**SHERMAN AS A FINANCIER.**

Republicans are in the habit of term-  
ing Senator Sherman a great financier.  
It is simply a sentiment and has little  
of the truth in it. He has managed to  
accumulate a large fortune for himself  
and was instrumental through various  
laws he favored in enriching others, but  
as for his measures being permanently  
beneficial to the country at large it is a  
myth. They were generally temporary  
expedients, "hide over" affairs, and after  
their operation left the country generally  
in a worse state than before. Senator  
Morgan, of Alabama, one of the bright  
men of the Senate, a thinker, an analyzer  
and who is able at all times to express  
himself clearly and forcibly, in a speech  
in the Senate last week, thus speaks of  
Sherman's financing qualities:

"The Senator from Ohio is the author  
of five measures of finance that have  
given the people and the Government  
more trouble in handling the little rem-  
nant of \$346,000,000 of greenbacks than  
it did to pay \$12,000,000,000 of annual  
expenditures for the support of the Gov-  
ernment, and more than \$3,000,000,000  
of principal and interest of the national  
debt that we have raised in the last 30  
years.

"These measures are the demonization  
of silver in 1873, the sequestration  
of the gold reserve in the Treasury in  
1878, the power given the Secretary of  
the Treasury in 1890 to preserve the  
parity between the metals, the power to  
sell bonds at private sale and the power  
to enable private persons by contract to  
dispend with the legal tender laws in  
their transactions."

EVERY move in Congress is in the  
direction of increasing expenditures. A  
hundred million for coast defenses is  
proposed as a starter. Every slight  
pretext is used as an excuse for increas-  
ing expenditures. If the present Con-  
gress has its way the record of the Bil-  
lion dollar Congress will be surpassed  
in the matter of spending the people's  
money. It is folly and the ulterior pur-  
poses of Congress is to create an excuse  
for increasing tariff taxation. In pro-  
viding for increased expenditures, Con-  
gress will make no provisions for re-  
quiring wealth to bear its share of the  
new burdens it imposes. If Congress  
continues to appropriate a billion dol-  
lars at each session it should in all  
justice and fairness impose at least a  
portion of the burden upon superfluous  
wealth and correspondingly reduce the  
burdens of the worthy poor. The taxes  
upon the necessities of the consuming  
millions should be reduced and the  
burdens of wealth increased. But this  
will never be done as long as the party  
which advocates a protective tariff is  
entrusted with power to legislate. The  
protective tariff system depends upon a  
continuation of the policy of taxing the  
necessities of the people.

It is not all harmony by a jug full in  
the ranks of the republican party of this  
county. The Bonnell-Brush ring are  
determined to run things this year to  
their own satisfaction, while a formid-  
able opposition says no. It was mani-  
fested to a considerable extent at their  
convention at the court house the other  
day, and before the election will further  
exhibit himself. There is anything but  
perfect harmony in the ranks of the par-  
ty in Montgomery county.

**FORAKER FOR SENATOR.**

The legislature of Ohio at its present  
session chose ex Governor Foraker as U.  
S. Senator to succeed Brice. Foraker  
represents the extreme radical ring of  
his party and is a blood and thunder  
statesman of the first water. He may  
be expected to vote for all ultra and ex-  
treme measure, and will be found al-  
ways to be connected with any vicious  
and useless legislation that his party  
may originate in the senate. He is the  
fool that came near going into spasms  
when a modest request by a few south-  
ern congressmen was made some years  
ago that the old rebel flags be returned  
to the capitals of their respective states  
to be placed among the archives. It was  
a simple request and was accompanied  
with no threats nor regrets, yet For-  
aker's actions on learning it showed him  
to be a dampfool from hand to foot. His  
talks of raising troops to march on to  
Washington City in case the flags were  
turned over made him the object of rid-  
icule for months afterwards. He will  
be a gungo a four by six legislator, and  
and it is to be regretted that in these  
days of returning reason, calm delibera-  
tion, that his party could not find some-  
thing better among her public men to  
represent her in the halls of congress  
than the object chosen. The party as-  
suredly has better material. Between  
sugar-syndicate Brice on one side and  
an extreme radical fool like Foraker on  
the other, Ohio seems unfortunate in-  
deed in the selection of her senators in  
the last few years.

**THE RING'S SLY WORK.**

Two candidates for sheriff on the re-  
publican ticket in this county have lately  
appeared in Brown township. Dr. King,  
of New Ross, it is said, is also a candi-  
date. There are said to be two or three  
more from the north part of the county.  
The cause of so many candidates thus  
early is said to be through the sly ma-  
nipulations of the Bonnell-Brush ring  
and in the interest of Buck Brothers,  
the ring candidate. This, at least, is  
what a dyed-in-the-wool republican so  
stated the other day, and who generally  
is well informed on political matters. If  
there were a candidate from every town-  
ship all the better for the ring, as it can  
be that much better to work affairs in  
Union township in Brothers' interest.  
These country candidates may be able to  
catch on before the nominating election,  
but if they have a bit of gumption they  
will head off this little game before it is  
too late, and they may learn something,  
even if the opposition party furnishes it  
to them.

**SCORES OF CANDIDATES.**

There are eighty candidates before the  
nominating election in Hamilton county,  
this State, for the various offices to be  
filled at the next election. Considering  
the fact that the salaries of all county  
offices are greatly reduced and many of  
which barely afford the incumbents a  
living after deputies are paid, the desire  
for official honors in Hamilton county at  
least is remarkable. Men elected to  
county offices this year will have no rea-  
son to be dissatisfied with the emolu-  
ments. They know now or can easily  
ascertain just what each office pays or is  
likely to pay the incumbent before they  
seek it, and should hold their peace or  
decline to run. It may be well to re-  
member that county offices will never  
again pay the fees and salaries of for-  
mer years.

**STATE CENTRAL COMMITTEE**  
**OFFICIALS.**

At a meeting in Indianapolis last  
week at which all the district democrat-  
ic chairmen were present Sterling R.  
Holt was elected chairman and John P.  
Frenzel treasurer. The selectors are  
considered good ones, both gentlemen  
being thorough business men, well  
skilled in political affairs and well known  
active democrats. The choice of these  
men will give general satisfaction. The  
preliminary work of the campaign has  
been prudent, and as a good start pre-  
sages success to follow, we trust it will  
end in victory.

**TAGGART FOR GOVERNOR.**

Thomas Taggart, mayor of Indianap-  
olis, seems to be the choice of many dem-  
ocrats over the State for Governor.  
Taggart, we believe, would be a strong  
candidate, is a man of affairs, extremely  
popular, of good judgment, and every-  
body a shrewd politician. The cam-  
paign in Indiana this year as usual will  
be active, energetic and exciting, and no  
better man to lead the forces of the  
democracy could be selected than Tag-  
gart. We believe with Taggart at the  
head wages can safely be made on the  
triumph of the democracy in Indiana in  
1896.

For a do-nothing Congress the present  
republican majority takes the cake.  
The cowardly time servers are so fearful  
that something by their actions may  
occur in the coming campaign will  
injure their party that a do-nothing  
policy has apparently been determined  
upon during the remainder of the  
session. Such determination is con-  
temptible and should subject every one  
of them to defeat at the next election.

Gov. McKINLEY retired from the  
office of Governor of Ohio last week. He  
will now have ample time to re-invo-  
rate his boom for the Presidency until  
the coming republican State conven-  
tion.

**THE FREE SILVER WING.**

A remark made by Yelton, of Knox  
county, before a number of democrats  
at a meeting of the State central com-  
mittee last week at Indianapolis, that  
they were having some trouble with the  
free silver advocates in some of the  
townships of his county was, the report  
said, received with much laughter.  
Just why this was a subject for laughter  
the report does not say. Probably  
those gentlemen so much amused do  
not exactly know all about the silver  
situation and the feeling in regard to  
free silver and bimetalism in all the  
"townships" of the State. If so we see  
nothing in particular to amuse. The  
silver sentiment is strong in Indiana,  
and the majority of its people see no  
reason why the currency and the mon-  
etary system of the country as it existed  
before the war could not prevail to-day.  
They believe that the currency man-  
agement of the country is in the hands  
of money sharks, those who labor solely to  
individually profit by it, and care little  
or nothing for the interests of the peo-  
ple. They do not propose to bend the  
knee to Cleveland and his gold standard  
adherents, but will think and act for  
themselves, and vote through the dic-  
tates of a clear conscience and unpreju-  
diced mind. We tell the State central  
committee now that if it should seek to  
repess the silver sentiment of the party  
at any time it will do a very unwise act.  
The silver sentiment is a patriotic senti-  
ment, is unbought and will not be brow  
beaten or intimidated.

**BLOWED OVER.**

All talk of war between England and  
Germany over troubles in Africa seem  
to have blown over, the same as between  
England and this country over the Ven-  
ezuelan boundry line. Talk in this in-  
stance seems cheap and easily procured,  
but real war, bloody and expensive as it  
is, is an entirely different matter. It is  
not at all probable that any of the great  
powers of Europe desire war, and it is  
very certain there will be considerable  
meditation on both sides before Eng-  
land and the United States engages in a  
deadly strife.

Rumor has it that several hundred  
dollars of Doney money has been receiv-  
ed in this city for use at the proper  
time in "influencing" delegates to the  
State republican convention in voting  
for Governor. If Mount has any money  
to invest he should wake up at once  
before all the delegates are "pledged."  
Money will be used, and the man with  
the most of it will have much the best  
opportunity of securing the nomination.

The Cincinnati Enquirer has settled  
it to its own satisfaction at least, that  
ex-President Harrison is to marry the  
widow, Mrs. Dimmick, of New York, and  
that the marriage is to occur in May.  
It should now rest easy, but why the  
marriage should attract any more atten-  
tion than that of any other private citi-  
zen, the Enquirer should at once ex-  
plain to its readers.

The democratic national convention  
will meet at Chicago July 7th and for  
once, we believe, a western man will be  
nominated.

**\$100 Reward, \$100.**

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages, and  
that is catarrh. Hall's Catarrh Cure is  
the only positive cure known to the  
medical fraternity. Catarrh being a  
constitutional disease, requires a constitu-  
tional treatment. Hall's Catarrh  
Cure is taken internally, acting directly  
upon the blood and mucous surfaces of  
the system, thereby destroying the foun-  
dation of the disease, and giving the  
patient strength by building up the  
constitution and assisting nature in  
doing its work. The proprietors have  
so much faith in its curative powers,  
that they offer One Hundred Dollars  
for any case that it fails to cure. Send  
for list of testimonials. Address,  
F. J. CHENEY & CO., Toledo, O.  
Sold by druggists, 75c.  
Hall's Family Pills are the best.

woods, will sink in water.

**In the Beginning**

Of a new year, when the winter season  
of close confinement is only half gone,  
many find that their health begins to  
break down, that the least exposure  
threatens sickness. It is then as well  
as at all other times, and with people  
even in good health, that the following  
facts should be remembered, namely:  
that Hood's Sarsaparilla leads every-  
thing in the way of medicine; that it  
accomplishes the greatest cures in the  
world; has the largest sale in the world,  
and requires the largest building in the  
world devoted exclusively to the prepa-  
ration of the proprietary medicine.  
Does not this conclusively prove, if you  
are sick, that Hood's Sarsaparilla is the  
medicine for you to take?
