

Sufferers

FROM Stomach and Liver derangements—Dyspepsia, Biliousness, Sick-Headache, and Constipation—find a safe and certain relief in Ayer's Pills. In all cases where a cathartic is needed, these Pills are recommended by leading physicians.

Dr. T. E. Hastings, of Baltimore, says: "Ayer's Pills are the best cathartic and aperient within the reach of my profession."

Dr. John W. Brown, of Oceana, W. Va., writes: "I have prescribed Ayer's Pills in my practice, and find them excellent. I urge their general use in families."

"For a number of years I was afflicted with biliousness which almost destroyed my health. I tried various remedies, but nothing afforded me any relief until I began to take Ayer's Pills."—G. S. Wanderlich, Scranton, Pa.

"I have used Ayer's Pills for the past thirty years, and am satisfied I should not be alive to-day if it had not been for them. They cured me of dyspepsia when all other remedies failed, and their occasional use has kept me in a healthy condition ever since."—T. P. Brown, Chester, Pa.

"Having been subject, for years, to constipation, without being able to find much relief, I at last tried Ayer's Pills, and deem it both a duty and a pleasure to testify that I have derived great benefit from their use. For over two years past I have taken one of these Pills every night before retiring. I would not willingly be without them."—G. W. Bowman, 26 East Main st., Carlisle, Pa.

"Ayer's Pills have been used in my family upwards of twenty years, and have completely verified all that is claimed for them. In attacks of piles, from which I suffered many years, they afforded me greater relief than any medicine I ever tried."—Thomas F. Adams, Holly Springs, Texas.

You will readily see that the average increase of taxation on the seven articles in the above list consumed by the poorer and middle classes is 42 1-7 cents on the dollar. On the six articles consumed by the wealthy the increase is but 3 1-23 cents on the dollar.

Democrats, honest thinking Republicans, and conservative voters of every party should show by their votes next Tuesday their disapproval of this bill. It is in the interest, as can be seen, of the wealthy and affluent, and is oppressive in its working toward all less favored.

Gov. HILL of New York, addressed several very large assemblages of the people in Ohio last week in the interest of the democracy of that State. Among some of his remarks we extract the following relating to the proposed federal election law or force bill, which is certainly timely, true and eloquent:

I oppose the election of William McKinley, among other reasons, because he voted for and advocated the infamous force bill. That measure imperils the very existence of constitutional government in this country, and the best interests of the people demand its defeat. The issue which it presents equals, even if it does not overshadow, the industrial question presented by the tariff. I deny the existence of any valid or substantial reason for the passage of such a measure. Party expediency and necessity may urge its enactment, but patriotism, good government and the cause of honest elections unite in opposing its success. Stripped of the patriotic disguise which the measure assumes and considered in the light of truth and justice, it is a scheme devised to perpetuate the political power of the republican party and control the elections of the country, especially in the southern States. Our opponents shout that they want "honest elections," but they insist that such honesty must be obtained under methods manipulated by them and them alone. The enforcement of such a measure would require millions of dollars from the public treasury; would foist upon the people a heard of federal official not elected by citizens, but appointed by judges who hold their positions for life, and would endanger the peace and good order of communities without affording the slightest protection to a single elector.

INSTRUCTIONS TO VOTERS.

1st. Get your ballots of the polling clerks in the election room.

2nd. Stamp the square at the left of the title of your party at the head of the ticket.

If you wish to vote for a candidate not on the ticket of your party, then in addition to stamping the square to the left of the title of your party, stamp the square to the left of the name of each candidate for whom you wish to vote.

3rd. Do not mutilate your ballot or mark it either by scratching a name off or writing one on, or in any other way, except by the stamping on the square or squares, as before mentioned. Otherwise the ballot will not be counted.

4th. If you do not understand how to mark your ballots, ask the poll clerks. If you cannot read English or are physically unable to mark your ballot, on your request, the poll clerk will mark it for you.

5th. If by accident or mistake, you tear, mutilate, deface or spoil your ballot, go at once to the poll clerks and explain how the accident occurred, return the ballot to them and ask for another.

ELECTION NEXT TUESDAY.

The state election is Tuesday next. While the contest this year has not been so enthusiastic nor noisy as that of two years ago, there has been considerable work done on both sides. The prospects for the democracy this year both in the State and county are bright and promising, and if democrats do their duty success is ours. Our county ticket from top to bottom is composed of good men, men who can and will, if elected, fill the duties of the offices to which they aspire with credit to themselves and the people. There is no necessity, whatever, for scratching of tickets. Personal feeling should not enter into the matter, but those who vote the ticket should vote it entire. We believe there will be much less scratching of tickets at the coming election than for some years past. The party seems united. Now let every man of it come and vote and success is ours.

THE Republicans have called out all their best speaking talent for Ohio, Indiana, and Illinois, for this campaign, Blaine, Reed, McKinley and others being among them. They greatly doubt the probability of Republican success, and have reason to. The McKinley bill is an outrage. Its injustice and unfairness are already being demonstrated, and will induce many of their party to vote the Democratic ticket.

THE McKINLEY BILL.

The McKinley bill has a free list and in order that you may give the devil his dues, will print you a selection of articles from it. On the bill and in its free list you will see: Balm of Gilead, stuffed birds, bladders, dried blood, catgut, charcoal, DIAMONDS (in the rough), divi-divi, birds eggs, fish ball, fish skins, broken glass, salted guts, hoofs, horns, ice, joss sticks (with which Chitmanau does his smoking), old junk, leeches, pulu (yum yum), rags (not clothing for the poor mind you. That has 45 to 60 per cent. duty on it), sausage skins, snails, teeth, and tortures.

Now when you remember that clothing and building material and house furnishings—in fact that almost every article you have to buy is under a heavy tariff tax and prices going up on every day, you will feel truly thankful for this free list and will doubtless want to vote the republican ticket early and often on election day.

P. S.—We forgot quinine. When this went on the free list it was selling for \$1.75 per ounce. Now that the duty is off of it you can buy it for 40 cents an ounce.

MUST LIVE AND LEARN.

The other day the Chicago Herald published a statement to the effect that boots and shoes would be higher under the McKinley bill, and a tariff organ here scouted the idea. In Wednesday's telegrams from New York was the following:

"About one hundred and thirty shoe manufacturers, representing all parts of the country, met to-day at the Metropolitan Hotel and decided that, owing to the McKinley bill, there must be an advance in the price of shoes. This decision was not reached until after a discussion lasting six hours."

Consumers will read this sort of thing every day for the next six months. The McKinley bill was prepared by the agents of the banded trusts and combines. Why shouldn't prices advance? That is what it was intended to bring about. The simpletons who imagine that everything can be taxed for the benefit of manufacturers and that nobody will feel the tax must live and learn.

EVERYTHING is going up except wages. While this is true, it is also true that laboring men are forced to organize to prevent wages being reduced. Who demanded increased tariff taxation? Not the tolling millions. The protected lords of America, who forced a republican congress to repay the fat tried out of them in 1888. The laboring man who votes for a member of congress deserves to be a slave. The tolling millions in the country are forced, through the operation of the McKinley bill, to share the profits of their toil with the protected lords, who have grown so rich and powerful that congress is forced to do their bidding. After the McKinley bill is in full operation, the dollar earned by the daily toiler will buy but 80 cents worth of protected articles. Who gets the 20 cents? Not the toiler.

As is known, a few persons terming themselves Democrats, but who vote probably wholly from inspiration and not from sound sense and judgement, have been aiming to bring about the defeat of John P. Bible for sheriff. Mr. Bible stands, and always has, as well in the community as any man in it. He is honorable in all his dealings, has voted nothing but the Democratic ticket, and is as fully entitled to the entire support of the party as any man upon the ticket. We believe he will receive it. This feeble effort to defeat him, arises almost wholly through disappointment with some envy governing it. He will make a good sheriff if elected, will fill the duties of the office to the satisfaction of those who may have business with it, and every Democrat should vote for him.

A TWENTY story building, to be known as the Masonic Temple, is to be erected in Chicago next year. It will be the tallest business building on earth. What a splendid mark that would be for a cyclone, and as Chicago has had everything else but a well trained cyclone, it will not be long may be until they are visited by one. Should such windstorms as have visited several western cities ever reach Chicago the rage for tall buildings will soon cease thereafter.

THE Journal is much worried over the alleged attacks on the character of John C. Wingate, Republican candidate for Auditor. If he has any character aside from that of a petty, scheming politician, no one is aware of it. He has been trying for years to break into some kind of a position in office, but has had no success, whatever, and after next Tuesday will and should subside for the rest of his days, as his chances are not one bit better than they would be for Governor.

QUITE a number of new fresh lies about a few of the candidates on the democratic county ticket are to be put in circulation to-day. The purpose in holding them back is to prevent their contradiction before the day of the election—next Tuesday. Our party friends through the various townships should pay no attention to any of these lies. They are circulated solely in the interest of the republican county ticket.

THE Petit trial it is noticed is losing its interest with a great number of people, and many of those first attending it have dropped out of sight. It is thought by many that it will close within ten days, and outside of a few interested parties none care how soon.

REMEMBER the speech of Hon. Jos. E. McDonald at the Court House this afternoon. There are few men better acquainted with the tariff question than ex-Senator McDonald, and if you desire to hear it understandingly attend the meeting this afternoon.

The McKinley bill not only invades the kitchen, the workshop, the parlor and the home of the poor man, but it invades the grave. It costs more to die now than it did before the bill went into effect.

TARIFF reform republicans, the way to rebuke the high tariff barons, is to stamp the square at the left of the word "Democratic Ticket," which is the first title below the roster.

DEMOCRATS who falter this year, and throw cold water on the ticket, should be remembered in the future. This is an election of great importance to the people.

DEMOCRATS, come out next Tuesday to the polls and cast your ballots for the persons whose names appear under the device, the roster.

STAMP the square to the left of the words, "Democratic Ticket," having the emblem of the rooster above them.

DEMOCRATS, come out on election day and work for the success of the State and county tickets.

VOTE for Harney, Goben, Higgins, Bible and all the names on the Democratic ticket.

REMEMBER, use the stamp only to the left hand of the words, "Democratic Ticket."

VOTE an unscratched ticket.

WOMAN'S INTUITION.

Nearly Always Right in her Judgement in

Regard to Common Things.

An old gentleman over seventy, came into the city from his farm, without his overcoat. The day turned chilly and he was obliged to forego his visit to the fair.

To a friend who remonstrated with him for going away from home thus unprepared, he said: "I thought it was going to be warm; my wife told me to take my overcoat, but I wouldn't. Women have more sense than men anyway."

A frank admission.

Women's good sense is said to come from intuition; may it not be that they are more close observers of little things. One thing is certain, they are apt to strike the nail on the head, in all the ordinary problems of life, more frequently than the lords of creation.

According to Dr. Alice Bennett, who recently read a paper on Bright's disease before the Pennsylvania State Medical Society, persons subject to bilious attacks and sick headaches, who have crawling sensations, like the flowing of water in the head, who are tired all the time, and have unexplained attacks of sudden weakness, may well be suspected of dangerous tendencies in the direction of Bright's disease."

The veteran newspaper correspondent, Joe Howard, of the New York Press, in noting this statement, suggests: "Possibly Alice is correct in her diagnosis, but why doesn't she give some idea of treatment? I know a man who has been 'tired all the time' for ten years. Night before last he took two doses of calomel and yesterday he wished he hadn't."

A proper answer is found in the following letter of Mrs. Davis, wife of Rev. Wm. J. Davis, of Basil, O., June 21st, 1890:

"I do not hesitate to say that I owe my life to Warner's Safe Cure. I had a constant hemorrhage from my kidneys for more than five months. The physicians could do nothing for me. My husband spent hundreds of dollars and I was not relieved. I was under the care of the most eminent medical men in the State. The hemorrhage ceased before I had taken one bottle of the Safe Cure. I can safely and do cheerfully recommend it to all who are sufferers of kidney troubles."

Fortunate Father and Son.

"I am as certain as I now live," says C. E. Bartholomew, of Kankakee, Mich., "that Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., saved my life when I was a victim of that terrible renal disorder—Bright's disease. My son had a fever sore on his leg. He, too, used Favorite Remedy, and is now well. But for this medicine I am sure both father and son would have been six feet under the sod."

A Family Jewel.

Dr. David Kennedy, of N. Y., the famous surgeon and physician, has sent us a copy of his book, "How to cure kidney, liver and blood disorders." It is a work which should be read in every home, for the value of the medical lessons along. It contains also many life illustrations, and two fascinating stories from the widely known author "Ned Buntline." Anyone sending their address with name of this paper to Dr. Kennedy, will receive the book free by mail.

Proper Bible Wine.

Alfred Speer, who has large vineyards near Passaic, N. J., is extensively engaged in preserving Unfermented Grape Juice from the Oporto grape and furnishes it to many religious societies for Communion purposes. The following is from Dr. John Ellis, who has written several works on Bible wine: "The writer obtained from Mr. Speer a bottle of his Unfermented Wine and found it a very pleasant and nutritious wine. A chemist put a portion of this wine into a retort and distilled and condensed about one-third of the contents of the retort. The distilled had neither the smell nor the taste of alcohol, nor did chemical tests indicate any trace of alcohol."

The average temperature of Sitka, Alaska, in winter is 43 degrees above zero. In forty years the mercury has fallen below zero but four times.

The consciousness of having a remedy at hand for croup, pneumonia, sore throat and sudden colds, is very consoling to a patient. With a bottle of Ayer's Cherry Pectoral in the house, one feels, in such cases, a sense of security nothing else can give.

Two girls, Ella Arp and Clara Roberts, of Tipton, went to a Kokomo hotel to meet a "yeller nigger." Hotel man caught on to 'em and they were kicked out.

It was once supposed that serofula could not be radiated from the system; but the marvelous results produced by the use of Ayer's Sarsaparilla disprove this theory. The reason is this medicine is the most powerful blood purifier ever discovered.

The dead body of an unknown man who had lost an arm was found in the woods near Goshen. It is not known whether it is a murder or suicide.
