TACTICS OF THE A. P. A.  
The American Protective Association  
which is nothing more nor less than an  
offshoot of the republican party, is be-  
ginning the preliminary campaign work  
for next year. It is circulating in  
various portions of the state statements  
that the Catholics are secretly arming  
themselves to fight the constituted  
authorities, get control of the country  
by blood if necessary, and create a revo-  
lution. Reflection would show to any  
calm thinking person how ridiculous  
such statements are, and their belief by  
anyone of ordinary sense is astonishing.  
The intention of such drive is to in-  
flame the minds of one class of citi-  
zens against the other. The aim is  
wholly political. It should be remem-  
bered as an indication of the shallow-  
ness of such assertions that many of the  
best citizens of this country to-day are  
Catholics, that many of them are large  
property holders, that several of the  
most prominent officers of the late war  
were Catholics and enacted their part  
bravely and honorably in that long four-  
years struggle, that many members of  
Congress, past and present, were Cath-  
olics. Therefore why this silly talk  
about Catholics desiring to create trou-  
ble, anarchy and revolution. Should a  
man be condemned on account of his  
religious belief, and all the wickedness  
of the world ascribed to him? Out on  
such fanatical thought. It will be  
found, no doubt, on investigation that  
the founders of the A. P. A. were repub-  
licans, that it is officered, nurtured and  
sustained by republicans, and that its  
main object is in the interest of that  
party.

CITY MATTERS.  
A correspondent asks the question,  
"where is the Crawfordsville street rail-  
way?" We have never seen it. It is a  
myth. Why none was constructed is  
another question. The Kankakee com-  
pany came here with the sincere pur-  
pose of building a railway through the  
streets could it secure a franchise at  
reasonable terms, but it failed to "see"  
some people, and therefore got left.  
That very wise combination known as  
the city council could, if it would, tell  
the reason why no street railway is to be  
constructed. It might also tell by what  
means a contract was secured to paint  
the telegraph poles black and white,  
around town, also by what means stone  
slabs were removed from street cross-  
ings, and brick substituted. Sewers is  
the next piece of scheming that will be  
attempted. Then look out for fun when  
property holders have to shell out to pay  
for it. The way to prevent that steal,  
for such it will be, is for property owners  
to promptly enjoin the attempted con-  
struction of it and carry the matter to  
the higher courts. The electric light  
plant, which cost the city \$80,000, and is  
costing more to run it than will ever be  
gotten out of it, was a bonanza, no  
doubt, to some corrupt scoundrels of the  
city, who, financially, were benefitted  
greatly by it. But the city is republican,  
the council is republican, its organ,  
the Journal, is republican, and what are  
you going to do about it?

MCKINLEY.  
McKinley will be re-elected Governor  
of Ohio, and by a majority over 25,000.  
But what of it? Where is there in it  
any revival of republicanism, or an in-  
dication that there is an increased feel-  
ing in favor of the present tariff law?  
None whatever. In the first place it  
should be remembered that Ohio is a  
bed rock republican state. Again large  
manufacturers who are particularly ben-  
efitted by the McKinley law will furnish  
the sinews of war, to pull McKinley  
through to a big victory. It is their in-  
terest to do so, and they will not be  
chary with their donations. Aside  
from all this McKinley is a candidate  
for President on the republican ticket,  
and it is necessary that he make a great  
showing. All the prospective candidates  
for cabinet, consular and other positions  
will come to his aid, of course, use every  
means known only to republican schem-  
ers to record a great victory. The elec-  
tion of McKinley, however, will not be  
an indication at all as showing that the  
people favor protection such as the law  
bearing his name intends, but will be  
one of purchase, and intimidation. This  
is the off year for republicanism, and  
will be of greater advantage to them  
than in a regular Presidential campaign.

LANE SEMINARY, a Presbyterian theo-  
logical school of Cincinnati, has been  
boycotted because its President, H. D.  
Smith, took the Briggs side in the hersey  
case of Dr. Briggs. The institution had  
but four students at the beginning of  
the fall term and will be closed, prob-  
ably permanently. In boycotting Lane,  
if this is a sample of Christian spirit  
and a love of free speech, the less the  
outside barbarians (those not belonging  
to church) see of it the better.

COSTLY WIND.  
It is now about eight weeks since  
Congress convened to repeal the Sher-  
man law and better the financial situa-  
tion if it could. It has as yet failed to  
accomplish its mission, and that it will  
do any good at all seems now very  
doubtful. The House acted very  
promptly in the matter and voted for  
the repeal of the law. Not so the Sen-  
ate. In that department of Congress  
the country has witnessed nothing but  
a display of wind, talking power, tongue  
music, etc., and the close of the thing  
seems far off yet. The country is put  
to a big expense to hear this display of  
oratory, and the benefit to arise seems  
small indeed. But this is among the  
humbuggery and expense of a free gov-  
ernment—this law making power. We  
may marvel and ridicule the mode of  
legislation used in foreign governments,  
the red tape that abounds, the moun-  
tains of useless oratory, the foolish pre-  
liminaries, etc., yet our own country  
furnishes as much humbuggery and ex-  
pense in the creation of laws as almost  
any government on earth. The present  
and many past Congresses are fitting  
instances of this.

At this time when the tariff trick-  
sters are especially loud in their pre-  
dictions of calamity the Boston Herald  
calls attention to similar predictions in  
England which were never fulfilled, and  
further says:  
"It is a notable fact, too, in this con-  
nection, that in the experience of our  
own country under a low tariff a par-  
allel to that of Great Britain is afford-  
ed. In our own country, the only tariff  
that ever gave general satisfaction was  
the low tariff of 1846, supplemented by  
the still lower tariff of 1857 that followed  
it. Confident and vehement as are the  
prophecies of the evil effects if the Mc-  
Kinley tariff is changed now, they were  
exceeded by what was predicted then.  
The whole of our manufacturing indus-  
try was to be ruined; to quote more  
specifically, the largest manufacturer of  
New England prophesied that every cot-  
ton mill in New England would be  
closed in six months. That tariff of 1846  
was passed, and, so far from closing cot-  
ton mills and all the other mills of New  
England, entered upon a season of un-  
precedented prosperity."

THE DIFFERENCE.  
There appears to be a wonderful dif-  
ference in railway management. Take  
the two lines Vandalia and Big Four.  
The former in its long history has rarely  
had a serious accident, in fact compared  
to some of the wrecks and loss of life on  
many lines, we may say never. It is  
noticed that strikes or disaffection of  
employees on the Vandalia are not heard  
of. The employees, high and low, ap-  
pear to have a strong feeling and esteem  
for its managers. Notice the Big Four  
on the other hand. A half dozen de-  
structive accidents on that line have  
taken place since January 1st, in which  
many lives were lost and large amounts  
of property destroyed, involving many  
thousands of dollars. The line is now  
involved in a strike with its employees  
over a proposed reduction of wages.  
Accidents and strikes surely result  
from defective management, and while  
the Big Four seems to have plenty of  
them the Vandalia is not thus bothered.

Thirty years of power showed that the  
republicans exhibited a good deal of  
practical, sound, common sense in rais-  
ing money.—Journal.  
Within that time the country passed  
through a panic and an era of hard  
times extending for a period of five or  
more years, during which time there  
was an enormous shrinkage of values,  
much loss and suffering throughout the  
country. This to a great extent resulted  
from the "practical, sound, common  
sense of the republicans in raising money."  
During the past thirty years we  
have had a high, protective tariff, many  
men have been made millionaires by it,  
while many more thousands have been im-  
poverished by it. It is one of the sys-  
tems that the republicans exhibited in  
raising money.

For the first half of September the  
government expenditures exceeded the  
receipts by nearly \$1,000,000. Verily,  
democracy is a debt making and not a  
debt paying party.—Journal.

There were many months of the 48  
when Harrison was President that the  
expenditures were largely in excess of  
the receipts, very much after the style  
of the Crawfordsville electric light com-  
pany, which is of republican origin, as  
you remember. Comparing the two ad-  
ministrations, and calculating the  
amount of absolutely necessary expendi-  
tures of the two, it will be found that  
there was a greater reduction of the pub-  
lic debt under Cleveland than under  
Harrison.

SENATOR TURPIE favors the repeal of  
the Sherman silver law, but declares  
that he is in favor of a bi-metallic cur-  
rency. The \$200,000,000 silver money  
now in use makes it certain that we will  
have plenty of silver. If we can keep a  
like amount of gold in circulation, we  
shall have a bi-metallic currency. If the  
Sherman silver law threatens the de-  
struction of the parity of the metals, it  
should be promptly repealed.

The World's Fair has but thirty days  
more to run after which the great exhi-  
bition will close. Those intending to  
see it should not put it off any longer.

The late State fair, it is said, is \$10,-  
000 short in receipts over expenses. The  
State fair is a chestnut, and to succeed  
hereafter novelties that will attract the  
people must be introduced. The fight  
made against the board at the last ses-  
sion of the legislature has no doubt had  
some effect in cutting down the cash re-  
ceipts, and impressing the public that  
the board is self-perpetuating and  
should be ousted. It may be a wise pol-  
icy to put new men at the head of the  
State fair management. The plan at  
least is worthy of a trial and cannot  
probably be any more disastrous than  
the present situation brought about by  
the old board.

The suggestion of the name of Voor-  
hees for President of the United States  
by a G. A. R. post in the west looks like  
a big joke. There must be a wonderful  
reform in Mr. Voorhees that any of the  
G. A. R. people could favor him for that  
high office. Only a few years ago they  
would gladly have heard of his suspen-  
sion at the end of a rope. He was a vile  
"copperhead" then. Now what is there  
so grand about him, so patriotic, that  
they should favor him for the Presi-  
dency? It would puzzle the smartest of  
them to tell. By the way, politics is  
making strange bed-fellows now-a-days.

THERE is considerable kicking at the  
slow progress made in erecting the  
bridge over Sugar Creek in place of the  
"Jim" bridge, which went down last  
summer. The commissioners doubtless  
desire to have the work well done this  
time, hence the delay. If there is a  
poor structure this time, and poor abut-  
ments, it will probably be termed the  
"John" bridge thereafter.

DOCTORS ASTONISHED.  
SOMETHING THEY CANNOT UN-  
DERSTAND OR EXPLAIN.

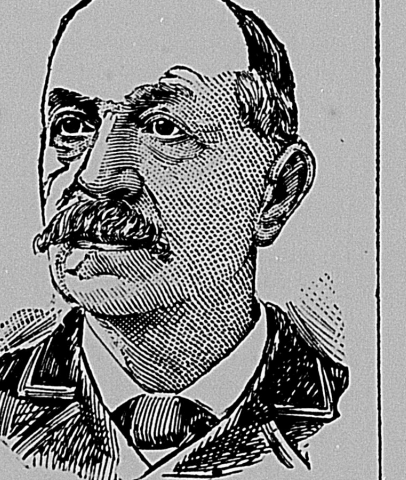

IT MAKES THE MEDICAL FRATER-  
NITY OPEN ITS EYES.

If This is Not a Wonder Worker We  
Should Like to Know What Is.

Doctors are surprised at any cure of  
paralysis, but there is one form of paraly-  
sis which has been pronounced abso-  
lutely incurable—locomotor ataxia.  
This is indeed, the most serious and  
dreaded of all nervous difficulties.  
Having so long pronounced this disease  
incurable, the surprise not to say amaz-  
ement, of the doctors can be imagined when  
they learned from M. John H. Golding  
who resides at 168 Christopher St., New  
York city, the following wonderful  
facts:

"I was taken six months ago with  
locomotor ataxia, or creeping paralysis.  
The numbness of limbs and dizziness  
rapidly increased until I could not walk  
nor stand without assistance; could not  
button my clothes or dress myself with-  
out help.  
On the sixth day of October I com-  
menced taking Dr. Greene's Nervura  
blood and nerve remedy and have taken  
four bottles and can now walk without  
a cane, and am rapidly gaining every  
day.

The numbness has almost completely  
left my limbs and I feel first rate. I eat  
and sleep well, and I can recommend  
Dr. Greene's Nervura blood and nerve  
remedy since I know that it has saved  
my life.  
I was refused admittance into St.  
John's Hospital because they said my  
case was incurable.  
But Dr. Greene's Nervura blood and  
nerve remedy has done its work well. It  
is the wonder of my friends that I am  
alive to-day, and when I tell them that  
this medicine cured me when the doc-  
tors had pronounced my case as incur-  
able, they say it was a miracle.

MR. JOHN H. GOLDING.  
I was two months under doctors'  
hands and getting worse. I was dis-  
couraged when I began to try Dr.  
Greene's Nervura blood and nerve re-  
medy. But to-day I am well. A week  
ago I walked eight miles and felt no bad  
results.

I am now feeling like a new man. my  
nerves are strong and I feel happy. I  
hope that it will be received by all  
suffering from disease.  
It does really seem that there is no  
disease which baffles this marvelous  
remedy, Dr. Greene's Nervura blood and  
nerve remedy. It certainly seems to  
cure almost everything, and if it will  
cure a terrible disease like the above,  
heretofore pronounced absolutely incur-  
able by doctors, how much more certain-  
ly and surely will it cure all the ordi-  
nary complaints of life. If you are sick  
you are not wise if you do not give this  
health restorer a trial. It is truly the  
greatest cure of disease in existence.  
Druggists keep it for \$1.00 and it is  
purely vegetable and perfectly harmless.

Physicians have been everywhere sur-  
prised at its wonderful powers to cure  
disease and they unhesitatingly recom-  
mend sufferers from ill-health to use it,  
because it is the discovery and prescrip-  
tion of a well-known physician, Dr.  
Greene of 35 W. 14th St., New York, the  
successful specialist in nervous and  
chronic diseases, who can be consulted  
free of charge, personally or by letter.
