

## A Friend

Wishes to speak through the *Register* of the beneficial results he has received from a regular use of **Ayer's Pills**. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

### In Need

of a laxative to try Ayer's Pills." — Boothby (Me.), *Register*.

"Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed, which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

## Ayer's Pills

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since." — H. Chipman, Real Estate Agent, Roanoke, Va.

"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured." — Wm. Giddard, Notary Public, Five Lakes, Mich.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by Druggists Everywhere.

### Every Dose Effective

## WE WANT YOU

to act as our agent. We furnish an expensive outfit and all you need free. It costs nothing to try the business. We will treat you well, and help you to earn ten times ordinary wages. Both sexes of all ages can live at home and work in spare time, or all the time. Any one who can earn a great deal of money. Many have made Two Hundred Dollars a Month. No class of people in the world are making so much money without capital as those at work for us. Business pleasant, strictly honorable, and pays better than any other offered to agents. You have a clear field, with no competition. We equip you with everything, and supply printed directions for beginners which, if obeyed faithfully, will bring more money than will any other business. Improve your prospects! Why not? You can do so easily and surely at work for us. Reasonable industry only necessary for absolute success. Pamphlet circular giving very particular is sent free to all. Delay not in sending for it.

GEORGE STINSON & CO.,  
Box No. 488, Portland, Me.

THE NEXT MORNING I FEEL BRIGHT AND NEW AND MY COMPLEXION IS BETTER.

My doctor says I take gently on the stomach, liver and kidneys, and is a pleasant laxative. This drink is made from herbs, and is prepared for use as easily as tea.

## LANE'S MEDICINE

All druggists sell it at 50c. per bottle. If you cannot get it, send your address for free sample. LANE'S Family Medicine moves the bowels each day. In order to be successful, send for it.

Distressing Kidney and Bladder Diseases relieved in six hours by the New Great South American Kidney Cure. You can't afford to pass this new, magic elixir and cure. Sold by Dr. E. Detchon, 215 E. Main St., and all druggists.

### Montana Letter.

GREAT FALLS, MONT., Sept. 23rd, '93.

ED. REVIEW:—

As your correspondent of this Cataract City, in the greatest of all the precious metal States, may I have a word upon the silver question?

The demand for money is equivalent to the sum of the demands for all other things whatsoever, for it is through a demand first made on money that all the wants of man are satisfied. No intelligent person will deny that if the inhabitants of a country increase in numbers, the demand for all the necessities of life will proportionately increase. Then turn backward the pages of history till we arrive at that period when there was an ample supply of money in circulation. Note the population at that date, and note the condition of the debtor class. Compare that population with the present population; that circulating medium with the present and we find that fully thirty-one millions (31,000,000) of people of our present population are without a dollar in circulation for their use. Observation also justifies the above conclusion. This condition is bringing on universal indebtedness. But why and how this condition has been brought about, is not the question of the hour. Admitting that about fifty per cent. of our population is struggling for money wholly needed by the remaining fifty per cent. as a circulating medium, causing the majority of the voters of the North, South, East and West to favor "Free Coinage." (It is necessary to insert the word "American" silver for those really posted know there is no great and useless foreign reservoir of silver with which to "flood" this country.) Upon this principle the debtor class is as anxious for free coinage as any western miner. They know that in 1819 England adopted the gold-standard and that in comparatively few years the land-owners of England were reduced from one hundred and sixty-five thousand (165,000) to less than thirty thousand. By the single standard 94½ per cent. of England's farmers were crushed to death financially and during that period the Bank of England has suspended specie payment a dozen times. I find but one gentleman—Mr. N. T. Porter—who in this locality, is strongly opposed to Free Coinage, and he is the manager of the millionaire syndicate known as the "Cascade Land Company," which now owns tracts of land in this State equivalent to one third the state of Indiana. Politically speaking, all citizens of the Republic are in favor of bi-metalism, except mugwumps, because their national platforms so declare them. However the mugwumps in our present congress are about to defeat the combined efforts of the Democrats, Republicans and Populists. "Mugwump" is described from the language of the Algonquin Indians meaning a chief or person of importance, and was first applied derisively in politics, but now its literal meaning is acceptable to a Montanian. All honor to Congressman Brookshire, of your District. His vote was not numbered with the 226 mugwumps. Some editors through very narrow spectacles tell of "cheap silver" but studiously avoid saying that the metal in 100 pennies is only worth 8 cts. 8 cts. worth of metal still passes for \$100 in the east, while silver money recently commanded a premium. But what of these 8c. dollars? Is it necessary that a promissory note be written on paper so valuable as to relieve its maker from responsibility? So far from the value of given articles for other purposes being the sole cause of their monetary value, the former is not always co-existent with and equal to the latter. Was it "the value for other purposes" of the iron in the coins of Sparta, under Lycurgus, that gave to those coins their monetary value? Was it the value of the leather for other purposes that gave to the money of Carthage its monetary value? Was it its value for other purposes that gave to the money made in China in the thirteenth century from the bark of the mulberry tree its monetary value? Was it its value for other purposes that gave value to the wampum of the American Indians? Was it their value for other purposes that gave to the glass coins of Arabia, the brass coins of Rome, the pasteboard bills of Holland, the ten-penny nails of Scotland, the musket-balls of Massachusetts and the cocoa-beans of Mexico, their monetary value?

Truly the commercial value of all silver coin in circulation in the United States to-day is about one hundred and seventy millions of dollars (170,000,000), less than its monetary value, but this is caused by a discriminating law. It is not from natural causes as shown by the table presented in Senator John P. Jones' speech tracing the ration of gold to silver in various countries from 1000 B. C. to 1889 A. D.

Yes, silver is a precious metal to the West, but there is one other equally dear—the metal which will not allow our Congressmen to caress the hands that smote us. The pampered protectionists stood solid against silver at the recent vote when large sums had been expended in the east for protected machinery by the miners, only to see it deadened in the mines by an eastern law. Why not, on this principle sell a man a load of wheat then legislate against wheat—bread and sell him a load of corn. It will be another Cuckoo in the sparrows nest—the mother bird's

head will be nipped off by its young—unless silver wins.

As for Great Falls, her many great wheels turned by cheap electric power, her enlarged copper smelter and other industries, give her a magnificent monthly pay roll, and she prospers panic or no panic. However, adjacent silver mining towns have been rendered desolate in a day. A town of two thousand inhabitants forced by the 226 mugwumps (on first ballot) to move as a single family! I know a bride and groom who were married one day and the next (by necessity) started on a ten days bridal tour across the open prairie on foot with bed and provisions on shoulder, sleeping in the open air, the blue-canopied heavens their only roof! Plenty of pioneer life here these days.

Yours for Silver,  
A. T. KELLISON.

The state debt of Ohio, through the administration of McKinley, it is stated has been increased several millions of dollars. As under his system of protection the payment of this debt falls upon the middle class of society and the laboring people, the voters, one would think, would be tired of that style of administration. McKinley is a fine specimen of republican financiering. After becoming insolvent himself, he seems in a fair way to place his state in the same condition.

In the Ohio campaign for Governor now going on McKinley has shown himself as no match for Neal in argument. McKinley's speeches are a rehash of those heretofore delivered by him. His campaign this year is a bid for the nomination for President on the republican ticket in 1896, and his speeches are shaped for that occasion only.

If the federal election laws are repealed the main prop that has held up the republican plan of carrying national elections has fallen. Shoulder straps, bull dozing, intimidation of voters, will be things of the past if these laws are abolished as they should by all means be.

### STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.  
Sworn to before me and subscribed in my presence, this 9th day of December A. D. 1893.

A. W. GLEASON,  
Notary Public

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

There are thirty varieties of bamboo, the smallest six inches and the largest 150 feet tall.

Six Years in Bed from Nervous Prostration.

HARTFORD CITY, Ind., June 8, 1893.

Dear Genls:—I received a letter from you May 27, stating that you had heard of my wonderful recovery from a spell of sickness of six years duration through the use of South American Nerve and asking for my testimonial. I will gladly state how I was delivered from my extreme pain and suffering. I was perfectly prostrated and helpless for six long years, could not rise from my bed stand upon my feet nor walk. I was treated by many of the best physicians for many miles around and all agreed that I would never leave my bed. At last I lost the use of my body and had to be lifted like a child. A part of the time I could read a little and one day I saw your advertisement in a paper and concluded to try one bottle. Its effects were wonderful in relieving restlessness and pain. I soon could rise from my bed and take a few steps by being held. After I had taken five bottles I was strong and well and able to be out canvassing for foreign missions. My friends could scarcely believe that it was me. I am sure South American Nerve is the best medicine in the world. It was a God send to me and I believe it saved my life.

Very Truly Yours,  
MISS ELLA SPOLTE.

Warranted the most wonderful stomach and nerve cure ever known. Sold by Dr. E. Detchon, No. 213 E. Main st., and all Druggists, Crawfordsville, Ind.

A sixty-pound melon was among the wedding presents at a recent Missouri bridal.

Nobody Knows

What I suffered for years with those terrible racking sick headaches. Life was only a torment to me; if you are so troubled, I would advise you to use Sulphur Bitters, for they cured me—CLARA BELL.

For 200 years the prologue and epilogue were deemed indispensable parts of a play.

Is It Safe

To neglect yourself if troubled with any disease of the kidneys? No, it is dangerous; and if you are so afflicted attend to yourself now. Do not wait, but use Sulphur Bitters at once. They cured me when I was given up to die by several physicians.—JONATHAN HAM, Boston.

### WILL NOT EXCLUDE CHINESE.

Policy of the Canadian Government is Clearly Set Forth.

OTTAWA, Ont., Oct. 2.—Several attempts have been made by labor organizations of the Dominion to induce the government to impose further restrictions on Chinese immigration. The government has just passed an order in council which practically settles its policy in this regard. The order, after reciting the circumstances which called it forth, says:

"Whatever sympathies may exist and whatever views may be held on the subject generally—or more particularly with reference to Chinese exclusion or to such restrictions as are demanded by the petitioners—they must, in so far as at least as exclusion is concerned, be held to be subordinate to the objections solemnly entered into between two great and friendly nations, and no action should be taken which could be construed by the imperial government as inimical or as infringing upon treaty rights.

"The commercial relations of Canada with China it is not expedient to change the provisions of the Chinese immigration act nor to take any action that might be considered by the Chinese government as an invasion of the spirit of the treaty obligations or as an unfriendly act. "It is deemed impolitic and unnecessary to recommend the alternative expedient of raising the capitation tax to \$500. The suggestion that every Chinese man or woman in Canada be taxed to the amount of \$200 each year, and that said tax be paid into the treasury of the municipality or city in which they may be found, is a question for the consideration of others than the government of the Dominion."

### Chicago Board of Trade.

CHICAGO, Sept. 30.—Wheat sold early to-day from the close last night. This was added to the price on the little flurry of buying the last half hour on Friday on the rumors that led the country to believe the senate had at last arrived at a conclusion in the silver war. This morning the dispatches indicated a more hopeless case than before, and all the good influence was lost. Breadstuffs gave the exports of wheat and flour for the week at 490,000 bu. or 1,287,000 bu. less than the previous week. The Northwest again had 894 cars of wheat. The increase in receipts and the decrease in exports, and especially the rushing into sight of spring wheat in the Northwest will give a big increase in the visible supply. This is estimated at 2,000,000 bu. or over. Exports for the day were about 300,000 bu. from Atlantic ports, indicating no improvement over the past few days. Chicago had but 176 cars of wheat where there were 509 cars last year. The bank statement was a very good one, with \$2,500,000 increase in reserves and \$7,000,000 increase in deposits. St. Louis bought some wheat here, New York sold some. Otherwise the trade was local. The December price started at 43½¢, got a balance to 43½¢, and then went back to 43½¢. May sold 76½¢@77¢ and off to 76½¢ seller. From these figures there was no disposition to rally the market. Wheat closed at about 43½¢, and 40¢ for December, 76½¢ May, ½¢ off from Friday.

The corn trade was independent of the weakness in wheat early, but before the close the heavy feeling was the feature and prices yielded. The estimate for 1893 cars and the receipts were posted at 900 cars. The withdrawals were heavy at 315,000 bu. The heavy charters for two days were reflected in the great shipments of 550,000 bu. The estimate for Monday was larger still at 940 cars. Wheat was very heavy with the Friday gain all lost. Selling of corn became general. October after selling 39½¢ and 40¢ broke to 40½¢. December 40½¢ and 40¢ broke to 40½¢. 44¢ and 43¢ broke to 43½¢, holding before the close at 44¢.

The packers again had the provision market to themselves. The stock of products are expected to show very low on Monday, with further decrease in all but ribs probable. Pork was bid up from \$14.85 to \$15.20 October and \$13.80 to \$13.92½ January. Lard was bid up from \$10.00 to \$10.25 and up 10c January at \$5.07½. The close. Ribs were up 10c for October at \$8.55, up 10c for January at \$7.37½.

### Foundered Off Ahnapee.

ANNAPEE, Wis., Oct. 2.—During the southeast gale the schooner Margaret Muir, owned by Muir & Clow of Chicago and bound for Chicago with salt, foundered three miles east of this port this morning in deep water. The crew reached the shore in a yawl with great difficulty.

### NEWS IN BRIEF.

J. H. Waggoner of Portage, Wis., has secured control of the Daily Kansan of Newton, Kan.

John Hoffman, a wealthy farmer living near Brazil, Ind., became embarrassed financially and committed suicide.

Joseph Lafge, a glass-blower, claiming to be from Chicago, was sentenced to the penitentiary for one year at Portland, Ind., for stealing an overcoat.

Archbishop Hennessy of Dubuque has decided on extra labor for the propagation of Catholic faith in his diocese, and is arranging for zealous missionary work.

Mrs. William McDonald was awarded verdict of \$5,000 at Champaign, Ill., against the Illinois Central for the killing of her husband, a night switchman, while coupling cars.

A. C. Baker, wholesale hardware dealer of Sioux City, Iowa, who assigned eight weeks ago with liabilities of \$150,000, has settled with creditors and will resume business.

John Henry, a merchant of Alton Junction, Ill., has brought suit against the Big Four railroad company for \$25,000 damages for personal injuries received in the Wann disaster. This is the first important legal action growing out of the collision and oil explosion last winter.

### Brunker's

Carminative Balsam, [the great stomach and bowel Remedy, is still working wonders. For sale by all druggists.

In the reign of Louis XVI the hats of the ladies were two feet high and four wide.

Perhaps some of our readers would like to know in what respect Chamberlain's Remedy is better than any other. We will tell you. When this remedy is taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold and greatly lessen its severity, if not effectually cure the cold in two days' time, and it is the only remedy that will do this. It acts in perfect harmony with nature and aids nature in relieving the lungs; opening the secretions, liquefying the mucus and causing its expulsion from the air cells of the lungs and restoring the system to a strong and healthy condition. No other remedy in the market possesses these remarkable properties. No other will cure a cold so quickly or leave the system in as sound a condition. For sale by Nye & Booe.

One 11m

A single polypus has been cut into 124 parts, and each in time becomes a perfect animal.

Dr. P. A. Skinner, of Texarkana, Arkansas, is an enthusiast in the praise of Chamberlain's Pain Balm. He used it for rheumatism, and says: "I found it to be a most excellent local remedy." For sale by Nye & Booe.

A resident of Chicopee, Mass., glories in the name of Guadalupeebetoncourt.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became a Woman, she clung to Castoria.

When she had Children, she gave them Castoria.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg; doctors said he was incurable. One bottle of Electric Bitters and one box of Bucklen's Arnica Salve cured him entirely. Sold by Nye & Booe Drug store.

After traveling nearly 4,000 miles on a bicycle, George Walton, of San Antonio, Tex., has reached his home. He visited both the cities of New York and Chicago.

More's "Utopia" was written as an amusement and to divert his friends.

Dr. E. Detchon makes a specialty of the treatment of all chronic diseases among which are Consumption, catarrh, bronchitis, chronic coughs, liver complaint, indigestion, dyspepsia, nervous prostration, nervousness of females, St. Vitus's Dance, female weakness, diseases of children, whooping cough, eczema and all skin diseases, scrofula, asthma, kidney diseases and a variety of other complaints too numerous to mention. All medicine furnished. Office at

Though Labrador was probably the first point of the American mainland visited by Europeans, yet it now contains the largest unexplored region on the continent.

Cure Yourself.

Don't pay large doctor's bills. The best medical book published, one hundred pages, elegant colored plates, will be sent you on receipt of three 2-cent stamps to pay postage. Address A. P. Ordway & Co., Boston, Mass.

Is what Hood's Sarsaparilla vigorously fights, and it is always victorious in expelling all the foul taints and giving the vital fluid the quality and quantity of perfect health. It cures scrofula, salt rheum, boils and all other troubles caused by impure blood.

A Battle For Blood

A hydraulic testing machine at Washington University exerts a pressure of 1,000,000 pounds.
