After returning to town a large crowd went to the Presbyterian church and were addressed by Professor Smith.

STATE BANK SITUATION.

Its Advocates Expect 140 Votes in the House for the Measure.

WASHINGTON, May 31.—The debate in the house on resurrecting state banks gathers energy as it proceeds. It had been the purpose to get a vote this week, but the demand for time to speak has been so great that the debate is expected to run through the next ten days. The state bank leaders have reached the conclusion since the debate began that they will command about 140 votes for one of the various plans of repeal. They say that with a full attendance this vote may fall short of carrying the repeal, but that it will carry, in an average attendance. These 140 votes represent a rapid growth of state banks' strength since the last congress, when the bill of Representative Richardson (Tenn.) for the unconditional repeal of this tax secured only 84 votes, with 118 against and 127 not voting. This vote of two years ago is now being recalled, as it puts on record many members of the present house. It shows that of the present members fifty-eight are committed for repeal and fifty-six against.

RAILROADS TIED UP

Heavy Rains Seriously Embarrass Traffic at Pueblo, Colo.

PUEBLO, Colo., May 31.—Heavy rains have prevailed over the entire eastern, southern, and central parts of Colorado for the last twenty hours, and the railroads are suffering from wash-outs. The Rio Grande is tied up west of Pueblo, the Colorado Midland west of Colorado Springs, and indications are that by midnight the Santa Fe and Missouri Pacific will be washed out east of here, and that no trains on any road will get in or out of Pueblo. Gov. Waite at Cripple Creek conferring with the striking miners, will not be able to get out for twenty-four hours. Six breaks in the levee bounding the Arkansas river through the heart of the city have flooded a large portion of the business district to a depth of from one to four feet, entailing a loss of \$300,000, and rendering several thousand of the poorer class temporarily homeless. No fatalities have occurred.

Pana Miners Vote to Strike.

PANA, Ill., May 31.—The striking miners assembled at the opera house. The result of the second ballot was 329 in favor of striking and 60 against striking. There are 750 miners living here. The strike, so far as the 329 men are concerned, is for an indefinite period.

A Lawsuit Involving \$3.15

There was a trial by jury in circuit court Tuesday, wherein but \$3.15 stood between the belligerent parties. The title of the case was Rickey vs. Long and the parties reside near Linden. Rickey rented Long a small tract of land and he sued for possession on the ground that Long had failed to comply with the contract. The rent was to be paid in part cash and the remainder in work, and the question arose as to the value and extent of the work performed by Long in addition to what the contract called for.

The case went to the jury at 5 o'clock.

That body was out about twenty minutes and returned a verdict in favor of the plaintiff. The case had been in a justice court before and the end may not be yet. The defendant will this week file his motion for a new trial.
