

**CATARRH**

Is a constitutional and not a local disease, and therefore it cannot be cured by local applications. It requires a constitutional remedy like Hood's Sarsaparilla, which, working through the blood, eradicates the impurity which causes and promotes the disease, and effects a permanent cure. Thousands of people testify to the success of Hood's Sarsaparilla as a remedy for catarrh when other preparations had failed.

**CATARRH**

"I will say I have been troubled for several years with that terribly disagreeable disease, catarrh. I took Hood's Sarsaparilla with the very best results. It cured me of that continual dropping in my throat, and stuffed up feeling. It has also helped my mother, who has taken it for run down state of health and kidney trouble." Mrs. S. D. Heath, Putnam, Conn.

"I have used Hood's Sarsaparilla for catarrh with very satisfactory results. I have received more permanent benefit from it than from any other remedy I have ever tried." M. E. Read, of A. Read & Son, Waukeon, O.

The next senate of the United States will have an anti-high tariff majority. The democrats will elect a successor to Blair in New Hampshire, to Evans in New York, to Spooner in Wisconsin and to Farwell in Illinois. In Kansas, Ingalls will be succeeded by a democrat or a low tariff republican. There is also hope of the Colorado legislature being democratic. If this should happen the democrats will gain five Senators and lose none. This would be equivalent to reducing the republican majority twelve votes. The defense in the celebrated Pettit murder case, now on trial at Crawfordsville, is such that it begins to seem as if there is good grounds for a reasonable doubt that he caused the death of his wife by administering strichnine poison to her. **Obituary.**

Amos Thompson died at half past 1 o'clock Wednesday morning, Nov. 5th, 1890.

He was born in Butler county, Ohio, in the year 1809.

In the year 1839 he came to this county. He chose for his companion Miss Margaret Dix, on who five children, four sons and one daughter, now mourn his departure. Mr. Thompson was not a member of any church organization, but was a student of the Bible, a firm believer in its teachings, and possessed of deep religious convictions. He was a kind father, a worthy citizen, a firm friend, and good man in all the relations of life. He bore his suffering patiently and was conscious of the approach of death. His funeral services were conducted by the writer at his late residence at 2 p. m. Nov. 6, 1890, in the presence of a large crowd of neighbors and friends.

JOHN M. STAFFORD.

**A Voice From Montana.**

GLASGOW, MONT., Nov. 8, 1890. Montana sends greeting to Indiana with her grand majority of 19,000. The theft of Silver Bow precinct has been rebuked. Prince Harrison and the political forgers of his party in this state have, by their miserable depravity and wanton disregard of decency, insured permanent democratic supremacy here. The democrats are painting the sordid realms with a magnificent red of victory for the unprincipled sweep made in this state and throughout the Union. Hurrah! for old Montana!

I have just received word that you elected every man on the county ticket—a good day's work. Here's to you, boys.

It very liable to follow contract of the hands or face with what is known as poison ivy especially in hot weather or if the body is perspiring freely. The trouble may subside for a time, only to appear in aggravated form when opportunity offers. It also cures scrofula, scat. rheum, and all other affections arising from impure or poisoned blood.
