculiar in its good name at home, which is a "tower of strength abroad", peculiar in the phenomenal sales it has attained. Hood's Sarsaparilla is the most successful medicine for purifying the blood, giving strength, and creating an appetite.

Dr. Gale On Diseases of the Kidneys.

Dr. Gale observes in his treatise on disease that the great use of wine in France is supposed to have abated the prevalence of the gravel.

In some parts of this country where Speer's Port Grape Wine is principally used not only the gout, but the gravel is scarcely known. Dr. Lo Potat relates as an extraordinary instance of the effects of Speer's Port Wine on gout in the cure of Dr. Davaeran, who was attacked with it at the age of twenty-five, and had it severely till he was upwards of fifty, with chalk stones in the joints of his hands and feet, but for four years preceding the time when his case had been given to Dr. Lo Potat to lay before the public had by advice used Speer's Port Grape Wine, and had no return of the gout afterwards.—London Post.

The easiest way out of a scrape is not always the best one. A Pennsylvania burglar, being cornered in an ice house, slid down the chute and came to a halt on the useful end of a pitchfork.

A Letter From Home.

I have used your Extract of Red Clover in my family for the past year, with great success more particularly as regards my wife, who has derived greater and permanent relief by its use, after suffering and being treated by many physicians for years. For constipation, dyspepsia, and stomach trouble it is without doubt the very best medicine on the market to-day. You are at liberty to use this as you see fit and I shall be glad at any time to give my experience with your Extract of Red Clover to any one who may write or enquire of me.

The treatment of many thousands of cases of chronic weakness, who distrust all remedies peculiar to females, at the Invalid Hotel and Surgical Institute, Buffalo, N. Y., has afforded a valuable experience in adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

"Favorite Prescription" is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or the money paid for it will be refunded.

"Favorite Prescription" is a powerful, invigorating tonic, and a tonic to the system and its appendages in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Barnes' Favorite Prescription is the greatest remedy being uncoupled as an appetizing cordial and restorative tonic.

It is purely vegetable in its composition and is invaluable in allaying and subduing nervous excitability, irritability, exhalation, nervousness, hysterical, spasmodic, or distressing nervous symptoms, commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

"Favorite Prescription" is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For nervous, muscular, rheumatic, or whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful menstruation, menstrual suppression, prolapsus, or falling of the womb, weak back, female weakness, anteversion, retroversion, bearing-down sensation, chronic constipation, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "intermittent heat."

"Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for these disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription" will be taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative pills, Dr. Pierce's Purgative Pills (or Dr. Pierce's Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints and all other serious and scrofulous humors from the system.

Cancer and Pile Specialist,
EYE AND EAR SPECIALIST,
FOR THE PAST TEN YEARS.

Treats All Diseases of the Bladder and Kidneys.

In these days of rapid thought and general intelligence, comes the demand for competent Medical Specialists. The higher class of general practitioners nobly try to master every department of the healing art, but soon find themselves so much encumbered by professional duties, requiring such a monopoly of time and diversity of thought, as to compel them to neglect the chronic diseases, which are not in imminent danger, for the acute ones, which either die or get well in a few practical in acute emergencies, tends to waste their energies, destroy their excellence, and abate their interest in cases that run a slow and tedious course. Years ago I saw the necessity of choosing between the acute and chronic practice in order to reach the highest degree of professional excellence, and although enjoying a large general practice I abandoned the acute, and devoted my whole attention to the treatment of chronic diseases, and the general satisfaction which my patients receive, enables them to know that I chose wisely.
