

Where Disease Is Bred.

When a sewer is clogged or choked up the accumulations poison the atmosphere in its vicinity and bring about the conditions that breed disease. We all know that in time of pestilence every precaution is taken, not only to keep the sewers free and open, but even to remove all decaying matter from the community. The danger of infection is thus minimized. How few of us who pay taxes for the maintenance of sanitary bureaus for the public health think of an equal requirement for our individual welfare. The alimentary canal is the great sewer of the human system. When that is dammed up conditions are generated which invite fevers and such diseases as our nature inclines to. Constipation is a clogging of the natural drains, and nearly everything we suffer from follows this condition. It will not do merely to clear the drains from time to time. We must repair and improve the working power of the machinery whose function it is to perform this work. **SUPERIOR BILE BEANS** differ from pills in that they are more than a mere cathartic. They not only stimulate sluggish bowels and clear the system of all disease-breeding matter, but they remedy the evil complained of; they restore power and freedom of operation to the secreting organs, and they tone up and strengthen the entire system. They are easy and soothing in action. Try them, 25 cts. a bottle, 5 bottles, \$1.00. For sale by druggists and medicine dealers throughout the country, or by mail, postpaid, on receipt of price. Ask for the "Small Size" (green wrapper or carton).

Take No Substitute for Bile Beans.

Kipling.

Both Must Get Out.

BUTTZ IS CONVICTED.
The Senate Committee Finds Him Guilty
of Attempted Bribery.

WASHINGTON, May 26.—The special committee of the senate appointed to investigate the charges of attempted bribery of senators on the part of Charles W. Butt, the North Dakota lobbyist and ex-congressman from North Carolina, yesterday submitted a report to the senate. Butt is found by the committee to have made the attempt at bribery, despite his denial, and Senators Hunton and Kyle are exonerated from all blame. The committee in its report says:

It is understood that Mr. Gove recommended that a new convention be held and that a compromise candidate, who is not a member of either faction, be substituted for both Johnson and Landis. Friends of the last mentioned (Landis) do not take kindly to the suggestion. They hold that the State Committee has no jurisdiction over district matters, besides which they recall that there is no great love for Mr. Landis, who was a Christian Republican, and they fear that the Harrison wing may seize the opportunity to give him the hot end of the poker. Both factions, however, agree that there is no earthly show of carrying the district with a divided party, yet neither is willing to stand back for the other.

The Verdict of The Jury.

INDIANAPOLIS, May 25.—The jury in the bank case brought in a verdict Monday morning at 10 o'clock as follows: "We the jury that the defendants Francis A. Coffin and Percival C. Coffin guilty as charged in all the counts, and Albert S. Reid guilty as to the counts from 37 to 10, inclusive. Joseph A. Trotter, foreman." The first thirty-six counts in the indictment charges the defendants with unlawfully and knowingly aiding and abetting Theodore P. Haughey, President of the Indianapolis National Bank, in various offenses of misapplication of the money of the bank for the use and benefit of the Indianapolis Cabinet Company to the extent of \$35,000. The remainder of the counts relate to the wilful misapplication of the funds of the bank. A long list of exceptions will be filed and a new trial will be asked by the defendants' counsel. The persons are out on \$25,000 bonds. Standing room was at a premium in the United States court room when the verdict was read.

Robbed on a Train.

Henry Thompson is a motorman on the electric street car line at Lafayette. His parents reside six miles west of this city. Saturday night he took the Monon night train at Lafayette for this city. He fell asleep soon after entering the car and did not awake until shortly before the train pulled up at the elegant new passenger station on east Main street—that is to be. He went to the Sherman House and engaged a room. When he felt for his watch to wind it before retiring he found it not. Then he felt in his pocket for his purse containing \$25, and it too was gone. He had been robbed while asleep on the train! The robber was now either several miles south of here, or else he had quietly alighted from the train in this city and gone whithersoever he would. Robbery of this kind is said to be quite frequent on the night trains and it is well for passengers to be on their guard.

Some Gamblers Get It.

A poor mistreated wife, but one of nerve and noble courage, and who knew that her husband was in a gambling room over Johnson's saloon, staking money that rightfully belonged to her self and family, gave out the information that led to the arrest of her husband and ten other tin horn gamblers last Saturday night. She sought out Dr. H. A. Tucker and told him to intercede in her behalf. Mr. Tucker went at once to Mayor Bandal and asked that the place be raided forthwith. The Mayor gave the police the word and the raid was made before any tips could be given to the gang. They all appeared in police court Monday morning and squared themselves on the docket. The police owes the brave woman and Dr. Tucker a debt of gratitude for giving the information leading to the arrests, and also for insisting that it be done. A man that will rob his family in this way should be severely dealt with at every opportunity.

To Break the Tie That Binds.

The docket for this term of court contains the usual number of divorce suits. So far an even half dozen have been filed as follows:

Albert Dixon vs. Eliza Dixon.
Mamie House vs. William House.
Kate Reed vs. Charles Reed.
Georgia Allen vs. Charles Allen.
Rosa Smith vs. Charles Smith.

Cassie Johnson vs. Julius Johnson.

It will be observed that the women are the plaintiffs in all but one case, of action is brutality, abandonment or failure to provide.

Probable Republican Nominations.

After the republican nominations to day there will be many individuals of disappointed hopes and aspiration. At this time it looks like the candidate for auditor would come from the country, probably the man from Madison township, while John Rice's chances for the nomination for Treasurer are decidedly favorable. Kennedy will probably be nominated for prosecutor, McCrea for Representative and John L. Davis for Commissioner from this district.

BUTTZ IS CONVICTED.

The Senate Committee Finds Him Guilty

of Attempted Bribery.

WASHINGTON, May 26.—The special committee of the senate appointed to investigate the charges of attempted bribery of senators on the part of Charles W. Butt, the North Dakota lobbyist and ex-congressman from North Carolina, yesterday submitted a report to the senate. Butt is found by the committee to have made the attempt at bribery, despite his denial, and Senators Hunton and Kyle are exonerated from all blame. The committee in its report says:

It is understood that Mr. Gove recommended that a new convention be held and that a compromise candidate, who is not a member of either faction, be substituted for both Johnson and Landis. Friends of the last mentioned (Landis) do not take kindly to the suggestion. They hold that the State Committee has no jurisdiction over district matters, besides which they recall that there is no great love for Mr. Landis, who was a Christian Republican, and they fear that the Harrison wing may seize the opportunity to give him the hot end of the poker. Both factions, however, agree that there is no earthly show of carrying the district with a divided party, yet neither is willing to stand back for the other.

The committee in its report says:

It is also established by the testimony that the same Charles W. Butt during the month of March last approached Senator Kyle of South Dakota with a proposition that \$10,000 would be paid him if he would vote against the pending tariff bill. The said Butt, when making this proposition also stated to Senator Kyle that the money was in the hands or control of an agent of certain bankers and capitalists of New York City, and that the money was in Washington. Senator Kyle's testimony is confirmed by that of Duncan McFarlane, clerk to the committee on education and labor.

Your committee is abundantly justified in stating the facts above recited have been established by the evidence notwithstanding the denial on the part of Charles W. Butt, and they refer the senate to the testimony in detail in support of this finding.

HALL ON THE TARIFF.

Says the Senate Bill Will Be Passed as It Is.

WASHINGTON, May 25.—After six weeks spent in his district, Representative Hall of Missouri, one of those most in favor of the income tax feature of the tariff bill, is back and is giving his attention to the changes which the senate finance committee has wrought.

"I have gone over the senate bill carefully," said Mr. Hall, "and I find that the changes effected are of detail and not of substance. The senators have recognized the essential principle of the measure that men shall bear the tax burden according to their wealth. With that recognized as a government principle and policy, the main change made by the senate is in limiting its operations to five years. All income taxes are temporary when first enacted, but when once in force they become permanent. England's income tax was temporary at first, but it has been continued. Germany and Italy have had the same experience. So that we can feel confident in accepting an income tax limited to five years that it will be permanently engrained on our laws before the time expires."

Not a Counterfeiter.

WASHINGTON, May 26.—R. E. Preston, the director of the mint to-day received from a special inspector of customs at El Paso, Texas, a \$5 gold piece with a request for a decision as to its genuineness, the inspector stating that it was evidence against a party accused of passing counterfeit gold coin. Director Preston observed that the coin lacked sonority and from its genuine appearance suspected that owing to too rapid rolling of the gold strips preparatory to cutting the planchets an air bubble or blister was formed just at the spot in the strips from which the coin was cut. Mr. Preston split the coin far enough to ascertain that his diagnosis was correct. The coin will be returned with the statement that it is genuine.

Mr. Carlisle Explains It.

WASHINGTON, May 26.—In response to the complaint made by the Georgia delegation because Secretary Carlisle sold the government's World's Fair building to Chicago parties for \$3,250, and which parties ask the Atlanta exposition people to pay \$25,000 for it, the secretary says the Chicago bid was \$1,750 in excess of the officially estimated value of the building and was accepted long before any intimation had been received that the Atlanta people wanted the structure.

Arthur H. Taylor for Congress.

EVANSVILLE, Ind., May 26.—The First district democrats at Rockport renominated Arthur H. Taylor for congress. Resolutions denouncing Hill, Bruce and Gorman as the Benedict Arnolds of the democrats and demanding that sugar be put on the free list were adopted. They also demand that the income tax be retained in the tariff bill as it came from the house.

Hill for Free Iron.

WASHINGTON, May 26.—Senator Hill has notified Senator Dubois that he intends to move to put lead ore on the free list and will attack the position of the senate finance committee in levying a duty of three-fourths of a cent per pound on that article.

To Succeed Wolsey.

DUBLIN, May 26.—The Freeman's Journal says that Gen. Lord Frederick Roberts, formerly commander-in-chief of the army in India, will succeed Gen. Lord Garnet Wolseley in the autumn as commander of the forces in Ireland.

To Blow Up the Buildings.

BUENOS AIRES, May 26.—A plot to blow up the parliament buildings and bourse by the use of bombs has been discovered here.

Stopping Coal Trains.

The striking miners are making an organized effort to stop every pound of coal that passes through Clay county, and miners in bodies of two or three hundred are sent to guard each road. The strikers got wind of the fact that coal is being shipped on through freights through Brazil in box cars, and they are bent on stopping every train possible. At Fontanet Sunday every train on the Big Four was stopped. The strikers would cleanse themselves, and as a train pulled in it was flagged with a red shawl and at once boarded. Whenever a car was found labeled "perishable freight" it was known to contain coal that was being shipped in disguise, and ordered sidetracked, after which the train was permitted to proceed. One train attempted to run the gauntlet, and ran by at full speed, but the daring strikers boarded it and set the brakes. The train was found to be hauling some coal, and these cars were sidetracked.

Death of W. T. Bayless.

W. T. Bayless, deputy sheriff under Chas. E. Davis, breathed his last at his home on east Main street last Friday. His malady was consumption. He was able to be on duty at the court house until less than two months ago and he was not considered so near death's door. He was a member of McPherson Post, G. A. R., under whose auspices the burial service took place at the Masonic cemetery Sunday afternoon. Rev. W. G. Howe delivered the funeral sermon at the Christian church at 2 o'clock. Mr. Bayless leaves a wife and three children to mourn.

Gone Insane.

Amy Brinson, a delegate appointed from Madison township to the republican convention today, has gone insane. It does not seem, however, that the importunities of many candidates are responsible for this misfortune to him. It is said he attended spiritualistic seances held in this city and thus unbalanced his mind. If this be the case, the medium should be fired out of town.

Why Should I.

Not have confidence in that which has done me a world of good? If you had suffered years with liver complaint and got cured by using Sulphur Bitters, would not you too have confidence in them? J. R. Nash, Hotel Winthrop, Boston.

Black River (Wis.) policemen besieged a house for three hours in the full conviction that burglars were inside. They found a cow, which had entered through the kitchen door.

Distemper and Coughs.

In horses, sheep and dogs positively prevented and quickly cured by using Craft's distemper and cough cure. Safe to use under all conditions. One dose prevents, one bottle cures, in three to six days. Send for "Treatise" and testimonial from breeders who have used it for many years. Address the Wells Medicine Co., Lafayette, Ind.

Master Bronislav Huberman, the new ten year old violin prodigy, who is now astonishing London, is a Pole, four feet high.

The Last Excursion West.

On May 29th the Vandalia will sell excursion tickets at one fare the round trip to Tennessee, Arkansas, South West Missouri, Kansas, Colorado, Texas and other southern and western states. Good to return in 30 days from date of sale. No mode such rates before fall. So to now.

Rates are now on for Bass, Lake & Marmon.

For information and tickets, call on J. C. Hutchinson agent.

Lord Rosebery's dairy farm in Buckinghamshire comprises 1,400 acres, on which he keeps 120 dairy cows, 800 cattle and 1,000 sheep.

Mrs. Fleming, the assistant of Professor Pickering at Harvard Observatory, has recently discovered four new variable stars.

Notice to the Consumers of the

Crawfordsville Water and

Light Company.

We desire to notify customers who are dissatisfied with their present annual flat rates that we will furnish them water by meter measurement upon the following basis.

If the consumer will set at his expense a meter to be approved by the Manager of this Company, we will rebate his charge 15 per cent. of the regular meter rate if his bills are paid at the office of this Company previous to the 15th of the month for the previous month's consumption of water and will adjust unpaid disputed charges for water consumed during the interim from the first of April to the setting of meter upon a basis of the consumption by meter measurement. To obtain the rebate above offered meter bills must be paid at the office of the Company previous to the 15th of the month for the previous month's consumption.

In addition to the above the Company will agree to purchase the meter from the consumer at a price not to exceed that which a similar meter can be purchased from the dealer. Payments therefore to be made in monthly installments equal to 25 per cent. of balance of the consumer's meter bill for the month after deducting 15 per cent. Information in regard to meters can be obtained from the manager of the company on application.

Respectfully,

The Crawfordsville Water & Light Co.

M5, 6w.
