## WOMEN RULE A CITY.

LAWLESSNESS PREVAILS AT MILWAUKEE, WIS.

Mobs of Women Drive Away Health Officers With Clubs—Authorities Surrender—Epidemic May Result—General News of Northwest.

MILWAUKEE, Wis., Aug. 30.—The women in the smallpox infected district ran riot unchecked yesterday. Quarantine officers were driven from the houses which they were guarding and no attempts have been made to check the infuriated mobs. These women seem to be organized and are determined to resist all efforts of the health department to remove patients or quarantine affected houses. The women are all armed with baseball bats and wear white caps. About 400 paraded through Fifteenth, Sixteenth and Seventeenth avenues and drove the quarantine officers from their posts. At 2 o'clock in the afternoon the health department temporarily abandoned the attempt to quarantine and remove patients to the isolation hospital or to investigate new cases in the Eleventh ward. Even the patients from other sections of the city were not removed because it was feared the ambulance would be wrecked when it passed through the ward on its way to the isolation hospital.

Judge Wallber let off the rioters who were arrested Aug. 9 without punishment and discharged Fred Rosenberg, the man who was arrested for urging the women to attack the police. The police were discouraged at the discharge of the prisoner and have lost heart in the work of trying to preserve order. The health department is being sharply criticised by the people for the weak and vacillating policy which has marked its handling of the smallpox epidemic. Promises were made that the disease would be confined and would not become epidemic, but now, according to the admission of Dr. Kempster, it is getting beyond control and many are the demands which have been made that he should either resign or be removed from office. The state board of health will probably take charge of the situation in this city to-day.

To Instruct Pupils in Temperance.  
VALPARAISO, Ind., Aug. 30.—The W. C. T. U. societies of Indiana will start a petition in every town and will endeavor to secure 1,000,000 signatures to induce the next legislature to pass a law requiring scientific temperance instruction, showing the effects of alcoholic drink upon the human system, shall be made a regular branch of instruction for all pupils of schools supported by public money or under state control.

Driven From Their Home.  
ST. JOSEPH, Mo., Aug. 30.—White-caps went to the house of William Hendershott at Agency Ford last night and took Hendershott and his wife out of the house and into the woods, where a can of tar and some feathers had been concealed. The couple were finally released on promising to leave the state. They left in the morning. They are the parents of the two youngest horse thieves in the state.

Wanted by Three Banks for Forgery.  
OTTUMWA, Iowa, Aug. 30.—Conrad Reiter has been arrested at Brownin, Mo., and taken to Koesauqua for trial. He forged a check for \$500 and successfully passed it on the Koesauqua state bank. A bank at Fairfield was caught for \$1,000 and one of the national banks in this city for \$2,500.

Elevator Company Sues for \$85,000.  
MINNEAPOLIS, Minn., Aug. 30.—The State Elevator company is suing the city of Minneapolis for \$85,000 damages. It is alleged its elevator has been made insecure by the removal of dirt by the Great Northern road. The city is sued on the ground that the railway company was granted permission to perform the work.

Notorious Horse Thief Caught.  
OSHKOSH, Wis., Aug. 30.—B. F. Landis was arrested here for horse stealing ten years ago in Ohio. He has served two terms for a similar offense and eight years ago sawed his way out of the jail at Greenville, Ohio. He was taken back to Greenville.

Old Soldiers of Green Castle, Ind.  
GREEN CASTLE, Ind., Aug. 30.—The joint camp fires of the Fourteenth, Forty-third, Seventy-first, and One Hundred and Twenty-third Indiana volunteer regiments was held in McHarry hall last night. The regiments have brought together over 400 old members.

Gen. Alger's Nephew Drowned.  
HANNIBAL, Mo., Aug. 30.—Alexander, the 12-year-old son of Mr. and Mrs. C. M. Alger, was drowned in the Mississippi river yesterday while in swimming with other boys. The body was recovered a short time afterward. C. M. Alger is a brother of Gen. Russell Alger.

Veterans at Clinton, Iowa.  
CLINTON, Iowa, Aug. 30.—The seventh annual reunion of the Jackson County Veterans' association opened yesterday at Preston with 3,000 people in attendance. It is the largest gathering in the history of the association.

Families Forced from Their Homes.  
BAY CITY, Mich., Aug. 30.—Eight families living in Beaver township have been forced out of their homes by forest fires, and sought shelter in Keweenaw village.
