

A Friend

Wishes to speak through the *Register* of the beneficial results he has received from a regular use of **Ayer's Pills**. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

In Need

of a laxative to try Ayer's Pills."—Boothbay (Me.), *Register*.
"Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

Ayer's Pills

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va.
"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goddard, Notary Public, Five Lakes, Mich.

Coppage Caught.

Glen Coppage, age 19, of Crawfordsville, was arrested here yesterday on the strength of a telegram from Marshall Brothers of the Hoosier Anthracite. Coppage was wanted to answer the charge of burglarizing Ross Bros' jewelry and notion store, in Crawfordsville Friday night. He was found at Wise's Fifth street variety theatre, and was taken in custody by Officer John Beecher. His valise found at the Bramble house, contained jewelry, knives, razors, etc. He had also in his possession a kodak photographing machine. Though only about the city three hours before arrest, the young man had put in pawn several articles, but all were recovered. He claimed that a Chicago crook had done the robbing job and he (Coppage) was only accessory in sharing the booty—but he must have received the lion's share, judging from the amount of goods he was carrying. Tom Ross, one of the proprietors of the store pilaged, arrived here yesterday afternoon and himself took charge of the prisoner, the pair, captor and captured, handcuffed together, leaving at 5:24 p. m., via the Big Four, for Crawfordsville. Coppage is the son of a prominent Crawfordsville attorney, and it is difficult to say, owing to lack of acquaintance, whether he is a good young man gone wrong or a bad young man found out—Lafayette Times.

Young Coppage seems to have entered upon a wild career some time since, and is at last headed off before going farther, although bringing disgrace upon indulgent parents and himself. The goods found upon his person have been identified by the firm from which they were taken, and Coppage seems to have an excellent chance of serving a term in the penitentiary.

Badly Burned.

Last week Mrs. Barney Simison left her daughter, Miss Cora, a miss of 13 summers, in charge of two small children, while she went to Jacob Miller's, about three miles away on an errand. She told the girl to begin preparations for supper about half past five, as she would be back soon after that time. Before leaving Mrs. Simison placed coal in the cook stove so that the fire would not go entirely out. It is not known how soon, but shortly after she left, Miss Cora got a small can in which coal oil was kept to kindle cob fires and poured the contents over the smoldering coal and stood leaning over the stove watching it when all at once there was a frightful explosion, the full force striking the girl squarely in the face, burning her eyebrows and eyelashes completely off, setting her hair and bonnet on fire and burning the whole face in a horrible manner, even her tongue and the roof of her mouth were burned. The force of the explosion blew out the caps in the chimney in different rooms and blew soot into every room about the house. The fire was blazing out of every crevice in the stove, and although burned in a shocking manner the heroic girl got water and dashed on the fire, least the house would burn down. Her father was in the field close by, but the girl did not call for help or even send her little four-year-old sister to warn her father of her condition, but set about cleaning up the house. Mr. Simison finally came to the house and was horrified to find his child in so shocking condition. All the assistance possible was rendered but the child will carry bad scars all her life. —New Richmond Enterprise.

Another Attempt At Suicide.

There is no question but that the suicide mania has a firm grip on Crawfordsville. There has scarcely been a week in the past six or eight months but that we have chronicled an attempt to swim the dark river on the part of some love sick lad or lass. The last victim to tackle the morphia route was Mrs. Roland Kyle nee Annie O'Neil. Mr. Kyle and Miss O'Neil were married a few weeks ago, the event being the sweetest of the season in G. ble. The pair at once went to keeping in the third story of the postoffice building and all went well until Tuesday of last week when Anna and Roland had a misunderstanding which terminated in a merry fight. After the ball was over Roland packed his grip and told the festive Annie she could paddle her own canoe. The separation weighed heavily on Mrs. Kyle's mind and after making several ineffectual efforts to win her husband back she determined to quit this vale of tears. Consequently she went to the drug store of Smith & Myers Saturday afternoon where she purchased ten cents worth of morphia. Then going to her room she swallowed the whole dose at one gulp, at the same time telling a couple of her female companions who were in the room what she had done. Dr. Gott was summoned and with the aid of his stomach pump brought the would-be suicide around all right. If some of these people would only make a success at the business it would be quite a relief.
