### CANDIDACY OF LAMB.

Gossip continues to assert and there  
are some indications pointing in that  
direction, that Hon. John E. Lamb is  
quietly aiming to overthrow Brookshire  
by which he himself may be nominated  
next year for Representative in Con-  
gress. There may be nothing in this,  
and it may be only gossip. From the  
experience and results of the past we  
had considered Lamb possessed of too  
much shrewdness in political matters to  
seriously entertain the thought that he  
could be again elected to Congress from  
this district. It counts for little what  
may be the future success or defeat of  
Brookshire for Congress, it is certain  
that Lamb under any circumstances  
cannot ever be elected from this district.  
The democracy do not like him, and  
they demonstrated this in 1886 when he  
was defeated by 1,200 majority in this  
democratic district. They will do so  
again if opportunity offers in a like race,  
as Lamb has not improved with age.  
Socially, morally, and in many respects  
politically he is abhorred by hundreds of  
men in his own party, and in Montgom-  
ery county alone there are 500 demo-  
crats who would scratch his name at the  
polls. There are other counties  
which would express similar feelings.  
Whatever may be the wisdom in the  
opinion of some in re-nominating Brook-  
shire the substitution of Lamb for him  
would be the height of foolishness in  
every way it can be viewed. Brook-  
shire has proven himself a winner in  
three races for Congress, the last two  
being highly creditable to him for the  
great majorities received. His course  
in Congress has certainly been satisfac-  
tory to the rank and file of the party,  
whatever way it may have been received  
by some scheming politicians and re-  
publicans. If not Brookshire for the  
next nomination assuredly it should not  
be Lamb unless the intention be to  
turn the district over to the republic-  
ans as in 1886. Relating to the next  
Congressional race in this district the  
best advice in the fewest words to the  
party is, "let well enough alone."

### POLITICAL DEMORALIZATION.

The sentence of Lavelle, late Auditor  
of Davies county, to a long term of im-  
prisonment in the penitentiary, with  
other conspirators, for aiming to destroy  
the records of the county by firing the  
court house, is a fitting instance of the  
demoralization often created among  
men desirous of holding office and be-  
coming prominent in politics, and the  
final ending of his political career will  
be a warning of great benefit to many  
ambitious young men seeking official  
positions all over the land, in that it will  
demonstrate to them that honesty must  
prevail in politics as in everything else,  
if the person seeking position is to be  
permanently benefitted. Lavelle had  
resided in his county many years, was  
prominent in his party for years, was  
the king bee in all political councils of  
the party, in fact his influence was far  
reaching and powerful for a long period.  
He was withal considered a "good fellow"  
as it is defined in politics, was ready  
with his money and the influence of the  
saloons to carry out any political mea-  
sure for friends. He acquired habits of  
drinking intoxicants. He was ambi-  
tious to fill a state office and climb  
higher up on the political ladder. The  
demands were heavy on his purse. He  
began to do crooked work while in office  
and was suspected, arrested, tried and  
condemned. Many another "good fel-  
low" in politics has had as equally de-  
moralizing a career before dropping  
the business. The example to young  
men desirous of shining in politics is  
simply this: If the constant expendi-  
ture of money, the consumption of  
much whiskey by self and friends, the  
association with the lowest dregs of  
society, are all necessary for continued  
elevation in the political field, then  
don't enter it. Politics should be on a  
higher plain in this country than it is.  
Men of the Lavelle stamp should be  
driven to the rear and honest, sober and  
intelligent men forced to the front.  
Honesty and decency will live longest in  
politics.

The treasurer of Bartholomew county  
lately examined into the mortgage re-  
cords of his county and found over \$600,  
000 in property that had never been re-  
ported to the assessors. The amount  
was promptly placed on the tax dupli-  
cates and \$15,000 was received by the  
county on taxes. This was very com-  
mendable in the treasurer but he would  
not probably have been one-tenth so  
energetic had he have been a candidate  
for re-election.

The Union League Club, a silk-stock-  
ing republican club of New York City,  
has said that it wants no Hebrews as  
members of that organization. This  
will be interesting news to Hebrews who  
have hitherto affiliated and voted with  
the republican party. The democratic  
party is the party of all the people.

## HAWAII.

Indications do not point to a speedy  
admission of Hawaii, the principal  
of the Sandwich islands, into the United  
States of America. This administra-  
tion is not in one-half as big a hurry  
about it as was that of President Har-  
rison's. Had Harrison remained in  
power three months more Hawaii with  
its half civilized creatures, sugar specu-  
lators, volcanoes and all would have  
been taken in regardless of the injuries,  
benefits or what not to this country,  
and all the official positions upon the  
island filled with hungry republican  
office hunters. The admission of Hawaii  
into the Union is a very questionable  
proceeding, and those in authority  
should think long and earnestly in the  
matter before determining what to do.  
Would it be good policy? Does this  
country now, or will it hereafter need  
additional territory? If so, would not  
Canada and Cuba, which adjoin us be  
much preferable to an island in the  
Pacific ocean 2,000 miles away? If we  
are seeking new territory should not  
these countries near us be first looked  
after? What great advantage to this  
country would the admission of Hawaii  
be? Correspondents from Washington  
City say that Cleveland and Gresham  
are favorable to the admission of Hawaii.  
We doubt this very much. We believe  
sound statesmanship will oppose its ad-  
mission—because we do not need it and  
can get along easily without it.

### DEDICATING THE MONUMENT.

A faction of the G. A. R., but which  
seemed to control the entire assemblage  
as their late encampment at Evansville,  
determined to take no part in the ded-  
ication of the soldier monument at In-  
dianapolis in September next if, as the  
Commissioners had determined, per-  
mitted the figures 1846-48 to remain on  
the monument along side of those 1861-  
65. It is a shame that such ridiculous  
sentiment should pervade the G. A. R.;  
that fanatics of the Cheadle stripe  
should be able to voice its sentiment.  
The G. A. R. has many sound, sensible  
men within its organization, but the  
Cheadle wing of it places it by this  
action in a very ridiculous and unwise  
attitude. The monument will be ded-  
icated all the same and in future ages  
will stand as a fitting emblem of the  
valor and patriotism of all Indiana sol-  
diers of all wars in which they were en-  
gaged, while this fanatical spirit created  
by a small quota of soldiers of the last  
war will be forgotten in a few short  
years.

### CHICAGO AND THE FAIR.

Chicago will do well to aim to curb  
the hoghish propensities with which  
she has always been credited, in her  
treatment of visitors during the World's  
Fair. The impression among many is  
that visitors are to be skinned of their  
money at every hand; that altitudinous  
prices are to be demanded for every  
thing. The first few weeks will demon-  
strate the truth or falsity of the asser-  
tion. The first visitors will immediately  
report to the outside world any attempts  
at extortion and their reports if un-  
favorable will injure to a considerable  
extent the financial prospects of the  
World's Fair, for people will shun any  
attempt at gouging if forewarned. Chi-  
cago's future prosperity to a great ex-  
tent will depend very much upon her  
management of the Fair and the treat-  
ment of strangers within her gates.

### REPUBLICAN PROPHECIES.

Republican newspapers and orators  
proved themselves false prophets and  
great liars. If the democrats won in  
the election they asserted all the man-  
ufacturing interests would be paralyzed,  
business would at once be stagnated and  
a panic of "hard times" at once be in-  
augurated. Since the election over a  
half hundred of new manufacturing  
plants have located in the gas belt of Indiana,  
and business of all kinds there as else-  
where has shown a steady increase.  
Republican prophecies in this as in a  
thousand other instances indicated how  
little the party knew of the state of the  
country or the temper of the people.

### COFFEE.

Several brokers in coffee were report-  
ed in New York last week as having  
failed and made assignments. If there  
is any class that should become "dead  
broke" it is the speculators in coffee.  
For years consumers of the beverage  
have been compelled to pay just twice  
what it is worth. Good coffee at retail  
cannot be purchased for less than 30  
cents per pound, as much again as it  
should be. Of course poor coffee can  
be purchased cheaper, but good cannot.  
The coffee product is manipulated by  
trusts, and they force the people to pay  
two prices if they need the article.

Thus far the appointments by the ad-  
ministration of individuals to the vari-  
ous important positions to be filled for  
the next four years, have seemed to be  
well chosen, especially is this the case  
in most of the missions to European  
countries. The incumbents very gen-  
erally are intelligent, well educated, and  
experienced in official affairs, and the  
country will have no cause to regret  
their appointment to these high and re-  
sponsible positions.

Bread thirty years old is preserved in  
good shape in Norway.—Exchange.  
Through this discovery the birth  
place of the railway depot sandwich is  
probably for the first time made known.

REPUBLICAN newspapers are quite  
free in their comments over the appoint-  
ment by the present administration of  
numerous "Confederate Brigadiers," as  
they are pleased to term several of those  
lately appointed from the South, to  
various foreign missions; in fact they  
have even more to say about it than  
when Longstreet, Mosby and several  
"Confederate Generals" were given offi-  
cial positions by a republican adminis-  
tration some years ago.

H. H. WARNER, the noted patent med-  
icine manufacturer, was reported as  
"busted" and insolvent by the daily  
papers last week. If his insolvency  
shall prove a termination of his long  
winded essays on "Kidney Cure" that  
have been published for years past in  
most of the weekly papers of the United  
States then his loss will be the public's  
gain to some extent at least.

Among the mysteriously missing is  
the tin plate liar of the last campaign.  
The republicans say nothing about him  
since then. He was perhaps discharged  
for failing to fulfill his promises, and is  
wandering aimlessly about hoping for  
employment under the party in 1894.

One of ex-President Harrison's lec-  
tures before the law students of the Le-  
land Stanford University on "McKin-  
leyism and how it dismantled the re-  
publican party," might prove of consid-  
erable interest to the future statesmen  
of the Pacific coast.

Two mysterious murders occurred at  
Indianapolis last week. Arrest of sus-  
pected persons followed speedily, of  
course, yet with all the powers of the  
detective force of the city the murderers  
have not yet been made known.

The World's Fair opens at Chicago  
on Monday next continuing until  
November 1st. A large number of peo-  
ple from abroad are in Chicago to wit-  
ness the opening ceremonies of the Fair.

### The New Great South American Kidney Cure.

The acknowledged superior cure and  
immediate relief for all dangers, pain-  
fulness and decay of the kidneys or  
bladder, Bright's disease, diabetes or  
any complaint that hurts or despoils  
either of these delicate organs. This  
new remedy has been thoroughly test-  
ed by learned physicians and found far  
superior to any medicine yet discovered  
for quickly relieving all weaknesses,  
aches, pains and distresses arising from  
diseases of any part of the urinary pas-  
sages. It is a great relief for the old,  
middle aged and children, male or fe-  
male. It relieves at once tenderness  
and pain in passing water, and it is very ef-  
fective in relieving prostatic trouble in  
the old, and for nightly incontinence of  
water in children, or others, caused by  
weakness of the bladder. It may be  
worth to many a hundred times its cost.  
This is a remedy of great value to ladies,  
because they are very liable to weak-  
ness and pains peculiar to their sex.  
Sold by Dr. E. Dethman, 213 E. Main  
St., and all druggists, Crawfordville.

Patrick Henry, the well-known Amer-

Dr. King's New Life Pills, Bucklen's

as well, or that have given such univer-  
sal satisfaction. We do not hesitate to  
guarantee them every time, and we  
stand ready to refund the purchase  
price, if satisfactory results do not fol-  
low their use. These remedies have  
won their great popularity purely on  
their merits. Nye & Booe Druggists.
