

S.S.S. CURES MALARIAL POISON

LIFE HAD NO CHARMS.
For three years I was troubled with malarial poison, which caused my appetite to fail, and I was greatly reduced in flesh, and life lost all its charms. I tried mercurial and potash remedies, but to no effect. I could get no relief. I then decided to try S.S.S. A few bottles of this wonderful medicine made a complete and permanent cure, and I now enjoy better health than ever.

DR. E. HUNTSINGER

A CARD.

It is now about six years since Dr. E. Huntsinger of Frankfort, Ind., began making regular visits to Crawfordsville, during which time he has treated hundreds of cases and performed scores of surgical operations for cataracts, croupy eyes, closure of the tear ducts and, with a success that commands him to the confidence of this entire community.

Special attention to fitting spectacles and eye glasses for which purpose the Doctor has one of the most elaborate and complete sets of perfecting testing appliances in the west.

Eye Strain which requires glasses to be corrected is one of the most common causes of weary painful vision and of headache. It produces more headache of various kinds, especially sick and nervous headache than all other causes combined. It is also a very common cause of weak, watery, sensitive, painful, smarting, heaviness and aching in, over back around the eyes. When reading letters blur and run together. Where symptoms usually disappear when reading or close work is laid aside, but return again as often as either is resumed. These cases call for the highest skill in determining the kind and strength of glasses to prescribe. No specialist in the west possesses as large and complete set of appliances for detecting and correcting these symptoms as Dr. Huntsinger.

At Dr. McCormick's Dental Office, Crawfordsville, Thursday, Oct. 27, Weyland, Dr. E. Huntsinger, Friday, Oct. 28 all day. Wingate, Thursday, Nov. 10 until 2 o'clock in afternoon. Returning to each place every four weeks.

Do You Want to Marry?

Or do you wish social letters from gentlemen and ladies of culture and means from all over the country? If so, just send on ten cents and receive a copy of the elegant matrimonial journal, called the Orange Blossoms, which will afford you more healthful enjoyment than you have had for many a day. Each number contains hundreds of letters from young ladies and gentlemen wanting correspondents from the opposite sex. The Orange Blossoms has the largest matrimonial bureau in the United States, through which hundreds are introduced to each other yearly, and many are the happy marriages thereby formed. The business has grown to be recognized by the leading people of New England as filling a long-felt want in society. One would be surprised to see the high-toned class of people who do business with this bureau. It is no "cheap john" affair out one of the leading business concerns of Boston and is largely patronized by the better element, and by that I mean the honest, well-to-do people who are working at fair wages and are looking for a true mate somewhere. If there is a man or woman who has not found his or her duty here's the golden opportunity. Don't wait, as this advertisement won't appear long in this paper unless there are many responses.
Address: ORANGE BLOSSOMS, Room 15, 18 Joyland St., Boston, Mass.

FOR BETTER ROADS.

A Movement to Make Indiana the Banner State in Road to County Highways.

For the purpose of bringing together interested representatives of all parts of the state to take steps toward establishing a better system of road making in Indiana, the Commercial Club, of Indianapolis, authorizes the insurance of a call for a Road Congress, to be held in Indianapolis Dec. 6th, 7th and 8th, 1892.

The Congress will consider methods of work, suitability of materials, faults of the present system, needed legislation and the various practical questions involved in the road making problem, in addition to which the important benefits, commercially and socially, to be derived from good roads and streets will receive attention. The programme will embrace addresses from people of national prominence as authorities on the subjects to be considered, an opportunity will be given for such discussion as will fully enlighten those desiring information.

The object of the Congress will be to stimulate appreciation of the importance of good roads, and to make an organized effort to give Indiana the best road system in the country, which will, it is believed, more effectively than anything else that needs to be done at this time, increase its prosperity, promote its general improvement, and advance it in the good opinion of people everywhere.

The Congress will be composed of delegates to be appointed by boards of county commissioners, municipal governments, commercial organizations, agricultural societies and institutions, and such persons as may be formally invited to be present by the committee in charge. Township trustees will be entitled to participate in the proceedings. Delegates will be expected to present credentials.

The Congress will convene in the House of Representatives, state capitol (the use of which for its sessions has been specially granted), on Tuesday, December 6th, at 10 o'clock a. m. The programme for the sessions will be published later. Arrangements are being made for a special railroad rate of one and one-third fare for delegates.

Want the Subsidies Paid.

"The financial affairs of the Indiana Midland road took a new turn yesterday. When the old Anderson, Lebanon & St. Louis was being built Anderson township, in Madison county, voted \$5 aid to the amount of \$30,000, and paid \$13,000 of it; Noblesville and Washington, in Hamilton county, voted \$52,000, and paid \$19,500; Clark, Scott and Brown townships, in Montgomery county voted \$47,000 and paid \$8,000. When the Midland railroad completed the track through these counties the county authorities were asked for the \$88,500 of unpaid subsidies. Some of the townships wanted to pay, and Clark township in Montgomery county, went before the board with 144 of the leading citizens, and the tax was put on the duplicate; but lawsuits followed, and the old Midland company has never been able to collect one cent. "This," says an Indiana Midland friend, "has been the root of all the trouble of the Midland. The old creditors of the Anderson, Lebanon & St. Louis appeared in the Montgomery Circuit court, and had A. B. Anderson appointed receiver, and last week his attorney P. P. Mount, of Crawfordsville, filed a suit in each one of the counties to collect three unpaid subsidies for the benefits of the creditors of the Anderson, Lebanon & St. Louis. The Midland claimed that they built the road and should have the subsidies but were unable to collect. Now the receiver of the A. L. & St. L. will have his inning."—Indianapolis Journal.

Another Burying Ground.

The last skeleton exhumed was by Jack Gray, in a gravel pit on the Davis farm just east of town. It measured seven feet in length and the femur alone showed that in life the figure was that of a giant. The bones of the face were perfect in every sense and there was a full set of teeth, with the enamel as polished marble. Most of the bones represent the frame-work of a man extinct for centuries. Some suppose it to be the skeleton of a mound builder who roamed this country hundreds of years ago. An earthen vessel containing the remains of a turtle and the bones of a coon were exhumed with the skeleton.—Waynetown Dispatch.

Neah Not In It.

Noah Flannigan is mad. He was nominated by the People's party for Sheriff and afterwards endorsed by the Prohibitionists. By some unexplained reason when Harmon Hiatt, the People's party secretary, sent in the names to the election commissioners he omitted the name of Mr. Flannigan, and as the gentleman's name doesn't appear on the ballots it will be very difficult for his constituents to vote for him. As a consequence he is a defeated man before the election and there is no help for it.

A Sad Death.

Is it not sad to see your friends and neighbors die with Kidney Complaints or any other disease of the Urinary Organs, when if they had taken Johnston's Royal English Rustha, it would have cured them of their disease and restored them to health again.

Racing With Wolves.

Many a thrilling tale has been told by travelers of a race with wolves across the frozen steppes of Russia. Sometimes only the picked bones of the hapless traveler are found to tell the tale. In our own country thousands are engaged in a life-and-death race against the wolf consumption. The best weapons with which to fight the foe, is Dr. Pierce's Golden Medical Discovery. This renowned remedy has cured myriads of cases when all other medicines and doctors had failed. It is the greatest blood-purifier and restorer of strength known to the world. For all forms of scrofulous affections (and consumption is one of them), it is unequalled as a remedy.

At a recent New York reception the wedding cake of the bride's mother was served. It had been kept for that purpose, wrapped in brandied paper in a tin box.

MESSRS. DULLAM BROS.—Gentlemen:—For over 4 years I have been afflicted with an eruption of the skin, which became very troublesome and I could get no relief. I was also troubled very badly with constipation, which nothing I tried gave any permanent relief until I took Dullam's Great German blood, liver, stomach and kidney remedy and since taking I have been entirely cured. For a tonic, blood purifier and general health restorer I can heartily recommend it. \$1 a bottle.

My daughter has been afflicted with Female trouble for over six years and I have paid out over \$700 in vain trying to find relief for her.

A lady friend advised her to secure a bottle of Dullam's Great German Female Uterine Tonic and she has been completely cured by it.

We gave it a fair trial and the results were wonderful. We cannot recommend it too highly to all ladies who are afflicted.

The Plain Truth.

Is good enough for Hood's Sarsaparilla—there is no need of embellishment or sensationalism. Simply what Hood's Sarsaparilla does, that tells the story of its merit. If you have never realized its benefits a single bottle will convince you it is a good medicine.

The highest praise has been won by Hood's Pills for their easy, yet efficient action. Sold by all druggists. Price 25 cents.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Six Horses Burned.

Milo Tomlinson, living near Linden, is, or was up to last Friday night, the possessor of some of the finest horse flesh in Montgomery county. Last Friday Mr. Tomlinson's barn contained six head of fine horses, among them being By-Tom and Memory, the great runners that captured several races at the late fair. One of the animals had been troubled somewhat with distemper and Tomlinson decided to fumigate the stalls by burning leather. Consequently on Friday evening he entered his stables with a large shovel full of hot coals and scraps of leather. No sooner had he entered than one of the horses kicked him squarely in the stomach knocking the coals flying in every direction. Tomlinson was rendered insensible by the blow. Just how long he remained in that condition he is unable to say, but when he came around the flames were all around him and the horses were kicking and stamping in their vain efforts to release themselves. By a superhuman effort Tomlinson managed to crawl out through the smoke and fire into the fresh air where he fainted once more. Before assistance arrived the stable was one seething mass of flames rendering any attempt to rescue the pitiful whining brutes useless and they perished in their stalls. The barn was a large structure, well filled with food and grain, all of which was a total loss. Upon the horses was an insurance of \$1,450 in the Indiana Live Stock Co.

Do Not Be Deceived.

CAUTION.—Do not let any Druggist palm off any medicine on you in place of Johnston's Royal English Rustha, for there is nothing equal to it that can take its place. Ask for it and take no other.

Recommends it for whooping-cough. Mr. John H. Ogden, Asville, N. C., writes: "I have used Dr. Bull's cough syrup in my family for six years and can cheerfully recommend it as one of the best remedies I ever used. Have also tried it for whooping-cough with the best results."

No flowery rhetoric can tell the merit of Hood's Sarsaparilla as well as the cures accomplished by this excellent medicine.

Leading Horsemen Say

Morris' English Stable Liniment is the best remedy for rheumatism, lameness, swellings, cuts, burns, hard or soft lumps, sprains, bruises, frost bites, etc. It is put up in large bottles that sell for 25c., 50c., and \$1.00. Sold by Nye & Booe. S-1 1m.

For the cure of headache, constipation, stomach and liver troubles, and all derangements of the digestive and assimilative organs, Ayer's Pills are invaluable. Being sugar-coated, they are pleasant to take, always reliable, and retain their virtues in any climate.

The wisest course in politics is to vote for the best man, and you cannot be mistaken. So, in the use of blood-purifiers, you can't be mistaken if you take Ayer's Sarsaparilla, because all parties agree that it is the best—the Superior Medicine. Try it this month.

Hall's Hair Renewer enjoys the confidence and patronage of people all over the civilized world who use it to restore and keep the hair a natural color.
