

Sick Headache Permanently Cured

"I was troubled, a long time, with sick headache. It was usually accompanied with severe pains in the temples and sickness at the stomach. I tried a good many remedies recommended for this complaint; but it was not until I began taking

AYER'S
Pills that I received anything like permanent benefit. A single box of these pills did the work for me, and I am now a well man."

Marvelous Results.
From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with pneumonia succeeding lagrippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Nye & Booe's Drug Store. Regular size 50c. and \$1.00.

BIG DAY IN LADOGA.

The Corn Carnival, Bicycle Races, Baby Show and Balloon Ascension.

Ladoga celebrated her corn carnival on last Saturday. All the stores and streets in the main part of town were decorated with corn and presented a fine appearance. Early in the morning people began to throng the streets and by ten o'clock the crowd was estimated at about 3,000. The first event to come off was the corn exhibit and the prizes were awarded. The bicycle races then followed, ending the program for the morning.

The first event in the afternoon was the baby show at the opera house. The stage was also finely decorated. About thirty babies accompanied by their mothers, occupied the stage. There were many different kinds of babies, the large baby, the fat baby and the little tiny baby. They were judged by three ladies who understood what a baby should be. There were several kicks by the mothers of the babies, because they thought their baby was the prettiest and the best and should be given a prize. The Ladoga band then gave a concert which was about as good as the Crawfordsville band, and which everybody knows is very rank. It sounded like a couple of Scotchmen playing on bag pipes.

Promptly at 4 o'clock the big balloon was inflated with hot air and was ready to soar high in the heavens. The ascension was a very good one, being in the air about ten minutes before the parachute leap was made. The man landed in a field about three miles from the starting point in perfect safety.

Chas. Goodbar, of the New York store, stated that it was the biggest day they had ever had, and also many other business men said the same thing.

Ladoga is one of the best towns in the State for the size. The merchants always work together and no jealousy exists between them. Every time they undertake anything it is always a success. All business houses are kept open in the evenings and consequently it draws the farmers to that place instead of them coming to this city. A leading business man stated that it was the worst thing Crawfordsville could do, and that it had killed the town. A similar exhibition could be given by the merchants of this city at a very little expense.

Thirteen Cents on the Dollar.

Last April Aaron Mossler, of Thorn-ton, a dry goods and clothing dealer, made an assignment. The final report of H. C. Uien, trustee, has just been filed. The unsecured creditors receive very little. The available assets were \$11,207.51. The preferred claims of Lew Mossler, son of the assignor, amount to \$2,300; of Joseph Franklin, son-in-law, \$901; of Bettman Brothers, of Cincinnati, \$1,000; taxes \$300. The assignee charges \$1,000, while his attorneys ask for \$500. The unpreferred creditors have claims pending for \$12,137.61, with but \$1,765.02 with which to pay it, making about 13 cents on the dollar. Indianapolis wholesale men are among the unpreferred creditors. This Mossler, we believe, is a brother of the individual who opened a clothing store here with a great flourish of trumpets, potted plants and music some three years ago in the Citizens' National Bank room, but after a few months fizzled out and moved away. The Thorn-ton man is not the first one of the name that has "burst." The trustee in this assignment seems to have made a good thing of it in receiving \$1,000 for six months' service.

The Notorious "Bull Dog" in Jail Again.

Albert Young, better known as "Bull Dog," in company with his bosom friend Willie Jarrett, were arrested by the police Sunday night. "Bull Dog" is

wanted here for robbing a man about two months ago. He is wanted also in several places for similar offenses. After robbing the man here he went to Thorn-ton and Lebanon and had some trouble but escaped without being arrested. Jarrett claims to be from Jackson-ville, but the police think he is wanted in several other places. They are both tough customers, and "Bull Dog" especially should never be allowed to be out of the penitentiary.

REMOVED.

George Robinson is given the G. B.

George Robinson, the oldest in service of any employee of the Big Four in this county, was retired from his duties as agent of the company yesterday and a new man, W. S. Lucas, of Muncie, Ill., appointed to the position. The cause of the removal is unknown. Railway officials rarely furnish such information to the public, considering no doubt, that it is none of their business. There were rumors that he had been reported as lax and inattentive to many of the duties imposed on him, but the public here will not believe it as Mr. Robinson has always been considered as an accommodating agent. He has been in the employ of the line ever since its construction through here, as operator and agent.

The Monon to Be Stone Ballasted.

A dispatch from Salem says: Yesterday the great stone crushing works of the L. N. A. & Chicago railroad were put in operation with forty men. A crew is kept here, and one train of twenty cars of crushed stone was sent to New Albany and distributed along the track from that city north. The whole line from New Albany to Chicago will be stone ballasted as fast as the work can be done, and all the stone will be crushed at the mills here where the company own a considerable tract of stone land adjacent to their yards. It is said that they also have a contract for 10,000 car loads of crushed stone for the streets of Chicago. The mill has a capacity of sixty to seventy five car loads per day, but only forty car loads per day are contemplated at present.

New Monon Depot.

At last after many long years of delay the Monon has determined to give this station a new depot, the materials to go into its construction being placed now on the ground and workmen having already begun the work. The only objection on the part of the public is the location. That part of the town immediately in the vicinity of the depot being considered very tough, and a sojourn after night waiting for trains being very undesirable. The depot will have two waiting rooms, a ticket office and in front a good wide platform. The building will be ready for occupancy within two months.

Her Spine Was Broken.

Mrs. Zelda Seguin Wallace, through her attorneys, last week at Indianapolis, filed a suit against the Indianapolis and Terre Haute Railroad for damages to the amount of \$50,000. Mrs. Wallace was a passenger on the Vandalia train that was wrecked near Coatesville on the 23rd of last January. Three people were killed. Mrs. Wallace avers that she has suffered concussion of the spine, will never be able to recover the use of her body, and that she will have to give up her vocation, that of an opera singer, which was worth \$10,000 a year.

Earnings of the Clover Leaf.

The earnings of the Clover Leaf for the third week in October are \$53,013, an increase over the same time a year ago of \$14,110.60. Since R. B. F. Peirce has been receiver of the road he has given personal attention to it. His first order was to the heads of all departments that they must see that nothing be left undone that would bring money into the treasury. There has been a steady increase in earnings from the day he took hold.

THE CLARA SHANKS FUNERAL.

It is Made the Occasion of a Pic Nic, Social Gathering, a Good Time and Solemnity all Combined.

A correspondent of the Indianapolis News thus relates the particulars of the Clara Shanks funeral which occurred last Sunday: "One of the largest funerals ever taking place in this section of the State occurred Sunday at the Friends Union church, near the Grange Corner crossroads, in Parke county. The funeral was that of Miss Clara Shanks, the young girl who was murdered last summer and whose body was thrown in the pool below Wolfe Creek Falls. The funeral had been extensively advertised for several weeks, and everyone turned out for many miles around. The community is a wild and distinctly primitive one, and the people attending the exercises were perfectly characteristic of their environments. Several thousand were in attendance, and the hucksters did a land office business the entire day. Many picnicked in the woods and the affair was in many respects in the nature of an old settlers' gathering. The services at the church were conducted by Elder Joe Skeeters, of Edgar, Ill., and Elder Cornelius Airhart, of Advance, this State, two Predestinarian Baptist divines, and their efforts, after the manner of the old school, were eminently interesting to say the least.

Spink Wasson's Dog.

Last week Spink Wasson, who is employed as day operator at the Monon, gave his dog to a brakeman and he was taken to Lafayette for his future home. The dog did not like the place and the next day about 3 o'clock in the afternoon the dog came back. He had taken the wagon road as he was very dusty and somewhat tired. Spink says he will keep him now.

Death of Mrs. Robt. Allen.

Mrs. Robt. Allen died at Darlington last Saturday. Her death was caused by heart failure. She was twenty-two years of age, and came to this country about one year ago from Europe. Mr. Allen is an Englishman and is engaged in the saloon business. The funeral occurred on Monday, interment at the Darlington cemetery.

Death of Miss Lusta Smith.

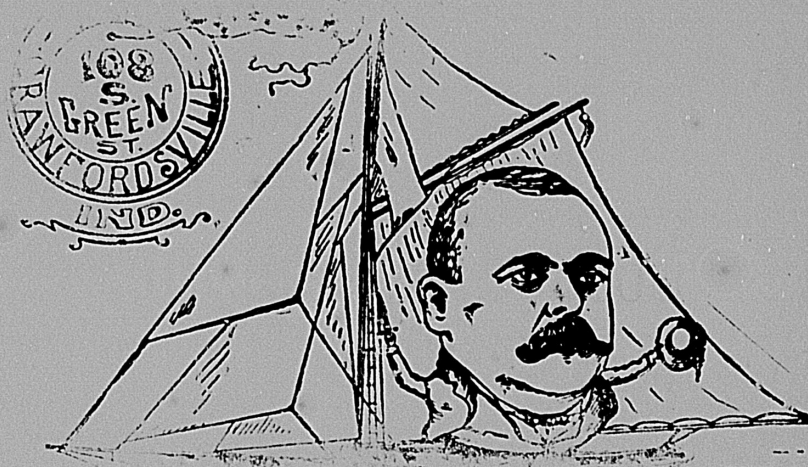

Miss Lusta Smith died of consumption at the home of her parents in Ladoga last Saturday evening. The deceased was a member of the Christian church and also the Y. P. S. C. E. The funeral occurred on Monday and was conducted by Rev. Lee E. Murray. Interment in the Ladoga cemetery.

Charley Compelled to Settle.

Chas. Annibal, the esteemed gentleman who runs the valley "last chance" saloon, was called before the Mayor on Monday morning on the charge of slapping his wife in the mug. After hearing the evidence he was given \$10 and costs, and given plenty of advice from the Mayor not to do it again.

Use it in Time.

Catarrh starts in the nasal passages, affecting eyes, ears and throat, and is in fact, the great enemy of the mucous membrane. Neglected colds in the head almost invariably precede catarrh, causing an excessive flow of mucus, and if the mucus discharge becomes interrupted the disagreeable results of catarrh will follow, such as bad breath, severe pains across forehead and about the eyes, a roaring and buzzing sound in the ears and oftentimes a very offensive discharge. Ely's Cream Balm is the acknowledged cure for these troubles.
