RUPTURE CURED.  
I was ruptured when a boy and for thirty  
years wore a truss; never had one that would  
not slip, and the rubbing caused galling and  
soreness. I learned of Dr. W. H. Nott through a  
druggist, some six or seven years ago, and I  
made a mistake in not taking Dr. Nott's treat-  
ment then, but I put off until Nov. 30, 1892,  
when I took my first treatment, a second on Dec.  
16, 1892, and was pronounced cured Dec. 23, 1892.  
To the afflicted who read this I will state that  
I am cured thoroughly and I would be glad to  
answer any letter regarding the cure or to talk  
to them personally. OMER RODIBAUGH.

We answer mail inquiries promptly, accept no  
pay until cure is effected and guarantee to cure  
any case we undertake. Examination and con-  
sultation free. Send your name and address  
for testimonial circular. Dr. W. H. Nott has  
had twenty-two years' experience and for nine  
years has confined his practice to Hernia ex-  
clusively.

THE GRESHAM CANDIDACY.  
Washington letters to newspapers in-  
dicate that a feeling is gradually being  
worked up among a few prominent dem-  
ocrats favoring the candidacy of Hon.  
Walter Gresham for President. This  
will amount to nothing. It is prema-  
ture and would be premature in ten  
years from now. A candidate to secure  
the united support of the democracy of  
this country must have the principle  
"born and bred" in him. We have the  
highest opinion of Judge Gresham, both  
as a citizen and a statesman. He is, we  
believe, incorruptible, is a gentleman  
who has always filled official positions  
with honor and ability, yet in spite of  
this he could not on account of his late  
political tenets receive the united party  
support. We all remember the Greeley  
nomination of 1872. It was a very im-  
politic scheme and was conspicuous for  
its great failure—the tremendous de-  
feat of the nominee. No one questioned  
the honesty and sincerity of Horace  
Greeley, yet he was not the choice of the  
democracy and was ruthlessly slaugh-  
tered. He was too young in the faith  
and the cause of democracy, and the  
party repudiated him. So would it be  
with Gresham. He could not carry the  
party strength now, and not for a long  
time to come. He is too young a con-  
vert—the party would demand an older  
worker in the cause. He must tarry  
some years yet in the vineyard. The  
friends of Gresham are on the right road  
to kill him off politically, by thus early  
canvassing his name for the next nom-  
ination for President.

THE same thing that causes such a  
variety of opinion among the people  
over the present financial depression,  
and how the money interests of the  
country should be regulated, will be  
found in Congress during the ensuing  
extra session. Congressmen are as  
much divided as the people, each mem-  
ber being more or less controlled by the  
views of the people of his district, while  
their knowledge of finance is but little  
better than that of most of their con-  
stituents. We believe, from present in-  
dications that Congress will do but lit-  
tle in the matter, and most of the time  
will be spent in useless wrangle over the  
subject. It would be a pleasing fact if  
it would get down to business promptly,  
but it is extremely doubtful if it will.

A TIPPECANOE county man who owns  
two farms says money can be made in  
the sale of wheat even at 50 cents per  
bushel. He may think so but would  
have an uphill job in convincing farm-  
ers generally that this is true. While  
the cost of putting in and gathering the  
crop is not near so expensive as a few  
years ago it will be difficult to see where  
there is any profit in it at 50 cents. Will  
some of our farmer friends do some fig-  
uring in this and report their opinion to us?

THE Judge of the Circuit Court of  
Lake county, the county in which Roby  
is located, it is said has vowed that he  
will take a hand in suppressing the  
prize fighting and horse racing business,  
since neither the Governor nor Sheriff  
seem able to do it. In the Roby busi-  
ness the Governor has shown himself to  
be too much of a blowhard, and the  
Sheriff is probably a coward, and if a  
determined Judge will take hold and see  
that the infamy is suppressed full credit  
will no doubt be given.

PARKE county has three murderers in  
jail at this time, the crimes for which  
these men are incarcerated having been  
committed within the past six months.  
The county for years has had a bloody  
record, and is not properly located. It  
should adjoin Jackson or Lawrence  
county where murders are common and  
where White Caps abound to take a  
hand in crime occasionally.

SIM COY seems to be a prominent fig-  
ure in Indianapolis in spite of both re-  
publican and democratic newspapers to  
kill him off politically. He has served  
as councilman for several years, and is  
again a candidate and will be elected.  
Coy seems to be a shrewd, natural born  
politician, can carry any load they put  
on him and get through successfully.

JUDGING from reports, cities not in  
the highly favored gas belt are getting  
along fully as well if not better than  
many booming towns. At Kokomo, El-  
wood, and other cities hundreds of  
laboring men have been thrown out of  
employment and their condition in many  
cases is pitiful. Towns not boomed do  
not have this condition of things.

THAT highly ornamental but very  
generally useless organization known as  
the state militia, could be put to good  
use just before the coming mill at Roby  
between Corbett and Mitchell takes  
place, by running the entire gang of  
fighters, seconds, bottle holders and all  
into Lake Michigan.

INDIANA AT THE FAIR  
Some considerable criticism has been  
indulged in at the somewhat puny dis-  
play made by Indiana at the World's  
Fair. Why this is so we cannot say, but  
owners of material of all kinds necessary  
to exhibit the productions of Indiana,  
are probably the persons alone on whom  
the criticisms shall fall. They perhaps  
failed to take proper interest in the mat-  
ter. The state contributed \$130,000 out  
of the treasury for Indiana at the Fair.  
This was, and is enough for the tax-  
payers to give. An interested ring of  
politicians worked zealously to get the  
legislature last winter to give \$100,000  
more than was paid, but it was not suc-  
cessful, and it is perhaps from this gang  
that the criticisms about the meager  
display of Indiana productions have  
originated. The gang just simply want-  
ed to steal by legal means this addition-  
al sum from the people but could not.  
The state's display would not probably  
have been an iota more creditable than  
it is now, had the additional sum de-  
manded have been given. It is better  
to have a slim display than to encourage  
a lot of treasury raiders and in the end  
the state is the gainer.

If the present depression in business  
is due to legislation, who is responsible  
for it?  
Senator Turpie expressed the situa-  
tion concisely in his speech Tuesday  
evening at Indianapolis, when he said:  
"The times we are enjoying are strictly  
republican times and the republican  
party is responsible for them. All laws  
concerning trade, commerce, revenue,  
taxation and money are statutes which  
were placed in execution under repub-  
lican administration. Only a few weeks  
ago the last provision of the McKinley  
bill went into operation and to its effects  
can be traced much of the troubles  
which go to make up the hard times.  
The Sherman act is the law of the land  
to day, and this is the law that has  
caused an extra session of congress to  
be called for its repeal. By it a given  
amount of silver is purchased by the  
government for the cold storage in the  
vaults of the treasury."

CONGRESSMAN BYNUM expresses the  
belief that one of the chief causes of the  
present financial flurry is over specula-  
tion. He says that the trusts have  
overdone the business, and that among  
others the whisky trust, the brewers'  
trust, cordage trust, etc., sold out to  
European investors at about ten times  
the value of their stock. The foreign  
investors are now beginning to realize  
that they were bitten and are unloading  
stock on this market. Man who thought  
that they were rich find themselves  
bankrupt, and it is this which has to  
a large extent contributed to the present  
stringency. We have to pass through a  
period of liquidation, and this sort of a  
period usually follows a time when money  
has been plentiful and wild specula-  
tion rife."

INDIANAPOLIS is exerting itself to en-  
tertain in September next the thous-  
ands of ex-soldiers who will be in at-  
tendance at the national encampment.  
This is right. A good healthy feeling  
arises from the proper treatment of  
these old veterans who are yearly rapid-  
ly decreasing in numbers. The city  
sensibly determined to entertain these  
men at her own expense, after it failed  
to secure an appropriation from the  
state, and will be entitled to that much  
more credit for footing the bills that  
must arise from the occasion.

WHILE it would perhaps be very un-  
wise and impolitic for any Catholic to  
offer himself as a candidate for county  
office it would no doubt be as equally  
foolish for any known member of the A.  
P. A. to ask the suffrages of large num-  
bers of voters. A man that is prescribed  
on account of his religious views for any  
official position is quite likely to remem-  
ber those who prescribe him, and pay  
them in the same currency they circu-  
late. This is natural, and next year we  
are likely to witness much of it.

A FEW street crossings are to be laid  
with the expensive vitrified brick, al-  
though stone is cheaper and just as  
durable, by the city council. After a  
season if it can possibly be forced on the  
owners for use in front of their property  
it will be done by which means some  
one can secure a job off of the people.

THE "moral" element having as it  
considers won a great victory by having  
the World's Fair gates closed on Sun-  
day should now return good for  
evil by giving the exhibition a big sup-  
port during the remaining three months  
of its existence. The managers, no  
doubt, would appreciate this kind of  
treatment hereafter.

DE PAUW, the well known New Albany  
glass manufacturer, made an assign-  
ment the other day. The same reasons  
for the failure of many others during  
the past two months hold good in De  
Pauw's case—failure to secure accommo-  
dations at the bank and inability to se-  
cure money due from others.

TIPPECANOE county is indirectly re-  
sponsible for the Roby inquiry. It  
sent McHugh to the legislature, and he  
secured the passage of the law which  
permits such brutal institutions as prize  
fighting and winter horse racing. That  
county should take a back seat here-  
after.

THE New Richmond Enterprise says  
that a prominent citizen of Ripley town-  
ship will be a candidate for Auditor be-  
fore the next democratic county conven-  
tion. The gentleman meant is Beat  
Snyder, the present trustee of Ripley, a  
first-class man by the way, too.

CONGRESSMAN BROOKSHIRE left for  
Washington City this week, and expects  
to be on hand promptly at the conven-  
ing of Congress on the 7th of August.  
Mr. B. on the leading question—the  
financial—will be found laboring in the  
interests of his constituents.

THE number of people who are sorry  
they voted the Democratic ticket last  
fall is increasing at a rate which is beau-  
tiful to behold.—Journal.

Yes, but the number of persons that  
did not vote for Benney, and are still in  
a joyful frame of mind is very large  
and gives no probability of diminishing.

A BALTIMORE man, Joseph P. Clarke  
by name, has voluntarily surrendered  
his pension of \$12 per month, with the  
explanation that he is no longer a suf-  
ferer from the disability for which the  
pension was granted.

Beware of Ointments for Catarrh  
that Contain Mercury

As mercury will surely destroy the  
sense of smell and completely derange  
the whole system when entering it  
through the mucous surfaces. Such  
articles should never be used except on  
prescriptions from reputable physi-  
cians, as the damage they will do is ten-  
fold to the good you can possibly de-  
rive from them. Hall's Catarrh Cure,  
manufactured by F. J. Cheney & Co.,  
Toledo, O., contains no mercury, and is  
taken internally, acting directly upon  
the blood and mucous surfaces of the  
system. In buying Hall's Catarrh Cure  
be sure you get the genuine. It is tak-

The New Great South American Kidney  
Cure.

The acknowledged superior cure and  
immediate relief for all derangements,  
painfulness and decay of the kidneys or  
bladder, Bright's disease, diabetes or  
any complaint that hurts or despoils  
either of these delicate organs. This  
new remedy has been thoroughly test-  
ed by learned physicians and found far  
superior to any medicine yet discovered  
for quickly relieving all weaknesses,  
aches, pains and distresses arising from  
diseases of any part of the urinary pas-  
sages. It is a great relief for the old,  
middle aged and children, male or fe-  
male. It relieves at once retention and  
pain in passing water, and it is very ef-  
fective in relieving prostatic troubles in  
the old, and for nightly incontinence of  
water in children, or others, caused by  
weakness of the bladder. It may be  
worth to many a hundred times its cost.  
This is a remedy of great value to ladies,  
because they are very liable to weak-  
ness and pains peculiar to their sex.

plug tobacco produced. It is the sweetest, the toughest, the richest. SPEAR HEAD is  
absolutely, positively and distinctively different in flavor from any other plug tobacco.  
A trial will convince the most skeptical of this fact. It is the largest seller of any similar  
shape and style on earth, which proves that it has caught the popular taste and pleases the  
people. Try it, and participate in the contest for prizes. See that a TIN TAG is on every
