THE MORPHINE ROUTE AGAIN.

The Regular Weekly Unsuccessful Attempt At Suicide.

The suicide mania has captured Crawfordville. There has not been a week in the past five that some poor demented fool has not attempted to shuffle off the coil. The latest victim is Annie Stevenson, a comely miss of eighteen summers with an even number of winters. Annie was born and raised in this county, and was a familiar figure in the ranks of the Salvation Army during their reign here. A couple of years ago Annie removed to Marion, but returned here during the fair and began slinging hash in a restaurant on Green street. Anna found a home with Mrs. Elmer Marsh, whose husband deserted her some time ago, and the two were wont to pass the evenings in melancholy broodings. Monday afternoon, Annie was attacked with a very violent fit of blues and visiting three different drug stores purchased morphine at each. Returning home she told Mrs. Marsh she had purchased some quinine and in the lady's presence took all she had bought at one dose. She then started out walking with Charlie Crider but before going a dozen steps she fell in a swoon. Dr. Jones was hastily summoned and with the aid of his stomach pump soon had the young woman pumped as the dry as month of October. She has sufficiently recovered as to be able to resume her work but swears she will kill herself at the first opportunity. She should be allowed to depart in peace at the next attempt.

Death of an Eccentric Old Woman.

Grandma Buckley, the second oldest citizen of Clark's Hill, Tippecanoe county, is dead. She was eighty-four years old, and more than sixty years of her life were spent in this vicinity. She was eccentric in many ways. Some years ago her son, James, at that time superintendent of the Northern Pacific road, arrived there in his private car to remove her to his elegant home at Spokane Falls. She went as far as Chicago but returned the following day, saying she preferred her own little house where she could smoke her pipe without fear of offense to any one. She lived alone for years, despite the protests of her worthy son, who wanted to take her away or else build her a better home there. Her son reached her bedside twelve hours before her death.

Boarding With Sheriff Bible.

Deputy Sheriffs Agnew and Tribby went to Parkersburg Wednesday and arrested Otto Rogers on an indictment returned by the late grand jury charging him with assault and battery. When the assault was committed Rogers skipped the country and only ventured back this week to be captured. His bail is fixed at \$200, in default of which he is now the guest of Sheriff Bible.

A Cowardly Assault.

Bill Hays, a local tough and cowardly bruiser, is badly wanted by the police. Charley Warren is a well known old gentleman who lives near the Plum street depot. Last week Mr. Warren succeeded in getting his daughter, Mrs. Creque, from a place in the north end and brought her home. Now Bill has been paying considerable attention to Mrs. Creque of late and when the old gentleman took her home Bill considered it a personal insult and resolved to be avenged. Saturday night he went to the Warren home at a late hour and forcing an entrance proceeded directly to the room of Mr. Warren, who was quietly sleeping in his bed, and began beating the old gentleman about the face and head with a brick. Mr. Warren's yells frightened the young vagabond off, but not before the old gentleman's head was beaten almost to a jelly. About an hour later Bill returned and again entered Warren's room, presumably to finish the job he had started. A physician had been summoned in the meantime and was dressing the old man's wounds when Hays entered. The doctor quickly took a turn at the villain and Hays was driven out of the house. Warren's wounds are painful though not serious and by Monday he was able to be out. Up to the present time Hays has succeeded in evading the police but when caught will be severely dealt with.

Morrison's Murderers Arrested.

John Morrison, a well-known resident and constable living at Manson, Clinton county, was cruelly stabbed and killed near his home Monday evening by Bud and Arthur Hampton, formerly of Thorntown, but now of Manson. Word was at once sent to Thorntown to Marshal Fugate to be on the lookout for them, and he arrested them Tuesday morning at the Big Four station while they were awaiting the early train for Indianapolis. They were interviewed Tuesday morning at the jail and they claim that it was done in self defense, and that Morrison was too intimate with Bud Hampton's wife. Marshal Bird conveyed them to Frankfort Tuesday afternoon to await trial.

Barn and Contents Burned.

Last Saturday night J. Hoover, living south of Waveland, went into his barn with a lighted lantern and when through with his work, forgot to extinguish it. An hour later, barn, contents, three horses, lantern and all were consumed by flames.

A Fine Gift to Purdue.

The greatest and most pleasing surprise ever experienced at Purdue occurred at chapel Monday morning when President Smart announced that Mr. Amos Haivelon had made the university a gift of \$35,000. The announcement was entirely unexpected even by the faculty, and was greeted by the famous "Purdue yell" from the students. The president then stated that the money had been given to relieve the great need of the institution for more room and would be applied to the completion of the mechanical building, as proposed in the original plan. Mr. Haivelon's attorney explained briefly the giver's motive as a desire to contribute something to the opportunities for earnest young men to obtain a practical and useful education. Mr. Haivelon was present, but made no remarks, and, after the chapel exercises, was overwhelmed by the thanks of individual members of the faculty and students. The donor is a resident of Clinton county, a modest farmer, well known for his uprightness and charitable principles. The gift has been made voluntarily, and came as a great surprise to the board of trustees. It seems that Mr. Haivelon has been looking about quietly for some time for a satisfactory use for this money, and had visited Purdue incognito several times. The students immediately manned the cannon and fired a salute.

Willie Tillbrook
Son of

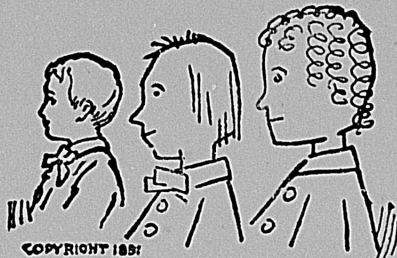

Mayor Tillbrook

of McKeesport, Pa., had a scrofula bunch under one ear which the physician lanced and then it became a running sore, and was followed by erysipelas. Mrs. Tillbrook gave him

Hood's Sarsaparilla

the sore healed up, he became perfectly well and is now a lively, robust boy. Other parents whose children suffer from impure blood should profit by this example.

Hood's Pills cure Habitual Constipation by restoring peristaltic action of the alimentary canal.

The smallest is the best in pills, other things being equal. But, with Dr. Pierce's Pleasant Pellets, nothing else is equal. They're the best, not only because they're the smallest, and the easiest to take—but because they do more good. They cleanse and regulate the liver, stomach and bowels in a way the huge, old-fashioned pill doesn't dream of. Think of trying to regulate the system with the ordinary pill. It's only good for upsetting it.

These are mild and gentle—but thorough and effective, no pain—no griping. One little pellet for a laxative—three for a cathartic. The best Liver Pill known. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks and all derangements of the liver, stomach and bowels are prevented, relieved and cured.

Put up in sealed vials—a perfect vest-pocket remedy, always convenient, fresh and reliable.

They're the cheapest pill you can buy for they're guaranteed to give satisfaction, or your money is returned. It's a plan peculiar to Dr. Pierce's medicines.

You pay only for the good you get. Can you ask more?
