## THE COMING ELECTIONS

Thirteen Different States to Vote This Fall.

QUITE LIVELY FOR AN OFF YEAR.

Governor and Attorney General Will Be Elected in Maryland to Serve Four Years—New Jersey Also Elects a Governor—The Ticket in New York Is Headed by the Secretary of State—Full State Tickets in Ohio and Kentucky.

WASHINGTON, July 15.—Though this is supposed to be an "off year" politically, there will be elections in thirteen states, namely: Connecticut, Maryland, Virginia, Pennsylvania, New Jersey, New York, Ohio, Kentucky, Kansas, Iowa, Nebraska, Mississippi and Massachusetts. The Connecticut election for town officers and to pass upon the question of restricting the state senate will be held Oct. 7, and the regular state elections will be held four weeks later—Nov. 5—in the twelve other states named.

In Maryland a governor and an attorney general will be elected to serve four years, a comptroller to serve two years, all the members of the lower house of the general assembly, and fourteen senators. A state's attorney and sheriff will be elected in each county. A United States senator to succeed Senator Gibson will be chosen in Maryland next winter. New Jersey and New York.

New Jersey will elect a governor for a term of three years, seven state senators for the same term, and an entire assembly of sixty members.

New York's state ticket will contain a secretary of state, comptroller, treasurer, attorney general and a state engineer for terms of three years each, a judge of the court of appeals for a term of fourteen years, twelve judges of the supreme court for terms of fourteen years and fifty senators to serve three years and 150 assemblymen to serve one year each. The senators chosen in November will participate in electing a successor to Senator Hill.

In Virginia all the members of the house of delegates and twenty (or one-half) of the state senate will be elected. The senators chosen this year will participate in the election of a successor to Senator Daniel.

Pennsylvania will choose a state treasurer for a term of three years and seven judges of the supreme court for ten years. In Ohio there will be elected a governor, lieutenant governor, treasurer and attorney general to serve two years, an auditor to serve four years, a judge of the supreme court to serve five years, and a legislature that will elect a successor to Senator Brice.

Full State Ticket in Iowa. A full state ticket to serve for four years will be voted for in Kentucky, as well as a legislature that will elect a successor to Senator Blackburn.

The Kansas people will vote for a chief justice of the supreme court to serve one year.

The voters of Iowa will select a full state ticket to serve two years and a legislature that will elect Senator Allison's successor.

A justice of the supreme court to serve six years and two regents of the state university will be chosen in Nebraska.

A full state ticket to serve four years, all the officers in the various counties and a legislature that will elect the successor to Senator George will be chosen in Mississippi.

A full state ticket to serve one year will be voted for in Massachusetts.

LABORERS ARE FEW.

Farmers of North Dakota and Minnesota Call Loudly for Help.

ST. PAUL, July 15.—The crop of grain now in sight in northern Minnesota and northern Dakota equals the phenomenal abundance of 1890, when crops were enormous, but large losses occurred because of the scarcity of men at harvest time. Northwestern farmers are trying to profit by the lesson of delay that year by leaving nothing undone this year to properly care for crops, and this is only possible by help coming from the outside. To afford this assistance, will give men a chance to visit this country and look it over and pay their way by working in the harvest fields.

Gallagher Badly Wanted.

WEST SUPERIOR, Wis., July 15.—Detective Gallagher, who is badly wanted in the investigation of the charges against Mayor Starkweather, has not yet been found. The chief of police was instructed to again order him to return to Superior. A telegram was sent to St. Paul ordering him back, but no answer was received. Two patrolmen from the East End houses at that end of the city being closed several times since Mayor Starkweather came into office. Amy Maston, landlady of a colored house, testified that she paid no money during Starkweather's administration. She paid \$700 during the previous administration.

Death of Congressman Remann.

VANDALIA, Ill., July 15.—Frederick Remann, representative for the Eighteenth Illinois congressional district, died at his residence in this city at 1:45 a. m. Mr. Remann had not been well for some time before entering into the canvass last fall. After the election, accompanied by his wife, he went to Colorado with a view to recuperating. On his return trip he took a heavy cold, which resulted in an attack of the grip. He was confined to his room several weeks and finally got out. He took a relapse, however, and was never again able to leave his room.

Steamer Worth \$250,000 Burns.

LEADSTONE, N. Y., July 15.—At 1 o'clock in the morning the large passenger steamer Cibola, of the Niagara Navigation company, plying between Toronto and Leadstone, was discovered on fire. Efforts to extinguish the flames were ineffectual and the steamer was cut loose from her moorings and allowed to drift down the river. She is a total loss. The Cibola cost about \$250,000.

Engineer and Fireman Killed.

DALLAS, Tex., July 15.—In a wreck on the Texas Pacific railroad near Handley Engineer Al Horner and Fireman John Devine were killed. No passengers were hurt. The following were injured: Express Messenger Joe Bitch, rib broken; press Messenger Oscar Sloan and M. Swift, badly bruised. Only the engine, mail and express car left the track.

## THE SENTENCE.

A saucy tease is Metabel, A gushy, laughing, chaffing tease, But what she says I shall not tell, And what she does you may as well Be sure is seldom done to please.

Yet when I threaten Metabel With penalties severe and high Her sunny smiles my frowns dispel, Her wheedling ways my anger quell; She seems the judge, the culprit I.

No mercy showeth Metabel, Yet sweet the fate her word imparts. Last night she sentenced me to dwell A captive in the deepest cell Forever of her heart of hearts.

## NICKEL STEEL.

Its Extended Use Will Prove a Source of Profit to Canada.

"When nickel steel comes into general use for the construction of vessels, as it undoubtedly will," said a Canadian gentleman at the Great Northern the other day, "Canada will, in a sense, control the shipbuilding industry, because, so far as is at present known, there is very little nickel outside of the Dominion, while we have nickel bearing pyrites practically without limit. That whole vast stretch of territory reaching from Lake Superior to Labrador is rich in it and will produce hundreds of thousands of tons of it annually for an unlimited period whenever the demand requires it."

"How will this control the shipbuilding industry? Why, in this way: It has been demonstrated by conclusive tests at your proving grounds at Sandy Hook and elsewhere that steel mixed with, say, 5 per cent of nickel is double the strength of ordinary steel. In the construction of men-of-war the advantage is obvious, and in building merchant vessels the benefit to be derived from the use of nickel steel is equally plain, as it will enable them to be built much lighter than they are now, which means less coal and less engine power with an equal amount of security and equal amount of speed. It will only be a few years when a wooden vessel in the port of Chicago will be something of a novelty and the new vessels will before very long, for the reasons indicated, be made of nickel steel, and this will be the only metal in demand for the purpose at your great shipbuilding yards in Cleveland, Detroit, South Chicago and other points."

"Another advantage which steel having nickel in its composition possesses over ordinary steel is that it will not corrode and that barnacles cannot get a foothold on it, so that nickel steel ships' bottom will never require to be scraped."

—Chicago Times-Herald.

## A New Race of Roses Perpetual.

The Gardeners' Chronicle calls attention to a new race of roses which has been introduced by some Paris growers. They belong to the Polyantha group—that is to say, they bear their flowers in trusses. The new roses have the advantage over the others of being "perpetual," and consequently they flower continuously all through the summer. This advantage they owe to their origin, a natural cross (croisement naturel), observed in the Lyons gardens, between the flowers of the first specimens of Polyantha introduced from Japan and some hybrid perpetual roses. By repeated and careful selections, a new race of roses has been produced which, like annuals, germinate, flower and produce seeds in less than a year. The term "dwarf" is justified by the height, which in adult plants is only about 20 inches. The flowers are single, semidouble or double, in almost equal proportion, and present almost all the variations of color observed in cultivated roses. Flowering commences in the first year, and even a few months after sowing. This precocity is one of the most remarkable and interesting features of this new type. —Westminster Gazette.

## A Fair Inference.

It is undeniable that actions often speak louder than words. A notorious money lender, who had for some time collected an extortionate interest from a debtor, sent his collector to the man, as usual, one day. The collector returned and reported to his employer that he could not collect the money.

"Do you mean to say that the man declared to you that he wouldn't pay the interest?" the usurer demanded furiously.

"He didn't declare so in so many words, but he gave me to understand so."

"How did he give you to understand so?"

"He kicked me down three flights of stairs!"—Youth's Companion.

## In the Past Tense.

"Say, mister," he called, with his head in the door of a Michigan avenue grocery, "do you own a horse?"

"Yes, I own a horse," replied the grocer as he looked up from his paper.

"And a wagon?"

"Yes; what of it?"

"Nuthin', 'cept you are mistaken about the wagon," drawled the boy.

"Your horse took a skate down the street about five minits ago, and there ain't a 'nuff of that there wagon left to make a 'nuff of."—Detroit Free Press.

## Egyptian Superstition.

The Egyptian shopkeeper had a deity to whom he offered sacrifice every morning, and whose duty it was in return for this reverence to stand in front of the shop during the day a sort of celestial "barker" and direct the attention of the people passing by to the shop and its contents.

True worth is as inevitably discovered by the facial expression as its opposite is sure to be clearly represented there. The human face is nature's tablet. The truth is certainly written thereon.—Lavater.

Most of our misfortunes are more supportable than the comments of our friends upon them.—A. Dumas.

Turkestan was originally the stan, or land, of the Turks.

## LIVELY POLITICAL CONTEST.

American Wives of the British Nominees Take an Active Part.

LONDON, July 15.—George N. Curzon, Conservative, the new under secretary for foreign affairs, and Sir Naylor-Leyland, Liberal, were nominated for the Southport division of Lancashire. In this constituency both sides are contesting every inch of ground, the American wives of the nominees joining in the fray. Mrs. Curzon, formerly Miss Mary Leiter, generally gets more cheers than does her husband, while Lady Naylor-Leyland's beauty has excited enthusiasm wherever she has made her little speech. Sir Naylor-Leyland has recently developed an interest in local sports. He has become president of a cycling club and drives about in a gorgeous carriage lined with red adorned with red trappings, drawn by four horses and accompanied by two postillions dressed in red.

## Damage by Forest Fires.

TRAVERSE CITY, Mich., July 15.—A careful survey made during the last forty-eight hours of the districts in which the forest fires have been raging shows that, while great damage has been done to standing timber, to several logging and lumber plants, and to a few small hamlets, the reports have been exaggerated. The losses will still aggregate upwards of \$300,000. The fires are burning fiercely in several sections, but by backing the farmers have been able to prevent them from spreading to crops and buildings.

TRAVERSE CITY, Mich., July 16.—Heavy rains, the first in six weeks, have effectually extinguished all forest fires in this section.

## McBryde's Advice to Strikers.

COLUMBUS, O., July 15.—Patrick McBryde, secretary of the United Miners of America, will go to Joliet, Ill., July 18 to attend a joint meeting of operators and miners. Speaking of his trip to West Virginia at the solicitation of Governor McCorkle, Mr. McBryde says he told the miners who were carrying Winchester to be peaceable, for in twenty-five years he had never seen a strike won after troops were called in. If, he states, the miners do not heed this suggestion, Governor McCorkle will have no alternative but to call troops.

## New Scheme for the Fight.

TOLEDO, O., July 15.—The Ann Arbor railway officials here have assented to a proposition made by Toledo sporting men to allow the Corbett-Fitzsimmons fight to take place on their two big transfer boats, used for ferrying loaded trains across Lake Michigan. Each is 300 feet long and 50 feet wide, and the plan is to have the two boats lashed stern to stern and 4,000 people could witness the fight. The Toledo projectors of the scheme are now in communication with the backers of the pugilists.

## Body Found in a Box.

ALGONAC, Mich., July 15.—A box containing part of a human body was found in Mitchell's bar and everything indicates that a murder has been committed. The body had been hewed in two just below the ribs and the chest, head and arm are missing. The remains were carefully packed and the box securely nailed. There is no way of identifying the body, and the case is a complete mystery.

## Killed Himself While Despondent.

ST. JOSEPH, Mo., July 15.—Jacob A. Raynor, an old resident of this city, shot himself through the heart, causing immediate death. Despondency was the cause of the act. Raynor had lived in St. Joseph forty years and for twenty years was agent of the United States Express company here, later employed as route agent by the Pacific Express company. He leaves a wife but no children.

## Quarreled with Her Lover.

LEAVENWORTH, Kan., July 15.—Miss Anna Schwagler, a prominent young woman and daughter of a wealthy merchant of this city, shot herself in the breast with a revolver, inflicting a fatal wound. The tragedy was the result of a lover's quarrel and occurred at the home of M. B. Donovan, a prominent business man to whom Miss Schwagler was engaged to be married.

## Fasted Sixty-Eight Days.

TOPEKA, Kan., July 15.—A. M. Kennedy, of Delavan, Morris county, has just died after a fast of sixty-eight days. Kennedy was taken ill several months ago, his malady baffling the skill of physicians. Then he became paralyzed and from that day until his death he took no food, sixty-eight days in all. Deceased was 72 years of age.

## LOOK OUT FOR BREAKERS AHEAD

when pimples, eruptions, boils, and like manifestations of impure blood appear. They wouldn't appear if your blood were pure and your system in the right condition. They show you what you need—a good blood-purifier, that's what you get when you take Dr. Pierce's Golden Medical Discovery.

## SCROFULOUS ABSCESSSES.

Mrs. BELLE SWEENEY, of Flat Top, Mercer Co., W. Va., writes: "About four years ago I took scrofula, and did everything that doctors and others prescribed, but only got worse. Several abscesses formed about my neck and breast, discharging a quantity of matter. I got so weak I could scarcely walk about the house. I read all the medical works I could get hold of, and among the rest, read some of your works. You described my case, and recommended Dr. Pierce's Golden Medical Discovery with his Mrs. SWEENEY. Pleasant Pills. So I procured some and commenced using them and soon began to mend. In six months my sores were all healed up. I am forty-five years old and believe I am as stout as I ever was in my life. I used about one dozen bottles of the 'Golden Medical Discovery' with the 'Pleasant Pills' and used nothing else after I began using your medicines."

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and its ingredients is positive with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Searle. That it has been in use for nearly thirty years, and that more Castoria is now of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.
