

Purify

The importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is hereditary and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. There is nothing more proven positively than the power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

LUCKY MISS CLEVELAND.

Baby Ruth the Recipient of Many Tokens of Remembrance from Every State in the Union.

New York, Oct. 22.—When Baby Ruth Cleveland gets to be a big girl she will be told by some fond relative that she was born with not only a gold spoon in her mouth, but, figuratively speaking, with her little mouth full of gold spoons, silver spoons, gold-lined soap boxes, silver brushes for her little head and a thousand and one other dainty and useful articles for infantile use only. Since the fair little debutante arrived in town the rumble of express and delivery wagons up to the Cleveland mansion has been almost uninterrupted. They bring parcels addressed to her own self, to her papa and to her mamma. Probably not a state from Maine to California has been left unrepresented in the giving of a present for the ex-president's wee baby girl.

BIG FIRE AT MINNEAPOLIS.

Sash, Doors and Blinds for the World's Fair Destroyed.

MINNEAPOLIS, Minn., Oct. 22.—The warehouse of Bardwell, Robinson & Co., sash, door and blind manufacturers, Twenty-fourth avenue north and Second street, was burned to the ground between 12 o'clock and 3:30 o'clock Wednesday morning, involving a loss of about \$100,000, with insurance for about half. The warehouse was four stories high and 75 by 100 feet in size, and was stored with valuable material. The company recently secured an immense contract for furnishing sash, doors and blinds for the Columbian exposition in Chicago, and the most of this material, which had been finished ready for shipment, was stored on the upper floors of the warehouse and is a total loss.

Broke His Mother-in-Law's Neck.

ST. LOUIS, Mo., Oct. 22.—Andrew Wynn, a farmer living near Jefferson, S. D., drove to town Wednesday with his wife and two children and his mother-in-law, Mary Fountaine, and her two daughters. They saw the corn palace and he saw a good many saloons, so that when they started to return he was quite drunk. He drove recklessly and threw them all out. The old lady's neck was broken and all except one more or less injured. Wynn is held pending a coroner's investigation.

Acids Cause a Fire.

CLEVELAND, O., Oct. 22.—Fire broke out in a large four-story building at the corner of Center and Winslow streets at 3:30 o'clock a. m. Wednesday and a loss of \$100,000 resulted. The upper floor of the block was occupied by the Oxidized Acid Company, and it is supposed that the fire started in this department as the result of spontaneous combustion.

Italy's Restriction Removed.

WASHINGTON, Oct. 22.—The department of state has received a cablegram from Mr. Whitehouse, the American charge d'affaires in Rome, stating that the government of Italy has removed the restriction upon the importation of swine products from the United States if accompanied by inspection certificates. The decree against the importation of live swine is still in force.

Parnell Died Intestate.
