

HOOD'S SARSAPARILLA

Take Hood's Sarsaparilla 100 Doses One Dollar

The Chief Reason for the great success of Hood's Sarsaparilla is found in the article itself. It is merit that wins, and the fact that Hood's Sarsaparilla actually accomplishes what is claimed for it, is what has given to this medicine a popularity and sale greater than that of any other sarsaparilla or blood purifier before the public. Hood's Sarsaparilla cures Scrofula, Salt Rheum, and all Humors, Dyspepsia, Sick Headache, Biliousness, overcomes That Tired Feeling, creates an Appetite, strengthens the Nerves, builds up the Whole System. Hood's Sarsaparilla is sold by all druggists. \$1.50 per bottle. Prepared by C. I. Hood & Co., Apothecaries, Lowell, Mass.

OUCH!

Ouch how I have suffered with rheumatism, day and night—all the time, no rest, no peace; always a pain here and a pain there. When any of my friends came to see me I was as cross as a bear. I could not open my mouth without a pain going through me. Nothing seemed to help me until I tried

GUCOLOID—one-third of a bottle cured me. My friends now say: "Jake, you were cured quicker than anybody." I say, get a bottle at Lew Fisher's drug store and try it yourself. Rheumatism can't stay when you use it. To all my friends I would say use GUCOLOID for rheumatism.

THE REVIEW.

—BY—

THINGS POLITICAL.

There seems to be no trouble in securing a full Republican ticket in Coal Creek township for the next free-for-all fight. S. A. R. Beach will wear tight for the race for Representative. John Wingate already has toe weights and a snitch on the auditor's track. Dick Bible is in training for sheriff, while Boston Store is yet to be heard from.

"Say, do you know that many fool Republicans, who always did the blowing but never any good, are going to fight hard for nomination for county offices next year?" was the way a good and knowing Republican talked to us this week, and his reasons were these: "They think that all they have to do is to receive the nomination; they imagine the county is solidly Republican, but they will discover that some one struck Billy Patterson by the time next year. There will be no receiving them in to suit your taste next fall; they will vote just as they want to, and the absence of the usual fine work will show that Montgomery is a very close county. They don't know this, and the reason is, they don't know how the work was done; they imagine that their loud talk and a donation of fifty cents to buy campaign powder with carried the day. It is only a question of a few months until some of them will discover how little they know about it."

It is with a feeling of deep regret that we report the information to our friend Abe Bowers, that he had best be a candidate for coroner than auditor. We may be rather youthful to assume the roll of a dictator, but we know how the ropes have been laid, and the race has been mortgaged to the "Kunnell" from Coal Creek. We honestly believe that the ex-commissioner would make a much stronger race, and even there is a possibility that he might be elected, but his cake is dough, mostly dough, and he is smart enough to find it out.

It is quite amusing to watch some of the Republican organs squirm when they see Hon. E. V. Brookshire. Spence's paper and The Hoosier State act just like a horse with the rabies does at the sight of water. Brookshire is there and don't you forget it, he will be heard with honor, something not of the order of the ex-congressman, who being now exiled to Parke county, has found his calling in staying at home, though it seems he will have to be caught before he finds it out.

If the Ladoga Leader has survived the last critical convulsion over what THE REVIEW had to say of Clark township, and important political workers that live in that prosperous place, we will, with the permission of Editor Lemon, say that the Democratic party shall select a candidate from that township. We are though unable to fully survive since he called us a pond lily cigarette smoking dude. Such an offense should be punishable by a term in Dick's old slaughter house, down by the covered bridge, if it is as it was in days of yore. We advise Lemon to hunt a soft place and rest while Jim Knox does the fine work in carrying Clark township for the republicans.

Ras Williamson, of Waynetown, wants a position under Collector Throop, but there seems to be a very slight prospect. Your uncle Joseph Grubb also wants to be fed again from the official pot, but his sly twinkle and quiet scheming seem to be far from the mark. There are many men who would sit in the band wagon if they saw anything in sight. It is a shame that there are not enough offices for all of the republicans.

In our opinion, Lemon, you talk like a pretzel.

Notwithstanding the opposition of the Warland Independent, whose influence controls the votes of "pa and me," we have it from good authority that John H. Burford will be the coming man on the republican ticket for Congress, and all we can say is there is no better nor more efficient man in the republican party in this district, and this is not paid for by the line.

Let us say a few words to you, fellow democrats of Montgomery county: For about two years the writer has been connected with THE REVIEW and knows that it has been run during that time as an able exponent of the democratic party, as far as our ability would permit. The good Harrison times we are having are not quite as cheerful to a newspaper office as they might be, but we have nailed the banner of victory to our helm for 1890 and our band is ready to sail out onto the battle-field. We must redeem Indiana; we must redeem Montgomery county, and to do so the democrats and the many disgusted republicans who realize what a condition the country is in, by Harrison's bad management, must unite and work together for the good of our country. Now, fellow democrats, we want your aid next year. We want you to take THE REVIEW and we want you to get your neighbor to take it. We want an agent at every postoffice in the county who will work for the interest of his party and we promise to make THE REVIEW better than ever. Lend your aid, and if you are already a subscriber be a good enough democrat to get another on the list.

DARLINGTON.

The chicken-pox is raging here. Charles, the baker, they say, has a notion to take her.

Miss Amanda Shriver is better after quite a siege of fever.

Miss Gale Vaughn is getting over an attack of typhoid fever.

C. O. Tribbett has had his barber chair recovered this week.

W. H. Booher and Wes Bozard are making ornamental wood hatchets.

John Hopper was in town last Wednesday selling pumpkins and turnips.

Newt. Booher is working at Crawfordsville for Wm. Hiatt in his feed stable.

Mrs. George Boots, north of town, died on Monday and was buried Tuesday.

William Hiatt has bought a feed stable at Crawfordsville and will move there soon.

We had one wedding last week, and it is reported that there will be three more soon.

Ben Booher, of near Whitestown, Boone county, has 5,000 bushels of old corn yet on hand.

One man seemed to be undecided about the gravel road question, and voted "I don't know."

The carpenters have Isaac Booher's house completed, and Marcellus Booher's ready for plastering.

Ira Booher was in Indianapolis this week buying; his second lot of robes and blankets for his fall trade.

When Darlington gets her paper they will send their friends in distant lands a copy. You may all be looking.

Lin Thompson has a position in the telegraph office at Frankfort. He returned overland from Ohio last week.

Sam Vail, of near New Ross, is here this week selling a car load of apples shipped from the south part of the State.

See those nice robes and blankets that our harness man has and be convinced that Darlington is the cheapest place to buy.

Where is New Richmond now? Darlington is to have a newspaper, the Darlington News. How does that sound? Quite well, I thank you.

Mr. Pitman and family, of Whitestown, have located here. He will shortly start a paper, having ordered his press and outfit. It is not known what the paper will be called.

Ira and Misses Bartha and Goldie Booher went to Indianapolis Monday and returned on Wednesday morning, stopping at Whitestown and remaining over Tuesday night at Ben Booher's.

Our hunters who went up north to hunt have returned, and never a bit of bear or deer meat did we get. They say they killed a catamount and had twenty-five hundred dollars worth of fun.

The farmers have not gathered much corn yet in this part of the county, and what little they have gathered is not as good as they expected. It is in bad condition to stand much wet weather, as it is more or less down.

Mrs. Frank Guntle, three miles east of here, died last Wednesday morning of consumption. Her funeral was preached by Elder Johnson at the Lutheran church on Thursday, and her remains laid to rest in the cemetery at that place.

The gravel road election in this township to buy the little bit of toll road was defeated, and we were called very selfish in Darlington for not wanting to vote the tax. Now, how did the election go in Shannondale? Only ten to one against voting taxes to buy an old, worn out, good-for-nothing road. Let the company keep their road, or the people along the line buy it as we did our toll road from Thornstown here. This is what two-thirds of the people of Franklin township say.
