An Introduction:

To the through car service of the Wisconsin Central Lines and Northern Pacific Railroad is unnecessary to say that the advantage and convenience has been greatly increased. The only route to the Pacific coast over which both Pullman, Vestibuled, and Sleeper, and Pullman Tourist Cars are operated from Chicago to St. Paul without change. Through trains leaves Chicago every day at 10 p.m. The traveler via this route passes through the most picturesque, interesting and prosperous belt of country in the Western World. There is scenery with most striking contrasts that range from the rolling prairie and the pine forest level to the wildest passes of the highest mountains in the world.

There is a series of the noblest cities, towns and villages of every variety and size, from the hamlet or the tiny farm, upward; the richest mines in the world; the greenest and most lasting pasture; the wildest scenery on the continent; canons as weird as a nightmare; hills, snows and peaks startling in the magnificence of their beauty, and a perfection of comfort in traveling that has never been surpassed.

Past train via the Wisconsin Central Lines for St. Paul, Minneapolis, Ashland and Duluth leaves Chicago at 2:05 p.m. daily with Pullman Vestibuled Sleepers and the Central's famous dining cars attached.

DYSPEPTICS

Will never use any other medicine after once giving MAGEE'S EMULSION a fair trial. The rapidity with which it promotes Digestion and builds up the entire system is astonishing. Even the weakest dyspeptic can retain the Emulsion on his stomach, and that means a continual improvement and permanent cure.

Pettit's Mistake.

A story comes from the northern penitentiary at Michigan City, where W. Fred Pettit, formerly of this city, is serving a life sentence charged with the murder of his wife near Crawfordsville, which says that Pettit recently behaved himself in such a way as to receive severe punishment. As the story goes Pettit had written a letter to some friend on the outside of the prison, presumably some one in the State, and wanted to have it mailed without the cognizance of any of the authorities of the penitentiary. The letter was carried with him and he informed a brother convict of what had been done, requesting him to drop it in some lady's pocket when the visitors were passing through. One day a group of people were inspecting the place, several ladies being with the others. The convict had the letter and watching his chance slipped it into the feminine pocket. Apparently the attempt was successful for the lady left the department and started out. She must have dropped the letter for it found its way to the officials and an investigation was made. Pettit, it is said, would not tell who put the letter in the lady's pocket, and to force the information from him he was strung up by the thumbs for two hours.—South Bend Times.

Treasurer Hutton's Settlement.

On January 1st Treasurer J. C. Hutton made his semi-annual settlement with State Treasurer Gall. Montgomery county ranks right among the first in amount of taxes collected and goes far toward swelling the state exchequer. Following is a statement of Mr. Hutton's settlement:

State tax.....	\$10,967 84
School tax.....	14,462 66
University tax.....	349 28
School Fund Interest.....	3,548 53
Docket Fees.....	146 00
Total.....	\$29,474 36

Treasurer Hutton's figures tallied to a cent with the State Treasurer's books, which, according to Mr. Gall, is something unusual, and Mr. Hutton was complimented very highly on his splendid business methods in handling the county's finances. Our treasurer is a thorough business man, an earnest untiring worker, and the compliment was deserved as well as appreciated.

Dwarfish Students.

The are some students in Wabash College who are as devoid of principle as a hog is of Christian charity. Last week the Senior class of that institution gave a swell reception at the Yandes building and employed the Music Hall orchestra to furnish the music. Nothing was said on the subject until about noon of the day of the reception when the class notified the orchestra by letter that their services would not be required, that they had secured music from Indianapolis. In the face of the fact that the local orchestra had lost another engagement through this shabby treatment they will enter suit in court to recover the amount lost.

Wants \$13,000.

Manager Thomas Miaco, of the unfortunate City Club Burlesque Company, has brought suit against the Monon railroad for \$13,000 for a loss of four week's dates. Miaco also demanded the money that the members of his troupe received for their injuries, claiming that as the members had been paid their salaries in full up to the time of the accident that the money they received for their lost time and injuries virtually belonged to him, and cursed the lady members roundly for accepting the money. After the wounded members recover they should hunt up Mr. Miaco, apply to his person a neat coat of tar and feathers and ride him on a three cornered rail.

Prisoners Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my Lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs, and Colds. I gave it a trial, took it in all, eight bottles; it has cured me, and thank God I am now a well and hearty woman. Trial bottles free at Nye & Co's Drugstore, regular size, 50c, and \$1.00.
